NOTES

1. The first 49 pages of this Guide are intended especially for the information of the public. However, they should be read by all postmasters and postal employees, together with the instructions which follow on pages 50 to 148 inclusive.

2. All references to the Postal Laws and Regulations in this Guide relate to the edition of 1913. The letters "P. L. & R." are used instead of the words "Postal Laws and Regulations."

3. Any postmaster who does not receive the large Guide in July, or the eleven small supplements issued the remaining months of the year, should notify the Chief Clerk, Post Office Department. There is no separate supplement issued in July.

POSTAL INFORMATION FOR THE PUBLIC AND POSTAL EMPLOYEES.

CORRESPONDENCE WITH THE DEPARTMENT.

1. **Complaints and Inquiries.**—All complaints in regard to mail should be addressed to the postmaster and, whenever possible, they should be accompanied with the envelope or wrapper of the piece of mail to which the complaint refers. An early report should be made relative to lost or missing mail of any description. The postmaster will forward the complaint to the proper officer of the Department. Complaints in general affecting the service should likewise be made to the postmaster, but when that course is manifestly improper under the circumstances, they should be addressed to the Department. More than one subject should not be treated in the same letter, and the communication should bear the address of the officer in charge of the Bureau to which the business relates, as follows:
2. **The Chief Clerk, Post Office Department.**—Relative to the Official Postal Guide, appointments in the Post Office Department, advertising, telegraph rates for Government messages, general information and miscellaneous correspondence.
3. **The Solicitor, Post Office Department.**—Relative to claims for credit for stamps, etc., or postal, money-order or postal savings funds lost by fire, burglary, etc.; the construction of postal laws and regulations; rulings as to the delivery of mail the ownership of which is in dispute; and as to the mailability of alleged indecent, obscene, scurrilous and defamatory matter and matter relating to lottery and other schemes, endless chain enterprises, etc.

4. **The Chief Inspector.**— Relative to loss, robbery, damage or destruction, wrong delivery, tampering and interception of mail, and schemes to defraud and complaints of the mailing of obscene matter. A statement of the facts and all letters and literature, with envelopes, should accompany complaints concerning schemes to defraud.

5. **The First Assistant Postmaster-General:**

Division of Post Office Service.— Relative to organization of post offices, salaries of postmasters, the appointment and salaries of assistant postmasters, supervisory officers, clerks, and city letter carriers, authorization of new or changes in existing service on pneumatic tube routes, and Government-owned-automobile routes, establishment of mail messenger and regulation, screen, or other wagon service, the performance of service by contractors on such routes and complaints concerning the same, Government-owned-automobile service, the establishment, maintenance and extension of city delivery-and-collection service, and all matters concerning special delivery service. Allowances for rent, light, fuel, clerk-hire, labor incident to cleaning post offices, telephone rental, water rental, laundering, towel service, and miscellaneous service items. (Allowances for articles of every description *to be purchased* chargeable to the appropriation for "Miscellaneous Items, First and Second Class Offices," are made by the Fourth Assistant Postmaster General, Division of Equipment and Supplies.)

Division of Postmasters' Appointments.— Relative to appointment of a postmaster, to postmasters' bonds and commissions, bonds of all employees in post offices except rural carriers, leave of absence of postmasters, and the establishment, discontinuance, or change of site, of a fourth-class post office.

Division of Dead Letters.— Relative to letters, obscene matter, etc., sent to Division of Dead Letters, and allowances of credit for postage due on undelivered matter.

6. **The Second Assistant Postmaster-General:**

Relative to authorization of new or changes in existing steamboat, aviation and Alaska star route services.

Division of Railway Mail Service.— Relative to the establishment of and changes in the Railway Mail Service, the handling of mail matter in transit, appointments of railway postal clerks and weighers, admission of matter to the mails which from its form or character would be liable to injure the mails or the person of postal employees, the distribution and dispatch of mails, and damage and delays to mails.

Division of Foreign Mails.— Relative to postage on foreign letters and other questions in regard to foreign mails, the recall of registered matter sent to foreign countries, or the change of its address.

Division of Railway Adjustments.— Relative to the authorization of new or changes in existing service on steam and electric railroads, establishment of railway postal car service, the transportation of mail bags, stamped envelopes, newspaper wrappers and periodical matter or magazines by freight, the performance of such service and complaints concerning same.

7. **The Third Assistant Postmaster-General:**

Division of Finance.— Relative to warrants for pay of mail contractors and others, to deposit of postal funds, to box rents and key deposits, and to the sale of post route maps, parcel-post maps and parcel-post guides.

Division of Postal Savings.— Relative to the establishment of postal savings depositories and all matters in regard to postal-savings business, except supplies.

Division of Money Orders.— Relative to money-order business and to the establishment of money-order offices.

Division of Classification.— Relative to classification of mail matter, rates of postage, limit of weight and size of mail, penalty envelopes and franking privilege.

Division of Stamps.— Relative to postage stamps and other stamped paper, and postal savings deposit cards and stamps.

Division of Registered Mails.— Relative to registered, insured and C. O. D. mail and services; and sender's receipt for ordinary fourth class mail.

8. **The Fourth Assistant Postmaster-General:**

Division of Rural Mails.— Relative to the rural delivery, star route and experimental village delivery services.

Division of Equipment and Supplies.— Relative to orders for blanks, canceling ink, ink pads, and other stationery, post-route maps, parcel-post guides; orders for and repair of, adding machines, typewriters, duplicating machines, scales, baling machines, printing presses, canceling machines, motors, trucks, conveyors, letter boxes, posts, and miscellaneous mechanical appliances used in the postal service.

DOMESTIC MAIL MATTER.

CLASSIFICATION AND RATES OF POSTAGE.

1. Domestic mail matter includes matter deposited in the mails for local delivery, or for transmission from one place to another within the United States, or to or from or between the possessions of the United States, and is divided into four classes:

First. Written and sealed matter, postal cards and private mailing cards.

Second. Periodical publications.

Third. Miscellaneous printed matter (on paper) weighing four pounds or less.

Fourth. (Parcel Post.) All mailable matter not included in previous classes.

NOTE.— The parcel-post law, embodied in section 454, P. L. & R., does not apply to matter of the first, second and third classes, but only to fourth-class matter.

2. **Porto Rico, Hawaii, and possessions of United States.**— Porto Rico and Hawaii are included in the term "United States." The Philippine Archipelago, Guam, Tutuila and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the Canal Zone are included in the term "Possessions of the United States." The term "Canal Zone" includes all the territory purchased from the Republic of Panama, embracing the "Canal Zone" proper and the islands in the Bay of Panama named Perico, Naos, Culebra, and Flamenco.

3. **Domestic rates and conditions** apply to mail matter addressed to officers or members of the crews of vessels of war of the United States, to matter sent to the United States Postal Agency at Shanghai, China, and other places where the United States mail service is in operation, to officers and men of the U. S. Navy in the United States Naval Hospital at Yokohama, Japan, and, with certain exceptions, (see page 42) to that sent to Canada, Cuba, Mexico, and the Republic of Panama. The domestic rate applies also to letters, but not to other articles, addressed to Great Britain, Ireland, and Newfoundland, Bahamas, Barbadoes, British Guiana, British Honduras, Dutch West Indies, Leeward Islands, and to letters for Germany despatched only by steamers which land the mails at German ports (see page 44).

4. **Prepayment** of postage on domestic matter at time of mailing, by stamps affixed, is required. By special permission, however, postage may be paid in money on matter of the second, third and fourth classes when mailed in the quantities prescribed by article 62, page 15. Postmasters are not required to affix stamps to mail. When stamps are so affixed to mail that one overlies another, concealing part of its surface, the stamp thus covered is not taken into account in prepayment.

5. **Two classes of matter in one parcel.**— Matter of a higher class inclosed with matter of a lower class subjects the whole to the higher rate. Persons knowingly concealing or inclosing matter of a higher class in that of a lower class, for the purpose of evading payment of the proper postage, are liable to a fine of not more than $100.

FIRST-CLASS MATTER.

6. **Includes written matter, namely:** Letters, postal cards, post cards (private mailing cards), and all matter wholly or partly in writing, whether sealed or unsealed, except manuscript copy accompanying proof-sheets or corrected proof-sheets of the same and the writing authorized by law to be placed upon matter of other classes.— (Secs. 441, 453 and 458, P. L. & R.) Matter sealed or otherwise closed against inspection is also of the first class. (Secs. 398 and 469, P. L. & R.)

NOTE.— Typewriting and carbon and letter-press copies thereof are the equivalent of handwriting and are classed as such in all cases.

7. **List of articles included in first-class matter:**

(*a*) Assessment notices (printed) with amount due written therein.
Albums (autograph) containing written matter.

(*b*) Blank books with written entries; bank checks filled out in writing, either canceled or uncanceled; legal and other blank printed forms signed officially.
Blank forms, filled out in writing.

(*c*) Cards or letters (printed) bearing a written date, where the date is not the date of the card, but gives information as to when the sender will call, or deliver something otherwise referred to, or is the date when something will occur or is acknowledged to have been received.
Cards (printed) which by having a signature attached are converted into personal communications, such as receipts, orders for articles furnished by addressee, etc.
Cards (visiting) bearing written name — except single cards enclosed with third or fourth-class matter, and bearing the name of the sender.
Certificates, checks, diplomas, receipts, etc., filled out in writing.
Communications entirely in print — with exception of name of sender — sent in identical terms by many persons to the same address.
Copy (manuscript or typewritten) unaccompanied with proof-sheets thereof.

(*e*) Envelopes bearing written addresses other than those of the sender and addressee.

(*f*) Folders made of stiff paper, the entire inner surface of which cannot be examined except at the imminent risk of breaking the seal, and those having many folds or pages, requiring the use of an instrument of any kind in order thoroughly to examine the inner surfaces are subject to the first-class rate of postage. No assurance of the postmaster at the office of mailing will prevent the collection of the higher rate of postage at the post office of delivery if the entire inner surface cannot be easily examined, without danger of breaking the seal.

(*h*) Hand or typewritten matter and letter-press or manifold (carbon) copies thereof.

(*i*) Imitations or reproductions of hand or typewritten matter not mailed at the post office window or other depository designated by the postmaster in a minimum number of twenty identical copies.

(*l*) Letters (old or remailed) sent singly or in bulk.

(*p*) Price-lists (printed) containing written figures changing individual items.

(*r*) Receipts (printed) with written signatures.

(*s*) Sealed matter of any class, or matter so wrapped as not to be easily examined, except original packages of proprietary articles of merchandise put up as prescribed in article 54, page 15, and seeds and other articles that may be enclosed in sealed transparent envelopes under paragraph 4, section 469, P. L. & R.

Stenographic or shorthand notes.

(*t*) Typewritten matter, original letter-press and manifold copies thereof.

(*u*) Unsealed written communications.

8. **Rates of postage on first-class matter.**— (*a*) On letters and other matter, wholly or partly in writing, except the writing specially authorized to be placed upon matter of other classes, and on matter sealed or otherwise closed against inspection — 2 cents an ounce or fraction thereof.

(*b*) On postal cards — 1 cent each, the price for which they are sold. (See articles 16 to 21, pages 8 and 9.)

(*c*) On private mailing cards (post-cards) conforming to the requirements for such cards — 1 cent each. (See articles 10 to 15, page 8.)

(*d*) On "drop letters," 2 cents an ounce or fraction thereof when mailed at letter-carrier post offices, including offices where experimental free delivery service by carrier has been established, or at offices which are not letter-carrier offices if rural free delivery has been established and the persons addressed are served by rural carrier; and 1 cent for each ounce or fraction thereof when mailed at offices where letter-carrier service is not established, or at offices where the patrons are not served by rural carriers. (Secs. 399 and 404 P. L. & R.)

(*e*) Letters mailed at a post office for delivery to patrons thereof by star route carrier and those deposited in boxes along a star or rural route are subject to postage at the rate of two cents an ounce or fraction thereof.

(*f*) Letters prepaid 1 cent received by a postmaster, under cover (through the mails), with postage prepaid on the bulk package at the letter rate, cannot be distributed for local delivery or transmission in the mails unless each letter is prepaid at the regular first-class rate.

(*g*) A letter which — after a proper effort has been made to deliver it — is returned to the sender, may not be remailed without a new prepayment of postage, and it should be enclosed in a new envelope, to secure prompt transmission.

9. **The limit of weight** of first-class matter is the same as for fourth-class matter. See article 44, page 14. (Secs. 462 and 463, P. L. & R.)

Post Cards (Private Mailing Cards).

10. **Transmissible, when and where.**— Post cards manufactured by private persons, consisting of an unfolded piece of cardboard in quality and weight substantially like the Government postal card, not exceeding in size 3 9/16 by 5 9/16 inches, nor less than 2¾ by 4 inches, bearing either written or printed messages, are transmissible without cover in the domestic mails (including the possessions of the United States), and to Canada, Cuba, Mexico, Republic of Panama, and city of Shanghai (China), at the postage rate of 1 cent each, and in the foreign mails at the rate of 2 cents each, to be paid by stamps affixed. (Sec. 403, P. L. & R.)

11. **Advertisements and illustrations** may appear on the back of the card and on the left half of the face. The right half of the face must be reserved for the address, postage stamps, postmark, etc.

12. **Non-conforming cards, rate.**— Cards which do not conform to the foregoing conditions are chargeable with postage at the letter rate, if wholly or partly in writing, or at the third-class rate, if entirely in print.

13. **Under cover, rate.**— Cards mailed under cover of sealed envelopes (transparent or otherwise), are chargeable with postage at the first-class rate; if inclosed in unsealed envelopes, they are subject to postage at the first-class rate if wholly or partly in writing, or the third-class rate if entirely in print — to be prepaid with stamps affixed to the envelope. Stamps affixed to matter inclosed in envelopes are not recognized in payment of postage thereon.

14. **Folded advertising cards,** and other matter entirely in print, arranged with a detachable part for use as a post card, are mailable as third-class matter.

15. **Double or folded post cards** are not authorized by law.

Postal Cards.

16. **Postal cards** are furnished at the postage value represented by the stamp impressed thereon; single postal cards for domestic and foreign correspondence at 1 cent and 2 cents each, respectively, and reply (double) postal cards at 2 cents and 4 cents each, respectively. (Sec. 401, P. L. & R.)

17. **Additions.**— Government postal cards may bear written, printed, or other additions as follows:

(*a*) **Addresses** on postal cards may be either written, printed, or affixed thereto.

(*b*) **Advertisements, illustrations, or writing** may appear on the back of the card and on the left third of the face.

(*c*) **The face** of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for the message, but the space to the right for the address only.

18. Unauthorized additions.— The addition to a postal card of matter other than as above authorized will subject it, when mailed, to postage at the letter rate, if wholly or partly in writing, or at the rate for the added matter, if it bears no writing. In such case the postage value of the stamp impressed on the card will not be impaired.

19. International postal cards.— The United States international 2-cent single and reply postal cards should be used for correspondence with foreign countries, except Canada, Cuba, Mexico, Republic of Panama, the Philippine Islands, and city of Shanghai (China), to which the domestic 1-cent single and reply cards are mailable; but when these international cards can not be obtained, it is allowable to use the United States domestic 1-cent single and reply postal cards with 1-cent United States adhesive postage stamps affixed thereto.

20. Remailing.— Used postal cards conforming to the conditions prescribed for post cards may be remailed upon prepayment of 1-cent postage with stamp affixed.

21. Reply or double postal cards.— Either half of a domestic reply postal card may be used separately. Such postal cards should be folded before mailing, and the initial half should be detached when the reply half is mailed for return. If the initial half of a double postal card be not detached when the reply half is mailed for return, the card is subject to postage according to the character of the message. The enclosure in a double postal card of unauthorized matter annuls its privileges as a postal card.

SECOND-CLASS MATTER.

22. Second-class matter includes newspapers and periodicals bearing notice of entry as second-class matter. No limit of weight is prescribed. (Secs. 411 to 446, P. L. & R.)

23. The rate of postage on newspapers and periodical publications of the second class, when sent unsealed by the public, that is, by others than the publisher or a news agent, is 1 cent for each 4 ounces or fraction thereof, on each separately addressed copy or package of unaddressed copies. To be entitled to this rate the copies must be complete. Incomplete copies are third-class matter. There is no such rate of postage as 4 cents a pound for second-class matter. (Sec. 435, P. L. & R.)

24. Additions to second-class matter.— (*a*) **On the wrapper,** or the matter itself, there may be written or printed: (1) the name and address of the sender, preceded by the word "from;" (2) the name and address of the person to whom sent; (3) the words "sample copy," or "marked copy," or both, as the case may be.

(*b*) **On the matter** itself the sender may place all that is permitted on the wrapper; correct typographical errors in the text; designate by marks, not by words, a word or passage in the text to which it is desired to call attention.

Other writing will subject the package to the first-class rate.

25. Application for entry of a publication as second-class matter or registry as a news agent should be made through the postmaster to the Third Assistant Postmaster General, Division of Classification.

THIRD-CLASS MATTER.

26. Third-class matter embraces circulars, newspapers and periodicals not admitted to the second-class, nor embraced in the term "book," miscellaneous printed matter on paper not having the nature of an actual personal correspondence, proof-sheets, corrected proof-sheets, and manuscript copy accompanying the same, and matter in point print or raised characters used by the blind. (Secs. 447, 448, and 451, P. L. & R.) Books are included in fourth-class or parcel-post mail, as also is miscellaneous printed matter weighing *more than* four pounds. (Par. 5, sec. 456, and par. 7, sec. 463, P. L. & R.)

27. Typewriting and carbon and letter-press copies thereof are the equivalent of handwriting and are classed as such in all cases. Matter produced by the photographic process (including blue prints), is printed matter. Matter printed on material other than paper is fourth-class.

28. Circulars.—A circular is a printed letter sent in identical terms to several persons. It may bear a written, typewritten or hand-stamped date, name and address of person addressed and of the sender, and corrections of mere typographical errors. When a name (except that of the addressee or sender), date (other than that of the circular), or anything else is handwritten or typewritten in the body of a circular for any other reason than to correct a genuine typographical error, the circular is subject to postage at the first-class (letter) rate, whether sealed or unsealed. (Sec. 449, P. L. & R.)

29. Reproductions or imitations of handwriting and typewriting obtained by means of the printing press, neostyle, multigraph, or similar mechanical process will be treated as third-class matter, provided they are mailed at the post office or other depository designated by the postmaster in a minimum number of 20 identical, unsealed copies. If mailed elsewhere or in less quantity, they will be subject to the first-class rate. (Par. 2, sec. 450, P. L. & R.)

30. Matter for the blind.— Letters and reading matter for the blind are transmissible in the mails under certain conditions at special rates, which may be ascertained from the postmaster. (Sec. 451, P. L. & R.)

31. The rate of postage on unsealed third-class matter is one cent for each 2 ounces or fraction thereof, on each individually addressed piece or package. There is no such rate of postage as 8 cents a pound on third-class matter. (Sec. 447, P. L. & R.)

32. **The limit of weight of third-class matter is four pounds.** Parcels of printed matter weighing more than four pounds which do not exceed the limit of weight and size for fourth-class matter come within that class and are mailable at the parcel-post rates. (Secs. 462 and 463, P. L. & R.)

33. **List of articles included in third-class matter:**

(*a*) Address tags and labels mainly in print.
Advertisements printed on blotting paper.
Architectural designs (printed).
Assessment notices, wholly in print.

(*b*) Blank notes and other printed blanks or forms, mainly in print.
Blind, indented or perforated sheets of paper containing characters which can be read by the blind, except such as are entitled to free transmission under the provisions of section 506, P. L. & R.
Blue prints.

(*c*) Calendar pads mainly in print.
Calendars, printed on paper.
Cards, printed, with perforations for carrying coin.
Cards, Christmas, Easter, etc., printed on paper.
Circulars.
Clippings (press) with name and date of paper stamped or written in.
Correspondence of the blind. (See sec. 451, P. L. & R.)
Coupons, printed.

(*e*) Engravings and wood cuts printed on paper.

(*i*) Insurance applications and other blank forms mainly in print.

(*l*) Labels and tags mainly in print.
Legal blanks and forms of insurance applications, mainly in print.
Lithographs.

(*m*) Maps printed upon paper, with the necessary mountings.

(*n*) Newspaper "headings," or clippings with name and date of paper stamped or written in.
Notes, blank, mainly in print.

(*o*) Order blanks and report forms, mainly in print. A single order blank, mainly in print, may be enclosed with fourth-class matter mailed at the rates for that class.

(*p*) Photographs, printed on paper.
Plans and architectural designs, printed.
Postage stamps, canceled or uncanceled.
Postal cards, bearing printed advertisements, mailed in bulk.
Post cards, bearing on the message side illustrations or other printed matter, mailed in bulk.
Price lists, wholly in print.
Printed blank notes, printed calendars, labels, plans and architectural designs.
Printed matter having samples of merchandise attached covering less than 20 per cent of the space.
Proof-sheets, printed, with or without manuscript.

(*r*) Reproductions or imitations of hand or typewriting, when mailed under the conditions prescribed by article 29, page 9.

(*s*) Sheet music.

(*t*) Tags and labels, printed.

(*v*) Valentines, printed on paper.
Visiting cards, printed.

(*w*) Wood cuts and engravings (prints).

34. **Additions to third-class matter.**—(*a*) **On the wrapper, envelope, or the tag or label attached thereto, or upon the matter itself, in addition to the name and address of the addressee, there may be written or printed the name, occupation, and residence, or business address, of the sender, preceded by the word "from."** There may also be placed on the wrapper, envelope, tag, or label, either written or otherwise, the inscription "Do not open until Christmas," or words to that effect, and any printed matter mailable as third-class, but there must be left on the address side space sufficient for a legible address, postmark and the necessary postage stamps, and any words necessary for forwarding or return, etc. (Secs. 453 and 470, P. L. & R.)

The words "Please send out," or "Post up," or other similar directions or requests, not a part of the address, nor necessary to effect delivery, may not be placed upon the wrapper of third-class matter or upon the matter itself without subjecting it to postage at the letter rate.

(*b*) **On the matter itself the sender may place all that is permitted on the wrapper, and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors.** There may also be written or printed upon any photograph, or other matter of the third-class, a simple manuscript dedication or inscription not in the nature of personal correspondence. Such words as "Dear Sir," "My dear friend," "Yours truly," "Sincerely yours," "Merry Christmas," "Happy New Year," and "With best wishes," written upon third-class matter, are permissible inscriptions. A serial number written or impressed upon third-class matter does not affect its classification.

(*c*) **Written designation of contents**, such as "printed matter," "photo," is permissible upon the wrapper of third-class matter.

35. **Hand-stamped imprints** on third-class matter will not affect its classification except when the added matter is in itself personal or converts the original matter into a personal communication; in the latter case, however, the mailing at one time at the post office window or other depository designated by the postmaster of not less than 20 identical, unsealed copies will be sufficient evidence of impersonal character to entitle such matter to the third-class rate. (Sec. 453, P. L. & R.)

36. **Corrections in proof-sheets** include the alteration of the text and insertion of new matter, as well as the correction of typographical and other errors; include also marginal instructions to the printer necessary to the correction of the matter or its proper appearance in print. Part of an article may be entirely rewritten if that be necessary for correction. Corrections should be upon the margin of or attached to the proof-sheets. Manuscript of one article can not be inclosed with proof or corrected proof-sheets of another except at the first-class rate.

37. **Incidental use of third-class matter as receptacles for coin.**—The rate of postage on matter essentially third class (printed matter upon paper) is not affected by the fact that incidentally it contains a perforation which may be used for carrying coin.

38. **Permissible enclosures.**—There may be enclosed with third-class matter, without changing the classification thereof, a card bearing the written name and address of the sender; a single order form, mainly blank, or a single combination order-blank and coin-card with an envelope or post card for reply. See articles 52 and 53, pages 14 and 15, for conditions under which a communication may be attached to and mailed with third-class matter.

FOURTH-CLASS MATTER (DOMESTIC PARCEL POST).

39. **Fourth-class matter embraces** that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second and third classes. (Secs. 454, 456, 457 and paragraph 7, sec. 463, P. L. & R.)

40. **Extent and usefulness of parcel post.**—The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products weighing between 20 and 50 pounds. Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D.

41. **List of articles included in fourth-class matter:**

(*a*) Albums, photographs and autograph, blank.
Artificial flowers.

(*b*) Bees, queen, when packed as prescribed in section 476, P. L. & R.
Bill heads.
Blank address tags and labels.
Blank books, blank books with printed headings, blank cards or paper, blank diaries, and blank post and postal cards.
Blotting paper, blank.
Books.
Botanical specimens.
Bulbs.

(*c*) Calendar pads, mainly blank.
Calendars or other matter printed on celluloid.
Card coin-holders, not printed.
Cards, blank.
Cards, printed playing, of all kinds.
Catalogs (in the form of books).
Celluloid, printed or unprinted.
Check books.
Christmas and Easter cards printed on other material than paper.
Cigar bands.
Coin.
Combination calendar and memorandum pads, mainly blank.
Crayon pictures.
Cut flowers.
Cuts, wood or metal.

(*d*) Daguerreotypes.
Dissected maps and pictures.
Drawings, framed or unframed.
Dried fruit.

(*e*) Easter cards, when printed on other material than paper.
Electrotype plates.
Engravings, when framed.
Envelopes, printed or unprinted, except when addressed and enclosed singly with third-class matter.
(*f*) Flowers, cut or artificial.
Forms, order, legal, etc., mainly blank.
Framed engravings, pictures and other printed matter.
(*g*) Geological specimens.
Grain.
(*l*) Letter heads.
(*m*) Maps, printed on cloth.
Merchandise samples.
Memorandum books.
Merchandise, sealed proprietary articles, put up and labeled in printing as prescribed in article 54, page 15.
Metals and minerals.
(*n*) Napkins, paper or cloth, printed or unprinted.
(*o*) Oil paintings, framed or unframed.
Order blanks and report forms mainly blank (spaces covered by ruled lines being regarded as blank), are fourth-class matter. However, one copy may be enclosed with third-class matter mailed at the rate for that class.
(*p*) Paper bags and wrapping paper, printed or unprinted.
Patterns, printed or unprinted.
Pen or pencil drawings.
Photograph albums.
Photographic negatives and kodak films.
Plants.
Postal and post cards, mainly blank.
Printed matter, miscellaneous, when mailed in parcels weighing more than 4 pounds.
Printed matter having samples of merchandise permanently attached covering 20 per cent or more of the space.
Printed matter on other material than paper.
(*r*) Roots.
Rulers, wooden or metal, bearing printed advertisements.
(*s*) Samples of cloth.
Samples of flour or other manufactured grain.
Scions.
Sealed packages of proprietary articles of merchandise put up and labeled in printing as prescribed in article 54, page 15.
Seeds.
Soap wrappers.
Stationery.
(*t*) Tags, blank.
Tape measures.
Tintypes.
(*v*) Valentines printed on material other than paper.
(*w*) Wall paper.
Water color painting.
Wrapping paper, printed or unprinted.

42. Rates of postage on fourth-class or parcel post matter — to be fully prepaid — unsealed — are as follows:

(*a*) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.

(*b*) Parcels weighing 8 ounces or less, containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces or fraction thereof, regardless of distance.

(*c*) Parcels weighing more than 8 ounces, containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table (except as provided in paragraph (*d*) below), a fraction of a pound being computed as a full pound:

and the Philippine Islands; (6) to, from, or between Guam, Tutuila, and Manua and other Islands of the Samoan group east of longitude 171° west of Greenwich, and the United States and its other possessions; (7) between the United States and its naval vessels stationed in foreign waters.

(*f*) Canada, Cuba, Mexico, and Republic of Panama.—The rate of 12 cents for each pound or fraction thereof also applies to fourth-class matter, including seeds, cuttings, bulbs, roots, scions, and plants (but excepting books and other printed matter on which the rate is 1 cent for each 2 ounces or fraction thereof in all cases), weighing more than 4 ounces and not exceeding 4 pounds 6 ounces, when mailed to Canada, Mexico, Cuba, and the Republic of Panama. (Parcels weighing up to 11 pounds may be sent to Mexico and the Republic of Panama as foreign parcel post mail under the parcel post conventions with those countries.)

43. The special delivery fee is 10 cents in addition to the regular postage.

44. The limit of weight of fourth-class matter is 50 pounds for parcels mailed for delivery within the first and second zones, and 20 pounds for all other zones. (Secs. 454, 462, 463, 474, 475, and 479, P. L. & R.)

45. Limit of size.—Parcel post matter may not exceed 84 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined. (Sec. 464, P. L. & R.)

46. Name and address of sender.—A parcel of fourth-class matter may not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word "From." (Par. 4, sec. 470, P. L. & R.)

47. Additions to fourth-class mail.—There may be placed on fourth-class matter, or on the wrapper or cover, tag or label, any marks, numbers, names, or letters for purpose of description. There may be written on the blank leaves or cover of any book a simple manuscript dedication or inscription not in the nature of personal correspondence. Space sufficient for a legible address, postmark, the necessary postage stamps, and any words necessary for forwarding or return, must be left on the address side of parcels. Inscriptions, such as "Merry Christmas," "With best wishes," "Do not open until Christmas," or words to that effect, may be written on fourth-class mail, or on a card inclosed therewith. (Sec. 458, P. L. & R.)

48. Public library books, otherwise mailable as parcel post matter, may bear thereon or therein in writing or by means of hand-stamp, the shelf-number, date of donation or acquisition (or both), or any mark of designation which may be reasonably construed as an "inscription" within the meaning of the law (sec. 453, P. L. & R.) in the limited sense of a permanent library record, placed thereon by the librarian and in that connection only.

49. Inclosures.—There may be inclosed with fourth-class matter a written or printed invoice showing the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order, and date and manner of shipment; and the initials or name of the salesman, or of the person by whom the articles were packed or checked.

50. Printed matter relating to an article of merchandise which it accompanies is regarded as descriptive of the article within the meaning of section 458, P. L. & R., and is a permissible inclosure with such article when mailed as fourth-class matter.

51. Packages weighing 4 pounds or less containing matter of both the third and fourth classes are subject to postage at the third or fourth class rate, whichever is the higher. Parcels exceeding 4 pounds in weight containing third and fourth-class matter are uniformly chargeable at the fourth-class rates. (Par. 6, sec. 458, P. L. & R.)

52. Communications attached to parcels.—When it is desired to send a communication with a parcel on which postage at the fourth-class rate has been fully prepaid, the communication may be placed in an envelope fully prepaid at the first-class rate and addressed to correspond with the address on the parcel and then be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The stamps to cover the postage on the parcel must be affixed to the wrapper of the parcel, and those to pay the postage on the communication must be affixed to the envelope of the communication. Parcels to which such communications are attached are treated as fourth-class matter. (Par. 5½, sec. 458, P. L. & R.) When attaching communications to parcels, the following instructions should be observed:

(*a*) Any strong envelope which can be securely attached to the outside of the parcel in such manner as will prevent its separation therefrom and not interfere with the address on the parcel may be used. A tag envelope fastened with strong twine will serve this purpose. The envelope should always be placed under the twine with which the parcel is tied, thus lessening the chances of its becoming torn from the parcel while in transit. The envelope must be addressed to correspond with the address on the parcel, so that in case of their becoming separated while in transit both may be delivered.

(*b*) Only one special-delivery fee is required on such parcels when sent as special-delivery matter. The stamps for the fee should be affixed to the parcels.

(c) The stamps affixed to the envelope are canceled in the same manner as the stamps on the parcel are canceled. As the regulation provides that the parcel and communication attached thereto shall in all cases be treated as fourth-class mail, persons authorized to use precanceled stamps may affix such stamps to the envelope in prepayment of postage on the communication when such stamps are used on the parcel. The regulations applicable to postmarking first-class matter do not apply to communications attached to parcels of fourth-class matter under the provisions of paragraph 5½, section 458, P. L. & R.

53. **Letters attached to third-class mail.**— Communications in envelopes fully prepaid at the first-class rate may be attached to packages of third-class matter fully prepaid at the third-class rate, in the manner and under the conditions set forth in the preceding article. Packages of third-class matter to which such communications are attached shall, in all cases, be treated as third-class mail.

54. **Proprietary articles of** merchandise, such as harmless medicinal preparations, soaps, tobacco, food products, etc., put up in fixed quantities, in original sealed packages, by the manufacturer or dealer so as to allow examination of the packages in their simplest mercantile form and *labeled in printing* so as to show the nature of contents, quantity, and name of the manufacturer, or dealer, are mailable at the fourth-class rates of postage. If such sealed packages are inclosed in an outer wrapper, or container, such wrapper or container must not be sealed unless it is also labeled in printing in the manner indicated. (Par. 5, sec. 469, P. L. & R.)

55. **Meats and meat-food products.**— Before meat or meat-food products of cattle, sheep, swine, or goats may be accepted for mailing from one State or Territory to another State or Territory, the certificate of inspection or exemption required by section 477, Postal Laws and Regulations, must be filed with the Postmaster. Such certificate must be prepared and furnished by the sender.

56. **Game.**— The dead bodies of any wild animals or birds, or parts thereof, including furs, skins, plumage, etc., lawfully killed and offered for shipment, may be accepted for mailing only when the parcels are plainly marked to show the actual nature of the contents and the name and address of the sender. The dead bodies, or parts thereof, of any wild animals or birds which have been killed or offered for shipment in violation of the laws of a State, Territory, or District, are unmailable, persons sending such articles and the addressees knowingly receiving them in violation of the law being liable to a fine of not more than $200. (Sec. 477½, P. L. & R.)

57. **Nursery stock,** including all field-grown florists' stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits, and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots, may be admitted to the mails only when accompanied with a certificate from a State or Government inspector to the effect that the nursery from which such nursery stock is shipped has been inspected within a year and found free from injurious insects, and the parcel containing such nursery stock is plainly marked to show the nature of the contents and the name and address of the sender. (Secs. 478 and 478½, P L. & R.)

58. **Place of mailing.**— Parcels of books, seeds, and plants, weighing more than 8 ounces, and parcels of other fourth-class matter weighing more than 4 ounces must be mailed at a post office, branch post office, named, numbered, or lettered station, or delivered to a rural or other carrier duly authorized to receive such matter. Smaller parcels may be deposited in letter or package boxes. (Par. 6, sec. 536, P. L. & R.)

59. **Sender's receipt for ordinary parcel.**— When desired, a receipt is furnished the sender of an ordinary fourth-class parcel by the mailing office upon payment of one cent. This fee does not insure the parcel against loss, and no receipt is obtained from the addressee on delivery. If either of the latter facilities is desired, the insurance service should be patronized. (Sec. 458½, P. L. & R.)

60. **Sender of parcel to be asked if he desires it insured.**— Postmasters and postal employes, when rating domestic fourth-class parcels, shall in all cases inquire of the senders whether they desire such articles to be insured, except in those cases where the senders have previously stated that they do not desire such shipments to be sent as insured mail.

PROVISIONS APPLICABLE TO THE SEVERAL CLASSES OF MAIL MATTER.

61. **Directions for transmittal, etc.**— Directions for transmittal, delivery, forwarding, or return of mail matter are deemed part of address. (Sec. 470, P. L. & R.)

MAILINGS OF THIRD AND FOURTH-CLASS MATTER AND CERTAIN SECOND-CLASS MATTER WITHOUT STAMPS AFFIXED.

62. **Upon application to the postmaster** at the office of mailing, permits may be obtained by persons or concerns for mailing quantities of not less than 300 identical pieces of third-class matter and second-class matter at the transient rate or the rates applicable to copies mailed for local delivery by letter carriers at city delivery offices, and 250 identical pieces of matter of the fourth-class without stamps affixed, the postage thereon being paid in money, provided the mailings are presented in accordance with the conditions under which such mailings are accepted. For information concerning this subject apply to the postmaster. (Sec. 459, P. L. & R.)

PRECANCELED POSTAGE STAMPS.

63. **Precanceled stamps** are good for the payment of postage only on matter of the third and fourth classes, and second-class matter mailed at the transient rate or the rates applicable to copies mailed for local delivery by letter carrier at city delivery offices, presented at the office where precanceled. Such stamps may be used only by the persons or concerns who have been given a permit to use them. A permit may be obtained by making application therefor, through the postmaster at the post office of mailing, to the Third Assistant Postmaster General, Division of Classification.

POSTAGE DUE.

64. **Collection of postage due at office of address.**— When a piece of mail reaches the office of address without postage having been fully prepaid, the required amount of postage due will be collected of the addressee on delivery. A fee of one cent will be collected as postage due on all advertised matter. Postmasters cannot lawfully accept postage stamps in payment of postage remaining due on mail matter. The amount due shall invariably be paid in cash. (Secs. 397, 405, 585 and 587 to 591, P. L. & R.)

65. **For information regarding refund of excess postage, apply to postmaster. (Sec. 461, P. L. & R.)**

UNMAILABLE MATTER.

66. **Definition.**— Unmailable domestic matter — that is, matter which is not admissible to the United States mails for dispatch or delivery in the United States or in any of its possessions — includes:

67. **Address defective.**— All matter illegibly, incorrectly, or insufficiently addressed.

68. **Postage not prepaid.**— First-class matter not prepaid one full rate — 2 cents — and all other matter not fully prepaid.

69. **Overweight and oversize.**— All matter exceeding the limit of weight or size prescribed by law.

70. **Game killed or offered for mailing in violation of law.**

71. **Meat and meat-food products of cattle, sheep, swine, and goats, presented without the required certificate of inspection or exemption.** See article 55, page 15.

72. **Nursery stock** not accompanied with certificate of inspection. See article 57, page 15.

73. **Poisons, liquors, live animals, fowls, etc.**— All matter harmful in its nature, as poisons; explosive or inflammable articles; matches; live animals, fowls, insects and reptiles; guano or any article exhaling a bad odor; and vinous, spirituous or malt liquors. The postal laws provide a severe penalty for the mailing of poisons, explosives or inflammable articles, and intoxicating liquors.

74. **Tinsel glass.**— Post cards and postal cards, bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when inclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substance from being rubbed off.

75. **Obscene and indecent.**— All obscene, lewd, or lascivious matter, and every article or thing intended, designed, or adapted for any indecent or immoral purpose, or for the prevention of conception or procuring abortion, or matter of a character tending to incite arson, murder or asassination.

76. **Defamatory, dunning, etc.**— Postal, post or other cards mailed without wrappers, and all matter bearing upon the outside cover or wrapper any delineation, epithets, terms, or language of an indecent, lewd, lascivious, obscene, libelous, scurrilous, defamatory, threatening or dunning character, or calculated by the terms or manner or style of display, and obviously intended to reflect injuriously upon the character or conduct of another.

77. **Lottery and fraud.**— All matter concerning any lottery, so-called gift concert, or other enterprise of chance, or concerning schemes devised for the purpose of obtaining money or property under false pretenses.

PREPARATION AND WRAPPING OF MAIL MATTER.

78. **Envelopes** of weak or unsubstantial paper should not be used. Mail is handled often and subjected to pressure and friction in the mail bags, and frequently is delivered from moving trains; hence, if not inclosed in strong envelopes it may be damaged. It is recommended that stamped envelopes, on sale at all post offices, be used.

79. **Examination.**— Second, third and fourth-class matter must be so wrapped or enveloped that the contents may be examined easily by postal officials. When not so wrapped, or when bearing or containing writing not authorized by law, the matter will be treated as of the first class.

80. **Nailed boxes.**— Parcel post mail may be inclosed in boxes to which the lids are nailed or screwed, provided the lids can be readily removed with a chisel or screw-driver for examination of contents.

81. **Wrapping.**— All matter should be securely wrapped so as to bear transmission without breaking, or injuring mail bags, their contents, or the persons handling them. Many articles are damaged in the mails for the reason that they are not properly wrapped to withstand the necessary handling.

Parcels weighing 20 pounds or under are generally carried inside mail bags with other mail; those weighing over 20 pounds are usually carried outside mail bags. They should be wrapped with that understanding.

Parcels improperly or insufficiently wrapped will not be accepted for transmission in the mails.

Umbrellas, canes, golf sticks, and similar articles must be reinforced by strips of wood or otherwise sufficiently wrapped to withstand handling and transportation.

Hats must be packed in strong boxes; if in ordinary pasteboard hat boxes, they must be properly crated.

Cut flowers, candies, etc., should be inclosed in strong and suitable boxes.

Store castings and pieces of machinery should be protected with excelsior or similar material and wrapped in cloth or strong paper or be properly boxed or crated.

Mailable hides and pelts must be thoroughly wrapped to prevent the escape of grease.

82. **Harmful articles** not absolutely excluded from the mails, but which, from their form or nature, might, unless properly secured, destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of anyone engaged in the postal service, may be transmitted in the mails only when packed in accordance with the postal regulations.

Sharp-pointed or sharp-edged instruments or tools must have their points and edges protected so that they can not cut through their covering, and be thoroughly wrapped.

Powders and all pulverized dry substances must be so wrapped that none of the contents of the package will sift out.

Pastes, salves, etc., not easily liquefiable must be inclosed in water-tight containers and placed in strong boxes and securely wrapped.

83. **Liquids.**—Admissible liquids in packages not exceeding the limit of weight of fourth-class matter will be accepted for mailing when intended for delivery at the office of mailing or on a rural route starting therefrom when inclosed in a glass or metal container securely inclosed and heavily wrapped, provided it is not necessary to transport them over steam or electric railways.

Admissible liquids and oils, pastes, salves, or other articles easily liquefiable, will be accepted for mailing, regardless of distance, when they conform to the following conditions:

(*a*) *When in strong glass bottles holding 4 ounces or less,* the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated pasteboard of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape of any liquid if the contents should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the following paragraphs (*b*) and (*c*):

(*b*) *When in glass bottles holding more than 4 ounces,* the total quantity sent in one parcel shall not exceed 16 ounces liquid measure. The bottle must be very strong and must be inclosed in a block or tube of metal, wood, papier-mâché or similar material; and there must be provided between the bottle and the block or tube a cushion of cotton, felt, or other absorbent. The block or tube, if of wood or papier-mâche, must be at least one-eighth of an inch thick for bottles holding 8 ounces or less, and at least three-sixteenths of an inch thick for bottles holding more than 8 ounces. The block or tube must be rendered watertight by an application on the inside of paraffin or other suitable substance and must be closed by a screw-top cover with sufficient screw-threads to require at least one and one-half complete turns before it will come off. The cover must be provided with a washer, so that no liquid could escape if the bottle should be broken. Any number of bottles separately packed as herein prescribed may be included in a single package if the limit of weight and size for fourth-class matter be not exceeded.

(*c*) *Bottles containing liquid* may also be packed in strong and tight receptacles of wood, metal, or waterproof corrugated pasteboard. Space must be left all around the bottle, which must be filled with bran, sawdust, or other absorbent material in sufficient quantity to absorb all the liquid if the bottle should get broken.

(*d*) *When in a metal container,* the weight limit of the parcel is the same as for other fourth-class matter. The container must be securely sealed and inclosed in a strong box.

(*e*) When in parcels weighing more than 20 pounds, mailable liquids in securely sealed glass bottles or metal cans will be accepted for mailing to offices in the first and second zones when packed in strong boxes and surrounded with sawdust or other suitable substances to protect the contents from breakage. All such packages to be marked "FRAGILE—THIS SIDE UP," or with similar inscriptions and to be transported outside of mail-bags.

(*f*) All packages containing liquid must be marked "FRAGILE."

84. **Fragile articles.**—Articles easily broken, such as millinery, toys, musical instruments, etc., and articles consisting wholly, or in part, of glass, or contained in glass, must be very securely wrapped for safe transmission and marked "FRAGILE."

Glass, crockery, fragile toys, and other fragile articles must be so packed as to prevent the escape of particles or pieces from the packages if broken in transit.

Cigars should be packed in a manner to prevent damage by shock or jar.

Maps, drawings, paintings, etc., must be suitably protected with stout material to prevent damage. When not flat, they should be rolled around a stout stick and carefully wrapped or inclosed in a strong pasteboard tube.

All such articles must be marked "FRAGILE."

Eggs for local delivery will be accepted when so packed in a basket or other container as to prevent damage to other mail.

Eggs for mailing regardless of distance, will be accepted when each egg is separately wrapped and surrounded with excelsior, cotton, or other suitable material and packed in a strong container made of double-faced corrugated pasteboard, metal, wood, or other suitable material and wrapped so that nothing can escape from the package. All such parcels shall be labeled "EGGS."

Eggs for mailing to the first and second zones in parcels weighing more than 20 pounds will be accepted when packed in crates, boxes, baskets, or other containers having tight bottoms to prevent the escape of anything from the packages, and so constructed as properly to protect the contents. Such packages to be marked "EGGS — THIS SIDE UP," and to be transported outside of mail-bags.

Eggs for hatching shall be accepted for mailing, regardless of distance, when each egg is wrapped separately and surrounded with excelsior, wood-wool, or other suitable material and packed in a basket, preferably with a handle, or other suitable container, lined with paper, fiberboard or corrugated pasteboard, in such a way that nothing can escape from the package. Such parcel shall be labeled "Eggs for Hatching," "Keep from Heat and Cold," "Please Handle with Care," or other suitable words, and shall be handled outside of mail sacks.

85. Perishable articles.— Parcels containing perishable articles shall be marked "PERISHABLE." It is advisable that such parcels be sent as special-delivery matter by affixing stamps for the special-delivery fee in addition to the regular postage, thus expediting their delivery. Articles likely to spoil within the time reasonably required for transportation and delivery shall not be accepted for mailing.

Butter, lard, and perishable articles, such as fish, fresh meats, dressed fowls, vegetables, fruits, berries, and articles of a similar nature which decay quickly, when so packed or wrapped as to prevent damage to other mail, will be accepted for local delivery either at the office of mailing or on any rural route starting therefrom. When inclosed in an inner cover and a strong outer cover of wood, metal, heavy corrugated pasteboard, or other suitable material, and wrapped so that nothing can escape from the package, they will be accepted for mailing to all offices to which in the ordinary course of mail they can be sent without spoiling.

Butter, dressed fowls, vegetables, fruits, and other perishable articles in parcels weighing more than 20 pounds will be accepted for mailing to offices in the first and second zones when suitably wrapped or inclosed and packed in crates, boxes, or other suitable containers having tight bottoms to prevent the escape of anything from the package, and so constructed as properly to protect the contents. All such parcels to be transported outside of mail bags.

Vegetables and fruits which do not decay quickly will be accepted for mailing to any zone if packed so as to prevent damage to other mail.

ADDRESSING MAIL MATTER.

86. Exercise care. Because of carelessness in addressing and preparing matter for mailing, or failure of sender to place his name and address on it, millions of letters and other pieces of mail which can not be delivered or returned to the sender, are each year sent to the Division of Dead Letters. This seriously impairs the efficiency of the postal service and causes much additional expense. The practice of some business concerns of omitting street numbers, etc., from their stationery and advertisements results in increasing the volume of insufficiently addressed mail. The Department urgently requests the public to exercise the greatest possible care to see that mail is sufficiently and correctly addressed, in order to secure its prompt and certain delivery, thereby relieving the postal service of much unnecessary expense and increasing its efficiency.

87. Write plainly the name of the person addressed, street and number, or number of rural route, post office and State in full. When the name of the State is abbreviated, frequently Va. and Pa., Md. and Ind., Colo. and Cal., Miss. and Minn., and others are confused and mail missent, as post offices of the same name are located in several different States.

88. Do not abbreviate or use lead pencil.

89. The words "general delivery" should not be used as a part of the address when delivery by city or rural carrier is desired, but only in cases when it is known or believed that the addressee calls at the general delivery for his mail.

90. The word "personal" does not affect the delivery of mail and should be placed only on mail intended for the personal attention of the addressee.

91. Directions for transmittal, delivery, forwarding or return of mail are deemed part of address.

92. "In care of ———."— Mail addressed to one person in care of another will be delivered to the first of the two persons named who may call for it, or to the address of the person in whose care it is directed, in the absence of other instructions.

93. Fictitious addresses.— Ordinary mail addressed to fictitious names of persons or firms, or to no particular person, will not be delivered unless directed to be delivered at a designated place, as a post office box, street and number, or in the care of a person or firm receiving mail at the post office of address.

RETURN CARDS.

94. **The sender's name and address must be placed on all fourth-class or parcel post mail, on all "window" envelopes, and on all registered mail and should be placed on all other mail, in the upper left corner of the envelope or wrapper. This will secure its return, if desired, when undelivered**

Rural Route No. 3,

95. **Time specified.**— A return request should not specify a number of days fewer than three nor more than thirty.

96. **Hotel envelopes.**— If the sender of a letter mailed in the envelope of a hotel desires to have the letter returned if not delivered, he should add to the hotel card a request to that effect, as unclaimed letters bearing the card of a hotel, club, school, college, or other public institution, which has evidently been printed upon the envelopes to serve as an advertisement, will not be returned unless the sender so requests.

97. **Postage stamps** should be securely affixed **to the upper right corner of the address side,** care being taken that one does not overlap another.

98. **Space must be left on the address side of all mail sufficient for a legible address and** for all directions permissible thereon, for postage stamps, postmarking, rating, and any words necessary for forwarding or return.

99. **Avoid delay** by depositing mail as soon it is ready, thus insuring prompt dispatch. Much mail is deposited just at the close of the business day, and frequently such congestion follows that all of it can not be distributed in time to be given the first dispatch.

COLLECTION OF MAIL.

100. **City collections.**— Where city delivery service is in operation, mail is collected from street letter boxes. While serving their routes letter carriers may accept for mailing letters with postage stamps affixed, provided this does not impede their work of delivering mail and collect-

ing mail from street letter boxes. Carriers are not permitted to accept money to pay postage on letters or other matter offered to them for mailing.

101. Rural collections.—Mail for dispatch will be collected from patrons' boxes when the carrier is making deliveries and when signals are displayed on the boxes indicating that there is out-going mail therein. Collections will also be made from such U. S. collection boxes as may be located along the route. Rural carriers will accept any mailable matter properly addressed and bearing the necessary postage, or accompanied with sufficient money to purchase the same, which may be personally tendered to be delivered or dispatched; except that mail matter tendered shall not be accepted in a town or village having a post office if it is reliably ascertained that parties offering it intend by so doing to "boycott" the office to deprive it of legitimate revenue. Patrons of rural routes are expected to provide themselves with stamps, through purchase from the carriers, and to affix the proper postage to mail before depositing it in boxes for collection. When this is not practicable, coins left with mail in boxes for payment of postage should be placed in coin-holding receptacles. Rural boxes are intended solely for the reception of mail and should not be used for the depositing of unstamped and unaddressed circulars or other advertising matter.

DELIVERY OF MAIL.

102. Methods.—Four methods are used for the delivery of mail: (1) The general delivery; (2) Through post office boxes; (3) By carriers in cities where delivery service is in operation; (4) By rural and star route carriers. If patrons so direct, all mail intended for them, however addressed, will be delivered in one of these ways, but if such directions are not given, mail will be delivered as addressed. (See Special Delivery Service, page 21.)

103. General delivery.—The general delivery is intended for the use of only those patrons who are not permanently located or who can not, for good and sufficient reasons, receive mail by carrier or through a post office box. The general delivery should not be used where it is possible to receive mail otherwise. Persons intending to remain for thirty days or more in a city having carrier service should file their names and street address at the post office so that their mail may be delivered by carrier. Persons applying for mail at the general delivery window, if unknown, may be required to prove their identity, and residents of cities having carrier service who call at the general delivery may be required to furnish a statement as to name and address and reason for calling at the post office for mail instead of receiving it by carrier.

104. Post office boxes are provided for the convenience of the public in the delivery of mail. Box rents must be paid quarterly in advance. The use of a box is restricted to one individual, family, firm, or corporation. The renter of a box may have delivered through it mail for his family, guests, transient boarders, employees who are members of his household, and, for a period not to exceed thirty days, mail of a person addressed in his care. A box rented by a firm may be used for the delivery of its mail, and by the consent of each member of the firm, the individual mail of each, of his household, and of the firm's office employees. A box rented by a corporation, association, or society may be used for the delivery of mail addressed to it and its officials. Boxes rented by schools, colleges, or public institutions, if consistent with the rules and usage thereof, may be used for the delivery of mail addressed to officers, students, employees and inmates.

105. City delivery.—Mail will not be delivered by carriers above the second floor in office buildings not equipped with elevators, nor to the different rooms or suites on any floor of apartment houses whether or not they are equipped with elevators, nor to the side or back doors of houses. Mail will not be withdrawn in order to deliver it to persons calling at the post office, after it has been distributed to carriers except in emergencies. Carriers are not permitted to stop and deliver mail to patrons who meet them on the street, unless such delivery can be made without unreasonable delay.

106. Private mail receptacles.—Patrons at offices having city delivery are urged to provide private mail receptacles or cut slots in the doors at their residences and places of business for the receipt of mail, which will permit its safe delivery in the absence of the addressee instead of having it carried by and delivered on a later trip. Private receptacles are also a great convenience to householders, obviating the necessity of their responding to carriers' calls at inconvenient moments. The use of private mail boxes also facilitates the work of the carriers and enables them to give more expeditious service.

107. Rural delivery.—Mail is delivered by rural and star route carriers to persons who properly place mail boxes on the lines of travel of such routes. Mail boxes on rural routes must conform to the prescribed specifications and be approved by the Post Office Department. Mail will be delivered only to the boxes of persons to whom it is addressed or the boxes of persons duly authorized to receive it. Rural carriers may deliver mail to patrons whom they meet on the route, provided their identity is known and such delivery does not unduly delay the carriers.

108. Mail addressed to box and route number may be delivered.—Mail other than registered, insured and C. O. D. mail, for delivery by rural carriers which is addressed merely to the box and route number may be delivered to the owner of the box as long as no improper or unlawful business is conducted in this manner.

109. Holidays to be observed by rural carriers.—Service is not required on rural routes on New Year's Day, Washington's Birthday, Memorial or Decoration Day (May 30), Fourth of July,

Labor Day (the first Monday in September), or on such day as the President may set apart as Thanksgiving Day.

110. **When holiday falls on Sunday.**— When a holiday on which service is not required falls on Sunday, the following Monday is observed. Rural carriers are not permitted to substitute any other day therefor.

111. **Standard designs of mail boxes for rural and star routes.**— Consult the local postmaster.

112. **Delivery to addressee or agent.**— Mail is delivered to the person addressed or according to his written order. An order to make delivery to another person is implied in cases where the addressee is in the habit of receiving his mail through his clerk, servant, agent, or some member of his family, or other person, and recognizes or acquiesces in such delivery.

113. **Husband or wife.**—Neither husband nor wife can control the delivery of mail addressed to the other against the wishes of the one to whom it is addressed. In the absence of instructions to the contrary, the wife's letters will be placed in the husband's box and delivered to him with his letters, unless they be known to live separately.

114. **Minors.**— The delivery of mail addressed to a minor is subject to the orders of the parent or guardian upon whom the minor is dependent.

115. **Persons of the same name.**— Where two or more persons of the same name receive mail at the same post office, they should adopt, where practicable, some form of address or other means by which their mail may be distinguished.

116. **Officials.**— Mail addressed to a public official, or to an officer of a corporation, by his title, will be delivered to the person actually holding the office designated in the address, the assumption being that the mail is intended for the officer as such.

117. **Pensioners.**— Pension check letters cannot be forwarded and will be delivered only to the pensioner addressed or to his or her clerk, servant, agent, or some member of the pensioner's family through whom mail is habitually received. Such letters addressed to a pensioner who is dead, is under guardianship, has permanently removed, or has been declared mentally incompetent, or, in case of a widow, has remarried, will be returned to the sender.

118. **Advertised mail.**— The addressee of an advertised letter or other piece of mail is required to identify it and pay a fee of one cent before receiving it. (See article 64, page 16, regarding postage due.)

119. **Wrong delivery.**— A person receiving mail not intended for him should return it promptly to the post office for proper disposition. If such mail has been opened by mistake it should be endorsed, "Opened by mistake," with the signature of the person receiving it.

SPECIAL DELIVERY SERVICE.

120. **Special delivery service** is the prompt delivery of mail by messenger during prescribed hours to persons who reside within the carrier limits of city delivery offices, to patrons of rural service who reside more than one mile from post offices but within one-half mile of rural routes, and to residents within one mile of any post office. Special delivery mail is not expedited in transit between post offices.

121. **How obtained.**— This service is obtained by placing on any letter or article of mail a special delivery stamp or ten cents worth of ordinary stamps in addition to the lawful postage. When ordinary stamps are used the words "Special Delivery" must be placed on the envelope or wrapper, directly under but never on the stamps; otherwise the letter or article will not be accorded special delivery service.

122. **Hours of delivery.**— From 7 a. m. to 11 p. m. at city delivery offices, and from 7 a. m. to 7 p. m. at all other offices, or until after the arrival of the last mail, provided that be not later than 9 p. m. Special delivery matter will be delivered at post offices of the first and second classes on Sunday, and at other offices if open on Sunday. Special delivery will be made at all offices on holidays.

123. **One delivery only attempted.**— When special delivery mail can not be delivered for the reason that no one is present to receive it or for other cause, notice is left at the place of address and the mail returned to the post office, and it is thereafter treated in all respects as ordinary mail.

124. **Forwarding.**— Special delivery mail may be forwarded under the same rules as ordinary mail, and is then entitled to special delivery service unless an attempt was made to effect delivery at the office of original address.

125. **Does not insure unusual safety.**— When it is desired to send money or other valuables by special delivery the matter should also be registered or insured. A special delivery stamp does not insure unusual safety or a personal delivery to the party addressed.

RETURN OF MAIL.

126. **First class.**— Letters and other mail of the first class prepaid one full rate (2 cents); official matter and reply (double) postal cards, and single postal and post cards deposited for local delivery, when undeliverable, will be returned to the sender without additional postage, provided such mail bears the name and address of the sender. Single postal cards and post cards not deposited for local delivery will not be returned to the sender.

If the sender does not specify the number of days within which such mail shall be delivered, then it will be returned as follows: (a) After five days, if intended for delivery by city or rural carriers; (b) after ten days, if addressed "transient" or "general delivery" to a city; and (c) after fifteen days, if addressed to an office not having city carrier service and not intended for delivery by rural carrier.

127. **A definite return address is required.** The mere request to return to "office of mailing," as indicated by the postmark, is not sufficient.

128. **Other classes.**—When matter of other than the first class which is of obvious value, or bears a pledge to furnish return postage, can not be delivered, the postmaster will notify the sender of that fact; and such matter will be returned to the sender only upon new prepayment of postage. After notification of non-delivery such matter will be held not longer than two weeks, unless the office of mailing be so remote from the office of address that a response could not be received from the sender within that time.

129. **If the sender habitually fails to redeem his pledge to furnish return postage, no further notices will be sent him in regard to undelivered mail.**

130. **Recall of mail.**—When the sender of a letter desires to recall it, his application must be submitted to the postmaster at the office of mailing.

131. **Retention in post office at addressee's request.**—Letters bearing return cards can not be held at the addressee's request, at the office of address, beyond the time indicated in the return card.

132. **When remailing a letter which has been returned to the sender as undeliverable, it should be placed in a new envelope in order to avoid confusion and secure prompt transmission. A new prepayment of postage is required.**

FORWARDING OF MAIL.

133. **Orders for.**—A person desiring to have his mail forwarded should file with the postmaster at the office of address a request signed in writing, giving his present address, the full address to which mail is to be forwarded, and specific information as to the time during which the order is to be observed. If a person who has filed such an order at a post office returns to the delivery of that office before the expiration of the time indicated in his forwarding order he should immediately have the order canceled.

134. **What mail may be forwarded after delivery.**—Upon being properly readdressed and deposited in the post office originally addressed, or a street letter box of such office, mail may be forwarded after delivery. This applies to mail erroneously delivered or addressed; to mail addresed in care of another; and to mail opened inadvertently upon misdelivery, in which case it should be indorsed "Opened by mistake" and signed by the person who opened it.

135. **First class.**—Only first-class mail can be forwarded from one post office to another without a new prepayment of postage. This includes letters and other first-class matter prepaid one full rate (2 cents), postal cards, post cards (private mailing cards), and official matter.

136. **Other classes.**—A new prepayment of postage on mail of the second, third and fourth classes must be made by the addressee or someone for him, every time it is forwarded, as follows: (a) second-class matter, 1 cent for each four ounces or fraction thereof; (b) third-class matter, 1 cent for each two ounces or fraction thereof; (c) fourth-class or parcel post matter, at the rate applicable between the forwarding office and the one to which the mail is forwarded.

137. **Exceptions.**—A change of street number to secure delivery at the office of address is not a "forwarding" and does not subject the mail to additional postage.

Patrons of any office, who, on account of a change in the postal service, receive their mail from another post office, may have mail matter of all classes transmitted to that office without additional charge for postage, provided they first file with the postmaster at the former office a request to have their mail so sent. This is not to be construed as "forwarding" within the meaning of the law.

Mail matter of all classes addressed to persons in the service of the United States (civil, military, or naval) whose change of address is caused by official orders will be transmitted until it reaches the addressee without a new prepayment of postage.

138. **Hotels, clubs, etc.**—Managers of hotels and officers of clubs, boards of trade, and exchanges, should not hold unclaimed mail addressed to their care longer than ten days, except at the request of the person addressed, and should redirect it for forwarding if the present address is known; otherwise, such mail should be returned to the post office.

139. **Unnecessary inscriptions not permitted.**—Inscriptions not necessary to proper forwarding subject the matter to new prepayment of postage. Hotels should not use the indorsement "Forwarded" or "Returned from Hotel —."

140. **Notice of postage for forwarding mail of the second, third or fourth class will be sent to a person who has filed a forwarding order.** After such notification the mail may be delivered to the addressee at the office from which the notice was sent, without payment of the forwarding postage, provided he shall first revoke the forwarding order, thus obviating the necessity of sending notices that are inoperative; or if he does not revoke his forwarding order, the matter may be delivered to him on payment of one cent for each notice sent him.

UNDELIVERED MAIL.

141. **Advertised.**—All undelivered and unreturnable mail of the first class (except postal cards and private mailing cards) and valuable matter of the third and fourth classes are advertised by posting a weekly list in the post office. A charge of one cent in addition to any postage due is collected on advertised mail if delivered. (See article 64, page 16, regarding postage due.)

142. **Undeliverable letters and sealed parcels (first-class matter)**, which can not be delivered to addresses or returned to senders, are sent to the Division of Dead Letters for disposal. Such matter includes unclaimed, misdirected, unaddressed and insufficiently prepaid letters and those directed to initials only or to fictitious persons. Letters are opened and returned to writers, if practicable, except such as contain advertising matter only, the return of which is not requested. If valuable inclosures are found, a record is made, and if not returned at once to the owner, they may be reclaimed within four years from the date of their receipt.

143. **Undeliverable parcels of third and fourth-class matter** of obvious value which can not be returned to the sender, and articles found loose in the mails, except money and postage stamps, are sent to the post office at the headquarters of the Division of the Railway Mail Service in which the parcels or articles are detained, where they are held for twelve months, subject to inquiry, after which they can not be reclaimed. Matter addressed to foreign countries mailed in violation of law or treaty stipulation is sent to the Division of Dead Letters.

144. **Undeliverable single postal cards and post cards** are destroyed or disposed of as waste paper by postmasters.

145. **Inquiries** relating to undelivered letters of domestic origin should be addressed to the First Assistant Postmaster General, Division of Dead Letters, and should state to whom and to what post office the letter was addressed, the name and full address of the writer or sender, the date and place of mailing, and a brief description of the contents. Inquiries for parcels of third and fourth-class matter should be made on Form 1510, with which post offices are provided, and referred by postmasters to the inspector in charge of the division in which the office of mailing is located.

REGISTERED MAIL.

DOMESTIC.

1. **Definition.**—Domestic rates and conditions apply to mail addressed to any post office in the United States, its Territories or Island Possessions, namely: Alaska; Hawaii; Porto Rico; Philippine Islands; Canal Zone; Pago Pago; and Tau, Samoa; the U. S. Postal Agency at Shanghai, China; the U. S. Naval Hospital at Yokohama, Japan, and U. S. Naval Vessels in any part of the world.

2. **Articles admissible.**—Any mailable article, except fourth-class (parcel post) for domestic destinations, may be registered upon application therefor at a post office or station, or to a rural carrier (or to a city carrier in residential districts, if the article is not too cumbersome). Articles containing fourth-class matter may be registered if the wrapper is sealed, first-class rate of postage paid, and does not exceed the limits of first-class mail in weight. (See article 2, page 41.)

3. **Fee, and indemnity provided in case of loss.**—The registration fee is only 10 cents in addition to the necessary postage regardless of weight, value, class, or destination of the mail. Indemnity will be paid to the sender on account of the loss, rifling or total damage to such mail in the postal service: (a) For value of first-class (sealed) mail, up to $50.00; (b) For value of third-class (unsealed) mail, up to $25.00. (See below under "International" for indemnity provided in case of foreign mail.)

4. **Mail which should be registered:**

(1) Articles containing money — should be adequately wrapped and effectually sealed. (However, money should be sent by postal money order whenever and wherever available.

(2) Articles containing important or valuable papers, such as deeds, specifications, etc.

(3) Articles containing goods of unusual value should also, for the additional protection secured, be sent subject to first-class rates and conditions, and registered.

(4) Letters of importance, the delivery of which the sender may desire to prove.

(5) Letters for which the sender wishes a return receipt showing delivery — such letters should be plainly indorsed "Return Receipt Desired" on the address side.

(6) Letters which sender desires delivered to addressee in person — should be plainly indorsed "Deliver to Addressee Only" on the address side.

(7) Any other article of first or third-class mail which contains matter of importance or value for which the sender desires indemnity in case of loss.

5. **Preparation for mailing:**

Mail for registration must

(1) Have name and address of sender, and be legibly addressed.

(2) Have postage and fee fully prepaid at time of registration.

(3) Be sufficiently well wrapped or enveloped to carry the contents without breaking under ordinary conditions of handling.

(4) Be securely sealed if sent as first-class (letter rate).

(5) Postmasters must decline to accept articles for registration when inclosed in flimsy envelopes or not wrapped so that they will carry safely with ordinary handling. They will bring to the attention of banks and financial institutions at their offices the necessity of adequately and effectively preparing and wrapping money packages by suggesting that it would be advisable to inclose paper money in canvas sacks closed with lead seals or tied and placed within an outer wrapper, strong enough to protect the inclosure and to withstand handling itself, or that it be inclosed in cloth or linen-lined envelopes. Many banks are adopting canvas sacks which can be obtained at a nominal cost. Where there are sheets of currency they should be folded and made into a compact package. The contents of a package must not be so bulky or ill-fitting that the outer cover will be broken through or cracked by protruding corners or edges. Letters or parcels not prepared as suggested above must have a piece of cardboard or heavy paper placed on top and underneath of each package of money before being placed in the outside cover or wrapper. In these cases the parcels must be wrapped at least three times with a heavy grade of paper. Packages which are covered with paper should be securely sealed with mucilage or glue in addition to wax which, if used, is frequently knocked off or broken in transit handling.

6. **Handling in the postal service.**— A receipt is given the sender at the time of registration. Firm Mailing Records are supplied to senders who regularly, or at intervals, have three or more articles for registration at one time; this permits the sender to save time at the post office window.

7. **Hand to hand receipts taken.**— The greater security given registered mail is provided by the system of receipts given and taken for it from time of acceptance to the time of delivery which makes tracing possible and by other safeguards and special precautions.

8. **Delivery.**— Registered mail, the delivery of which has not been restricted by the sender or the addressee, may be delivered to any responsible person to whom the addressee's mail is customarily delivered. The person to whom delivery is made must receipt therefor, and must also sign a return receipt card if this has been requested by the sender.

9. **Delivery restricted by sender.**— The sender may restrict by indorsing the address side "Deliver to Addressee Only," or after mailing and before delivery has been effected by a written order sent through the mailing postmaster.

10. **Delivery restricted by addressee.**— The addressee may restrict delivery by giving the postmaster at the delivery office a specific, or standing, written order stating to whom delivery shall be made.

11. **Delivery by carrier.**— City and rural letter carriers deliver registered mail; but if the residence or place of business is more than one-half mile from a rural route the carrier is not expected or required to make delivery thereat. In the latter case the carrier leaves a notice in the rural mail box so that the addressee can be at the box the next trip, or call for the mail at the post office.

12. **Identification.**— Persons applying or inquiring for registered mail, as senders or addressees, or their authorized representatives, will if unknown be required to establish their identity satisfactorily before registered mail or information concerning it is given them.

13. **Undeliverable.**— Undelivered registered mail of the first class is returned to sender without additional charge at the expiration of the proper period or of the period, not under three nor over 90 days, stated in the return request. Additional postage (not fee) is required for the return of registered second and third class matter.

14. **Forwarding.**— Registered mail may be forwarded before it has been once properly delivered without additional charge for registry fee upon the written request of the sender, through the mailing postmaster, or of any person to whom the addressee's mail is deliverable — first-class registered matter immediately and without extra charge, other matter, upon prepayment of postage chargeable by law for forwarding.

15. **Recall before delivery.**— When the sender of registered mail desires to reclaim or recall it at any time before delivery, application for this purpose must be made to the mailing postmaster.

INTERNATIONAL—(FOREIGN REGISTERED MAIL).

16. **General.**— Letters and parcels addressed to foreign countries are registered in the same way as domestic matter, the registration fee is the same, ten cents in addition to postage. Consult the postmaster as to rates of postage and prohibitions, and see in this Guide under "Foreign Mails." The following differences in requirements for foreign as compared to domestic registrations should be noted:

17. **What may be registered.**— All classes of admissible foreign mail, except International Parcel Post packages to certain countries (see article 35, page 49) may be registered. This includes mail for countries to which domestic rates apply, as Canada, Cuba and Mexico.

18. **Address.**— Must be written with pen and ink.

19. **Delivery.**— Restrictions on delivery, if indorsed on articles, are made according to rules of the country which makes delivery.

20. **Forwarding.**— Can be forwarded to the addressee from one United States post office to another, or returned when undeliverable, without any additional charge for postage or registry fee.

21. **Should be presented at office.**— Because of complex conditions of rates and prohibitions, it is preferred that mail for foreign countries be presented for registration at the post office and not to carriers, except on rural routes where it would be a hardship for senders to go to the post office.

22. **Canada and Mexico.**— The address on registered mail for Mexico must include the Mexican State or Territory, and that for Canada the Canadian Province, County, or District.

23. **Indemnity.**— Indemnity will be paid on account of the loss of international (foreign) registered mail, except matter sent at International Parcel Post rates, in any amount claimed not in excess of 50 francs (approx. $9.65) regardless of value of contents, provided the loss is not due to "force majeure" (circumstances beyond control, such as acts of war, earthquakes and tempest). However, by mutual arrangement between the United States and Canada, indemnity is paid on account of loss of registered mail exchanged between these two countries even though loss is due to "force majeure." Also, though not required by the Postal Union Convention, the United States will pay limited indemnity for value of Postal Union registered mail which originates in the United States and is rifled, totally damaged, or lost under circumstances beyond control, before it leaves the United States.

24. **Customs.**— Sealed packages from foreign countries must, when indorsed "Supposed Liable to Customs Duty", be opened by the addressee in the presence of the postmaster, and if found to contain only written communications, money, or genuine postage stamps (not prohibited fac similes) will be delivered at once; otherwise the package and entire contents must be submitted to a customs officer for assessment of any duty found to be chargeable before final delivery is made to the addressee.

MISCELLANEOUS.

25. **Alaska.**— From June 1st each year until the closing of the open (summer) season registered mail may be sent to any part of Alaska. During the winter months (from October 1 to June 1) registered mail for certain offices is restricted to letters, and other matter is sent only as the excess limit of weight, after letters have been taken care of, which the Alaskan contractor or mail carrier is required to transport on each trip, will permit.

26. **Indemnity application, and payments.**— Reports of losses and application for indemnity should be made to the postmaster at the office of mailing, or at the office of address, with particulars of registration and a description of the contents of the article, and in cases of partial loss or rifling with the envelope or wrapper of the article. Reports of loss and rifling are investigated by post office inspectors as promptly as possible, and claims are acted upon as soon as the investigations develop an actual loss in the postal service. In case of domestic mail this requires from one to several months according to varying circumstances of distance, etc., in each instance. A greater length of time is usually required in international cases because of necessity of awaiting the result of investigations by the foreign countries involved. The limited indemnity in case of domestic registered mail is paid for the market value of merchandise lost, and the actual, usual, direct and essential expenses incurred in the duplication of valuable papers, or the original cost of such papers when they are not or cannot be duplicated.

INSURANCE AND COLLECT-ON-DELIVERY SERVICES.

INSURANCE OF FOURTH-CLASS MAIL.

1. **Fees and conditions.**— Fourth-class or domestic parcel post mail — see articles 39 and 41, page 11, of this guide — may be insured against loss, rifling or damage in an amount equivalent to its actual value up to $5 for a fee of three cents; $25 for five cents; $50 for ten cents; or $100 for twenty-five cents, in addition to the postage. Both postage and fee must be paid by postage stamps affixed to the parcel. Such mail may be insured at any post office, or station thereof, or by rural carriers, but must not be deposited in street mail boxes or in mail drops at post offices.

2. **Island possessions and territories of United States.**— In addition to domestic destinations such mail may be addressed to Alaska; Canal Zone; Guam; Hawaii; Porto Rico; Pago Pago and Tau, Samoa; the United States Postal Agency at Shanghai, China; the United States Naval Hospital at Yokohama, Japan; United States Naval Vessels and to the Philippine Islands.

3. **Return receipts** for insured parcels showing delivery may be obtained by indorsing the parcel and tags "Receipt desired".

4. **General instructions** pertaining to the collect-on-delivery service as well as the insurance service appear directly following the description of the collect-on-delivery service.

COLLECT-ON-DELIVERY SERVICE.

5. **Fees and conditions.**— Fourth-class or domestic parcel post mail — see articles 39 and 41, page 11, of this guide — may be sent C. O. D.; that is, the price of the article and the charges thereon (including, if desired, the postage and fees prepaid) collected from the addressee on payment of a fee of ten cents in stamps, in addition to postage, affixed to the wrapper of the parcel provided the amount to be remitted does not exceed $100. Such a parcel becomes automatically insured

up to $50, without additional charge, against the non-receipt of returns therefor, if delivered, and against loss, rifling or damage in an amount equivalent to the actual value of its contents. The Department will not assume responsibility for errors made by senders in stating the collection charges or for any misunderstanding between the senders and addressees regarding the price, character or contents of parcels.

6. **Where mailable.**—C. O. D. parcels are mailable at any money order post office, or station thereof, or by rural carriers connected with money order post offices and must be addressed to a domestic money order post office including Alaska; Canal Zone; Guam; Hawaii; Porto Rico; Pago Pago, Samoa; the United States Postal Agency at Shanghai, China; and United States Naval vessels on which money order business is transacted, but not to the Philippine Islands.

7. **Examination of the contents of a C. O. D. parcel** by the addressee before acceptance and payment of all charges is prohibited and parcels presented for mailing with instructions to permit such examination will be refused.

8. **General instructions** applicable to the insured service as well as the collect-on-delivery service follow immediately.

GENERAL INSTRUCTIONS, INSURED AND C. O. D. SERVICES.

9. **Presentation for mailing.**—Inquiries by a postal employee should be answered fully and the exact contents and the manner of packing described in detail. This is very important as it enables postal employees to determine whether the parcel may properly be insured, and, if so, to place such indorsement thereon as will assure its proper handling in transit. Failure to furnish this information upon request, or misrepresentation of the contents or packing may result in any claim for indemnity being rejected.

10. **Packing and wrapping.**—All parcels presented must be securely packed and wrapped so as to withstand transmission without breaking or injuring mail bags, their contents, or the persons handling them. Parcels known to be improperly or insufficiently packed or wrapped will not be accepted. For detailed information governing the packing of such articles see articles 78 to 85, pages 16 to 18. Indemnity for damage to an insured or C. O. D. parcel will not be paid unless its preparation for mailing was such as to enable it to withstand all customary handling, and information as to its contents and the manner in which it was packed was furnished, upon request, to the postal employee who accepted it.

11. **Fragile articles.**—All articles which may be easily broken must be marked "Fragile." For a list containing a number of such articles which are frequently sent by parcel post, see article 84, page 17. When fragile matter is not marked "Fragile", because of failure to acquaint postal employees with the contents of parcels, when requested to do so, and the persons handling it are therefore unable to accord it the special treatment required by articles of this character, resulting in damage thereto, no indemnity will be paid.

12. **Perishable matter.**—Perishable matter is handled more expeditiously than other matter of the fourth class by giving it preferred treatment in transit and in delivery, but indemnity is not paid on account of its spoiling in the mails unless the deterioration is attributable to the postal service and not due to the inherent nature of the matter involved.

13. **Delivery.**—Delivery is made under the same general restrictions and the same identification is required as in the delivery of registered mail. When an article is properly delivered intact and undamaged, the responsibility of the postal service ceases. In case of C. O. D. matter for which, for any reason, remittances are not received by the senders, the responsibility guaranteed by the Department is discharged by the payment of not exceeding $50, the maximum payable in case of loss. When C. O. D. charges exceed this amount, however, effort will be made, whenever practicable, to secure to the senders the full amount thereof.

14. **Indemnity; to whom payable.**—Indemnity for loss, rifling or damage of insured or C. O. D. parcels is paid to the senders thereof, or, upon direction of the senders to the addressees or owners of the contents. Counterclaims filed by addressees or owners will not be considered favorably unless written authorization is given by the sender for payment to the person presenting such counterclaim.

15. **Indemnity for actual value.**—Indemnity is paid for the actual market (or sale) value of lost articles, or, when they have no market value, for the cost of their duplication or original production, but not for postage, fee, nor financial losses (other than the actual value of the article itself) resulting in consequence of the nondelivery or delay in dispatch, transmission, or delivery of any article. When a parcel is received with the contents in damaged condition the person to whom it is addressed should preserve the wrapper and packing thereof, subject to call from officials of the Post Office Department, until final disposition is made of the claim.

16. **Indemnity for partial damage.**—When an article sent by insured or C. O. D. mail is only partially damaged (i. e., when it is capable of being repaired so as to be used for the purpose for which it was originally intended) the person to whom it is sent should have such repairs made and obtain a receipted bill from the one repairing it showing his name and complete address. Excessive amounts for repair will not be allowed, but only the usual and ordinary

cost of restoring similarly damaged articles to a serviceable condition. It is recommended, therefore, that the recipients of damaged parcels obtain quotations on proposed repairs from two or more persons engaged in such work, in order that they may secure the most reasonable charge consistent with efficient service. When claim for indemnity on account of breakage is presented, the receipted bill should be presented to the postmaster with the complaint. That official will attach it to the application for indemnity and cause it to be transmitted to the Department as a part of the permanent records of the claim.

17. Method of filing indemnity claims.— When it is desired to file a claim for indemnity, the claimant should bring the matter to the attention of his local postmaster as soon as possible after he is aware of the loss or damage. Claims presented more than six months from the date of mailing of insured or C. O. D. parcels will not be allowed, unless it is conclusively established that the delay was unavoidable, and due to no fault of the claimant.

POSTAL SAVINGS SYSTEM.

1. Purpose.— The Postal Savings System was established by authority of the Act of Congress approved June 25, 1910, for the purpose of providing facilities for depositing savings at interest, with the security of the United States Government for repayment.

2. Who may open accounts.—An account may be opened and deposits made by any person of the age of 10 years or over, in his or her own name, and by a married woman in her own name and free from any control or interference by her husband.

3. Individuals only.— Deposits will be accepted only from individuals. No account will be opened in the name of any corporation, association, society, firm, or partnership, in the name of any person as an officer of a corporation, association, or society, in the name of any person as a member of a firm or partnership, or in the name of two or more persons jointly. No account will be opened in the name of one person in trust for or on behalf of another person or persons.

4. One person, one account.— A person may open a postal savings account at any depository post office, but no person may at the same time have more than one postal savings account either at the same office or at different offices.

5. How deposits may be made.— Accounts are required to be opened by the intending depositor in person or through an authorized representative, but a person residing in a community served by a post office which has not been designated as a postal savings depository may apply to open an account at a depository office by mail, through the postmaster of the nondepository office, as provided in paragraphs 27 to 34, below. After an account is opened deposits may be made by the depositor in person, through an authorized representative, by money order made payable to the depository postmaster, or by registered mail if the money order service is not available. Remittances must not be made by ordinary mail.

6. Postal savings certificates.— Deposits are evidenced by postal savings certificates issued in fixed denominations of $1, $2, $5, $10, $20, $50, and $100, each bearing the name of the depositor, the number of his account, the date of issue, the name of the depository office, and the date on which interest begins. Postal savings certificates are not transferable or negotiable.

7. Minimum deposit.— No account will be opened for less than $1, nor will fractions of a dollar be accepted for deposit. (See paragraph 11 relative to postal savings cards and stamps.)

8. Maximum balance.— No person is permitted to have a balance to his credit of more than $1,000, exclusive of accumulated interest.

9. Loss of certificates.— If a postal savings certificate is lost or destroyed the depositor may obtain a duplicate through the depository postmaster by complying with necessary requirements.

10. Postmasters not to hold certificates for depositors.— Postmasters are not permitted to receive issued postal savings certificates for safe-keeping.

11. Postal savings cards and stamps.— Amounts less than $1 may be saved by purchasing 10-cent postal savings cards and 10-cent postal savings stamps. A postal savings card with nine postal savings stamps affixed will be accepted as a deposit of $1 either in opening an account or in adding to an existing account, or it may be redeemed in cash.

12. Not equivalent to postage stamps.— Postal savings cards and stamps are not valid for postage, and postmasters will not give them in exchange for postage stamps, nor give postage stamps in exchange for postal savings cards and stamps.

13. Interest on deposits.— Interest at the rate of 2 per cent per annum will be allowed on the amount represented by each postal savings certificate for each full year that the certificate remains unpaid, beginning with the first day of the month next following the day on which the deposit is made. Interest will not be allowed for any fraction of a year.

14. No time limit on annual interest.— Interest will continue to accrue annually on a postal savings certificate so long as it remains outstanding, certificates being valid until paid without limitation as to time.

15. Interest not compounded.— Compound interest is not allowed on an outstanding certificate, but a depositor may withdraw interest accrued and make a new deposit.

16. Withdrawals paid on demand.— A depositor may at any time withdraw the whole or any part of the deposits to his credit, with any interest payable thereon, by surrendering postal savings certificates, properly indorsed, for the amount to be withdrawn.

17. **How to withdraw deposits.**— Withdrawals may be made at the depository post office by the depositor in person or through an authorized representative. Application may also be made at any post office to withdraw deposits by mail.

18. **Part payment of a certificate.**— When a depositor desires to withdraw only a part of the amount represented by any certificate, the depository postmaster will cancel the certificate, after paying any interest that may be due thereon, and issue a new certificate or certificates covering the amount remaining on deposit, which will have the current date and bear interest from the first day of the following month.

19. **Withdrawal of interest.**— When a depositor desires to withdraw the interest payable on any certificate, without surrendering it, he will be required to give his receipt for the amount of the interest paid. The postmaster will enter on the back of the certificate the date of the interest payment.

20. **Death of a depositor.**— In case of the death of a depositor the Third Assistant Postmaster General will authorize the payment of the amount standing to his credit to the executor or administrator of his estate upon compliance with certain requirements. In case of the death of a depositor intestate, where no formal administration is desired by his relatives, the Third Assistant Postmaster General may authorize the payment of the amount on deposit to the persons entitled to receive it under the laws of the State in which the depositor was domiciled at the time of his death.

21. **Postal savings bonds.**— A depositor may exchange the whole or any part of his deposits for registered or coupon United States postal savings bonds, issued in denominations of $20, $100, and $500, bearing interest at the rate of 2½ per cent per annum, payable semiannually, redeemable at the pleasure of the United States after one year from date of issue, and payable 20 years from such date. Both principal and interest is payable in United States gold coin. The exchange may be made as of January 1 and July 1 of each year.

22. **How to apply for bonds.**— A depositor desiring to convert his postal savings deposits into bonds on January 1 and July 1 of any year shall make application to the depository postmaster at least one month previously on a form which will be supplied for the purpose. At the time of making application the depositor shall indorse and surrender postal savings certificates covering the amount of the bonds desired and the postmaster will give him a receipt for the certificates. The bonds will be issued by the Secretary of the Treasury who will forward them direct to the depositor. The exchange is considered as taking effect on the date when the bonds begin to bear interest (January 1 or July 1), and any interest due on this date on the certificates surrendered will be paid by the depository postmaster.

23. **A person may hold any amount of bonds.**— Postal savings deposits which have been exchanged for bonds are not counted as a part of the maximum balance of $1,000 allowed one depositor, and there is no limitation upon the amount of postal savings bonds which ultimately may be acquired by a depositor.

24. **Bonds exempt from taxes.**— Postal savings bonds are exempt from all taxes or duties of the United States as well as from taxation in any form by or under State, municipal, or local authority.

25. **Bonds are transferable.**— Postal savings bonds can be procured only by the surrender of postal savings deposits and will not be issued to persons who are not depositors, but whether in registered or coupon form they may, after receipt by the depositor, be sold or transferred at any time. A leaflet containing additional information concerning postal savings bonds may be obtained from any depository postmaster.

26. **How to address inquiries.**— All inquiries concerning the Postal Savings System should be addressed to the Third Assistant Postmaster General, Division of Postal Savings, Washington, D. C.

DEPOSITS AND WITHDRAWALS BY MAIL.

27. **Postmasters at nondepository offices will receive applications to open accounts.**— Any person residing in a community where the post office has not been authorized to transact postal savings business may open a postal savings account by mail through the local postmaster, and postmasters at all such offices should be guided by the following instructions in receiving applications to open accounts in this manner.

28. **Depository offices indicated in Postal Guide.**— The names of all post offices, branches and stations where postal savings accounts may be opened are indicated in the State List of this Guide and changes in postal savings depository offices will appear in the monthly supplements.

29. **How to apply to open an account by mail.**— When a patron of a post office not designated as a postal savings depository desires to open a postal savings account by mail he should apply to his local postmaster who will make request on the nearest postal savings depository office for an application blank (Form PS 300-b). If further applications to open accounts are anticipated the postmaster should request an adequate supply of application forms for subsequent use.

30. **Preparing and forwarding applications.**— The postmaster where the intending depositor resides will carefully fill out the application (Form PS 300-b) in his presence after first identifying

him and making sure that he is a resident of the community. The postmaster will write the applicant's name at the top of the form and after questioning him will enter all required information. The applicant must personally sign his name on the line marked "Signature or (X) mark of depositor." A married woman should sign her own Christian or given name and not that of her husband. The postmaster will personally execute the certificate at the foot of the form and then forward the application to the nearest or most convenient post office in the state which is shown by the Postal Guide to be a postal savings depository office unless the intending depositor specifically requests that the account be opened elsewhere, in which case the postmaster will be governed by his wishes. The certificate to the application must be signed in person by the postmaster at the office where the applicant resides. If it is signed by an assistant or clerk, the application will be rejected.

31. **Nondepository office must not receive deposits.**—No money should be sent with the application and the postmaster at the nondepository office must not accept deposits in any form. The applicant will be notified direct by the postmaster at the office where the account is to be opened on the approval of the application and will be instructed how to make deposits.

32. **Action on application at depository office.**—On receipt of an application (Form PS 300-b) to open a postal savings account by mail the postmaster at a postal savings depository office will, if the application is found to be in proper form and certified to in person by the postmaster from whom it was received, notify the intending depositor of its approval on Form PS 329 and authorize him to begin forwarding deposits direct to the depository office by money orders made payable to the depository postmaster or by registered mail if the money order service is not available.

33. **Procedure on receipt of first deposit.**—When the initial deposit is received at the depository office, the information furnished by the applicant on Form PS 300-b will be copied on envelope Form PS 300 and the application filed therein. In the space provided for the depositor's signature on Form PS 300, the name of the nondepository post office through which the application was made should be entered.

34. **Subsequent deposits.**—After an application to open an account by mail has been approved in accordance with this procedure, deposits by mail should be handled at the postal savings depository office in the manner provided by sections 18-20 of the Instructions to Postmasters at Postal Savings Depository Offices. The depositor will be supplied with the necessary forms.

35. **Withdrawals by mail.**—When a depositor desiring to make a withdrawal by mail has obtained an application blank, Form PS 315, from a depository office, he may complete and sign the application in the presence of any postmaster or authorized post office clerk, who will sign it as witness and forward it with the endorsed certificates to the postmaster at the office where the account is held. If any annual interest is due on the account a signed receipt for the interest on Form PS 308 should also without fail accompany the application. The postmaster at the depository office will make payment by postal money order, less the usual money order fee, if satisfied of the applicant's identity, and for further instructions as to the required procedure should consult Section 36(b) of the Instructions to Postmasters at Postal Savings Depository Offices.

THE POSTAL MONEY ORDER SYSTEM.

1. **Establishment of money order service.**— In 1864 the increased need for some safe method by which small sums of money could be sent by mail became so pressing that Congress passed the act authorizing a Postal Money Order System. The postal money order service thus established was the pioneer in the money order field, in the United States. The fact that absolute safety is thereby assured at a nominal cost accounts for the remarkable growth and popularity of this postal facility.

2. **Advantages.**— The practice of forwarding currency in ordinary mail is an incitement to theft. In case of train wreck also, or of other casualty incident to transportation, money may be destroyed or otherwise lost. But a money order, though lost, may be duplicated from the record of its issue. The public therefore is urged to use the postal money order system, which offers a safe, cheap and convenient method of making remittances to all parts of the United States and its possessions, and to foreign countries as well. Postal money orders, in short, should be used whenever available instead of cash for remittances by mail; and when such orders cannot be obtained the letter containing the money should always be registered.

MONEY ORDER POST OFFICES.

3. **Register and list of money order offices.**— Publication annually of a separate Register of Money Order Post Offices has been resumed. All such offices, including branch offices and stations authorized to transact money order business, are embraced in the "State List, Post Offices, Branch Post Offices and Stations," in this edition of the United States Official Postal Guide, and are indicated by distinctive signs or symbols (* or †) as explained at the head of such list, which will be subject to amendment announced from time to time in monthly supplements.

4. **Discontinued offices.**— In the list of "Post Offices Discontinued," herein is given, moreover, in conjunction with the name of each discontinued money order office, the name of the post office at which outstanding orders drawn thereon may be cashed.

5. **Lists to be consulted.**— Postmasters not in possession of a copy of the Register of Money Order Post Offices in operation July 1, 1916, will consult the above mentioned lists in the transaction of money order business.

6. **Navy money order offices.**— Money order offices established on vessels of the Navy are listed as branches of the post office at New York, N. Y.; and postmasters should address to the postmaster at New York all inquiries they may have to make regarding money orders issued by or drawn on these naval offices.

7. **Foreign offices, lists of.**— Lists of post offices in the several foreign countries with which the United States transacts money order business on the domestic basis (see Tables No. 1 and No. 4 on pages 33 and 74 of this Guide) and on which money orders may be drawn on the domestic form by any United States money order post office will appear in the Register of Money Order Post Offices. Pending receipt of a copy of the register for July, 1916, the 1915 edition may be consulted in drawing orders on those countries.

8. **Important notice — Name and No. of post office.**— The postmaster receiving this copy of the Guide, if his office is a money order office, will be careful to observe whether the name of the office as printed herein is precisely in accordance with the spelling of the name on money order forms supplied for issue thereat, and on the M. O. B. stamp furnished for his use; also whether the office number as printed herein is the same as the office number printed on the money order forms. In case the slightest discrepancy in this respect is noted, the postmaster, in order that proper steps may be taken by the Department to minimize the consequences of the error, must promptly report the fact to the Third Assistant Postmaster-General (Division of Money Orders) by letter, to which he should affix an imprint of the M. O. B. stamp.

9. **Classification of money order offices.**— Money order offices are of two kinds, "Domestic" and "International."

10. **Domestic offices.**— Domestic offices are authorized to issue money orders payable only in the United States (which includes Guam, Hawaii, Porto Rico, and Tutuila, Samoa), or at the United States Postal Agency at Shanghai (China) or in certain foreign countries with which the United States transacts money order business on the domestic basis and which are hereinafter enumerated in Table No. 1, page 33, and to pay only orders drawn by the United States postmasters, or the United States Postal Agent at Shanghai, or by postmasters in the foreign countries thus enumerated.

11. **International offices.**— International offices not only issue and pay such money orders as do Domestic offices, but in addition thereto issue orders on, and pay orders drawn by, certain foreign countries, between which and the United States conventions for direct exchange of money orders are in operation; and also issue and pay money orders which are sent to or received from various other parts of the world through the intermediary agency of the postal administration of one or another of those countries.

MONEY ORDERS.

12. **Maximum amount.**— The maximum amount for which a single money order may be issued is, by law, one hundred dollars; but there is no restriction as to the number of domestic money orders which may be issued in one day to the same remitter.

13. **Application for money order.**—A money order will be issued upon the filing of an application therefor on Form 6001 or 6701 as prescribed in the Postal Laws and Regulations. Before proceeding to issue the order the postmaster will make such examination of the application as may be requisite to ascertain whether all the necessary particulars appear therein. He should see that the name of the payee is legibly written; and that his address is given in full (showing street and number), if practicable, when the order is payable in a city.

14. **Payment.**—A money order will be paid to the person named therein, or his indorsee, or his agent or attorney upon his written order, on due presentation thereof at any time within one year from the last day of the month of its issue. A money order drawn in favor of a person residing on a rural route may be paid through the carrier if entrusted to him for collection, with a written request addressed to the postmaster that payment be so made.

15. **Repayment.**—A domestic order may be repaid at the office of issue within one year from the last day of the month of its issue. Repayment of the amount of an international order may be effected after the consent of the country drawn on has been obtained.

16. **Indorsements.**—More than one indorsement on a money order is prohibited by law; but there is no objection to signatures affixed thereto by other parties in token of identification or in guarantying signature of payee or indorsee; and postmasters are encouraged to secure written guarantees of this kind when in doubt as to the identity of the applicant for payment. Even if an order bears two or more indorsements it may yet be paid to the first indorsee on due presentation thereof properly receipted by him, provided it is regular in all other respects. The indorsements inconsistent with such payment may thereupon be stricken out.

17. **Identification.**—The person who presents an order for payment must be identified if unknown to the postmaster. The postmaster who pays a money order upon indorsement to an unknown or irresponsible person without knowing that the signature to the indorsement is the genuine signature of the payee, or without obtaining the signature thereto of some reliable person expressly guarantying the indorsement, does so at his own risk.

18. **Bank stamps.**—The stamp impressions which banks ordinarily place upon orders left with or sent to them for collection are not regarded as indorsements transferring ownership of the orders, or within the meaning of the statute which forbids more than one indorsement.

19. **Payments to banks.**—When an order purporting to have been receipted by the payee, or indorsee, is deposited in a bank for collection, the postmaster at the office drawn upon may effect payment to the bank, provided there be a guarantee on the part of the bank that the latter will refund the amount if it afterward appear that the depositor was not the owner of the order. An order thus paid should bear upon its back the impression of the stamp of the bank. The person receiving payment in the bank's behalf on an order thus receipted, the signature of the payee or indorsee being left undisturbed, may be required to write his name upon the back of the order or coupon.

20. **Lost orders.**—When a domestic money order has been lost, the owner may, by making application through the postmaster at any money order office, within one year from the last day of the month of its issue, obtain a duplicate in its stead payable within that period.

21. **Invalid orders.**—A domestic order which has not been paid within one year from the last day of the month of its issue is invalid, but the owner may secure payment of the amount by making application to the Post Office Department through the postmaster at any money order office. By similar procedure in the case of a money order which has been more than once indorsed the second or any subsequent indorsee may obtain payment. The postmaster will furnish the form for the application—Form 6002, or 6003a, as the case may be.

22. **Orders payable at any money order office, when.**—Original domestic money orders issued in continental United States exclusive of Alaska, are payable on proper presentation at any money order post office in continental United States, exclusive of Alaska, *within thirty days from date of issue,* after which time they may be paid only at office therein designated.

23. **Exceptions.**—Domestic money orders issued in Alaska, Guam, Hawaii, Porto Rico, or Tutuila (Samoa), or at the United States postal agency at Shanghai, China, may be treated as paid only at the office drawn upon, or repaid at the office of issue. Although drawn on the domestic form, postal money orders issued in the United States for payment in the Canal Zone or Philippine Islands, or for payment in any of the foreign countries with which business is transacted on the domestic basis, may not be paid or repaid at any office in the United States other than that of issue. Nor may orders issued in the Canal Zone or Philippine Islands, or in any foreign country, be paid at any office in the United States other than the one therein designated, except under special authorization from the Department. A money order bearing marks of alteration of date, name or amount should not be paid at any office other than the one drawn upon, or the office of issue. A duplicate money order may be paid only at the office on which the original was drawn or at the office at which the original was issued.

A marked feature of this form is a "Coupon for Paying Office" which should be presented with the order, undetached, by payee or indorsee at the paying office. ☞ If the order is drawn for payment in any country with which the United States transacts money order business on the domestic basis, A SEPARATE ADVICE THEREOF, ON FORM 6006, MUST BE DISPATCHED BY THE ISSUING POSTMASTER TO THE COUNTRY OF PAYMENT BY FIRST OUTGOING MAIL.

Carefully follow instructions printed on Stub as to manner of detaching order from stub at time of issue.

CAUTION--Orders issued for payment in any foreign country not named in Table No. 2, page 33, must be drawn on the INTERNATIONAL Money Order form and not on a form of this kind.

NOTE.— The foregoing schedule takes the place of the two separate schedules printed at page 566, Postal Laws and Regulations, as Table No. 2 and Table No. 3.

29. **Tables of fees subject to change.**— The foregoing tables, with whatever notices affecting the same may be given in the Monthly Supplements, should be kept in sight and referred to, in

---

*Draw orders on domestic money-order form.

†Cape Colony, Transvaal, Orange River Colony and Natal (with Zululand) have been consolidated into the South African Union, and all money-orders for payment in those countries are now certified by the Exchange office at New York to the Exchange office at Capetown. Money orders to and from Natal and Zululand formerly were reissued at London. Payment may now be made on the original orders, provided the corresponding advices have been duly certified.

order to ascertain the correct fee to be charged for the issue of a money order. The tables of fees printed on the back of the applications for international money orders (Form No. 6701) are often misleading, because of changes made since some of such forms now in the hands of postmasters were printed. It is impracticable to issue a new edition and restock 16,000 post offices whenever a change of that kind is made, but due notice of any such change is always given in the Official Postal Guide.

RATES OF CONVERSION.

30. Into foreign money.—Following are rates for conversion into foreign money of amounts of International money orders issued in the United States:

One pound sterling (£) equals $4.87.

One German mark equals 23 9/10 cents.

One French, Swiss or Belgian franc, or one Italian lira equals (about) 19 4/10 cents. ($1.= Frs. 5.15.)

One Austrian or Hungarian crown equals 20 4/10 cents.

One Danish, Norwegian or Swedish crown equals 26 9/10 cents.

One florin (Netherlands) equals 40½ cents.

One Russian rouble equals 51.46 cents ($1 = 1 rouble 94.33 copecks).

INDIRECT EXCHANGE OF MONEY ORDERS WITH FOREIGN COUNTRIES.

31. Indirect exchange, how effected.—In addition to the countries with which the United States maintains a direct exchange of money orders there are, as indicated in paragraph 11, a number of places and countries with which an "Indirect" exchange is carried on, through the intermediary agency of a foreign Post Office Department. For instance, Hongkong, China, is a British Colony, and there are British Postal Agencies at the Chinese "Treaty Ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong.

32. Indirect orders, how treated.—"Indirect Orders" are drawn on the country which is named as the agent, and are treated in every respect as if payable in that country. Such orders and their advices are not headed "China," or "India," or "Korea," but the nationality is designated according to the country through whose agency payment is to be effected—"France," "Great Britain," "Hongkong," or "Japan," as the case may be.

33. List of countries and localities reached by indirect exchange.—Names of countries and localities to which remittances may in normal times be made by "Indirect Exchange" are given in a separate volume entitled "International List" which is supplied to postmasters at all international money order offices.

INTERRUPTION OF BUSINESS WITH FOREIGN COUNTRIES.

34. Suspension of exchange with certain countries.—The state of war now existing in a great part of Europe and other lands, involving the movement of armies, and monopolization by the state of the avenues and means of transportation, seriously interferes with the usual methods of communication. Exchange of money orders with the following named countries has been suspended temporarily:

Austria, Belgium, Egypt, Mexico and Portugal.

Hungary and Russia undertake to pay orders drawn on them by the United States, but have suspended issues.

35. Business accepted subject to war risks.—Until the restoration of peace and normal conditions, persons who apply at post offices for International money orders payable in any of the countries at war should be informed that this Department can not insure the speedy payment thereof, but accepts such business subject to the delays and risks incident to the state of war.

POSTAGE STAMPS, POSTAL CARDS, STAMPED ENVELOPES, NEWSPAPER WRAPPERS, INTERNATIONAL REPLY COUPONS.

1. Postage stamps.—Adhesive postage stamps are issued by the Department in the following denominations: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 15, 20, 30 and 50-cent and $1; special-delivery stamps, 10c; stamp books, containing 24 1c, 96 1c, 12 2c, 24 2c, 48 2c, or 24 each 1c and 2c stamps. These booklets are interleaved with paraffin paper to protect the stamps, and are sold at an advance of 1c each over the value of the stamps. The 1, 2, 3, 4 and 5-cent stamps are also supplied in coils of 500 or 1,000, with a coiling charge of 3c and 6c respectively above the value of the stamps.

2. Postal cards.—The following varieties of postal cards are issued: No. 5 1c domestic single, 3 by 5 inches; No. 8 1c domestic single, 3¼ by 5½ inches; No. 6, 1c domestic reply, 3¼ by 5½ inches (each half); No. 7 2c foreign single, 3¼ by 5½ inches; "F" 2c foreign reply, 3½ by 5½ inches (each half).

3. Sheets of postal cards.— When so desired for printing purposes, postal cards are furnished in sheets as follows:

DESIGNATION.	Cards per sheet.	Width of sheet.	Length of sheet.	Packed in cases of
		Cards.	Cards.	
No. 8 1 cent single	48	4	12	12,000
No. 5 1 cent single	18	2	9	4,500
No. 6 1 cent double	24	4	6	6,000

4. Cutting of sheet cards.— To be valid for postage, the sheet cards should be cut to regulation size stated in paragraph 2.

5. Stamped envelopes, printed.— When so ordered in lots of 500 or a multiple of 500 of a single size, quality and denomination, the Department prints the purchaser's return-card on stamped envelopes. The return-card consists of a request to return after a given number of days, the name of the purchaser, and his street number, post office box, or other local address, postoffice, county and State. The Department is prohibited by law from printing advertisements on stamped envelopes. The printing of return-cards is done on special orders which should be placed at the purchaser's postoffice. Two kinds of type are used — a large type for short names and a condensed type for long names. The style of return-card is as follows:

For envelopes intended to
inclose letters.
After 5 days, return to
JOHN DOE,
1234 5th St.,
NEW YORK, N. Y.

For envelopes intended to inclose
third-class mail.
Postage for return will be sent
on notice after 5 days to
RICHARD ROE,
678 9th Av.,
CHICAGO, ILL.

6. Value of return cards.— The use of return-card stamped envelopes is of much mutual advantage to the public and to the postal service, insuring the return of undeliverable letters to the sender.

7. Stamped envelopes, blank return card.— Stamped envelopes with blank return-cards are kept on sale in postoffices. The return-card includes blank lines in which the user's name and local address or postoffice box may be written with pen, and names of postoffice and State, for example:

After.....days, return to
.....
.....
AARON, GA.

For rural delivery patrons:
After.....days, return to
.....
R. R. No. 1,
AARON, GA.

8. Stamped envelopes, unprinted.— Stamped envelopes without individual or blank return-cards are kept on sale for purchasers who prefer to print their own return-cards in special styles.

9. Newspaper wrappers.— Stamped newspaper wrappers are furnished in 1c denomination, size 5½ by 10½ inches, and 2c, size 8 by 12 inches.

10. Price lists of printed and unprinted stamped envelopes and of newspaper wrappers are published on pages 36 to 39 of this Guide. The prices include delivery at the purchaser's postoffice.

* The Department has discontinued the manufacture of No. 1 white, No. 2 amber, buff and blue, No. 4 amber, and No. 14 buff and blue stamped envelopes, and their sale will cease when stocks remaining on hand become exhausted.

SALES OF IRREGULAR QUANTITIES.

When the schedule price of a single envelope is 3 cents and that of a single wrapper is 2 cents, and both are purchased in the same transaction, 4 cents, and not 5 cents, will be charged, and the same principle applies to all similar sales of different sizes, qualities, or denominations. That is, where several envelopes of different styles are sold the postmaster will retain only the fraction of a cent on the whole purchase, and not on each envelope.

11. International reply coupons.— International reply-coupons, of the denomination of 6 cents each, are issued for the purpose of sending to correspondents abroad. The foreign correspondent may exchange each coupon for postage stamps of the country in which he is located, equal in value to 5 cents in United States money, using the stamps for reply postage. The countries in which the reply-coupon is valid are as follows:

Argentine Republic.
Austria and the Austrian post-offices in the Levant.
Belgium.
Bosnia-Herzegovina.
Brazil.
Bulgaria.
Chili.
Corea.
Costa Rica.
Crete.
Cuba.
Denmark, including Greenland, Iceland, and the Faroe Islands; the Danish West Indies.
Egypt.
France, the French postoffices in China, Morocco and Turkey; the French colonies of Algeria, Dahomey, Guadeloupe and dependencies, Guiana (French), Guinea (French) Indo-China, Ivory Coast, Martinique, Mauretania, New Caledonia, Oceanica, St. Pierre-Miquelon, Senegal, Senegal-Niger; French establishments in India.
Germany, the German protectorates and German post-offices in Africa, Asia, Australasia, and Turkey.
Great Britain, British postoffices in Morocco and Turkey; British colonies of Australia, Bahamas, Bechuanaland, Canada, Cape of Good Hope, Ceylon, Cook Islands, Dominica, East Africa, Gibraltar, Gold Coast, Honduras (British), Hong Kong and Hong Kong offices in China, India, Labuan, Malta, Mauritius Islands, Natal, New Foundland, New Guinea, New Zealand, Paqua, Seychelles, Sierra Leone, Somaliland, Southern Nigeria, South Rhodesia, Straits Settlements, Tasmania, Transvaal, Trinidad, Uganda, Zululand; British Protectorates of the Solomon, Gilbert and Ellice Islands.
Greece.
Haiti.
Honduras (Republic of).
Hungary.
Italy, and Italian colonies of Benadir and Erythree.
Japan and Japanese postoffices in China and Manchuria.
Liberia.
Luxemburg.
Mexico.
Netherlands, Netherlands Guiana, the Netherlands Indies.
Norway.
Panama (Republic of).
Philippine Islands.
Portugal, and Portuguese colonies of Angola, Azores, Madeira and Mozambique.
Roumania.
Salvador.
Siam.
Spain.
Sweden.
Switzerland.
Tunis.
Turkey.

12. How used.— In sending reply-coupons to correspondents in foreign countries, they should be informed that the reply-coupon is not itself good for postage, but must be exchanged at the foreign postoffice for a postage stamp to be used in prepaying postage on the reply.

13. Stamps not kept in postoffice stock.— Postage stamps, postal cards and stamped envelopes of varieties for which there is comparatively little public demand are not ordinarily kept on sale in postoffices, but postmasters will always, upon request, provide themselves with varieties not usually carried in stock. Such requests should be made in time to enable postmasters to draw requisition upon the Department.

14. Redemption of postage stamps, stamped envelopes and postal cards.— Adhesive postage stamps are not redeemed nor exchanged unless an error has been made in the denomination, in which case application for exchange should be made at the postoffice within two business days by the original purchaser. Stamped envelopes spoiled in addressing are redeemable at postage value if presented at the postoffice in a substantially whole condition, and unmutilated postal cards are redeemable at 75 per cent of face value; provided that stamped envelopes or postal cards bearing printed addresses are redeemable from original purchasers only. When redemption is desired of specially large quantities of stamped envelopes or postal cards, postmasters are required to submit the application to the Post Office Department for special ruling. Redemptions are made in postage stamps, stamped envelopes or postal cards, as preferred by the owner, but not in cash.

15. Good for postage.— All postage stamps issued by the United States since 1860 are good for postage in the United States, Guam, Hawaii, Porto Rico, and Tutuila, but not in the Canal Zone or the Philippine Islands, except that embossed stamped envelopes, single one-cent postal cards, and the reply half of one-cent double postal cards of the United States, are valid for postage in the Philippine Islands when addressed to the United States. Postage stamps of the Canal Zone or Philippine Islands are not good for postage in the United States, except that embossed stamped envelopes, single postal cards and the reply half of double postal cards of the Philippine Islands, are valid for postage in the United States when addressed to the Philippine Islands.

16. Not good for postage.— Postage-due and special-delivery stamps, mutilated or defaced stamps, internal revenue stamps, and stamps cut from embossed stamped envelopes, newspaper wrappers, or postal cards, are not good for postage.

17. Remittances.— Postage stamps should not be used in making remittances. Ample registry and money-order facilities are provided for the safe transmission of money by mail.

18. Currency.— Postmasters are not required to accept in payment for postage stamps, etc., any currency which is so mutilated as to be uncurrent or as to render its genuineness doubtful;

nor are they required to receive more than 25 cents in copper or nickel coins in any one payment. Postmasters are expected to make change whenever possible, but are not permitted to give credit for postage.

WINDOW ENVELOPES.

"Window" envelopes, to be mailable, must be so prepared that the "window" or transparent panel in the front through which the address on the inclosure is disclosed, shall be parallel with the length of the envelope and shall be as transparent as possible. The "window" shall not occupy any space within 1⅝ inches from the top nor within ⅜ of an inch from the bottom or ends of the envelope. Such envelopes shall bear the card of the sender, that is, the name and address of the sender, which shall be placed in the upper left corner of the address side. The stationery used in "window" envelopes, or at least the portion upon which the exposed address appears, must be white, or, if colored, of a very light tint or shade. The use of dark-colored stationery in "window" envelopes is not permissible. Nothing but the name and address of the addressee should appear on that part of the inclosure visible through the "window." The address should be written clearly and boldly, preferably in typewriting, with ink of a dense black or other strongly contrasting color. Changes in address must not be made on the "window" but on the opaque portion of the envelope. "Window" envelopes not conforming to the foregoing are not acceptable for mailing.

MISCELLANEOUS.

1. **Alaska.**— All mails for Alaska are dispatched from Seattle, Washington. During the season of navigation all classes of mail are dispatched. During the winter season (from about October 1 to June 1), on account of the difficulty of transportation, the dispatch of mail for Alaska, except for offices on the southern coast, is limited, preference being given first, to letters in their usual and ordinary form and postal cards; second, to single newspapers and magazines addressed to public libraries, newspaper publishers and to individuals. Books, catalogs, newspapers and periodicals sent to dealers for purpose of trade or otherwise, and merchandise (parcel post matter), can not be forwarded to interior offices during the winter season. But, as an exception to the foregoing, when the weight limit of mail for dispatch will permit, packages of seeds, not exceeding one pound per package, and articles of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade, may be inclosed in the mails for dispatch. Offices in Alaska to which only a limited amount of mail may be sent in winter are designated "R" in the State list of post offices.

2. **The rate of postage on gold coin, gold bullion and gold dust** offered for mailing between any two points in Alaska, or between any point in Alaska and any point in the United States or its possessions, is two cents an ounce or fraction thereof, regardless of distance. Such gold coin, gold bullion, or gold dust must be inclosed in sealed packages not exceeding eleven pounds in weight and sent by registered mail.

3. **United States possessions, dispatch of mails for.**— Mails for the Philippine Islands, Hawaii, Samoa and Guam are dispatched from Pacific Coast ports at the first available opportunity to secure the earliest arrival at destination. Mails for Porto Rico are dispatched by steamers from New York, N. Y. Mails for the Canal Zone are dispatched principally from New York, N. Y.; and, when the mails can be advanced, by steamers from New Orleans, La., and San Francisco, Cal.

4. **Posting letters at railway post offices.**— The privilege of posting letters in mail cars and in letter-boxes at railroad stations collected from by railway postal clerks is intended only as an accommodation to travelers and to permit the mailing of a few late letters which cannot be deposited in post offices in time for their intended dispatch. **Fourth-class matter is not mailable at mail cars.**

5. **Copyright.**— Matter for copyright deposited with a postmaster for transmission to the Register of Copyrights, Washington, D. C., will be accepted for mailing free of postage; and when requested a receipt therefor will be given on a form furnished by the sender. Such matter, however, may not be sent by registered mail without prepayment of the registry fee. (Sec. 505, P. L. & R.)

6. **Periodical publications.**— The Post Office Department does not determine questions regarding the liability of a subscriber for the subscription price of a publication. Publications which are not desired may be refused and not removed from the post office, or they may be returned to the postmaster indorsed "Refused."

A subscriber to a publication should promptly notify the publisher of any change in his address. (Secs. 640 to 642, P. L. & R.)

7. **Loss of or damage to ordinary mail.**— There is no provision for the payment of indemnity for the loss of or damage to mail not insured or registered.

8. **Lists of names or other information.**— Postmasters and all others in the postal service are forbidden to furnish lists of names of persons receiving mail at their offices or give information as to the address, character, or standing of patrons.

9. **Pensioners' oaths.**— Fourth-class postmasters and rural carriers are required to administer oaths to pensioners and witnesses in the execution of pension vouchers, and have authority to receive from the pensioners for each voucher a sum not exceeding 25 cents. Rural carriers are not required to deviate from their routes to execute vouchers.

10. **Rewards.**— Rewards will be paid for the detection, arrest and conviction of post office burglars, robbers, and highway mail robbers. Applications for rewards and inquiries relating to them should be addressed to the Chief Inspector, Post Office Department.

11. **Letter boxes.**— The willful injury or destruction of any letter box or other receptacle authorized by the Postmaster General for the receipt or delivery of mail matter, or the willful theft, destruction, or defacement of any matter contained in such box or receptacle, is a penal offence, for which the offender is liable to a fine of not more than $1,000, or imprisonment for not more than three years.

12. **Post office lobbies.**— Notices for private advertising purposes can not be placed in post office lobbies.

PUBLICATIONS FOR SALE.

13. **Official Postal Guide,** issued annually, contains postal information of interest to the public, instructions to postal employees, rulings of the Department, lists of post offices arranged alphabetically, by States, and by counties, also a list classified as to salaries of postmasters, a list of offices discontinued during the previous three years. Cloth bound, $.40; manila paper bound, $.30.

14. **Abridged Postal Guide,** issued annually, contains same matter as the complete Guide, with the exception of the lists of post offices arranged alphabetically, by counties, and by classes. Cloth bound, $.30; manila paper bound, $.15.

15. **State list,** issued annually, contains the postal information of interest to the public, and the list of post offices arranged by States, as contained in the complete Guide. Manila paper bound, $.15.

16. **Supplements,** issued monthly except in July, containing changes regarding the postal service and keeping the three preceding publications up to date. Eleven pamphlets, $.35. The Guides and supplements may be consulted at any post office.

17. **Prices quoted include postage.**— All orders for the Postal Guide, in its various forms, together with remittances covering subscriptions, should be *made payable and addressed* to "DISBURSING CLERK, POST OFFICE DEPARTMENT, WASHINGTON, D. C."

18. **Postal Laws and Regulations** contains laws and regulations in effect October 1, 1913, governing postal service and employees. A copy may be consulted at any post office. Price, 75 cents per copy. Sold, with amendments issued periodically by the Superintendent of Documents, Government Printing Office, Washington, D. C.

19. **Parcel post guide, zone key, and map.**— Used in determining domestic parcel post rates. The Parcel Post Guide contains an alphabetical list of post offices by States with their respective parcel post unit numbers. For the convenience of shippers space has been provided opposite the name of each post office for the insertion of a parcel post zone number. Zone keys have been prepared for use at the majority of postoffices, making the use of a map unnecessary. The price of the Parcel Post Guide with zone key, but without map, is 55 cents, and of a map 20 cents. They may be purchased by sending a money order (stamps not accepted) to the Third Assistant Postmaster General, Division of Finance, Washington, D. C. Zone keys are obtainable from local postmasters. (See "Zones — Parcel Post Unit Numbers, Keys and Maps," page 13.)

20. **Rural delivery maps** of every county in the United States in which rural service has been established are now being made on a scale of one inch to the mile. These maps show all public roads, rural delivery routes, the locations of post offices, houses, school houses, churches, and streams. List furnished on request showing maps completed to date. Negative prints of maps will be furnished at 20 cents each by the Third Assistant Postmaster General, Division of Finance, Washington, D. C.

21. **Post route maps** of all States, Alaska, and Insular Possessions, show all post offices, railroads carrying mails, counties and county seats, lakes, rivers and streams, etc., but are not complete as to rural routes. Price list furnished on request by the Third Assistant Postmaster General, Division of Finance, Washington, D. C.

22. **Note.—All remittances to the Government** should be made by money order. Currency is sent at sender's risk. Postage stamps, foreign money, defaced or smooth coin *will not* be accepted.

FOREIGN MAILS.

POSTAGE RATES ON ARTICLES FOR CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

1. **Canada, Cuba, Mexico and Panama.**— Articles addressed for delivery in Canada, Cuba, Mexico and the Republic of Panama are subject to the same postage rates and conditions which would apply to them if they were addressed for delivery in the United States: Except that:

(*a*) **Letters and postal cards** must be dispatched to Canada and Mexico if prepaid one full rate of postage and to Cuba and Panama whether prepaid or not. Other articles for Cuba and Panama must be prepaid at least in part and for Canada and Mexico in full.

(*b*) **"Prints," "samples" and "commercial papers"** may be sent subject to the postage rates, weight limit and other conditions applicable to similar articles in Postal Union mails (see secs. 12 and 13).

(*c*) **Packages must not be sealed.**— Articles other than letters in their usual and ordinary form are excluded from the mails for Canada, Cuba, Mexico and Panama, unless they are so wrapped that their contents can be easily examined by postmasters and customs officers. Any article enclosed in an envelope, as the word "envelope" is generally used, without regard to its size, is considered to be "in the usual and ordinary form" of a letter. But unsealed packages may contain, in sealed receptacles, articles which cannot be safely transmitted in unsealed receptacles; provided, the contents of the closed receptacles are plainly visible or are precisely stated on the covers of the closed receptacles and that the package is so wrapped that the outer cover can be easily opened.

2. **Merchandise.**— Packages of merchandise that weigh over four ounces and not over four pounds, six ounces, may be sent to Canada, Cuba, Mexico and the Republic of Panama, at the eighth zone rate of postage (twelve cents for each pound or fraction thereof). Parcels for Mexico and the Republic of Panama must be accompanied by customs declarations regardless of their weight.

Packages of merchandise weighing not more than four ounces, may be mailed, at the postage rate of one cent for each ounce or fraction of an ounce, to Canada, Cuba, Mexico and the Republic of Panama. Customs declarations are required on such parcels of merchandise of four ounces or less, to Mexico and the Republic of Panama.

Packages of merchandise cannot be insured or sent C. O. D. but may be registered for Canada, Cuba, Mexico and the Republic of Panama.

Mailable merchandise for Mexico and the Republic of Panama, at the option of the sender, may also be sent by international parcel post if it conforms to the requirements.

3. **Return postage.**— Packages of merchandise originally prepaid at the rate of twelve cents a pound and returned as undeliverable from Mexico and Panama are subject to a return charge equal to the amount of postage originally prepaid. This charge does not apply to packages of merchandise weighing four ounces or less and originally prepaid at the rate of one cent an ounce or fraction of an ounce.

4. **Unmailable.**— The following articles are unmailable under any conditions, viz.:

All sealed packages, which, from their form and general appearance, evidently are not letters; publications which violate the copyright laws of the country of destination; poisons, explosive or inflammable substances; live or dead (not dried) animals, insects (except bees) and reptiles; fruits and vegetables which quickly decompose, and substances which exhale a bad odor, lottery tickets or circulars; all obscene or immoral articles, articles which may destroy or damage the mails, or injure the persons handling them (see also sec. 21, page 45, "Prohibited articles").

5. **Articles from Canada, Cuba, Mexico and Panama.**— The domestic postage rates and conditions of Canada, Cuba, Mexico and the Republic of Panama apply to articles mailed in those countries addressed for delivery in the United States. Consequently articles (except sealed packages which are not letters) mailed in any one of those countries which are entitled to pass in the domestic mails of that country free of postage, are likewise entitled to transmission free of postage to the United States.

6. **Postage due:** Postage due upon articles insufficiently prepaid exchanged with these countries is collectible upon delivery at the single rate. Postage due upon wholly unpaid letters and postal cards from Cuba and Panama shall be collected at double the prepaid rate.

SECOND-CLASS MATTER FOR CANADA.

7. **Postage rates.**— The rate applicable in the United States to "second-class matter" addressed for delivery in Canada is 1 cent for each 4 ounces or fraction of 4 ounces, calculated on the weight of each package and prepaid by means of postage stamps affixed; except that the postage rate to publishers and news agents applicable to legitimate daily newspapers issued as frequently as six times a week addressed to bona fide subscribers in Canada, is 1 cent a pound or fraction of a pound, to be paid at the office of mailing as second-class matter. Copies of Sunday editions of daily newspapers addressed to persons who are subscribers to the week-day issues are acceptable for mailing at the cent-a-pound rate of postage from publishers and news agents.

UNITED STATES POSTAL AGENCY AT SHANGHAI, CHINA.

8. **Postage rates and conditions.**— (*a*) Articles of every kind that are admitted to the domestic mails of the United States may be sent by mail for delivery in the city of Shanghai at the postage rate and under the conditions which apply to similar articles addressed for delivery in the United States. Letters for the city of Shanghai specially addressed via Siberia or via Europe and Siberia or otherwise to indicate the trans-Siberian route are subject to the postal union postage rate of 5 cents for the first ounce and 3 cents for each additional ounce or fraction of an ounce. Such letters are not delivered through the postal agency at Shanghai, but under the postal union regulations are delivered through the German or British post offices in the city of Shanghai.

Letters for the city of Shanghai sent via the Pacific are delivered through the United States postal agency in that city, and are consequently subject to domestic rates and conditions. Articles for all other parts of China by either the Pacific or trans-Siberian route are subject to postal union conditions, unless by "international parcel-post" (see sec. 23 on page 48).

Only such parcels for the city of Shanghai as can not be sent by domestic parcel post to the United States Postal Agency at Shanghai should be sent by international parcel post via the Japanese Post Office at Shanghai or via Hong Kong.

It is to be noted that parcels by the domestic parcel post can be insured, but can not be registered.

(*b*) All letters and packages included in mails made up in the United States for the United States postal agency at Shanghai and received at that agency, which contain, or in the opinion of the postal agent may contain, articles liable to Chinese customs duties, are submitted to customs officials specially authorized to perform that duty by the Imperial Chinese customs service, who determine the dutiable character of the articles and levy the proper customs charges upon such as they find to be dutiable; which charges the United States postal agent collects upon the delivery of the articles, and transmits the amounts so collected to the Chinese customs official designated to receive and receipt for the same.

(*c*) Articles which the addressees refuse to receive on account of the customs charges will be returned to this country the same as other undeliverable articles, and the Chinese customs official who appraised such articles will be promptly advised of the refusal of the addressees to pay the charges, and of the return of the articles to the United States.

UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

9. **Postage rates and conditions.**—Articles mailed in the United States addressed to the officers and men of the United States Navy in the United States Naval Hospital at Yokohama, will be subject to the same conditions and rates of postage as articles mailed in the United States addressed to the officers and men on United States naval vessels. (See the item "Domestic Mail Matter" on page 7).

THE CANAL ZONE AND THE PHILIPPINES.

10. **For postage rates and conditions** applicable to mail matter for the Canal Zone and the Philippines, see the item "Domestic Mail Matter" on page 7.

PARCELS FOR THE CANAL ZONE.

11. **Customs declarations and packing.**—As customs duty must be paid by addressees in the Canal Zone on all third and fourth-class matter regardless of value, except books and periodicals of educational value, and except samples, it is necessary that parcels originating in the United States containing dutiable articles be accompanied by customs declarations fully completed. Postmasters will require millinery and other merchandise of a fragile nature to be packed securely, as packages insufficiently packed will not be dispatched.

RATES OF POSTAGE ON ARTICLES FOR FOREIGN COUNTRIES OTHER THAN CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA, THE UNITED STATES POSTAL AGENCY AT SHANGHAI AND THE UNITED STATES NAVAL HOSPITAL AT YOKOHAMA, JAPAN.

12. **Classification.**—Articles for foreign countries (except *Canada, Cuba, Mexico and the Republic of Panama and the United States Postal Agency at Shanghai, as indicated above in sections 1 to 8, are not designated "First-class matter," "Second-class matter," etc.; but are classified as "Letters," "Post cards," "Printed matter," "Commercial papers," and "Samples of merchandise," and are subject to the postage rates indicated below.

13. **Letters,** except as indicated in sec. 14 below, 5 cents for the first ounce, or fraction of an ounce, and 3 cents for each additional ounce, or fraction of an ounce. Stamps or forms of prepayment, whether current or obsolete, canceled or uncanceled, as well as printed articles constituting the representative sign of monetary value, and articles in typewriting or imitation of typewriting, are subject to postage at the letter rate. Monetary value is held by the International Bureau of the Universal Postal Union to attach to bonds, bank notes, commercial bills of exchange, etc., which have been fully executed by the makers;

Postal Cards, 2 cents each, for single; and 4 cents, each, for double cards;

Printed Matter, of all kinds, except as indicated in sec. 16 below, 1 cent for each 2 ounces or fraction of 2 ounces;

Commercial Papers, 5 cents for the first 10 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces;

Samples of Merchandise, 2 cents for the first 4 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces;

Registration Fee, in addition to postage, 10 cents.

14. **Reduced letter rate to certain countries.**—Letters for England, Ireland, Scotland, Wales, Bahamas, Barbados, British Guiana, British Honduras, Dutch West Indies, Leeward Islands and Newfoundland, 2 cents per ounce, and letters for Germany dispatched only by steamers which land the mails at German ports, 2 cents per ounce. (The 2-cent rate to Germany is suspended for the present.)

* Newfoundland is not included in the Dominion of Canada.

15. **Letters and post cards may be dispatched even if no postage whatever is prepaid.** Other articles must be prepaid at least in part. In all cases double the amount of the deficient postage is collectible of the addressee upon delivery.

16. **Reading matter for the blind, exchanged with Great Britain.**—By special agreement, the limit of weight applicable in mails exchanged between the United Kingdom of Great Britain and Ireland and the United States to reading matter for the blind is 3 kilograms, or 6 pounds; and the prepaid rate, 1 cent for each 2 ounces or fraction thereof, up to 18 ounces, and 10 cents for each package exceeding 18 ounces in weight. Except as above provided, packages of such matter shall be subject to the conditions prescribed by the Universal Postal Convention for packages of printed matter in Postal Union mails.

Note.—The letter rate to all destinations except Canada, Cuba, Mexico, the Republic of Panama, the City of Shanghai, China, and those indicated in section 14 is as stated in section 13. The two-cent rate to Great Britain applies only to Great Britain and Ireland and not to British Colonies.

For International Parcel Post, see pages 47-49.

GENERAL INFORMATION.

17. **Prepayment.** Postage can be prepaid upon articles (other than the reply-half of double postal cards) only by means of postage stamps of the country in which the articles are mailed. Articles mailed at the United States postal agency at Shanghai, China, are treated as if mailed in the United States; consequently, any prepayment of postage must be made by means of United States postage stamps. For all countries, except Canada, Cuba, Mexico and the Republic of Panama, newspapers, magazines and periodicals, whether "transient" or for regular subscribers, are required to be prepaid with postage stamps at the rate applicable to "printed matter" for those countries.

18. **International reply coupons.**—A "reply coupon" may be purchased (price 6 cents) at post offices, which upon presentation at a post office in any of the countries which have qualified under the Rome Postal Convention, will entitle the person presenting the coupon to receive (without charge) a postage stamp or postage stamps of that country equivalent in value to a 5-cent United States postage stamp. By this arrangement a person in the United States can furnish his correspondent with a postage stamp with which to prepay postage on a reply to his letter. A list of the countries in which reply coupons are valid, may be obtained from the local postmaster.

19. **Senders are cautioned** that in order to insure prompt and safe transmission to destination of articles addressed to foreign countries, they should (1) make the address legible and complete, giving the name of the *country,* that of the town or post office and in cases of cities or towns the street number should also be indicated. Articles addressed to "London" may be sent either to England or Canada. (2) Avoid using flimsy paper for envelopes, as they are liable to be torn or destroyed in the long transits. (3) Avoid using sealing-wax on the covers, as letters so sealed often adhere to each other, and the addresses of some of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. (4) See that postage stamps affixed to the covers of articles of printed matter do not adhere also to the articles themselves, thus virtually sealing the packages and thereby subjecting them to additional postage, at the letter rate, on delivery.

PROHIBITED ARTICLES IN THE REGULAR MAILS.

(For special prohibitions regarding each country, inquiry should be made of the local postmaster.)

(For Prohibited Articles in Parcel Post Mails, See page 48.)

20. **Hawaii, Porto Rico, etc.**—Any article that is mailable for delivery in the United States, is mailable under like conditions for delivery in Hawaii, Porto Rico, the Philippines, the Islands of Guam and Tutuila, and the Isthmian Canal Zone.

21. **To all foreign countries.**—(*a*) All articles excluded from transmission in domestic mails, as being in themselves, either from their form or nature, liable to destroy, deface or otherwise injure the contents of the mail bags or the persons of those engaged in the postal service, are prohibited from transmission in the mails exchanged with foreign countries, as are also poisons, such as opium, and obscene, lewd or lascivious books, pamphlets, etc., lottery tickets and letters and circulars concerning lotteries, so-called gift-concerts, etc., also excluded from the domestic mails.

(*b*) Certain articles other than those above mentioned, which, from their nature or form, are liable to destroy, deface or injure the contents of the mail bags or the persons of those engaged in the postal service, may be transmitted in the mails to foreign countries, if bona fide trade samples and exchangeable in the mails with said countries, when enclosed in the form prescribed for such articles in domestic mails.

(*c*) Postal cards or letters addressed to go around the world.

(*d*) Letters or packages containing coin, gold or silver substances, jewelry or precious articles. This does not apply to Canada, Cuba, Mexico, the Republic of Panama, Shanghai and to certain other countries whose legislation does not prohibit their circulation in their domestic mails.

(*e*) Any package whatever, containing articles liable to customs duty in the countries addressed. This does not apply to Canada, Cuba, Mexico, the Republic of Panama, or Shanghai, or to articles forwarded by "parcel post."

(*f*) Articles other than letters and post cards which are not prepaid, at least partly, or which do not fulfill the conditions required in order to enjoy the reduced rates.

(*g*) Articles other than letters and postal cards addressed for delivery in any foreign country, which contain writing in the nature of personal correspondence, or which do not conform to all the conditions prescribed for such articles, to entitle them to transmission in the mails at reduced rates of postage, unless they are fully prepaid at the rate of postage applicable to letters for the foreign country of destination.

(*h*) Packages of samples of merchandise which contain live animals and insects except bees, which have a salable value, which are sealed, unless the contents are visible, or plainly indicated by the mode of packing, or which exceed in weight or measure the prescribed limits, are not transmissible at the rates fixed for samples.

(*i*) Packages of commercial papers and printed matter of all kinds, the weight of which exceeds 2 kilograms (4 pounds, 6 ounces); or the size of 18 inches in any direction, except that rolls of printed matter may measure 30 inches in length by 4 inches in diameter.

(*j*) There is, moreover, reserved to the governments of every country of the Union, the right to refuse to convey over its territory or to deliver, as well articles liable to the reduced rate in regard to which the laws, ordinances or decrees which regulate the conditions of their publication or of their circulation in that country have not been complied with, as correspondence of every kind which evidently bears inscriptions forbidden by the legal enactments or regulations in force in the same country.

(*k*) To Austria-Hungary, Belgium, Denmark and the Danish Colonies, Egypt, France and the French Colonies, Germany, Italy, Luxemberg, Malay States (Federated), Norway, the Netherlands, Portugal and the Portuguese Colonies, Roumania, Russia, Servia, Sweden, and Switzerland; Articles of correspondence marked on the outside with the declared value of contents.

NON-POSTAGE STAMPS.

22. **Christmas stamps, etc.**—The following countries refuse to admit to their mails articles bearing non-postage "Christmas" stamps or other adhesive charity stamps or labels, unless postage thereon is prepaid, and unless the non-postage stamps are affixed to the *back* and not to the address side of the covers:

Austria, Brazil, British East Africa, Uganda, Antigua, Barbados, Bermuda, British North Borneo, Canada, Cayman Islands, Cyprus, Gold Coast, Dominica, Falkland Islands, Gambia, Gibraltar, British Honduras, Guatemala, Union of South Africa, Jamaica, Mauritius and dependencies, Montserrat, Nevis, Norway, Southern Nigeria, Portugal, Saint Christopher, Saint Lucia, Saint Vincent, Seychelles, Sierra Leone, British Somaliland, Trinidad, Turks and Caicos Islands, Virgin Islands, Germany, Great Britain, Southern Rhodesia.

Unless the foregoing conditions are complied with articles bearing non-postage stamps will not be dispatched from this country but will be returned to the sender, if known, otherwise they will be sent to the Division of Dead Letters.

To preclude delay in handling articles bearing such stamps the covers of the articles should bear the full name and address of the senders.

Venezuela	All offices authorized to exchange mails between the two countries.	
Windward Islands (Grenada, St. Vincent, the Grenadines and St. Lucia.)	do.	

* Parcels cannot be registered.

23. **Parcels for China.**— Parcels addressed for delivery in the following places are mailable subject to the rate and conditions applicable to parcels for Hong Kong: Amoy, Canton, Foochow, Hankow, Hoihow, Shanghai and Swatow. This applies only to parcels delivered at the British post office (or Agency) itself or within the restricted area of its delivery. The delivery area of the Amoy Agency includes Kulangsu, that of the Canton Agency includes Honam, that of the Foochow Agency includes Nantai, and that of the Hoihow Agency includes Kiungchow.

Parcels addressed for delivery in the following places are subject to the rate and conditions applicable to parcels for JAPAN: Amoy, Changsha, Cheefoo, Foochow, Hangchow, Kiukiang, Newchwang, Peking, Shanghaikawan, Shasi, Soochow, Tientsin, Tongku and Wuhu, China; or at the following places in Manchuria: Antoken (Antung), Bujum (Fushun), Choshun (Changchun), Dairen (Tairen, Talien, formerly Dalny), Daisekkio (Tashichiao), Daitoko (Tatungkou), Furanten (Pulentien), Gwaboten (Wafantien), Gaihei (Kaiping), Giukaton (Newchatun), Hishiko (Pitzuwo), Hoten (Mukden), Honkeiko (Pengshihu), Howojreo (Fenghuangcheng), Kaigen (Kalyuen), Kaijo (Haimueng), Kinshu (Chinchow), Koshurei (Kungchuling), Renzankivan (Lienshankwan), Riujuton (Liushuton), Riojun, (Port-Arthur), Rioyo (Liaoyang), Senkinsai (Chienchinsai), Shiheigai (Ssupingchieh), Shinminfu (Shingmingfu), Shoto (Changtu), Sokato (Tsaohokow), Sokaton (Suchiatun), Taikozan (Takushan), Tetsurei (Tiehling), Yendai (Yentai), Yugakujreo (Hsiungyocheng), are mailable subject to the rate and conditions applicable to parcels for Japan.

24. **Parcels for Brazil.**— Parcels for Brazil can only be sent to the following exchange offices in the States enumerated below:

Post Offices.	*States.*	*Post Offices.*	*States.*
Bahia	Bahia.	Pernambuco (Recife)	Pernambuco.
Bello Horizonte	Minas Geraes.	Rio de Janeiro	Federal District.
Curityba	Paraná.	Sao Paulo	Sao Paulo.
Para (Belem)	Para.		

Parcels addressed to other destinations in Brazil can only be delivered if arrangements have been made by the addressee for their transmission from one of the seven (7) above-mentioned offices to the office of destination; and the United States Post Office Department can only accept parcels for delivery beyond said Brazil offices of Curityba, Rio de Janeiro, Sao Paulo, Bello Horizonte, Bahia, Pernambuco (Recife) and Para, when the address side of each parcel is marked "Sender's Risk" or "Delivery Arranged." Parcels addressed "Poste Restante" are unmailable.

25. **Prohibited articles.**— The following articles are prohibited transmission by parcel post to all foreign countries:

General Prohibitions. (For special prohibitions regarding each country inquiry should be made of the local postmaster.)

(a) Articles that are excluded from the domestic mails of the United States.

(b) Written communications of the nature of personal correspondence.

(c) Packages enclosed in a parcel but addressed to a person other than the person indicated in the address of the parcel itself.

(d) Live or dead animals except live bees and dead insects and reptiles when thoroughly dried; fruits and vegetables which easily decompose, and substances which exhale a bad odor; lottery tickets or advertisements, or circulars relative to lotteries; all obscene or immoral articles; articles which in any way may damage or destroy the mails or injure the persons handling them. The presence, in an unsealed parcel, of sealed receptacles containing mailable articles which cannot be safely transmitted in unsealed receptacles, should not render the parcel unmailable, provided the contents of the sealed receptacles are plainly visible, or are unmistakably indicated by the method of packing or by a precise statement on the covers. But such sealed receptacles shall not be admitted to the parcel post unless inclosed in an outside cover open to inspection.

(e) Liquids and oils, pastes, salves or other articles easily liquefiable are admissible (provided they are packed in accordance with the regulations prescribed for the admission of such substances in the United States domestic parcel post mails) to the parcel post mails for the countries named on page 47, except Belgium, Bermuda, Chile, Colombia, Dominican Republic, Ecuador, French Guiana, Greece, Guatemala, Hungary, Nicaragua, Peru, and Martinique.

26. **Letters must not accompany parcels.**— A communication of the nature of personal correspondence must not accompany or be written on any parcel but an open bill or invoice may be included. If such written matter be found it will be placed in the mails if separable, and if inseparably attached the entire parcel must be rejected. If, however, any such parcels are forwarded, the country of destination will collect upon the accompanying communication or communications double the letter rate of postage prescribed by the Universal Postal Convention.

27. **Parcels must not contain separately addressed packages.**— A parcel must not contain packages addressed to persons other than the person named in the outside address of the parcel itself. If such enclosed packages be detected they must be sent forward singly charged with new and distinct parcel post rates.

28. **No responsibility for loss.**— The Department is not responsible for the loss of or damage to any parcel.

29. **How to mail parcels.**— A parcel must not be posted in a letter-box, but must be taken into the post office and handed to the postmaster or other postal official in charge.

30. **Address, etc.**— Every parcel should bear a complete and legible address, not written in pencil, and be marked conspicuously "Parcel Post," and bear the name and address of the sender in such manner as not to be mistaken for the address of the parcel.

31. **Packing.**— Every parcel must be securely and substantially packed; but in such a way that it can be opened without damaging its cover, in order that its contents may be easily examined by postmasters and customs officials. Boxes with lids screwed or nailed on may be used, and bags closed by means of sewing, provided they are presented at the post office open for inspection and then closed by the senders, except that parcels for Italy and Argentina must be accepted for mailing, even though sealed and closed against inspection, provided they conform to other conditions prescribed. Parcels not properly wrapped must not be accepted for mailing, nor dispatched from United States exchange post office.

32. **Postage.**— Postage on every parcel must be fully prepaid by means of postage stamps affixed at the rate applicable thereto as indicated in the foregoing table. Bear in mind that the rate on parcels is 12 cents per pound or fraction of a pound. A delivery fee of not less than 5 cents is collectible when the parcel is delivered. This fee cannot be prepaid by the sender.

33. **Registration.**— The sender of a parcel addressed to any of the places indicated in the foregoing table, except Argentina, Barbados, Curacao, Dutch Guiana, France, French Guiana, Gibraltar, Great Britain, Greece, Guadeloupe, The Netherlands, Martinique and Uruguay may have the parcel registered by paying a registration fee of 10 cents and will receive the "return receipt" without additional charge therefor, provided he requests a return receipt when he mails the parcel.

34. **Return receipts for unregistered parcels.**— The sender of an unregistered parcel addressed to Bahamas, Barbados, British Honduras, Curacao, Dutch Guiana, or Jamaica may obtain a "return receipt" for the parcel by prepaying by means of postage stamps a fee of five cents in addition to the ordinary postage. In such cases the words "receipt desired" must be plainly written on the corner of the parcel.

35. **Dimensions.**— A parcel must not exceed the dimensions indicated in the foregoing table for the country to which the parcel is addressed. A parcel not more than 3 feet 6 inches in length may measure as much as 2 feet 6 inches in girth, or around its thickest part. A shorter parcel may be thicker; thus, if it measures no more than 3 feet in length it may measure as much as 3 feet in girth or around its thickest part.

36. The most convenient mode of measuring is by means of a tape line 6 feet long. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

37. The remarks in the two preceding paragraphs do not apply to parcels for Colombia, or Mexico, the length of which in any case must not exceed 2 feet no matter how small the parcel may be in girth; and the girth of which must not exceed 4 feet no matter how short the parcel may be.

38. **Weight.**— A parcel must not exceed the prescribed limit of weight indicated in the foregoing table.

39. **Certificates of mailing.**— The office of mailing may fill out and date-stamp a "Certificate of Mailing" (Form No. 4401) and hand the same to the sender if requested.

40. **Customs declarations.**— A "customs declaration" (Form No. 4402) properly filled out must be securely attached to every parcel; but so attached that it does not seal or close the parcel so that it cannot be easily opened without damaging the cover. The contents must be accurately described in the English language although an interlineation in another language, if desired, may be furnished. General terms such as "merchandise," or "samples," will not answer. It is not sufficient that the tag be tied to the parcel and allowed to hang loose. In addition to being tied by means of a cord passed through the eyelet, the tag should be bound to the parcel so that it lies flat thereon, and cannot be used as a handle to lift the parcel while in transit. Two copies of the "Declaration" must be forwarded with each parcel destined for Argentina, Curacao, Dutch Guiana, French Guiana, Gibraltar, Guadeloupe, Martinique, Salvador, The Netherlands and Uruguay, and three copies with each parcel destined for Venezuela, while two copies of the special declaration "Form No. 2 Bis." (4402½) showing in addition to the usual entries the gross weight of the parcel and net weight of the contents, must be attached to each parcel for France. One copy may be affixed in such a manner that it can be readily removed at the exchange office where the mail is prepared for dispatch to France. All declarations must be postmarked at the post office of mailing.

41. **Customs duties.**— Customs duties cannot be prepaid; they will be collected of addressees when the parcels are delivered.

If a parcel is received at an exchange post office prepaid at the parcel rate, but unaccompanied by a "customs declaration," it will be sent to the Division of Dead Letters unless it bears a clear indication of the origin of the parcel so that the exchange office can call on the sender through the mailing office to furnish the required "customs declaration."

42. **Official and semi-official or express service.**— Most of the countries of Europe have an arrangement with international express companies, under which parcels regularly mailed in those countries are withdrawn from the mails and handed to said companies to be brought to this country and by them delivered to addresses without the intervention of the United States postal service. Such arrangements are known as the semi-official parcel post, and packages so conveyed and delivered are somewhat delayed and at times give rise to additional charges to which regular parcel post packages are not subjected. In order to avoid said delays and charges senders in foreign countries should be cautioned to insist upon their parcels for the United States being sent in the official international parcel post mails and to mark them so as to indicate unmistakably that they are to be so sent.

TO THE PUBLIC: FOR FURTHER INFORMATION REGARDING POSTAL SUBJECTS, CONSULT THE LOCAL POSTMASTER.

INSTRUCTIONS FOR POSTMASTERS AND POSTAL EMPLOYEES.

1. **Delivery of late mails.**— Postmasters are not obliged to open, assort and deliver the same evening a mail which arrives after 9 P. M.; but there is nothing to prohibit their doing so.

2. **Employees' hours of service.**— The hours during which clerks in post offices are required to be on duty are regulated by the postmasters in whose offices they are employed; but the hours of service of employees in offices of the first and second classes are subject to approval by the Department. (See sections 282–284 and 311, P. L. & R., as to post office hours, and 529 as to dispatching of mails.)

3. **Night service.**— Postmasters will not be permitted to place in operation "night service" at post offices or stations where such service will involve any additional expense for clerk hire, or for fuel or light, without first submitting the matter for consideration by the First Assistant Postmaster-General, Division of Post Office Service.

4. **Furnishing information.**— Section 356 and paragraph 1 of section 523, P. L. & R. are not intended to prevent the furnishing of information for official use by representatives of other Executive Departments and postmasters may, when it is practicable, furnish addresses or information concerning ordinary mail matter upon the official request of such a representative. In any instance where a postmaster is in doubt as to the expediency of complying with such a request he should write to the First Assistant for instructions, and in all cases involving registered mail, to the Third Assistant, Division of Registered Mails. When a postmaster receives a request or inquiry from a foreign country's representative in the United States for information which under the provision of sections 356 and 523, P. L. & R., can not be furnished, he should acknowledge its receipt and state that the postal regulations prohibit his furnishing the information and suggest that the request be submitted through the Department of State.

5. **Telephone inquiries.**— In answering telephoned inquiries concerning mail matter postmasters should be careful not to give information to any person whose voice is not recognized as that of some one authorized to receive such information.

6. **Recruits for Army and Navy.**— Postmasters are directed to aid recruiting officers of the United States Army and Navy so far as possible by displaying recruiting posters in conspicuous places in the post office lobbies and by distributing to young men who may be interested in the subject any printed matter relative to enlistment in the Army and Navy that is sent to them for that purpose from the War and Navy Departments. (See Sec. 281, P. L. & R.)

7. **Official endorsements or testimonials.**— No postmaster or other postal officer or employee in his official capacity is permitted, without special authority from the Postmaster General, to give any endorsement to a private enterprise or business institution, and no postmaster is permitted to give official endorsements of patrons of his office, or testimonials, or guarantees as to their honesty, reliability, etc.

8. **Agents for publications.**— Postmasters of all classes and employees at post offices of the third and fourth classes who accept subscriptions for newspapers and periodicals during their hours of service to the Government, must not permit this business to interfere with the proper performance of their official duties, and must not retain commissions thereon unless they have agreements to that effect with the publishers. No postmaster or employee may undertake or agree to act as agent for one publication to the exclusion of others.

9. **Sale of postmarking supplies.**— Postmasters are directed to forward to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, all circulars and communications received by them from firms or corporations advertising the sale of postmarking supplies.

10. **Advertising on postmarking stamps forbidden.**— Postmarking dies shall not be used for advertising purposes, except by special permission from the Department and permission will not be granted for such advertising of expositions, fairs or celebrations unless they are of such national interest as to have been recognized or appropriated for by Congress. (See Sec. 538, P. L. & R.)

11. **Intoxicating liquor.**— Section 472, Postal Laws and Regulations, prohibits the mailing of intoxicants. Every instance of the mailing of intoxicants should be reported to the Chief Inspector and the package held pending instructions as to its disposition.

12. **Wrapping.**— For manner of wrapping mail matter see sections 465–470, P. L. & R.

13. **Dispatch of fictitiously addressed mail.**— Although fictitiously addressed matter is undeliverable under section 594, P. L. & R., such matter should not be withheld from dispatch if otherwise mailable and properly prepaid.

14. **Mutilations of mail by canceling machines.**— Postmasters should issue necessary instructions to their employees enjoining care in postmarking mail by canceling machines. Letters containing bulky enclosures should not be run through the canceling machine, but, instead, should be hand-stamped.

15. **Letters of Soldiers, Sailors and Marines.**— For the conditions under which such letters may be transmitted in the mails, without prepayment of postage, see section 406, P. L. & R., as amended May 4, 1914.

16. **Changes in names or boundaries of counties.**— When a post office is changed from one county to another by reason of change of county boundaries or the creation of new county, the postmaster should promptly notify the Fourth Assistant, Topography Branch, Division of Supplies.

MAILINGS OF THIRD AND FOURTH-CLASS MATTER AND CERTAIN SECOND-CLASS MATTER WITHOUT STAMPS AFFIXED.

17. **Patrons to be advised.**— When a patron of a post office frequently mails large quantities of matter of the third or fourth class, or of second-class matter at the transient rate (see section 435, P. L. & R.) or the special rates prescribed by paragraphs 7 and 8, section 433, P. L. & R., the postmaster should call his attention to the provisions of amended section 459, P. L. & R., under which quantities of not less than 300 identical pieces of second or third-class matter and of not less than 250 identical pieces of fourth-class matter may be mailed without stamps affixed, the postage being paid in money. If the patron does not desire to avail himself of this privilege, the postmaster should suggest to him the desirability of using precanceled stamps. (See following paragraph.)

PRECANCELED POSTAGE STAMPS.

18. **Precanceled postage stamps may be used only by the persons or concerns who have been given a permit to use them.** For information in regard to the obtaining of such permit and the conditions governing the use of precanceled postage stamps, address the Third Assistant Postmaster General, Division of Classification.

19. **Method of Precanceling.**— Upon receipt of authority from the Third Assistant Postmaster General for the use of precanceled postage stamps, the question of obtaining an allowance to cover the expense of having the precanceling done by a printing establishment with an electroplate furnished by the Department should be taken up with the First Assistant Postmaster General, Division of Salaries and Allowances. An electroplate for use in precanceling stamps may be obtained by making requisition on the Fourth Assistant Postmaster General, Division of Equipment and Supplies. When the number of stamps to be precanceled is not sufficiently large to justify the expense connected with the use of an electroplate, the postmaster will be furnished a special handstamp for that purpose.

20. **Misuse to be Reported.**— Postmasters shall carefully observe the use of precanceled stamps and promptly report to the Third Assistant Postmaster General, Division of Classification, any irregularity in connection with the use of such stamps coming to their attention, whether occurring at their offices or elsewhere.

WEIGHING SECOND-CLASS MATTER IN SACKS.

21. **Allowance for tare and weight of mail bags.**— Postmasters handling second-class mail matter from publishers and news agents shall, in weighing such matter in bulk, in mail sacks, for the purpose of determining the amount of postage to be collected, deduct from the gross weight 3 pounds 4 ounces for the weight of each sack of the No. 1 size, 2 pounds 5 ounces for each sack of the No. 2 size, and 1 pound for each sack of the No. 4 size.

LIMIT OF WEIGHT IN MAILS.

22. **For limit of weight of mail matter** see secs. 454, 462, 463, 474, 475, 479 and 499, P. L. & R.

POSTAGE DUE.

23. **Postage due: when to be rated and collected.** (See secs. 397, 405, 585 and 587 to 591, P. L. & R.)

NOTE.— Postmasters are specially instructed to exercise great care in rating due postage on all short-paid first-class matter mailed at their offices. A decided down weight is required to subject matter to an additional rate of postage.

24. **Unpaid matter,** the sender of which is unknown, deposited in a post office, addressed for local delivery, is subject when delivered to the addressee to due postage at the single rate. For treatment of such matter at letter-carrier post offices, see paragraph 7, section 545, P. L. & R.

25. **Advertised letters — Postage due on.**— The attention of postmasters is directed to section 630, P. L. & R., which requires that all letters and other matter published as undelivered shall be charged with one cent in addition to the regular postage, to be collected and accounted for as therein provided.

26. **Facsimile copies of typewriting** produced by a mechanical process such as the printing press, mimeograph, multigraph, etc., and matter bearing hand-stamped imprints, which reach the office of address with postage fully prepaid at the third-class rate — 1 cent for each 2 ounces or fraction thereof — shall be assumed to have been included in a minimum number of twenty identical copies mailed under the provisions of paragraph 2, section 450, P. L. & R., and be delivered to the addressees without additional postage.

27. **Refund of excess postage.** (See sec. 461, P. L. and R.)

FREE MATTER.

28. **For regulations relating to franked and official matter, including the use of penalty envelopes,** see sections 490 to 501, inclusive, P. L. & R

29. **Places to which penalty and franked matter is transmissible.**— Any article entitled to transmission free of postage in the domestic mails of the United States, either in a "penalty"

envelope or under a duly authorized "frank," shall be entitled likewise to transmission in the mails free of postage between places in any possession of the United States, from one to another of such possessions, from the United States to such possessions, and from such possessions to the United States.

30. **For other free matter**, see sections 502 to 506, P. L. & R.

31. **Penalty envelopes must be used for official matter.**— Postmasters are directed not to use postage stamps or stamped paper of any kind for their official correspondence. Letters upon the official business of the Post Office Department are entitled to pass through the mails free of charge in penalty envelopes, and if registration is required, they are entitled to be registered without cost to the postmaster. See sections 496 and 878, P. L. & R.

MAIL RECEIVED FOR DELIVERY.

32. **General rules.**— The delivery of letters is not controlled by statutory provision but by the rules and regulations of the Post Office Department. Persons applying for registered letters and presenting money orders for payment should, if not known, be required to prove their identity. Persons applying for advertised letters should be questioned as to the place or places whence they may be expecting mail. In the general delivery of a post office, the postmaster should exercise sound discretion in the delivery of letters to persons claiming to be the persons named in the address, who may not be known to him. (See sec. 601, P. L. & R.)

33. **Pension checks.**— Letters bearing a printed endorsement referring to the Act of August 17, 1912, must not be delivered to any one in case the addressee has died, is under guardianship or is away permanently from the delivery of the post office addressed, or, if a widow, has remarried. Such letters must not be forwarded to another post office under any circumstances nor be placed in lock or call boxes or delivered by city or rural carriers into receptacles on their routes. (See section 608, P. L. & R., as amended.)

34. **Prisoner's mail.**—A letter addressed to a person imprisoned to await trial, upon indictment, or pending indictment, should be delivered in accordance with the order of the person addressed. In the absence of an order, the mail may be delivered to the sheriff or officer having charge of the prisoner.

35. **Mail specially held for delivery.**—When a post office patron has requested that mail addressed to him be specially held to be called for, ordinary letters or parcels that do not bear the return cards of the senders may be endorsed "specially held" and retained not longer than 60 days, after which it should be sent to the Division of Dead Letters unless authority for further retention has been obtained from the First Assistant Postmaster General. (See section 604, P. L. & R.) As to the special retention of registered mail, see sections 956 and 1047, P. L. & R.

36. **Letters bearing return cards.**— Letters in the general-delivery boxes must be looked over frequently in order that the return requests thereon may be complied with. Return requests upon letters properly placed in rented boxes need not be observed. (See section 632, P. L. & R., as amended February 28, 1916.)

37. The registry delivery book and the registry transit records should be checked frequently to ascertain if all registered mail received has been promptly and properly disposed of, or can otherwise be accounted for satisfactorily. (See articles 8 to 11, page 24).

FORWARDING.

38. **For regulations governing forwarding of mail**, including matter *forwardable without additional postage charge*, see section 595, P. L. & R., and article 14, page 24 of this Guide.

39. **Drop letters.**—*Prepaid 1 cent* may be forwarded on payment of 1 cent additional postage. (See sec. 404, P. L. & R., for exception to requirement of prepayment of additional postage.)

40. **Forwarding matter with postage due stamps affixed.**— For information relative to forwarding matter to which postage due stamps have been affixed, see section 599, P. L. & R.

UNDELIVERABLE MATTER — RETURN OF, ETC.

41. **Second class matter mailed by publishers.**— For instructions as to treatment of undeliverable copies of second-class matter mailed by publishers, see sections 640, 641, 642 and 590, P. L. & R., and the following additional instructions in articles 42-50, inclusive.

42. **The notice to the publisher on Form 3578 should show plainly and legibly:**

a. The name of post office and State, and postmark of the office sending the notice, showing date on which sent.

b. Name and address of subscriber as it appears on undeliverable copy. If a subscription or "key" number is given, it should also be shown on Form 3578. This information is highly important to the publisher.

c. Reason why copy is undeliverable. In case of a change of address, local or otherwise, the new address should be given, when known.

d. The full and correct name of the publication and place where published.

43. **The retained copy of Form 3578 should be filed with care among the records of the post office that it may be available for future reference.**

44. **Notices to be inclosed in penalty envelopes, when.**— When sending at one time ten or more notices on Form 3578, regarding undeliverable copies of the same publication, the notices shall be inclosed in a penalty envelope addressed to the publisher in order to save time and labor in handling such notices while in transit and at the office of delivery. The notices so sent shall be completely filled in and postmarked with the date of dispatch the same as if they were sent in the mails openly.

45. **What undeliverable copies are to be returned.**— ONLY SUCH UNDELIVERABLE COPIES OF SECOND-CLASS PUBLICATIONS ARE TO BE RETURNED AS ARE RECEIVED AFTER FIVE WEEKS FROM THE DATE OF NOTICE TO THE PUBLISHER ON FORM 3578. HOWEVER, IF TWO ISSUES OF THE PUBLICATION HAVE NOT BEEN PUBLISHED DURING THE FIVE WEEKS FOLLOWING THE SENDING OF THE NOTICE, ONLY SUCH COPIES AS ARE RECEIVED AFTER TWO ISSUES SHALL HAVE BEEN PUBLISHED ARE TO BE RETURNED UNDER LABEL FORM 3579.

46. **Disposition of copies received during period of five weeks after notice.**— Copies received during the five weeks, or before two issues shall have been published following the sending of the notice, must not be returned to the publisher, but should be disposed of in accordance with the provisions of section 642, P. L. & R.

47. **Disposition in case of change in local address.**— In case of a change of *local* address, the copies received during the period prescribed must be delivered to the subscriber at his new address, if known. Copies received after the expiration of such period should be returned to the publisher.

48. **Return label must not be placed over address or other inscriptions.**— When pasting or affixing label Form 3579 to an undeliverable copy of a publication or to the wrapper thereof, care should be taken that the name and address of the subscriber, as well as the subscription or "key" number, are not covered or obscured by the label. Light lines only should be drawn through the original address.

49. **Label Form 3579 must show PLAINLY the correct name and address of the publication,** the amount of postage due on the copy *at the third-class rate*, the postmark of the office from which returned, *and in addition the date when the notice on Form 3578 was sent to the publisher.* No space is provided for the latter information on the present Form 3579, and postmasters will, therefore, insert such information in the best manner possible until new forms containing this provision are furnished.

50. **When undeliverable copies may be sent to branch office.**—When the wrapper of a publication bears a request that notice concerning undeliverable copies be sent to a branch office of the publisher instead of to the post office where the publication is entered as second-class matter, such request should be complied with, and any undeliverable copies of the publication properly returnable under the law should likewise be sent to the branch office designated on the wrapper. However, postmasters must not comply with written or other requests from publishers or their agents to send the notice to a branch office, if the wrappers of the publications do not bear such request, but they should send the notices to the post office where the publication is admitted as second-class mail matter. In all cases the undeliverable copies must be sent to the same place to which the notices were sent.

51. **Third and fourth-class matter, and second-class matter mailed by the public.**— For general regulations governing return or other disposition of undeliverable matter of the third and fourth classes, and second-class matter mailed by the public, see Section 637, P. L. & R. The required postage for the return of such matter must be prepaid by stamps affixed to each separately-addressed piece. The matter may not be returned in bulk. (See paragraph 4, section 637, P. L. & R.)

52. **Habitual failure to redeem pledge.**—Whenever the senders of undeliverable mail matter of the third and fourth classes which in itself is not of obvious value but bears the senders' pledge to furnish return postage, habitually fail to redeem it by providing postage for forwarding or returning after having been sent official card notice in accordance with the Regulations, postmasters should inform them that thereafter no notice of postage required on undelivered matter will be sent. Postmasters should keep a record of the mailing of postage notices in order fully to sustain such action.

53. **Mail without value.**— The senders of ordinary third-class matter that is obviously without value and does not bear the senders' pledge to furnish return postage should not be notified of the non-delivery of such matter.

54. **Matter bearing precanceled stamps.**— When mail of the transient second class, or of the third or fourth class, bearing precanceled postage stamps, is returned under the provisions of Section 637, P. L. & R., or remailed, postmasters shall thoroughly deface such stamps with the canceling stamps of their respective offices, at the time of canceling those affixed to the matter in payment of the postage for its return or remailing. When such matter reaches the office of original mailing for return to the sender, the postmaster at such office shall, if the precanceled stamps have not been defaced by the postmaster at the returning office, deface such stamps with the canceling stamp of his office before delivering the matter to the sender.

55. **Original address not to be defaced on returned matter.**— When returning to the sender undeliverable matter, the original address thereon should not be defaced or obscured in such manner as to make it impossible for the sender to read the address and correct his mailing list. Light lines only should be drawn through the original address.

UNMAILABLE MATTER.

56. Dunning postal cards.— In view of complaints received by the Department respecting the use of postal cards importuning the payment of debts, the attention of all postmasters and others is called to the provisions of Sec. 481, P. L. & R., (Sec. 212, Criminal Code, March 4, 1909).

The Department has ruled that the clause of the above section prohibiting delineations, epithets, terms, or language * * * calculated by the terms, or manner or style of display and obviously intended to reflect injuriously upon the character or conduct of another, covers and makes unmailable cards by which it appears that the addressee is being dunned for an account that is past due. This does not include cards that bear respectful requests for the settlement of current accounts, or that give notice when an account, paper, assessment, taxes, gas bills, etc., will be due, and such cards are regarded as mailable. The provision of this section against matter of a "threatening character" is held by the Department to cover and make unmailable cards that threaten the bringing of suits or legal proceedings if debts, accounts, etc., are not paid. This does not include cards that bear notice of assessments of fraternal and other societies which contain a respectful reference to the rules of such order or society that failure to pay such assessment will cause the member to be suspended or that his certificate will become void, if the assessment referred to does not appear to be past due.

Postmasters are expected to exercise vigilance in the enforcement of this regulation. If there is doubt as to whether a card should be excluded it should be forwarded to the Solicitor for the Post Office Department for a decision. It should be carefully noted that this regulation has no reference to matter that is under cover.

57. Objectionable post cards.— Section 547 of the P. L. & R. provides that "All matter which is manifestly obscene, lewd or lascivious, * * * will, when deposited in a post office, be withdrawn from the mails and sent to the Dead Letter Office." Under this rule every post card bearing a picture or language that is obscene, indecent or improperly suggestive, scurrilous, defamatory, or threatening, etc., should be immediately withdrawn from the mails and forwarded without delay to the First Assistant Postmaster-General, Division of Dead Letters. If there is doubt as to whether a card is sufficiently objectionable to warrant its exclusion, it should be forwarded to the Solicitor for the Post Office Department for decision. Postmasters are directed to exercise all possible vigilance in the enforcement of this regulation. (See sec. 481, P. L. and R.)

LOSS, DAMAGE AND DELAY OF MAIL MATTER.

58. Postmasters and other postal officers must report, in the manner outlined in section 487 of the P. L. & R., every complaint made to them or which comes to their knowledge of the loss, rifling, damage, delay, wrong delivery or other improper treatment by postal employees of mail matter.

DUTIES OF POSTMASTERS AS TO REPORTING ARRIVALS AND DEPARTURES OF MAIL, ETC.

59. Use correct route numbers and termini.—All communications to the Department relative to mail routes should embrace the correct number and terminal points of such routes.

60. Postmasters at terminal offices and at other intermediate schedule points are directed to exercise especial care in making out monthly reports of performance of service or registers of arrivals and departures of mails at their respective offices, to avoid the use of the route number given in the general advertisements, usually issued in September of one year for service from July 1 of the next year, when referring to service contracted for under a previous advertisement.

61. Follow requirements in reporting arrivals and departures of mails.— Postmasters whose duty it is to report arrivals and departures of the mails are particularly cautioned to observe the following requirements of the Department:

(*a*) To keep a record on blank form 2201 of all irregularities in the performance of star service, noting in the proper space the dates on which failures occur, the distance traveled on such dates on the outward trip and on the return trip, the point reached by the carrier on the outward trip and the point reached on the return trip, and the reason, in detail, for such failures.

Postmasters, who are required to weigh and submit reports as to the weight of fourth class mail where contractors on star routes are entitled to pay on the weight basis, must submit such a report on Form 4156, in addition to the Report on Form 2201, and must exercise extreme care to see that the mails are properly weighed, and reports submitted correctly. Postmasters at reporting offices will be careful to give all the information called for on the various forms used.

These records must be ready at all times for the inspection of postal officials and forwarded to the Department promptly on the first day after the close of each month. These reports are the evidence upon which contractors are paid for the performance of the service, and they should receive their pay promptly; otherwise the efficiency of the service may be seriously affected.

(*b*) To keep on file in their respective offices duplicates of all reports sent to the Depart-

ment. It not infrequently happens that, because the original is lost in transit, or for some other reason, the Department desires a duplicate.

(*c*) To refuse to deliver the mail to the carrier in advance of the schedule hour for his departure. The carrier is subject to a fine for departing in advance of, as well as arriving after, the schedule time. Much complaint is made by patrons who have gone to a post office a few minutes before the schedule time for closing the mails and have found that the same had already been dispatched.

(*d*) To report promptly:

Whenever any postmaster, assistant postmaster, or clerk employed in any post office, or any member of the immediate family of a postmaster or assistant postmaster, becomes a contractor, subcontractor, or carrier, or concerned in any contract for carrying the mail;

Whenever a carrier, without authority from the Department, changes from one road to another in performing the service, except where the regular road becomes impassable;

Any instance in which one carrier performs, on a single trip, service due on two or more routes.

62. A failure to observe strictly the above requirements will be regarded as sufficient ground for a recommendation for removal of a postmaster from office for neglect of duty.

63. Blank form 2201 (Monthly Report of the Performance of Star Route Service) should never be used for reporting service to post offices not regularly established on a mail route and known as "Special Offices."

64. In forwarding monthly reports, or registers of arrivals and departures of mails, or complaints on rural, or star routes (except those in Alaska), postmasters should be careful to address the Fourth Assistant Postmaster-General, Division of Rural Mails. For steam and electric railroad routes, address Second Assistant Postmaster-General, Division of Railway Adjustments. For steamboat and Alaska star routes, address Second Assistant Postmaster-General. For mail messenger and screen wagon routes, address First Assistant Postmaster-General, Division of Post Office Service.

USE OF MAILS FOR FRAUDULENT PURPOSES, AND THE TRANSMISSION OF OBSCENE MATTERS.

65. **Fraudulent schemes and obscene matters.**—Complaints relative to the alleged use of the mails for fraudulent purposes, and the mailing of obscene matters, should be addressed to the Chief Inspector, Post Office Department, Washington, D. C.

When the attention of a postmaster is called to a complaint concerning a scheme to defraud, the complainant should be requested to submit a detailed statement of the facts, and all correspondence, advertising literature, etc., which he possesses, accompanied with the envelopes in which such evidence was transmitted through the mails, properly marked for identification. The Department cannot undertake investigations for the purpose of securing the return of money remitted. Complaints due to misunderstandings arising in the ordinary course of business, when no violation of law is involved, are not proper subjects for investigation by the Post Office Department.

LOTTERY SCHEMES; ENDLESS CHAIN ENTERPRISES, ETC.

66. The attention of postmasters and railway postal clerks is directed to section 482 of the Postal Laws and Regulations, by the provisions of which newspapers or other publications of any kind, circulars and pamphlets, containing advertisements of lotteries, gift enterprises or similar schemes offering prizes dependent in whole or in part upon lot or chance, or lists of the prizes awarded in pursuance of such schemes, and all other matter relating to them, are declared to be unmailable. The terms "lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance," as used in that section, include "guessing" or "estimating" contests for prizes, as well as drawings and raffles of every kind, whether general or local, whether for private gain or in aid of charitable, educational or religious objects, and whether the consideration for chances be money or other thing of value. Enterprises in which prizes are distributed among purchasers of merchandise in stated amounts, or among subscribers for publications, or for shares of corporate stock, through the medium of drawings or guessing contests, are lotteries within the meaning of that section. Publications, circulars, cards or pamphlets containing advertisements of such enterprises, or notices or other information of any kind relating to them, should be withdrawn from the mails and treated in accordance with sections 547, 574 and 593 of the P. L. & R.

"Endless chain" enterprises designed for the sale or disposition of merchandise or other things of value through the circulation or distribution of "coupons," "tickets," "certificates," "introductions," and the like, are held to embrace the elements of a lottery, and also to be fraudulent. Matter of every kind relating to such enterprises should be excluded or withdrawn from the mails, and treated in accordance with sections 547, 574 and 593 of the P. L. & R.

Where there is doubt whether the scheme advertised or referred to is a lottery, or similar enterprise, as defined by section 482, the matter in question should be submitted to the Solicitor for the Post Office Department for advice as to its admissibility. Communications to postmasters from the Solicitor, embracing opinions or rulings in respect of matter so submitted, are to be

regarded as records of the post office and retained among its official files for purposes of reference. The substance only of such communications should be conveyed to interested persons, and in no case should exact copies be supplied to them: the ruling or opinion being intended for the guidance of the postmaster, and not for the use of those interested in the enterprise passed upon.

The Post Office Department is endeavoring to enforce the anti-lottery statutes strictly and with thoroughness. Postmasters, railway postal clerks, and all other officers and employees charged with the handling of mail matter are therefore expected to examine such matter, especially publications, with the greatest care consistent with prompt transmission and delivery, and to withdraw or exclude all such as is ascertained to relate to lotteries or like enterprises. Many postmasters have been found negligent in this regard.

PROCURING COPIES OF DEPARTMENT FILES.

67 Copies of papers in the files of the Department will not be furnished on the application of individuals, except in cases where a suit has been commenced and is pending involving the substance of the paper or document itself, and then only on the certificate of counsel, showing that such papers or documents are material as evidence in the trial or preparation for trial of the cause, and stating wherein such materiality consists, with such other proof of materiality, as may be required by the Postmaster-General. But in no case will copies be furnished of the official bonds of officers connected with the service, except upon suits relating to said bonds or the execution thereof, or criminal prosecutions thereunder.

GENERAL SUPPLIES.

1. Manner and time of ordering.—Postmasters and other requisitioning officers must carefully read and follow instructions concerning ordering of general supplies published in List of Postal Supplies. That portion pertaining to time of ordering has been modified as follows:

First and second class offices must submit requisitions in duplicate every three months for sufficient supplies to last that length of time in the order by states given below:

In January, April, July and October:

Alabama	Colorado	Florida	Idaho	Kansas
Alaska	Connecticut	Georgia	Illinois	Kentucky
Arizona	Delaware	Guam	Indiana	Louisiana
Arkansas	Dist. of Columbia	Hawaii	Iowa	Maine
California				

In February, May, August and November:

Maryland	Minnesota	Montana	New Hampshire	New York
Massachusetts	Mississippi	Nebraska	New Jersey	North Carolina
Michigan	Missouri	Nevada	New Mexico	

In March, June, September and December:

North Dakota	Pennsylvania	South Carolina	Utah	West Virginia
Ohio	Porto Rico	South Dakota	Vermont	Wisconsin
Oklahoma	Rhode Island	Tennessee	Virginia	Wyoming
Oregon	Samoa	Texas	Washington	

Third and fourth class offices must submit requisitions once each year in month indicated below for sufficient supplies to last one year:

Alabama	*	Louisiana	Feb.	Ohio	May
Alaska	June	Maine	*	Oklahoma	March
Arizona	March	Maryland	Jan.	Oregon	Oct.
Arkansas	March	Massachusetts	*	Pennsylvania	*
California	Oct.	Michigan	Aug.	Rhode Island	*
Colorado	May	Minnesota	June	Samoa	Oct.
Connecticut	*	Mississippi	*	South Carolina	Jan.
Delaware	Nov.	Missouri	Dec.	South Dakota	June
Florida	*	Montana	Aug.	Tennessee	*
Georgia	*	Nebraska	Sept.	Texas	*
Guam	Oct.	Nevada	March	Utah	March
Idaho	June	New Hampshire	*	Vermont	*
Illinois	*	New Jersey	Nov.	Virginia	Jan.
Indiana	*	New Mexico	March	Washington	Oct.
Iowa	Sept.	New York	March	West Virginia	Jan.
Kansas	May	North Carolina	Jan.	Wisconsin	Aug.
Kentucky	*	North Dakota	*	Wyoming	Aug.

* Postmasters at third and fourth-class offices in these states will order general stock supplies from their respective distributing offices in accordance with instructions issued by the Department and during the months designated by the distributing postmasters.

2. **Record to be kept.**— Postmasters at first and second class offices must keep complete record of all supplies furnished by Division of Equipment and Supplies; set aside suitable place for keeping the stock, and assign an employee to be charged with custody thereof and maintenance of prescribed record.

3. **Complete requisitions before submitting to Department.**— It is important that each requisition be properly filled in to include particulars and information called for on requisition form, and that postmarking stamp be clearly impressed in space provided. Postmasters must not, when submitting requisitions on regular forms, supplement them with letters requesting supplies which should have been included in the requisition proper.

OFFICIAL AND REGISTRY ENVELOPES.

4. **Time for submitting requisitions.**— Requisitions for official and registry envelopes should be submitted on Form 1579 (at least three months in advance of the time when the supply on hand will become exhausted) to the Fourth Assistant Postmaster General, Division of Equipment and Supplies. A six months' stock should be ordered at a time by post offices of the first class, Divisions of the Railway Mail Service and Post Office Inspectors, and a year's stock by post offices of the second, third and fourth classes. Envelopes furnished on orders for less than 10,000 of any stock form will not be printed with the return card.

REPAIRS TO OFFICE APPLIANCES.

5. **Allowances to be based on competitive bids.**— Requests for allowances for the repair of typewriters, adding machines, scales, trucks, baskets, etc., should be accompanied with competitive proposals from not less than three separate individuals or firms doing repair work. When typewriters and adding machines are to be repaired their serial number *must* be given. Postal employees operating adding machines should familiarize themselves with the mechanism in order that cleaning, oiling and the placing of new ribbons may be done without calling upon representatives of the manufacturers.

FACING SLIPS.

6. **Manner of ordering printed slips.**— The Division of Equipment and Supplies will honor requisitions for printed facing slips when made for sufficient quantities and varieties to last one year by first and second class offices on Form 1581 and by railway postal clerks (through their chief clerks or division superintendents) on Form 1581A. These slips should be ordered in multiples of 1,000, except where less than 500 of a particular title are desired, when requisition should call for 500. Shipments will be made direct from the plant of contractor, the Marvin S. Young Co., Washington, D. C. Slips may be obtained from such contractor for use at third and fourth class offices and for railway postal clerks at the expense of the purchaser who will also be required to pay transportation charges. Slips put up in "runs" may be similarly purchased from the National Facing Slip Co., Indianapolis, Ind. Requisitions should be submitted 60 days in advance of time supply on hand will become exhausted.

7. **Plain slips.**— Plain facing slips are furnished from the Division of Equipment and Supplies to all post offices, as well as division superintendent of the Railway Mail Service on requisition therefor.

8. **Slips for publishers.**— Where separations of mail matter are made by publishers at their offices, postmasters should furnish, without expense, to such publishers the necessary printed facing slips. These slips should be ordered on requisition blank Form 1581.

SUPPLIES FOR DUPLICATING MACHINES, TYPEWRITERS, ETC.

9. **Requisitions to show make etc., of machine.**— When ordering supplies for duplicating machines, typewriter and adding machine ribbons, postmasters and other requisitioning officers must give the make and model number of the machine for which supplies are desired.

POSTMARKING EQUIPMENT.

10. **Rubber canceling stamps.**— Circular rubber dating stamps, showing office name and words "Parcel Post," will be supplied to first, second and third class offices and to those fourth class offices where steel stamps are in use. The rubber stamps in use at other fourth class offices and at numbered stations of the large offices should be used to cancel postage on parcel-post packages.

Numbered stations are supplied with a uniform rubber dating stamp which may be used for all purposes including money order, registry and parcel post business.

RED "FRAGILE" TAGS.

11. **Fragile tags.**— Red tags bearing the word "FRAGILE," for use on parcel post mail matter of a fragile nature, must be procured from the superintendent, Railway Mail Service, of the division in which the office is located.

REQUISITIONS FOR MONEY ORDER FORMS.

12. **Time to submit requisitions for money order forms.**— Requisitions for blank money order forms should be submitted on Form 6053C to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, sixty days in advance of the time the supply on hand will become

PARCEL POST INFORMATION.

13. **Zones.**— For parcel-post purposes the United States is divided into units of area thirty minutes square, and such units form the basis of the eight postal zones. The number of the unit of area in which each office is located is printed after the name of each office in the State list of this Postal Guide, except for all offices in Alaska, Canal Zone, Guam, Samoan Islands, and the United States Postal Agency, Shanghai, China, where the eighth zone rate applies between offices both to and from all offices in the United States, its territories and possessions. Offices in the Hawaiian and Philippine Islands are in the eighth zone from all other offices in the United States, its territories and possessions.

14. **Manner of ascertaining zone location of post offices.**— To ascertain in which zone a post office is located from the office of mailing, first obtain the unit number of the given office from the guide, then find the line containing this number in the zone key for the unit of the mailing office, and the figure in the column opposite will be the number of the zone.

15. **Changes in unit numbers.**— Additions and changes in unit numbers will appear in the monthly supplements to the Postal Guide.

16. **Branch offices.**— A branch office or a station is in the same unit as the main office.

17. **Parcel Post Guide no longer furnished to the postal service — use Postal Guide.**

18. **Zone keys.**— The zone keys have replaced the parcel-post maps and will be furnished to the service upon application.

MAIL BAGS AND MAIL POUCH LOCKS.

19. **Disposition of surplus serviceable mail bags.**— All surplus mail bags which are serviceable shall be promptly disposed of in accordance with the provisions of section 1502, Postal Laws and Regulations, 1913, as amended April 30, 1914.

20. **Disposition of surplus serviceable mail pouch locks.**—All surplus mail pouch locks which are serviceable shall be promptly disposed of in accordance with the provisions of Section 1514, Postal Laws and Regulations, 1913, as amended April 29, 1914.

21. **Disposition of defective mail bags.**— All defective mail bags shall be promptly disposed of in accordance with the provisions of Section 1501, Postal Laws and Regulations, 1913, as amended April 30, 1914.

22. **Disposition of defective mail pouch locks.**— All defective mail pouch locks shall be promptly disposed of in accordance with the provisions of Section 1513, Postal Laws and Regulations, 1913, as amended July 24, 1914.

23. **Care in examining, packing and labeling empty mail bags.**— In preparing empty mail bags for shipment Railway Postal clerks, postmasters, and others shall carefully examine each mail bag to see that no mail matter is left therein. Mail bags shall be carefully separated and packed according to style and size and in full bundles in all cases where it is practicable to do so. Defective and serviceable mail bags must not be packed in the same bundle. Nos. 2, 3, 4, and 5 pouches shall be packed in No. 1 sacks, as many pouches to be packed to the sack as possible. All bundles of both defective and serviceable mail bags shall be labeled in accordance with the provisions of sections 1501, and 1502, Postal Laws and Regulations, 1913, as amended April 30, 1914. Labels to be obtained from the division superintendents, Railway Mail Service.

24. **Proper packing for empty mail sacks.**—

No. 1 sacks, 20 to the bundle, the twentieth used as a packer.
No. 2 sacks, 20 to the bundle, the twentieth used as a packer.
No. 3 sacks, 50 to the bundle, packed in a No. 1 sack.
No. 4 sacks, 80 to the bundle, packed in a No. 1 sack, or,
No. 4 sacks, 15 to the bundle, the fifteenth used as a packer.
Catcher pouches, 15 to the bundle, packed in a No. 1 sack.
S. P. sacks, 20 to the bundle, packed in a No. 1 sack.
No. O Dom. parcel post sacks, 20 to the bundle, the twentieth used as a packer.

NOTE.— All rotary and brass locks to be shipped by registered mail and all ordinary pouch locks by ordinary mail.

25. **Mail sacks issued to publishers, news agents and others by postmasters.**— Mail sacks shall be issued to publishers, news agents and others by postmasters in accordance with the provisions of section 1496, Postal Laws and Regulations, 1913, as amended July 24, 1914, and June 22, 1916. The publisher, news agent, or other party to whom sacks are loaned should be required to bind himself, in the usual manner, to pay into the post office the sum of 72 cents for each No. 1 sack, 55 cents for each No. 2 sack, and 27 cents for each No. 4 sack, lost while in his custody. Books will be furnished to postmasters for the purpose of keeping records of sacks loaned upon application to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies. For money received by postmasters for the loss of mail sacks, receipts should be made in triplicate, the original of which is to be delivered to the payor, the duplicate to be retained by the postmaster, and the triplicate to be forwarded to the Fourth Assistant Postmaster-General for proper action. The amount is to be deposited with other Government funds, and a suitable entry made in the postmaster's quarterly account to cover the transaction.

STANDARD DESIGNS OF MAIL BOXES FOR RURAL AND STAR ROUTES.

26. In accordance with Postmaster-General's Order No. 9277, dated November 10, 1915, all mail boxes, erected on rural and star routes on and after July 1, 1916, must conform to the Department's specifications in every respect and be officially approved.

Two sizes have been designed and adopted:

No. 1 — 18½ inches long, 6¼ inches wide, 7½ inches high: for letters and ordinary mail.

No. 2 — 23½ inches long, 11 inches wide, 14 inches high; for all mail, including parcel post.

Patrons may use either size, as preferred, and will not be required to discard boxes in use July 1st while they remain serviceable.

27. **Concerns authorized to sell boxes.**— The following named concerns have submitted models of boxes complying strictly with the adopted designs, and have been authorized to sell such boxes at not exceeding the respective prices named:

Duluth Corrugating & Roofing Co., Duluth, Minnesota:—
- No. 1 — $1.00 each, f. o. b. Duluth, Minn.
- No. 2 — $2.50 each, f. o. b. Duluth, Minn.

H. E. Hessler Co., 506 N. Salina street, Syracuse, N. Y.:
- No. 1 — $1.00 each, f. o. b., Syracuse, N. Y.

Fred Medart Mfg. Co., Potomac and DeKalb streets, Saint Louis, Mo.:
- No. 1 — $1.00 each, f. o. b., Saint Louis, Mo.
- No. 2 — $2.50 each, f. o. b., Saint Louis, Mo.

Northwestern Mail Box Co., 5029 McKissock avenue, Saint Louis, Mo.:
- No. 1 — $1.00 each, f. o. b., Saint Louis, Mo.
- No. 2 — $2.50 each, f. o. b., Saint Louis, Mo.

Superior Sheet Metal Works Co., 3201 Roosevelt avenue, Indianapolis, Ind.:
- No. 1 — $1,00 each, f. o. b., Indianapolis, Ind.
- No. 2 — $2.75 each, f. o. b., Indianapolis, Ind.

Pioneer Stove & Stamping Co., Hood and "O" Streets, Tacoma, Washington:
- No. 1 — $1.00 each, f. o. b. Tacoma, Washington.

(In later editions of the Postal Guide will appear the names of other manufacturers whose boxes may be approved from time to time.)

28. **Agents to promote sales.**— Authorized manufacturers are not prohibited from employing agents throughout the country to promote the sale of their boxes. But, regardless of any contracts or arrangements between manufacturers and agents, patrons may purchase boxes direct from manufacturers at authorized prices (above named), patrons paying cost of transportation.

29. **Inspection of boxes.**— Each box produced by the authorized manufacturers will be inspected, before shipment, by the postmaster at the place of manufacture, and no box may be erected unless it bears the approval of such postmaster stamped on the inside of the box.

30. **No signaling apparatus or device** of any kind whatever, other than those provided for in the specifications, shall be attached to or made part of a box.

31. **No special designs of posts or supports.**— The Department has not adopted or approved any special designs of posts or supports.

32. **The present regulations,** relative to inscriptions on boxes, method of erection, locks, etc., will continue to be observed.

POSTAL EMPLOYEES.

1. **Civil service examination; preparation of applicants.**— Under Executive Order dated October 13, 1905, no Government employee shall be concerned in any manner in the instruction of applicants for examinations before the Civil Service Commission, under penalty of dismissal from the service.

2. **Probationary appointments of post office employees.**— The civil service act provides that there shall be a period of probation before any absolute appointment, and civil service Rule VII fixes the probationary period at six months.

3. **Probationary period begins.**— The six months' probationary period for every person appointed in the post office service shall begin on the date of appointment as a regular clerk or carrier and not on the date of appointment as substitute.

BONDS OF CLERKS, CARRIERS AND OTHER EMPLOYEES.

4. **Use proper form.**— All bonds of clerks and carriers at first and second-class post offices must hereafter be executed on one of the following forms, which postmasters can obtain on requisition from the Fourth Assistant Postmaster-General (Division of Equipment and Supplies): 1536 (Formerly C-212), Assistant Postmaster's Bond, Corporate Surety; 1652, Assistant Postmaster's Bond, Personal Surety; 1654, Clerk's Bond, Personal Surety; 1537 (Formerly C-208), Clerk's Bond, Corporate Surety; 1905 (Formerly D-107), Carrier's Bond, Personal Surety; 1906 (Formerly D-108), Carrier's Bond, Corporate Surety. Bonds executed on other forms will not be accepted by the Department.

5. Bonds of substitute and regular carriers should be made effective from the date of their appointment as such.

Forms C-215, Employees' Blanket Bond, and D-106, Carriers' Blanket Bond have been discontinued. Forms 1537 (Formerly C-208), and 1117 (Formerly D-108), respectively, should be used in their stead.

Blanks for executing bonds of assistant postmasters, employees, or carriers, should not be supplied to surety companies or their representatives, and when such bonds are to be executed the necessary blank will be furnished the principal by the postmaster.

6. In force until renewed.—Bonds executed on the forms above mentioned, when accepted by the Department, will, unless the employee is transferred to another branch of the service, remain in force until renewed by direction of the Department or at the request of the clerk or carrier concerned or of the surety.

7. Amount of bond.—The bonds of assistant postmasters and cashiers may be fixed in any sum from $1,000 to 25 per cent of the bond of the postmaster, but in no case will a bond for a sum less than $1,000 be accepted. Carriers' and substitute carriers' bonds must be executed in the sum of $1,000. The amount of bond of other employees in first and second class offices may be fixed by the postmaster in accordance with the financial responsibility of the employee, but in no case will a bond for less than $1,000 be accepted. In fixing the amount of the bonds of other employees, postmasters will be guided by the following schedule:

Assistant cashier	$1,000 to	$20,000	Finance clerk	$2,000 to	$20,000

AUTHORITY FOR EXPENDITURES FOR CLERICAL AND CARRIER SERVICE.

11. **Authorized expenditures.**— Postmasters are not authorized to expend money for clerical or carrier service without obtaining in advance a specific allowance from the Department, except —

(*a*) For substitutes for clerks and carriers absent without pay. (See page 63 hereof.)

(*b*) For substitutes for clerks and carriers absent on civil service duty or in attendance as witnesses for the Government before a United States court, for which purposes such expenditures may be made as are absolutely necessary, the amounts being reported by letter to the First Assistant Postmaster-General, Division of Post Office Service, promptly at the end of each quarter so that allowances to cover the expenditures may be granted. On the vouchers sent to the Auditor credit for payments should be claimed on line 1 reading "Auxiliary and Temporary," Form 1622-a being used for clerks and Form 1662-a for carriers.

(*c*) For overtime of regular employees. (See page 62 hereof.)

12. **Unauthorized expenditures.**— Great care should be exercised *to make no expenditure without authority*, as credit for unauthorized expenditures will not be allowed by the Auditor. In cases of emergency, allowances may be requested by telegraph.

13. **Vouchers.**— Care should also be used to take receipts on the proper voucher and to enter the expenditures in the proper place thereon. Every allowance letter will contain explicit instructions for claiming credit, which should be exactly followed.

14. **Quarterly report of expenditures.**— On July 1, October 1, January 1, and April 1, of each year, postmasters should forward to the Division of Post Office Service, a report on Form 1525 (Formerly C-225) of expenditures during the preceding three months for clerical service, and on Form 1809 (formerly D-9), a similar report for carrier service. These reports should always include the business of the entire quarter, even though a change of postmasters occurred during that period.

PAYMENT OF SALARIES.

15. **Salary receipts.**— Receipts for payments of salary to post office employees must not be taken before the payments are actually made. The pay-rolls or other receipt forms must be fully made out in ink before they are signed, and the exact amount paid to each employee must be entered thereon. This applies to semi-monthly rolls as well as to quarterly vouchers submitted to the Auditor.

16. **Semi-monthly payments.**— Paragraph 8 of section 384, Postal Laws and Regulations, reads as follows: "8. Postmasters shall be prepared to pay salaries semi-monthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last days of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. When the postal funds of the office are not sufficient to make such payments transfers should be made from the money-order to the postal account. If the available postal and money-order funds combined are insufficient for this purpose, application should be made on Form 3011 to the Third Assistant Postmaster-General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 may be obtained upon requisition to the Third Assistant Postmaster-General." (See sec. 382, P. L. and R.— Note.)

COMPENSATION OF REGULAR CLERKS AND CITY CARRIERS.

17. **Salary tables.**— All payments of salaries to regular clerks, city carriers and other postal employees receiving salary or compensation at an annual or monthly rate shall be computed in accordance with the rule stated in paragraph 31 on page 89. Salary Tables prepared in accordance with this rule may be secured in pamphlet form upon application to the Third Assistant Postmaster-General (Division of Finance).

18. **Full service.**— For each full calendar month's service a clerk or carrier is entitled to one-twelfth of his annual salary. For absence without pay during any full calendar month he loses one-twelfth of his annual salary. When a clerk or carrier is absent during an entire month that fact should be stated in the quarterly voucher.

19. **Part service.**— A clerk or a carrier appointed to or separated from the service during a month is entitled for each day's service to one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the monthly compensation according to the number of days in the month in which the work is performed.

20. **Deductions for absence.**— For each day's absence without pay on the part of a regular clerk or carrier a deduction of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first should be made from the monthly compensation according to the number of days in the month in which the absence occurred. (See par. 53.)

21. **Absent part of a day.**— Absence without pay of regular clerks and carriers for part of a day should be recorded in hours and fractions thereof, an hour being equivalent to one-eighth of a day. At the end of the pay period the recorded absences should be added and deduction made for the nearest whole number of hours, thirty minutes or more being regarded as one hour and less than thirty minutes being ignored. Clerks should not be excused for fractions of an hour unless absolutely necessary.

22. 8-in-10 hour law; overtime; compensatory time.—Section 5 of the Postal Act approved August 24, 1912, provides:

"That on and after March fourth, nineteen hundred and thirteen, letter carriers in the City Delivery Service and clerks in first and second class post offices shall be required to work not more than eight hours a day: Provided, That the eight hours of service shall not extend over a longer period than ten consecutive hours, and the schedules of duty of the employees shall be regulated accordingly.

"That in cases of emergency, or if the needs of the service require letter carriers in the City Delivery Service and clerks in first and second class post offices can be required to work in excess of eight hours a day, and for such additional services they shall be paid extra in proportion to their salaries as fixed by law.

"That should the needs of the service require the employment on Sunday of letter carriers in the City Delivery Service and clerks in first and second class post offices, the employees who are required and ordered to perform Sunday work shall be allowed compensatory time on one of the six days following the Sunday on which they perform such service."

(*a*) The Comptroller of the Treasury in a decision rendered March 19, 1913, holds that letter carriers and clerks are not entitled to pay for overtime unless they perform service in excess of eight hours a day without regard to the period within which the service is performed. Therefore a carrier or clerk who works eight hours or less during a day is not entitled to additional pay even though a part of such service is performed after the ten hour limit has expired. However, postmasters are enjoined to observe the law strictly and arrange schedules for eight hours' daily service within ten consecutive hours. Whenever, for any reason, it is necessary to have a clerk or carrier report for a tour of duty at a later hour than that fixed by the schedule he may be given a "swing" provided his eight hours of daily service shall still be within a ten hour period.

(*b*) If a carrier or clerk covers his regular tours of duty and performs the services required of him, he is entitled to a full day's pay even though he may have been engaged less than eight hours on his work, and for overtime he is entitled to pay in proportion to his salary. However, the Department requires that overtime shall be diligently avoided and permitted only in cases of emergency when it is impossible to secure substitutes to perform the necessary extra service.

(*c*) Overtime must be reported at the end of each quarter on Form 1809 (formerly D-9) for carriers and Form 1525 (formerly C-225) for clerks, and payments should be made on separate vouchers, Form 1501-b for carriers and Form 1500-b for clerks, marked "Overtime." The number of hours made during each month of the quarter must be noted on this pay roll. Payments may be made without first securing a specific allowance from the Department to cover the expenditure. The instructions in paragraph 24 should be followed in computing the amount earned for overtime.

(*d*) Regular carriers and clerks must not be employed overtime in place of carriers and clerks absent without pay or on leave of absence with pay; substitutes should be employed for such work. When there are no substitutes available and no eligibles on the register who will accept appointment for the service required postmasters are authorized to nominate any suitable person between the ages of eighteen and forty-five for appointment as temporary substitute carriers or temporary substitute clerks, such nominations to be made on Form 1943 (formerly D-101) or Form 1531 (formerly C-201) and forwarded in the usual manner to the District Civil Service Secretary for indorsement and transmission to the Department.

(*e*) Compensatory time for Sunday service must be given on one of the six following days and not distributed over two or more days.

(*f*) The restrictions in the law above referred to do not apply to substitutes as they are paid by the hour for the time actually employed. When substitute clerks are not available substitute carriers may perform any kind of substitute clerk service and similarly substitute clerks may perform any kind of substitute carrier service, but care must be used to see that payment is made from the proper allowance.

(*g*) Carriers must not be required to perform any clerical duty (see Sec. 701, P. L. & R.) nor are clerks permitted to perform carrier service, as each kind of service is paid for out of a separate appropriation.

COMPENSATION FOR AUXILIARY, SUBSTITUTE, AND TEMPORARY SERVICE.

23. Rate per hour.—All service performed by substitute clerks and carriers shall be paid for at the rate of 35 cents an hour except that 40 cents an hour shall be paid to substitutes for service in place of regular clerks and carriers absent *without pay*. In making payments they should observe carefully the following instructions:

24. Computing time.—Enter in each substitute's service record (Form 1592 or 1593) the exact length of time, in hours and minutes, during which he actually serves every day, whether Sunday, holiday, or working day. At the end of each half month find, by adding such entries, his total time of service during that period, and pay him for the nearest whole number of hours, counting a fraction of an hour amounting to 30 minutes or more as one hour and ignoring a fraction amounting to less than 30 minutes. Thus, for 29 hours and 30 minutes pay for 30 hours; for 29 hours and 29 minutes pay for 29 hours. Substitute clerks should not be employed for fractions of hours unless absolutely necessary. A specific allowance to cover such service must be secured in advance.

SUBSTITUTES FOR ASSISTANT POSTMASTERS.

25. **Lapsed salary not available.**— A substitute for an assistant postmaster can not be paid from his lapsed salary, but when absolutely necessary the Department will authorize the employment of a temporary clerk at the rate of 35 cents an hour during the absence of an assistant postmaster in excess of the fifteen days allowed by law.

SUBSTITUTES FOR EMPLOYEES ABSENT WITHOUT PAY.

26. **Use of lapsed salaries.**— Postmasters are authorized, without application to the Department, to utilize the amounts deducted during each quarter from the salaries of regular clerks absent without pay for the employment of substitutes for such clerks at the rate of 40 cents an hour, and similarly to utilize the amounts deducted from the salaries of regular carriers absent without pay for the employment of substitutes for such carriers at the rate of 40 cents an hour, either in the quarter in which the deductions are made or in any subsequent quarter of the same fiscal year. Lapsed salaries of regular clerks and carriers must not be used in payment for auxiliary or temporary service unless such service is due to the absence of regular employees, or used for the employment of substitutes for clerks or carriers on leave with pay. The Auditor will allow credit each quarter for the actual expenditures only. When an interval occurs between the separation of a clerk or carrier and the appointment of a successor the salary for the position reverts to the Department and can not be used for substitute service.

27. **Supplemental allowances.**— If the reports required by paragraph 14 show that the amount deducted in any quarter from the salaries of regular clerks or carriers plus any unexpended balance brought forward from the preceding quarters of the same fiscal year prove insufficient to pay for necessary substitute service at the rate of 40 cents an hour, the difference will be authorized so that the Auditor may pass the accounts. It is not necessary to ask by letter for such allowances but the reports on Form 1525 (formerly C-225) and Form 1809 (formerly D-9) must be made as required by instructions in paragraph 14.

28. **Charge expenditure to proper allowance.**— It should be borne in mind that allowances for clerical service and allowances for carrier service are granted out of separate appropriations. Care should be exercised to use each allowance for the object for which it was granted, and on the vouchers sent to the Auditor, to enter the amount expended on the proper line, number 1 for auxiliary service, 2 for vacation service, or 3 for service vice regular employees absent without pay.

SUBSTITUTES FOR LABORERS ABSENT WITHOUT PAY.

29. **Not allowed.**— If a regular laborer is absent without pay and it is necessary to fill the vacancy, the postmaster is authorized to select any one eligible for appointment to serve at the same salary as the regular laborer during such laborer's absence. The name of the substitute, the number of days he served, and the name and salary of the employee for whom he served should be reported at the end of the quarter to the First Assistant Postmaster-General, Division of Post Office Service. The Auditor will be authorized to allow credit for his salary as a regular employee for the time during which he served. He should sign the regular voucher (Form 1623-a.)

PROMOTIONS, REDUCTIONS, AND TRANSFERS.

30. **Recommendations.**— Thirty days before the end of each quarter recommendations should be submitted either for or against the promotion of every clerk or carrier who at the end of the quarter will have completed a year's service in any of the grades from $800 to $1,000, inclusive, at a first-class office, or from $800 to $900, inclusive, at a second-class office. Recommendations for the promotion of clerks should be submitted on Form 1534 (formerly C-204) in triplicate, and of carriers on Form 1939 (formerly D-104) in triplicate. Recommendations that promotion be withheld from clerks should be submitted on Form 1535 (formerly C-205) in duplicate, and recommendations that promotion be withheld from carriers, on Form 1938 (formerly D-105) in duplicate. In all cases give the specific reason for withholding a promotion.

31. **To highest grade.**— Promotions to the 1200-dollar grade at first-class offices and to the 1100-dollar grade at second-class offices are granted as a reward for especially meritorious service when additional positions in those grades are authorized by Congress. Recommendations should be submitted on Form 1530 for clerks and on Form 1941 for carriers.

32. **When absent without pay.**— If a clerk or carrier has been absent without pay for any cause for ninety days or more during the year following his appointment or his last promotion, he should not be recommended for further promotion until the completion of another quarter's service; if he has been absent one hundred and eighty days or more, he should not be recommended for promotion until the completion of two more quarters' service; if two hundred and seventy days or more, not until the completion of three more quarters' service.

33. **When reduced or promotion is withheld.**— A clerk or carrier failing of promotion must remain in the same grade for two quarters (six months) longer before becoming eligible for promotion. A clerk or carrier who is reduced to a lower grade may be restored to his former salary

(or partially restored if he has been reduced more than one grade) at the beginning of the next quarter or of any quarter thereafter. One year after being restored to his former salary, he will be eligible for further promotion, provided his record in the meantime has been satisfactory. Thus, if a clerk or carrier fails of promotion on October 1, 1916, he will not be again eligible until April 1, 1917. If a clerk or carrier is reduced on October 15, 1916, he may be restored to his former salary on January 1, 1917, and will be eligible for further promotion on January 1, 1918.

34. **Seeking outside influence is forbidden.**— No recommendation for the promotion of any employee in the classified service shall be considered, except it be made by the officer or officers under whose supervision or control such employee is serving; and such recommendation by any other person with the knowledge and consent of the employee shall be sufficient cause for debarring him from the promotion proposed, and a repetition of the offense shall be sufficient cause for removing him from the service.

35. **Transfers between clerical and carrier force.**— Transfers from the clerical to the carrier force and the reverse, and from one office to another, are made only on the recommendation of the postmasters affected. All questions of transfer should therefore be taken up directly with such postmasters.

36. **Time credits on transfers.**— An employee transferred from clerk to carrier or vice versa, or from one office to another should receive full credit for his service before the transfer.

37. **Mutual exchange.**— In effecting a mutual exchange between a clerk and a city letter carrier the carrier should not be transferred to a higher grade than that of the clerk. A carrier must pass a case examination to be eligible for transfer to clerk. Recommendations for the transfer of a clerk to the carrier force and the reverse, should include a statement as to whether each applicant is physically able and otherwise qualified to perform the duties of the position to which he is to be assigned and whether the carrier has passed a creditable case examination on general scheme within the year next preceding the date of application for transfer, giving the date on which the examination was taken and the rating attained. Recommendations for transfers and mutual exchanges should be submitted to the First Assistant Postmaster-General on the proper form in quadruplicate, accompanied by the written application of each employee affected. For mutual exchanges use Form 1533 (formerly C-203) in quadruplicate; for transfer from the clerical to the carrier force use Form 1944 (formerly D-102), and for transfer from the carrier to the clerical force use Form 1533 (in quadruplicate).

38. **Transfer of regular to substitute.**— The ruling of the Civil Service Commission regarding transfers between the substitute clerk and the substitute carrier force is as follows:

"Transfers [of regular employees] to the substitute force of a post office . . . may be made to any position on the substitute list. A substitute transferred from one post office to another shall go to the foot of the substitute list.

39. **Transfer of substitutes.**—"The transfer of a substitute within a post office from the clerk to the carrier substitute force, or vice versa, may not be made except to the foot of the substitute roll: Provided, That a mutual exchange of positions between a substitute clerk and a substitute carrier may be made, but not to any higher position on the substitute roll than that to which each would have been entitled if his original appointment had been to the roll to which transferred: And provided further, That when a substitute is transferred from the clerk to the carrier roll, or vice versa, and afterwards retransferred to the roll upon which his name originally appeared, then his name shall be entered upon such roll in the order of his original appointment."

40. **Substitute appointed regular.**— A substitute clerk can not be appointed directly to the position of regular carrier nor a substitute carrier directly to the position of regular clerk.

41. **Transfers of substitutes — Forms to use.**— Transfers from the substitute clerk to the substitute carrier roll should be reported to the First Assistant Postmaster-General on Form 1943 (formerly D-101) in quadruplicate; transfers from the substitute carrier to the substitute clerk roll and mutual transfers between substitute clerks and substitute carriers should be reported on Form 1533 (formerly C-203) in quadruplicate.

42. **Unlawful to give consideration for an exchange of position.**— Clerks, letter carriers and employees of post offices are warned that it is unlawful to give or receive payment, directly or indirectly, to effect an exchange of positions in the same or different post offices, or any place in the public service, the offense being punishable by fine and imprisonment in accordance with the provisions of section 112 of the Penal Code, which reads:

"Whoever, being elected or appointed a Member of or Delegate to Congress, or a Resident Commissioner, shall, after his election or appointment and either before or after he has qualified, and during his continuance in office, or being an officer or agent of the United States, shall directly or indirectly take, receive, or agree to receive, from any person, any money, property, or other valuable consideration whatever, for procuring, or aiding to procure, any contract, appointive office, or place, from the United States or from any officer or department thereof, for any person whatever, or for giving any such contract, appointive office, or place to any person whomsoever; or whoever, directly or indirectly, shall offer, or agree to give, or shall give, or bestow, any money, property, or other valuable consideration whatever, for the procuring, or aiding to procure, any such contract, appointive office, or place, shall be fined not more than ten thousand dollars and imprisoned not more than two years; and shall, moreover, be disqualified from holding any office of honor, profit, or trust under the Government of the United States. Any such contract or agreement may, at the option of the President, be declared void."

FILLING OF VACANCIES IN CLERICAL AND CITY CARRIER FORCES.

43. **Changes may be recommended.**— When a vacancy occurs in the post office force, whether caused by an employee's separation from the service, promotion, or reduction, changes may be recommended as follows:

44. **Vacancies in positions above the highest grade of clerks.**— When a vacancy occurs in a position above the highest grade of clerks (that is, a position paying more than $1,200 a year), the postmaster may recommend the promotion to such position of an employee occupying any other position above the highest grade of clerks (that is, the $1,200 grade), or the promotion of a clerk of the highest grade in the office concerned, provided that such clerk has served satisfactorily during the preceding year. Such changes may take effect on any day following the date on which the vacancy occurs.

45. **Vacancies in clerk and carrier grades.**— A vacancy in the clerical or carrier grades (that is $800 to $1,200) may be filled only by the appointment of a clerk or carrier at $800, except when the Department authorizes the postmaster to fill it by reinstatement or transfer. Appointments may take effect on the day following the date on which the vacancy occurs.

46. **Vacancies in mechanical and subclerical positions.**— A vacancy in a mechanical or subclerical position (carpenter, janitor, laborer, etc.) may be filled, as heretofore, by promotion or by appointment, the changes to take effect on any day following the date on which the vacancy occurs.

47. **Forms to be used.**— In reporting the choice of substitute clerks from the Civil Service register use Form 1531 (formerly C-201). In reporting the choice of substitute carriers use Form 1943 (formerly D-101). In recommending the promotion of employees in the higher positions (above $1,200), the appointment of regular clerks at $800, transfers to the clerical force, and joint transfers between clerks and carriers, use Form 1533 (formerly C-203), in triplicate. In recommending the appointment of regular carriers at $800 and transfers to the carrier force use Form 1944 (formerly D-102). All recommendations should be submitted in triplicate except recommendations for transfers between the clerical and carrier forces, which should be in quadruplicate. Do not use the forms above mentioned in recommending the promotion of clerks or carriers in the grades from $800 to $1,200. (See paragraphs 30 and 31.)

REINSTATEMENTS.

48. **Form of recommendation.**— Every recommendation for reinstatement must be accompanied by a statement showing that the person whose reinstatement is sought has not two or more members of his family already in the competitive service, and must be made in triplicate on Form 1532 (formerly C-202), or Form 1944 (formerly D-102), except that recommendations for reinstatement to the position of substitute carrier should be made on Form 1943 (formerly D-101).

LEAVE OF ABSENCE FOR CLERKS AND CITY CARRIERS IN FIRST AND SECOND CLASS OFFICES.

49. **Clerks — With pay.**— Leave of absence with pay cannot be granted to officers and employees, except letter carriers, in first and second-class post offices until they have been regularly employed in such offices for one year. After an employee has completed a year's service he should receive leave of absence with pay for fifteen days, exclusive of Sundays and holidays, during the remainder of the fiscal year ending June 30. During the following fiscal year beginning July 1, and each succeeding fiscal year, he should be granted fifteen days, exclusive of Sundays and holidays, at such time as he can be most conveniently spared. Temporary employees are not entitled to leave of absence with pay.

50. **Carriers — With pay.**— City carriers in the service on the 1st day of July should be granted leave of absence with pay for fifteen days, exclusive of Sundays and holidays, at such time before the following June 30 as they can be best spared from their duties. Carriers entering the service after the 1st day of July should be granted, before the following June 30, one and a quarter days' leave of absence for each month elapsing between their appointment and that date.

51. **Sundays and holidays occurring during vacation.**— Postmasters are not authorized to require clerks and carriers to return to work on Sundays and holidays during their vacations and should not endeavor to assign vacations so as to exclude Sundays and holidays, but should give as many of their employees as possible the full benefit of the Act of Congress providing that Sundays and holidays shall not be included in leave of absence with pay. The privilege of taking vacations that include holidays should be given to different employees in rotation so as to avoid any complaint of injustice. No additional expense should be incurred by reason of the absence of employees on vacation on Sundays and holidays, the employees remaining on duty being required to work additional time if necessary.

52. **Sundays or holidays at beginning or end of period of leave without pay.**— Clerks and carriers will be paid for Sundays or holidays occurring *at the beginning or end* of a period of absence without pay unless scheduled to work on such days; but not for Sundays and holidays occurring *within* the period of absence, whether scheduled to work on such days or not.

53. **Leave without pay.**— Postmasters may, in addition to the leave of absence with pay provided by law, grant leave of absence without pay to clerks and carriers in case of illness, disability received in the service, or other urgent necessity, such leave not to exceed thirty days in any one calendar year. An application for leave of absence to cover a longer period in cases of illness

must be submitted by the postmaster to the First Assistant Postmaster General with a full statement of the facts; but leave for more than one hundred and fifty days in one calendar year will not be granted in any such case. Clerks and carriers who desire to be absent for longer periods will be dropped from the rolls without prejudice. Unnecessary absence without pay will adversely affect the employee's efficiency records.

54. Service in National Guard.—In order to correct a misconception that seems to exist as to the attitude of the Department in regard to enlistment and service in the national guard by employees of the postal service, the following order has been issued:

"ORDERED, That leaves of absence without pay, in addition to the leave of absence with pay authorized by law, will be granted to postal employees who are members of the national guard when called upon to perform military duty by competent authority."

The Department believes that the national guard should be encouraged in every way and that it is feasible for postmasters to arrange the duties of employees so that leaves of absence to perform military duty may be granted without detriment to the service. In cases of emergency, where the entire guard is called out and to grant leaves of absence to all of the employees of the post office who are members of the national guard would seriously embarrass the postal service, it is believed that, upon proper representations by the postmasters, commanding officers will relieve from duty those employees whose services are imperatively needed in post office work.

EFFICIENCY AND DISCIPLINE OF CLERKS AND CITY CARRIERS IN FIRST AND SECOND CLASS OFFICES.

55. Record of efficiency.—Postmasters at first and second-class offices are required to keep a record of the efficiency of their clerks and carriers in accordance with the instructions issued by the Department under date of September 25, 1914, copies of which can be obtained from the Fourth Assistant Postmaster-General (Division of Equipment and Supplies). Failure to keep this record will be noted as an irregularity against the record of the postmaster.

56. Case examinations.—Clerks who at any time are required to make up mail for dispatch, as well as clerks whose time is principally devoted to such work, shall pass a case examination at least once each year, attaining a rating of not less than 95 per cent. and throwing correctly not less than sixteen cards per minute. In offices having a superintendent of mails the examination will be given by that officer; at other offices the postmaster should arrange for these examinations with the Superintendent, Railway Mail Service, of the division in which the post office is located.

(*a*) Clerks whose duties require them to distribute incoming mail shall take examinations on schemes of local distribution, prepared under the direction of the postmaster. A sample of such a scheme may be secured by postmasters upon application to the First Assistant Postmaster-General, Division of Post Office Service.

(*b*) Clerks handling mail will not be promoted unless they have successfully passed the required examination. They should also be frequently questioned concerning the proper route on which mails are dispatched from their office and the orders given for making up mail.

57. Manual.—Clerks and carriers should thoroughly familiarize themselves with the Manual recently issued by the Department and be prepared to pass examinations thereon. Instructions will be issued at a later date concerning the manner of holding the examinations, their scope, how conducted, and the weight the ratings attained will have on the employees' general efficiency record.

58. Removals and reductions.—The practice of fining or temporarily suspending clerks and letter carriers without pay for purposes of discipline has been discontinued. However, if an employee should be guilty of an offense so flagrant as in the postmaster's judgment to render desirable his immediate removal from the service, he may be suspended from duty pending final action in the case. Authority for such suspension must be requested by telegram, to be followed promptly by a letter stating the facts in detail.

(*a*) When a clerk or carrier is guilty of serious misconduct or his low efficiency rating requires it, he may be reduced in salary one or more grades.

(*b*) Reductions or removals may be made only after written charges have been preferred in accordance with the requirements of section 6 of the Act approved August 24, 1912, which reads:

"SEC. 6. That no person in the classified civil service of the United States shall be removed therefrom except for such cause as will promote the efficiency of said service and for reasons given in writing, and the person whose removal is sought shall have notice of the same and of any charges preferred against him, and be furnished with a copy thereof, and also be allowed a reasonable time for personally answering the same in writing; and affidavits in support thereof; but no examination of witnesses nor any trial or hearing shall be required except in the discretion of the officer making the removal; and copies of charges, notice of hearing, answer, reasons for removal, and of the order of removal shall be made a part of the records of the proper department or office, as shall also the reasons for reduction in rank or compensation; and copies of the same shall be furnished to the person affected upon request, and the Civil Service Commission also shall, upon request, be furnished copies of the same: *Provided, however,* That membership in any society, association, club, or other form of organization of postal employees not affiliated with any outside organization imposing an obligation or duty upon them to engage in any strike, or proposing to assist them in any strike, against the United States, having for its objects, among other things, improvements in the condition of labor of its members, including hours of labor and compensation therefor and leave of absence, by any person or groups of persons in said postal service, or the presenting by any such person or groups of persons of any grievance or grievances to the Congress or any Member thereof shall not constitute or be cause for reduction in rank or compensation or removal of such person or groups of persons from said service. The right of persons employed in the civil service of the United States, either individually or collectively, to petition Congress, or any Member thereof, or to furnish information to either House of Congress, or to any committee or member thereof, shall not be denied or interfered with." (See section 29, P. L. & R.)

INJURED EMPLOYEES.

59. Reports on, and applications for leave with pay.— When an employee is injured while on duty the postmaster should immediately ascertain and make a record of all the facts, so that if a claim is made for leave of absence with pay on account of such injury, under the provisions of Sections 5a and 5b of the Postal Laws and Regulations (Act of March 9, 1914), the application may be forwarded to the Department with all needful information as to nature of injury, how it occurred, date, hour, circumstances, affidavits of witnesses, etc.

(a) Applications for leave of absence with pay on account of injury received while on duty, should be made on forms furnished by the Department, in periods of not exceeding thirty days at a time. The form should bear the employee's statement, certificate of the attending physician, show on the face thereof the postmaster's approval or disapproval of the claim, together with his signature, and be executed before an officer authorized to administer oaths, who has an official seal.

(b) In presenting the claim to the Department the postmaster should comment on the evidence and affidavits, and submit all additional facts in his possession, showing length of time employee worked after injury; how soon injury was reported to supervisory officer; whether immediate medical assistance or first-aid was rendered; actual number of days and hours absent from duty as result of injury; whether employee was visited from time to time by supervisory officer, and if so, whether he was found to be incapacitated for duty during the entire time, and his personal suggestion as to whether the claim should be allowed in whole or in part.

(c) Reports of the accident and termination of disability should be made on Forms C. A.—1B and C. A.—2B.

GOVERNMENT EMPLOYEES GUILTY OF EXTORTION.

60. Punishment for.— "* * * Every officer, clerk, agent, or employee of the United States, and every person representing himself to be or assuming to act as such officer, clerk, agent, or employee, who is guilty of extortion under color of his office, clerkship, agency, or employment, and every person who shall attempt any act which if performed would make him guilty of such extortion, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or by both such fine and imprisonment, except those officers or agents of the United States otherwise differently and specially provided for in the subsequent sections of this chapter." (Act of Congress approved June 28, 1906.)

COMPENSATION OF NOTARIES PUBLIC WHO ARE GOVERNMENT EMPLOYEES.

61. Notarial service during office hours.— No officer, clerk, or employee in the Executive service of the Government (except postmasters at offices of the fourth class and rural carriers), who is also a notary public, shall charge or receive any compensation whatever for performing any notarial act for an officer, clerk, or employee of the Government in his official capacity, or for any person when, in the case of such person, the act is performed during the hours of such notary's service to the Government. Disobedience of this order shall be ground for immediate dismissal from the service. The order does not apply to oaths of disinterestedness or other oaths required to be made by law, provided that the work in connection therewith is not performed during office hours. (See sec. 156, P. L. & R.)

CITY DELIVERY SERVICE.

Section 606, Postal Laws and Regulations, which governs the delivery of mail at city delivery offices is amplified by the instructions below.

1. If patrons so direct, mail intended for them, however addressed, will be delivered in one way — by carrier through general delivery, or through rented box; otherwise, mail will be delivered as addressed.

2. Heavy or bulky packages of mail of any class shall be delivered as addressed, except that second-class mail shall not be delivered to street addresses whenever the quantity for any patron, regardless of the number of packages or parcels, exceeds the weight or size limit prescribed for parcel post mail. No distinction is to be made in the matter of delivery between the different classes of mail except as noted herein.

3. Parcel post mail for patrons who receive mail through the general delivery or rented boxes may be delivered by carrier upon request.

4. Postmasters are not required to withdraw mail in the course of delivery by carrier in order to deliver it to callers. (Mail is considered to be in course of delivery as soon as it has been distributed to the carriers.)

5. Carriers shall not be required to deliver mail above the second floor of office buildings not equipped with elevators, nor to the different rooms or suites on any floor in apartment houses, whether or not they are equipped with elevators.

6. City delivery limits may not be extended by postmasters without specific authority from the Department. (See sec. 667, Postal Laws and Regulations.) Such authority will be given only when the territory to which it is proposed to extend service is provided with good continuous sidewalks, crosswalks, street lights and street signs, and when the houses are numbered and provided with mail receptacles or slots in the doors for the receipt of mail. Service will not be

extended to any block in which less than 50 per cent of the building lots are improved and houses occupied. When two or more building lots constitute the grounds of one residence the plot may be regarded as improved.

7. When recommending the extension of service the postmaster must certify that each of the foregoing requirements is met, and must show clearly the relation of the extension to the territory already being served, the number of deliveries to be made daily, the distance the carrier will travel and the time required to serve the new territory, and whether additional cost to the Department is involved.

SPECIAL DELIVERY SERVICE.

8. **Regulations.**— The attention of postmasters is directed to sections 845 to 874, Postal Laws and Regulations, relating to special delivery mail, which should be studied and carefully observed.

RURAL DELIVERY SERVICE.

1. **Change in delivery limits.**— The attention of postmasters is called to the fact that section 717 of the P. L. & R. has been amended so as to provide that all persons, except those residing within the city delivery limits of an office where city delivery service is in operation, may be served by rural carriers.

2. **Rural service on holidays.**— Rural routes shall be served on all holidays and State holidays not mentioned in section 735, P. L. & R., and carriers failing to perform service on such days shall not only suffer deduction in salary but are subject to disciplinary action by the Department.

ANNUAL LEAVE AND COMPUTATION OF PAY OF CARRIERS.

3. **Leave with pay.**— Rural letter carriers, after twelve months' continuous service as regular carriers, are allowed annual leave, with pay, not to exceed fifteen days, exclusive of Sundays and holidays, which must be taken within the fiscal year (July 1 to June 30). Any unused portion of such leave can not be allowed during a subsequent fiscal year, but after a rural letter carrier has completed a year's service he should receive leave of absence with pay for fifteen days, exclusive of Sundays and holidays, during the remainder of the fiscal year ending June 30. During the following fiscal year beginning July 1, and each succeeding fiscal year, he should be granted fifteen days' leave of absence with pay, exclusive of Sundays and holidays, at such time as he can be most conveniently spared.

4. **Leave with pay on tri-weekly routes.**— Carriers on one tri-weekly route will be charged in multiples of two days for each service day they are absent from duty. Example: If absent Monday, Wednesday and Friday, the days on which route is to be served, a total of six days will be charged against carrier and substitute paid accordingly.

If a carrier on one tri-weekly route takes his full quota of fifteen days' leave all at one period, then he will be charged with fifteen days, and substitute paid accordingly.

NOTE.— In cases like the above, the fifteen days are not to be construed as consisting only of service days, but both service days and intervening days, exclusive of Sundays and holidays.

5. **Services required on Christmas.**— Rural carriers shall not be granted annual leave of absence on December 25th, Christmas Day. (See section 735, P. L. & R.)

If on account of sickness, or other valid reason, a carrier is unable to serve his route on Christmas Day, or the day observed as Christmas, he must employ a substitute at his own expense to serve the route.

6. **Sunday service not required of substitutes.**— Substitute carriers serving for rural carriers who are on annual leave with pay will not be required to report at offices on Sundays and holidays and will not be paid for such days; but if it is essential during such annual leave period that any service be performed on Sundays and those holidays on which service is suspended, then it must be done by a regular carrier.

7. **When carrier may serve as substitute.**— A rural carrier absent without pay can serve as substitute for another carrier absent without pay in an emergency. A rural carrier on leave of absence with pay shall not be employed as substitute for another rural carrier on leave of absence with pay.

8. **Substitute may serve on any route.**— Where there are two or more rural routes from the same office, any properly bonded substitute may serve during the carrier's annual leave; that is, the substitute for carrier on route No. 1 may serve during the annual leave of carriers on routes Nos. 2 and 3, if the latter have no substitutes available.

9. **Substitute vouchers to be certified promptly.**— Postmasters should prepare promptly the vouchers (form 4253) covering annual leave service, giving the precise dates on which leave is taken, and which detail must agree as to the total number of days stated in the vouchers, which are to be sent at once to the paying postmasters. Substitute carriers' vouchers may cover service in different months or quarters, provided the service was all rendered during the same fiscal year, but must not cover service in two fiscal years. Vouchers must not be sent to paying postmasters until the vacation period has expired. (See section 732, P. L. & R.)

10. **Names of regular and substitute to be entered in substitute vouchers.**— In the preparation of voucher for the payment of substitute rural carriers, the names of both the regular and substitute carriers must be written in the voucher. In the absence of the postmaster, the assistant

postmaster may certify to regular, temporary or substitute rural carrier's vouchers, giving names and titles. Example:

"John W. Smith, Postmaster,
"By William L. Jones, Ass't Postmaster."

11. Monthly pay.—A regular or temporary carrier serving the whole of any calendar month is entitled to one-twelfth of the annual salary.

12. Basis of pay for part of a month.—On and after July 1, 1911, regular or temporary carriers appointed to or separated from the service during a month will be paid for each day's service, including intervening Sundays and holidays, performed by them on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation, according to the number of days in the particular month in which service is rendered. Use column in salary tables headed by number of day in month in which the service was performed.

DEDUCTIONS FROM REGULAR OR TEMPORARY CARRIERS' PAY.

13. Suspension from duty.—When a carrier is suspended from duty without pay and a temporary carrier is appointed in his stead, the deduction from the salary of the regular carrier and payment to the temporary carrier should be made on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation for each day's absence or service, including intervening Sundays and holidays, according to the number of days in the particular month in which the suspension occurs. Use column in salary tables headed by number of days in month in which the suspension occurred. If the carrier is absent a full calendar month, then he loses one-twelfth of his annual rate of pay.

14. Total suspension of service.—Whenever service is suspended on a rural route on a day other than Sunday or one of the authorized holidays indicated in Section 735, P. L. & R., a deduction of one day's pay must be made from the salary of the carrier for each day on which no service was performed on the route. The fact that the carrier reported at the post office does not necessarily entitled him to pay. (See section 758, P. L. & R.) A deduction of one day's pay must also be made from the salary of a rural carrier for each Sunday and legal holiday on which he fails to report at the post office for one hour when directed by the postmaster to do so in accordance with the provisions of Section 774, P. L. & R.

15. Partial suspension of service.—When only partial service is rendered the postmaster will review carefully the statement made by each carrier who has failed to serve his entire route and when it is ascertained that the carrier made every endeavor to render complete service deduction shall *not* be made from the carrier's salary, but the circumstances should be fully explained in the monthly report.

Whenever the route is only partly served and the partial failure may be attributed to the condition of the carrier's stock or equipment, or is due to his failure, in stormy weather or in time of high water or bad roads, to use every endeavor to serve his entire route by traveling every road available; whenever the failure is due to lack of interest in the service or misconduct on the part of the carrier, sickness or any reason of a personal nature to the carrier, a deduction shall be made from his salary as directed in the "Rule for Deductions" on the inside of the front cover to the "Rural Delivery Salary Tables."

Upon reaching an obstructed point, a stream which is unfordable or a bridge which can not be crossed, the carrier should make such deviation from the official line of travel as to avoid the obstruction. If this is not possible he must return immediately to the post office and start out on the return portion of the route. Whenever, after leaving the post office, the carrier finds that he can not reach his route, he must travel some other roads, although they may be covered by another carrier, and make every endeavor to serve the patrons. The excuse that the roads are slippery will not be considered, as each carrier must be equipped to serve his route under all conditions of weather or roads.

PAY OF SUBSTITUTE AND TEMPORARY SUBSTITUTE CARRIERS.

16. When regular or temporary carriers are on leave without pay.—Whenever, during the absence of a regular or temporary carrier (except when absent on annual leave with pay) a substitute is employed, such substitute shall be paid by such regular or temporary carrier for each day's service on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation allowed the regular or temporary carrier, according to the number of days in the particular month in which the absence occurs. If, during the rural carrier's absence without pay, it is necessary for the substitute to report at the office on Sundays or holidays, in accordance with the provisions of Section 774 of the P. L. & R., the substitute shall be paid for these days. Use column in salary tables headed by number of days in month in which service was performed. If the substitute serves the whole of any calendar month, he is entitled to and shall be paid by the carrier one-twelfth of the annual salary paid the carrier.

17. When carriers are on annual leave.—A substitute carrier serving a route vice the regular carrier on annual leave with pay is entitled to one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation for each day's actual service performed, according to the number of days in the particular month in which the service is rendered. In these cases substitutes shall not be employed on and will not be paid for Sundays and holidays. Use column in salary tables headed by number of days in month in which service was performed.

TRI-WEEKLY SERVICE.

18. Suspension of service on tri-weekly routes.—The preceding instructions apply equally to a carrier on one tri-weekly route except that for each and every service day he does not serve his route, whether on account of leave of absence with pay, leave of absence without pay or suspension from duty, he will be charged two days, and the substitute or temporary carrier paid, or deductions made, accordingly. (See par. 5.)

VOUCHERS.

19. Vouchers to be prepared and mailed promptly.—On completion of service by carriers on the last day of each month, or earlier in the month in case of discontinuance of carrier, the postmaster will see that a correct voucher is prepared in favor of each regular or temporary carrier; that it is properly signed by the carrier and postmaster, and that it is mailed to the disbursing postmaster on the same day.

20. Use of monthly and quarterly vouchers.—In all regular cases form 4251 is to be used for each of the first two months of a quarter and form 4252 for the last month of the quarter. If a carrier is separated from the service during a quarter his last voucher must be on form 4252, even if it be for but part of a month. Similarly, if a regular or temporary carrier performs service during only a portion of a quarter, his last voucher must be on form 4252. Form 4252 is in duplicate and always must include all payments previously made to the same carrier during the same quarter.

For example: If a carrier serves at $396 per annum during the whole months of July, August and September, form 4252 should be used for payment of the September salary ($33) and should receipt in the aggregate for $99 for the "period from July 1st to September 30th." If a carrier at the same salary serves during July and a portion of August and resigns on August 20th, the voucher should be for $54.29 and the receipt should be for the "period from July 1st to August 20th." The successor to this latter carrier, if he serves during the remainder of the quarter, should receipt on form 4251 for his salary during the remainder of August ($11.71) and then receipt at end of September on form 4252 in the aggregate for $44.71 to cover the salary for September ($33) and the amount received for August ($11.71); such receipt should read for the "period from August 21st to September 30th."

Future requisitions on the Division of Supplies for Rural Delivery Letter Carriers' vouchers should be made for a sufficient number of form 4251 for use during eight months of the year and enough of form 4252 for four months.

21. Amounts in vouchers to be according to salary tables.—Postmasters, before filling in salary vouchers and pay rolls, must compute the amount due in accordance with the instructions herein contained and the official salary tables.

SALARY TABLES.

22. Basis of computation.—The official salary tables for payment of rural carriers are computed in accordance with the provisions of Section 4 of the Act of Congress approved March 4, 1911, making appropriations for the service of the Post Office Department, for the fiscal year ending June 30, 1912, and may be obtained from the Fourth Assistant Postmaster-General, Division of Rural Mails.

CASHING OF RURAL CARRIER'S CHECKS.

23. Use of disbursing checks.—Disbursing postmaster's checks drawn in payment of rural letter carrier's salaries, may be cashed from Government funds as follows:

From postal funds; when they are received from responsible persons and the postmaster is willing to guarantee the indorsements thereon, and provided such checks will be received at par by the depository to which the postmaster must remit them as postal funds. (Section 372, P. L. & R.)

From money order funds; when they are received from responsible persons whose indorsement thereon the postmaster is willing to guarantee and provided such checks will be received at par by the depository to which the postmaster remits surplus money order funds. (Section 1124, P. L. & R.)

SCHEDULE OF RURAL CARRIERS ANNUAL SALARIES.

24. For serving a route:

4 miles and less than 6 miles	$480	14 miles and less than 16 miles	$720
6 miles and less than 8 miles	528	16 miles and less than 18 miles	840
8 miles and less than 10 miles	576	18 miles and less than 20 miles	960
10 miles and less than 12 miles	624	20 miles and less than 22 miles	1080
12 miles and less than 14 miles	672	22 miles and less than 24 miles	1152
		24 miles and over	1200

25. A carrier serving one tri-weekly route shall be paid on the basis for a route one-half the length of the route served by him, and a carrier serving two tri-weekly routes shall be paid on the basis for a route one-half the combined length of the two routes.

PUBLIC ROADS AND POSTAL SERVICE THEREON.

26. In cases where local authorities discontinue or permit the fencing up of a road in use as a post route so as to prevent performance of postal service, the discontinuance of such service is the Department's only alternative, and for any increase of distance or additional expense caused by the action of the local authorities in discontinuing or changing a road in use as a post route no additional pay can be allowed the contractor or sub-contractor for service on the route. Mail carriers

have no authority to trespass upon private property, and the postal laws give them no special rights or privileges as to the use of public roads. The law prohibits any wilful interference with the performance of postal service, but such prohibition does not authorize mail carriers to disregard State law or municipal ordinances in relation to the use of public roads, nor authorize them wilfully to interfere with the rightful use of public roads by other parties. There is no provision of law exempting mail carriers from the payment of toll or ferriage, and toll-gate keepers and ferrymen can rightfully refuse passage or ferriage to a mail carrier who refuses to pay the legal rate of toll or ferriage, but upon the tender of the lawful fee therefor a mail carrier must be promptly granted passage or ferriage, and a refusal thereof, in order to enforce payment of an indebtedness previously incurred, or for any other reason (except it be that ferriage be impossible or dangerous to life), would constitute a wilful obstruction of the mail, as prohibited by law.

STAR ROUTE SERVICE.

27. **Schedules.**—Service on star routes must be performed on all schedule days regardless of holidays, except that where a star route is dependent upon a rural route for its mail supply, service need not be performed on holidays, when the rural carrier is not required to perform service. Deduction is made from the pay of star route contractors for all service not performed as required by contract.

Contractors and carriers on star routes are not prohibited from transporting, outside of the mail, packages of merchandise, etc., even though such packages may be mailable, but if such packages are presented as mail with stamps affixed, they must then be transported as mail matter, and the contractor or carrier cannot make any charge therefor.

Postmasters should advise the Department whenever a change of schedule becomes necessary on a star route by reason of a change of the running time of trains on any railroad with which such star route connects, in order that proper action may be taken to have mails received and dispatched in such manner as will render the most expeditious service to the persons dependent upon the route for their mail supply; but changes of schedule entirely in the interests of the contractor or carrier should not be recommended.

COLLECTION AND DELIVERY OF MAIL ON STAR ROUTES.

28. On star routes where box delivery is required, such service may be had from the post office on either or on both sides of a box, but postmasters must not send mail matter for box delivery by carriers upon a verbal request; a written request for such delivery must be filed in the post office and mail must not be given a carrier under any circumstances, for delivery outside of the regular locked pouch, before it has reached the post office to which it is addressed. The Department does not prescribe any particular design of box or satchel to be used for this service, but the person providing either should see that it is of such character as to afford ample protection to his mail.

29. **Collection and delivery of mail where star and rural delivery carriers use same road.**—Delivery and collection of mail by star-route carriers will not be permitted over such portions of star routes as have in operation the rural delivery service, except as an additional or supplemental service when shown to be necessary and practicable.

30. **Report cases where mail boxes on star routes are injured or destroyed maliciously.**—Postmasters are expected to promptly report to the Fourth Assistant Postmaster General, Division of Rural Mails, every instance coming to their notice in which boxes erected for the reception of mail, along roads traveled by star-route carriers, are maliciously pulled down or injured.

PAYMENT FOR SERVICE.

31. See page 89, paragraph 30.

PAYMENTS OF SALARIES TO RAILWAY POSTAL CLERKS.

32. Salaries of railway postal clerks should be computed in accordance with instructions on page 89. Salary tables, if needed, may be obtained from the Third Assistant Postmaster-General (Division of Finance). Pay-rolls must show the number of days an employee is absent without pay each month, giving the name of the month.

33. When a railway postal clerk is granted leave of absence with pay and required to furnish a substitute at his own expense, the regular clerk should receipt for the full amount of his salary during the period covered by his leave. The substitute's receipt for the amount paid him through his principal should be kept on file in the post office.

EMPLOYMENT OF TEMPORARY MAIL CARRIERS.

34. Postmasters should not employ any person to act in place of the regular mail carrier without first receiving authority from the Department to employ such temporary carrier, unless such employment is clearly justified by that section of the Postal Laws and Regulations which relates to temporary service under the class of service which it is proposed to replace. (Railroad Service, sec. 1356; Mail Messenger Service, sec. 1385; Star and Steamboat Service, sec. 1451.)

THE POSTAL MONEY ORDER SYSTEM.

AMENDED REGULATIONS — MONEY ORDERS PAYABLE AT ANY MONEY ORDER OFFICE.

1. **Amended money order regulations.**— In furtherance of the provisions of an Act of Congress. approved February 6, 1914, entitled "An Act to regulate the payment of money orders," the Postmaster-General, on May 5, 1914, issued Order No. 8014 (to take effect on and after July 1, 1914), amending sections 1132, 1148, 1169 and 1174 of the P. L. & R. as follows:

The first paragraph of section 1132 is modified to read:

Sec. 1132. Money orders shall be drawn from the information contained in the remitters' applications upon a designated money order office. They shall not be drawn upon an office which is not a money order office.

The first paragraph of section 1148 is rescinded and the following substituted therefor:

Sec. 1148. Original domestic money orders issued at any money order office in the continental United States, excepting Alaska, may be paid at any money order office in the continental United States, excepting Alaska, if presented for payment on or before the expiration of the thirtieth day following the date of issue. After that lapse of time within the period of their validity, which is one year from the last day of the month of issue, they shall be paid only at the office therein designated as the paying office, or repaid at the office of issue.

When in accordance with the foregoing provisions of this section a money order is paid at an office other than the one therein designated as the paying office, the postmaster making the payment shall immediately send to the postmaster at the issuing office a notice thereof (Form 6126), which shall describe the money order by its serial number, the amount, and the dates of issue and payment. Upon receipt of such notice the postmaster at the issuing office shall file it with the application for the money order. and send at once to the postmaster paying the order an acknowledgment of receipt of the notice, which acknowledgment shall include a statement to the effect that an application for a duplicate of the order has not been and will not be certified. Until such acknowledgment is received credit shall not be taken for payment of the order, but it shall be considered as part of the cash on hand.

Section 1169 is amended by addition of a paragraph as follows:

2. To guard against the possibility of paying a money order more than once, the postmaster at the office of issue shall not certify or forward an application for a duplicate order prior to the expiration of the thirty-sixth day following the date on which the original was issued, provided, however, that an application may be accepted, certified and forwarded at once if the applicant or the party in whose favor the application is made shall execute a good and sufficient bond of indemnity (Form 6116) in a penal sum not less than twice the amount of the order, conditioned for the refund of the amount paid on the duplicate in the event that after payment thereof any other person shall establish a valid claim to the original order, or in case it shall appear that the original has been paid to the rightful owner at another office.

Section 1174 is modified to read:

Sec. 1174. Duplicate money orders shall be issued only by the Department. Postmasters shall not issue them under any circumstances. Payment or repayment shall be made thereon only at the offices on which the originals were drawn, or at the offices at which the originals were issued. (See Sections 1167 and 1175.)

2. **Identity, and right, of claimant.**— Before paying a money order drawn upon an office other than his own the postmaster must be satisfied that the claimant is the person he represents himself to be and the rightful owner of the order. (See paragraphs 3 and 5, Section 1149, P. L. & R.)

3. **Procedure after payment of order drawn on another office.**— Immediately after paying within thirty days from date of issue a money order drawn upon an office other than his own, the postmaster, as provided in the amended Section 1148, will send to the issuing post office a notice thereof on Form 6126 which shall describe the order by its serial number, the amount and the dates of issue and payment. On the back of the order or its coupon he will stamp the date on which it was cashed, and make note of the dispatch of Form 6126 to the issuing postmaster; and pending receipt of response to such notice will carry the order as cash on hand. Appended to the Form 6126 there is a detachable printed coupon for use by the issuing postmaster in making acknowledgment of receipt of notice given on that form.

4. **Action required of issuing postmaster.**— The issuing postmaster upon receipt of notice on Form 6126 will immediately examine his records for the purpose of ascertaining whether or not an application for a duplicate of the order has been certified. If no such application has been received, he will at once fill out, sign, detach, and mail to the office at which the order has been paid the required acknowledgment of receipt of notice of the payment. He will at the same time make a note in his register of orders issued, giving the name of the office at which the order has been paid and the date of its payment, and will then file the notice with the application on which the order was issued.

5. **Order stamped and credit taken.**— Upon receipt of such acknowledgment with statement to the effect that no application for a duplicate of the order has been received, the postmaster who cashed the order will stamp it as paid, take credit in cash book for payment thereof, and make note of the same in his register of orders paid, treating the order in all respects as a voucher pertaining to the money order account next to be rendered by him to the Auditor. The acknowledgment is to be attached to and filed with the coupon of the order.

6. **Failure to respond to notice given as to cashing of money order.**— If after lapse of time sufficient for exchange of correspondence between them the postmaster sending notice on Form

6126 shall not have received an acknowledgment of receipt thereof he will mail to the issuing postmaster another such notice, marking the same "Second notice"; and if after lapse of another such period no response thereto shall have been received he will make report of the fact to the Third Assistant Postmaster-General (Division of Money Orders), giving on a copy of the same form a description of the order, with date of payment, and the dates on which the notices were sent.

7. Prevention of double payment.— If upon receipt of notice on Form 6126 of payment of a money order the issuing postmaster finds that he has already certified an application for a duplicate of the order, he will promptly forward such notice to the Third Assistant Postmaster-General (Division of Money Orders) with a statement of the date on which such application was certified and forwarded. In such case, also, if the duplicate was to be drawn upon the office on which the original was drawn, the issuing postmaster will promptly notify the postmaster at that office for the purpose of preventing payment of the duplicate if issued.

8. Treatment of application for duplicate when original has been cashed.— In the event that after receipt of notice that the original has been paid elsewhere an application for a duplicate order is received by the issuing postmaster from the office on which the original was drawn he will return the application to the postmaster drawn upon with a statement of the fact of payment, naming place and date thereof. The latter then, if the circumstances call for investigation, may refer the matter to the Third Assistant Postmaster-General (Division of Money Orders).

9. Accounting for amount of cashed order before taking credit.— In the money order accounts to be rendered to the Auditor the amount of any money orders which are being carried as cash pending acknowledgment of receipt of notice sent on Form 6126 to the issuing postmaster must be accounted for on the lower margin of the summary in this wise: "Paid orders drawn on other offices and carried here as cash, $..... ...." A similar entry should be made in the money order cash book.

10. Orders not presented within 30 days.— United States domestic money orders not presented until after thirty days from date of issue (whether issued in the continental United States or elsewhere) may be treated as paid only at the office on which drawn, or as repaid at the office of issue.

11. Orders cashed after 30 days at office other than one drawn on.— Such orders, however, as formerly under Section 1148, when a mistake has evidently been made by the issuing official in naming the place of payment, may be cashed, at any time within the period of their validity, at offices other than those therein designated, care being taken in the first place to obtain guarantee or assurance as provided in Section 1148 originally. If issued in Alaska, Guam, Hawaii, Porto Rico, Tutuila (Samoa), or at the U. S. Postal Agency at Shanghai, China, they should, when so cashed, be sent to the Third Assistant Postmaster-General, Division of Money Orders, per Form 6323a, to be exchanged for departmental money orders drawn in favor of the cashing postmaster under Section 1128 P. L. & R. If issued in continental United States (exclusive of Alaska) they should be sent to the office of issue, or to the office therein named as the one drawn on, per Form 6588 bearing request for reimbursement. Either of these two methods, however, may be followed in the case of any valid domestic order drawn upon a money order office located in Alaska, Hawaii or Porto Rico, but cashed under this rule at another money order office *in the same territory* either before or after expiration of thirty days from date of issue,— the order in such case may be sent, per Form 6588, to the office drawn on, to be there treated as paid, or it may be sent, per Form 6323a, to the Third Assistant Postmaster-General, to be exchanged for a departmental order.

12. Order to be stamped and notice sent office drawn on.— In each case where an order has been cashed at an office other than one therein designated but may not be treated as paid at the cashing office under the amended Section 1148, an impression of the dated M. O. B. stamp of the cashing office should be placed on the back of the coupon; record of the transaction, on Form 6513, should be there filed, and notice thereof on Form 6542 should be at once mailed to the office drawn on, if it be a money order office,— otherwise to the office of issue.

DUPLICATE MONEY ORDERS.

13. Duplicate money orders — Bonds of indemnity.— In view of the provisions of amended Section 1148 it is to be expected that in cases more or less numerous application will be made for the issue of duplicate money orders when the originals have been paid within thirty days from date thereof at offices other than those therein designated. Section 1169 has therefore been amended so as to forbid certification of an application by the issuing postmaster prior to expiration of the thirty-sixth day following the date on which the original was issued, unless the applicant or the party in whose favor the application is made give bond of indemnity (on Form 6116) conditioned for refund of the amount paid on the duplicate in the event that after payment thereof any other person shall establish a valid claim to the original order or in case it shall appear that the original has been paid to the rightful owner at another office. If the application is made at the office drawn upon, the bond may be given there by the applicant (payee, indorsee, or remitter) and forwarded thence with the application to the issuing post office Otherwise, it may be given at the issuing office by the remitter, payee, or indorsee. In either case it should be forwarded to the Department with the application and on the application should be noted the fact that it is thus forwarded.

14. Application for duplicate not to be forwarded within 36 days unless bond be given.— Where bond of indemnity will not be given, an application for a duplicate of an order alleged to be lost or destroyed may be received from remitter, payee, or indorsee, but it shall not be certified or forwarded by the issuing postmaster within thirty-six days from date of issue of the original order,

the period within which he would in all probability receive notice given under amended Section 1148 of payment of the original if made at an office other than the one drawn upon.

15. Department will decide as to exaction of bond after 36 days.—If application for a duplicate of an order alleged to be lost or destroyed is not certified and forwarded until after the lapse of thirty-six days from date of issue of the original it shall, as heretofore, be left for determination by the Department, after receipt of the application thereat, whether or not a bond of indemnity shall be exacted.

16. Limitation as to time, not applicable to offices outside continental U. S. or in Alaska.—The limitation as to time within which an application for a duplicate order may not be certified and forwarded by the issuing postmaster without bond is to be considered as applicable only in the case of money orders issued in the continental United States exclusive of Alaska.

EXCHANGE OF MONEY ORDERS WITH OTHER COUNTRIES.

17. Countries with which the United States maintains direct exchange of money orders on the domestic basis.

The Commonwealth of Australia embraces the separate states enumerated in the table (No. 5). Under an agreement which went into effect July 1, 1913, Western Australia was admitted to a direct exchange of money orders. The accounts of the Commonwealth are kept by the head office at Melbourne, Victoria, but for convenience each state retains its own exchange office, as follows:

For New South Wales	Sydney.
Queensland	Brisbane.
South Australia	Adelaide.
Tasmania	Hobart. Launceston.
Victoria	Melbourne.
Western Australia	Perth.

NOTE.—To ascertain correct equivalent in foreign money of sums received from remitters, consult the separate "Conversion Table." (See "*Rates of Conversion*," page 34 herein.)

20. Exchange offices.— Where dissimilarity of language and monetary systems, or of organization and methods necessitates that course, money orders are exchanged with countries abroad through the intervention of Exchange Offices, one, as a rule, acting for each country. To these offices all advices of issued orders are first sent for verification, and for correction of errors. The particulars of the advices are then entered on descriptive lists in duplicate,—one for each country,—which form the basis of accounts. The lists are numbered consecutively, and each entry therein is preceded by two numbers, the serial number of the issuing office, and that of the exchange office, the latter being technically known as the international number. That expedient facilitates definite identification of any particular remittance referred to in subsequent correspondence or in corrections affecting the accounts.

21. International exchanges conducted on the domestic basis.— In 1901 a new system of exchange was inaugurated with Canada by which money orders and advices are transmitted directly to their destination without the intervention of exchange offices. This plan has since been extended to twenty-one other countries. Among that group may be found the Isthmian Canal Zone and the Philippine Islands; although these are United States possessions, they enjoy quasi-independent governments with entirely separate postal organizations.

22. Countries on which domestic orders may be drawn.— In this latter system, which is in operation at *every money order office*, remittances are made by means of domestic money orders, the amounts of which are expressed in United States money. The countries on which domestic money orders may thus be drawn are listed in Table No. 1 at page 33, and in Table No. 4 at page 74. It will be observed that nearly all are English-speaking countries, exceptions being Cuba and Martinique. The Cuban unit of value, the peso, equals the United States dollar, and like it contains one hundred centavos or cents.

23. Consult tables before issuing orders.— Numerous errors are made in drawing Domestic Money Orders on foreign countries which refuse to accept them, and the mistakes sometimes cause serious inconvenience to remitters and payees. When a patron applies for a money order payable abroad, the postmaster should first consult the Tables at pages 33, 74 and 75 to ascertain to which of the three groups the country named belongs. If it be found in Table No. 4, the order should be issued on the *domestic form*, and delivered to the applicant with instructions to mail it to the intended payee. *In every such case, a separate advice on Form No. 6006 must be forwarded immediately to the postmaster at the office drawn upon.* In the case of Newfoundland, however, all advices are sent to the office at Sydney, Nova Scotia.

24. Order on international form delivered to applicant, when.— When the paying country is found in Table No. 5, the order should be issued on the *international form* and handed to the applicant for transmission to the payee with instructions to present it for payment at the office drawn upon. At the same time the advice and coupon, carefully filled out but not separated,

* In Germany payment is made on a card order (Form No. 6309) which must be sent to the Exchange Office with the original order, advice and coupon.

† Honolulu is the Exchange Office for Hawaii, and Pago Pago for Tutuila (Samoa). Seattle is Exchange Office for orders on Japan, issued in Alaska, Idaho, Minnesota, Montana, North Dakota and Washington. Honolulu is the Exchange Office for Hawaii for certification of orders on or from Japan or the British Colonies in Australia and Hongkong, China.

‡ Amount also expressed in figures in currencies of both countries.

should be dispatched to the proper exchange office. With the exception of France and her colonies, Algeria and Tunis, all the countries in this group are English-speaking.

25. **Order sent with advice and coupon to exchange office — Card order for Germany.**— When the paying country is listed in Table No. 6, the *international form should be used, but the order should be marked "Canceled"* and sent with the advice and coupon to the exchange office. Payment is made on a new order issued by the exchange office of the paying country. In the case of Germany, however, payment is made on a card order (Form No. 6309) which must be sent to the exchange office in New York with original canceled order, advice and coupon. (See model of card order in "International List.")

26. **Importance of correct addresses.**— The applicant for an international order should be asked to furnish a full and accurate address of the payee, and great care should be used in copying it in the advice. The omission of something seemingly unimportant may result in loss to the issuing postmaster, if it cause a wrong payment. The simplest and safest rule for the postmaster's guidance is, that the payee's address in the application and advice should be exactly the same as that on the letter conveying the order or notice of its issue to the payee. Remitters should be required to furnish the street address of payees residing in cities. A list of large cities will be found in the "International List."

27. **Supplemental advice.**— If the address furnished by the applicant is not intelligible to the issuing postmaster the remitter's statement should be obtained in writing on Form 6083 and attached to the Advice. Form 6083 should *invariably be used with the Advices of Orders payable in* Japan, or at Japanese Post Offices in China or Korea, whenever the remitter and payee are Japanese, Chinese or Korean. (Section 1195, P. L. & R.)

28. **Hongkong, China, a British Colony.**— Many errors result from the failure of postmasters to understand that Hongkong, China, is a British Colony and that there are British Postal Agencies at the Chinese "Treaty Ports" of Amoy, Canton, Chefoo, etc., on which orders may be drawn "through" Hongkong. (See "International List.") Payment is made at all of these offices on the original order issued in the United States, which must, therefore, be delivered to the remitter for transmission to the payee.

29. **Croatia and Slavonia.**— Orders payable in Croatia and Slavonia are to be drawn as "Hungarian." (See list of Territorial Divisions, International List.)

30. **Transposed advices.**— The transposition of advices is a frequent cause of complaint. Errors of that kind, which cause serious losses to the issuing officials, will be avoided if the "application" is numbered *before the order is issued, and if before being dispatched to the exchange office, the advice and coupon are compared with the "application."*

31. **Care necessary to prevent double payments.**— In no case should an international order be treated as "Not issued" after either the order, advice or receipt has passed beyond the control of the issuing postmaster. Great care is necessary to prevent double payments. (See Section 1201, P. L. and R.)

32. **Invalid advices.**— "Invalid advices" of orders issued in countries with which the United States transacts money order business by use of domestic forms, as well as advices of invalid international orders, should be forwarded to the Third Assistant Postmaster-General (Division of Money Orders) conformably to Section 1219 of the P. L. & R.

33. **Duplicates of lost or invalid orders.**— Postmasters may receive, on Form 6002, and transmit directly to the Department applications for duplicates of lost or invalid orders issued or payable in the foreign countries named in Tables No. 1 and No. 4 with which money order business is conducted on the domestic basis. In the case of an order which has become invalid by reason of age, the order (and the advice also if it is in the postmaster's possession) should be attached to the application and mailed to the Third Assistant Postmaster General, (Division of Money Orders).

34. **Canadian postal notes.**— Canadian postal notes not more than one year old, which bear no evidence of alteration, may be paid at money order offices and credit therefor claimed in the accounts with which they are sent to the Auditor as vouchers. The printed sum named in the note only should be paid, any postage stamps affixed thereto being disregarded.

35. **British postal orders.**— British "Postal Orders," printed in fixed denominations, and corresponding to what are usually termed "Postal Notes," should not be paid, and the person presenting one should be advised to return it to the sender.

INDIRECT EXCHANGE — DISPOSITION MADE OF ORDERS, ADVICES AND COUPONS.

36. **Indirect exchange list.**— The Indirect Exchange List as in effect before the outbreak of the European War appears in the separate volume entitled "International List," pp. 6-12. Owing to the war, however, there is at this time no provision for dispatching money orders to several of the countries there listed, as for instance, The Argentine Republic, Bulgaria, The Congo Free State, The German Protectorates in Africa, Servia, Turkey, etc.

37. **Delivery of order when France is intermediary.**— In all cases where France acts as intermediary for the United States in forwarding a remittance to a third country, payment is made upon the original order, which should, therefore, be carefully made out and delivered to the remitter for transmission to the payee.

38. When Hongkong is intermediary.—At all of the places named at page 143 of the International List edition of 1914, for which Hongkong is the intermediary, payment is made on the original order, the advice and coupon of which should be transmitted to the Exchange Office at San Francisco for certification.

39. When payable in Australia or New Zealand.—Orders certified by the San Francisco Exchange Office for payment in the Australian Colonies (New South Wales, Queensland, Victoria, South Australia, Tasmania, Western Australia), or in New Zealand, must also be delivered to the remitter for transmission to the payee. This last statement is made to remove the doubts which some postmasters entertain regarding the correct procedure.

40. Order canceled when sent to exchange office.—With the exceptions noted in above paragraphs 37 and 38, money orders drawn in favor of residents of countries or places named in the "Indirect Exchange List" published at pages 6 to 12 of the "International List" should be "Canceled" and sent with the advices and coupons to the Exchange office.

MONEY ORDERS FOR PRISONERS OF WAR EXEMPT FROM FEES.

41. Order issued without fee under Hague Convention.—With the view of ameliorating the condition of prisoners of war, the Hague Convention, which was subscribed to by the United States and by all of the European nations now engaged in hostilities, contained a provision that money orders drawn in favor of or remitted by prisoners of war shall be exempted from any charge for fee or commission.

42. Order drawn for full amount deposited.—If a resident of the United States applies for a money order payable to a prisoner of war in any of the countries concerned in the present conflict, the applicant is entitled to receive an order for the full amount deposited at the post office, without the customary deduction for fee.

43. Payee designated as prisoner of war.—Every money order (as well as advice and coupon) issued without charge for fee, in favor of a prisoner of war, should bear written in red ink across its face the words, "Payee a Prisoner of War," and the advice should contain the fullest address obtainable. A foreign Postal Administration has made special request that the advice of every order drawn in favor of a prisoner of war or a soldier in the field be accompanied, if possible, by the payee's address written by himself.

44. Supplemental advice.—If the payee's written statement can not be obtained the remitter may be asked to fill out a supplemental advice on Form No. 6083.

45. Accounting for non-collection of fee.—The postmaster must charge himself with the full amount deposited by the remitter, and after entering the number and amount of the order in his account, add a note for the Auditor's information, to the effect that the *order was exempt from charge for fee under the Hague Convention of July,* 1899.

46. Precaution prescribed must be observed.—Observance of these precautions is necessary to insure correct payment, as well as for the guidance of the exchange and accounting offices of the countries concerned.

MONEY ORDER ACCOUNTS OF PRESIDENTIAL OFFICES AND OF BRANCH OFFICES AND STATIONS—HOW RENDERED.

47. Accounts of Presidential offices.— See paragraph 2, section 204, P. L. & R., as amended July 16, 1915; also pages 92–94 of this Guide.

48. Accounts of branch offices and stations, except naval.—See paragraph 4, section 204, P. L. & R., as amended August 3, 1915.

TRANSFERS OF POSTAL OR MONEY ORDER FUNDS.

49. Notification of transfer; to whom sent.—Postmasters are reminded that by the Postmaster-General's Order No. 8072 dated June 1, 1914, paragraph 4 of Section 1233, Postal Laws and Regulations of 1913, has been amended so as to require that in the event of transfer of funds from the money order to the postal or from the postal to the money order account a notification thereof on Form 6024 be sent immediately to the Third Assistant Postmaster-General, Division of Money Orders, instead of to the Auditor, as formerly.

FUNDS FURNISHED POSTMASTERS FOR PAYMENT OF MONEY ORDERS.

50. How to apply for draft.—Postmasters are required to use every effort to effect prompt payment of money orders; and when the available funds in the possession of a postmaster are not sufficient for the purpose he should make application on Form 6033 to the Third Assistant Postmaster-General, Division of Money Orders, for a special draft on the postmaster at New York, N. Y., for the additional amount needed. In making such application the postmaster should be careful to state whether or not he will be able to negotiate the draft in his vicinity without cost to the Department. (See Sec. 1234, P. L. & R.)

51. Credit at New York, and drafts against same.—When at any office the payments of orders constantly exceed the receipts the Third Assistant Postmaster-General will grant the postmaster thereat a credit, on money order account, for a specific amount, with the postmaster at New York, and furnish him with a book of blank drafts for use in drawing against such credit.

(See Secs. 1235 and 1236, P. L. & R.) But postmasters are not to make up for deficiencies in postal receipts by drawing drafts against a credit of this kind and transferring the proceeds to the postal account.

SURPLUS MONEY ORDER FUNDS AND RESERVES.

52. **Failure to remit or account properly for surplus funds.**—In many instances postmasters do not remit surplus money order funds as instructed in sections 1240 to 1245 inclusive of the P. L. & R., while others fail to report on lower left-hand corner of the account summaries, under the heading "Memorandum of Remittances," the dates and amounts of remittances in transit for which no certificates of deposit have been received, or the dates and amounts of remittances that will be made of funds already on hand. Some postmasters at offices where money order reserves have been granted fail to enter the amount thereof in the space provided on the lower right-hand corner of money order account summaries, while others claim reserves when none have been authorized by the Department in pursuance of section 1245. Such carelessness or willful omission of entries materially affects the efficiency rating of postmasters. Printed instructions on money order account blanks are for the guidance of postmasters, and should be observed in rendering semi-monthly or monthly accounts of money order business. See section 285 of the P. L. & R.

53. **Reserves to be retained only as needed.**—Some postmasters retain the entire money-order reserve when but a portion is needed to insure the prompt payment of orders. The necessity for remitting all funds not required in the actual transaction of money-order business is readily apparent, and postmasters should retain on hand only such part of the reserve as is necessary to meet actual conditions at their offices and to insure the immediate payment of money orders.

MONEY ORDERS IMPROPERLY ISSUED BY POSTMASTERS WITHOUT CHARGE.

54. **Orders improperly issued as duplicates without charge.**—Much annoyance and delay in settlement of postmasters' accounts are occasioned by the fact that in many instances where, because of deficiency of amount, or because drawn on the wrong office or in favor of the wrong party, or for some other reason, a money order is returned to the issuing office for correction or exchange the postmaster issues another one in lieu of it without charge and without debiting himself on account thereof. This practice is irregular and contrary to regulation

55. **Postmaster must debit himself with every order issued.**—Every blank money order form sent to a postmaster for issue at his office must be duly accounted for in its proper numerical order in his money order accounts. (See Secs. 1144 and 1145, P. L. & R.) With the amount of every money order actually issued by him the postmaster must debit himself in money order cash book and in monthly money order account rendered by him to the Auditor.

56. **How to correct mistake made in drawing order.**—When a mistake made in drawing an order on the domestic form is not discovered until after the order has been delivered to the purchaser and its issue made an item of account, the order, in the event of its return, should be treated as "Repaid" to the remitter, or to the payee intended, as the case may be, and it should be forwarded as a voucher with the postmaster's money order account to the Auditor. If the postmaster was at fault he should refund the fee from his private means, or pay out of his own funds the fee for a new order issued in lieu of repayment in money, as may be desired. If the remitter was at fault and a new order is issued, he should pay the fee for the new order, or it may be deducted from the amount of the repaid order. (See Secs. 1135, 1136 and 1137, P. L. & R.) The postmaster, in case a new order is issued, must charge himself in money order cash book and monthly money order account with the amount thereof and with the fee therefor.

57. **International order not to be repaid without express authorization.**—Money orders issued on the *international* form should not be repaid without express authority from the Third Assistant Postmaster-General. (See Sec. 1221, P. L. & R.)

"SPECIAL" MONEY ORDER APPLICATIONS BEARING PRINTED NAMES AND ADDRESSES OF PAYEES.

58. **Application forms may be furnished business houses for transmission to their customers.**—Several years ago the Department discontinued the practice of gratuitously supplying patrons of the money order system with special "application" forms (6001) overprinted with their names and addresses. It has been decided to modify that rule to the extent that postmasters will be permitted to furnish, from their own supplies, free of charge, quantities of the regular form to business men who may desire to have them overprinted at their own expense, or send them unchanged, with advertising matter, to their customers. If they are to be overprinted, the postmaster may obtain a supply of such forms loose, i. e., unpadded, by making special requisition on the Fourth Assistant Postmaster-General, Division of Supplies, and stating the purpose for which they are desired.

USE OF MONEY ORDER, REGISTRY, INSURANCE AND C. O. D. SERVICES TO BE ENCOURAGED.

59. **Encourage use of money order, registry, insurance and C. O. D. service.**—It is enjoined upon postmasters and post office employees to encourage the use of the money order, registry, insurance and C. O. D. services. They should recommend to the public that postal money orders

be used, whenever available, instead of cash, for remittances by mail; or, when postal money orders are not available, that money be sent by registered mail; also that all valuable mail matter other than that of the fourth-class be registered, and that valuable fourth-class (domestic parcel post) mail be insured to obtain the indemnity afforded against loss in the mails.

60. **Penalty incurred by disparagement of service.**—Disregard of these instructions, or any disparagement of the registry, money order, insurance or C. O. D. services, whether by making unfavorable comparison with other means of transportation or otherwise, will interfere with the policy of the Department and be deemed sufficient ground for the removal of the offender.

IDENTIFICATION OF PAYEE OF MONEY ORDER BY SIGNATURE.

61. **Specimen signature sent by issuing to paying postmaster.**—By the Postmaster General's Order No. 9414 of January 28, 1916, Section 1127 of the Postal Laws and Regulations has been modified to read as follows:

> When a money order is drawn payable to the remitter, the issuing postmaster shall question the applicant and if he is not sure that he can prove his identity at the paying office the issuing postmaster shall procure and transmit to the paying postmaster a specimen of his signature on Form 6339 attached to a statement of particulars of the order on a separate advice (Form 6006) as an aid to identification. Across the back of the coupon in such case the issuing postmaster shall write or stamp the words "Specimen signature of payee sent per Form 6006." When a postmaster has no Form 6339, a slip of paper bearing the specimen signature and a statement from the issuing postmaster that it is the signature of the payee may be substituted.
>
> 2. When the remitter and payee are different persons, the issuing postmaster upon request shall attach a specimen of the payee's signature to a statement of particulars of the order on Form 6006 and mail the same to the paying postmaster in a sealed penalty envelope. It should be accompanied by a note (on Form 6339 or slip) from the issuing postmaster to the effect that it is the signature of the payee.
>
> 3. Nothing in this section shall be understood as relieving a postmaster from exercising every precaution to avoid wrong payment of a money order. (See paragraphs 3 and 5 of Section 1149.)

ACCEPTANCE OF CHECKS IN PAYMENT OF CHARGES ON C. O. D. PARCELS, OR FOR MONEY ORDERS PURCHASED THROUGH RURAL CARRIER.

62. **Acceptance of private check for issue of money order not authorized by Department.**—Section 1124 of the Postal Laws and Regulations defining funds receivable in payment for the issue of money orders does not authorize acceptance by a postmaster of any checks or drafts other than such as are issued by disbursing officers of the Government in their official capacity and can readily be disposed of at par by the depository to which the postmaster remits surplus money-order funds. Manifestly the Department could not well authorize the issue of money orders in exchange for personal or private checks except at the risk of the issuing postmaster, whose judgment as to the quality or worth of the checks might be at fault.

63. **Check can be accepted only at risk of postmaster.**—Acceptance by a postmaster of any personal or private check, whether certified or uncertified, for an amount to be forwarded by money order to the sender of a C. O. D. parcel would, therefore, be at his own risk. He is not required to accept in settlement with addressees of C. O. D. parcels any funds not within the definition of funds receivable under Section 1124 for the issue of money orders. No objection would be raised, however, to acceptance by a postmaster, in good faith, as a matter of accommodation, *at his own risk,* after due inquiry as to the responsibility of the drawer, of a personal or private check in payment of the charges on a C. O. D. parcel, or in payment for a money order to be issued on an application made through a rural carrier, provided such check were promptly replaced with funds available for the payment of money orders or for remittance to depository. For any loss resulting to the Government from acceptance by him of such a check in C. O. D. or money-order transactions the postmaster would be liable on his official bond.

64. **Carrier's acceptance of check subject to approval by postmaster.**—If in lieu of money a check were accepted by a rural carrier conditionally, that is, subject to approval by the postmaster, as it might be, for the purchase of a money order, that fact should be noted on the receipt given by the carrier on Form 6387 to the applicant.

CHANGE IN THE SURFACE DESIGN OF MONEY ORDER PAPER.

65. **Distinctive marks changed.**—Postmasters are notified that the surface design of money-order paper, which heretofore has consisted of faint broken lines, will in future be replaced by the words, "United States Postal Money Order" appearing on the face of the order, in blue letters on a background of lighter blue, and reading downward diagonally from left to right. No change is to be made in the manner of printing the order, and the color of the paper remains the same as formerly.

POSTAGE STAMPS AND OTHER STAMPED PAPER.

1. **Statutes and regulations.**—Information and instructions concerning postage stamp supplies, their issuance, custody, sale and use, will be found in sections 13, 47, 69, 72, 73, 119 to 132, 150–152, 270, 272, 273, 331 to 346, 361, 364, 391, 400, 401, 459, 463, 501, 530, 537–539, 552, 576, 587, 590, 591, 634, 637, 650, 782, 784, 785, 813, 819, 854, 912, 949–951, 1277, 1278, 1317, 1607, 1615, 1683, 1684, P. L. & R. The following instructions are supplementary:

REQUISITIONS FOR STAMPED PAPER.

2. **Requisition blanks.**—Postage stamps and other stamped paper must be secured by postmasters from the Third Assistant Postmaster-General, Division of Stamps, by requisition on the following blank forms:

For ordinary and special delivery stamps, books of stamps, postage due stamps, postal cards, unprinted stamped envelopes and newspaper wrappers, postal saving cards and stamps, and international reply coupons, No. 3201.

For special request and office request stamped envelopes, No. 3202.

3. **Requisitions must not be delayed.**—Many postmasters neglect to draw requisition for postage stamps and other stamped paper until their stock is nearly exhausted. Paragraph 2, Section 334, P. L. & R., requires requisitions to be sent to the Department well in advance of the postmaster's needs; and sufficient time should also be allowed to return the requisition for any necessary correction, or for correspondence concerning it.

4. **Frequent requisitions to be avoided.**—Frequent requisitions (except for special-request envelopes) must be avoided. Postmasters must carefully estimate their probable needs, and draw requisition for three to twelve months' supply of stamps, stamp books, cards, envelopes, etc., at the same time, *but not exceeding the amount that can be given adequate protection.* See sections 361 and 364, Postal Laws and Regulations, as to care of stock. Large requisitions greatly facilitate and simplify the Department's work, and minimize accounting in post offices. See paragraphs 13, 17 and 18, page 81.

5. **Amount of requisitions.**—On account of the growing frequency of burglaries, postmasters are directed to draw requisition, about one month in advance of their needs, for not exceeding three months' supply of postage stamps at a time *if they cannot protect a larger quantity.*

6. **Protection of stamps.**—If, however, the post office is in a Government building, or has a burglar-proof safe, or if the surplus stamps above the amount required for two or three days' sales can be stored for safekeeping in the vault of a local bank or other place more secure than the post office, in compliance with Sections 361 and 364, P. L. & R., or if the police protection is ample, requisitions should be drawn for three to twelve months' supply, as fewer requisitions greatly lessen the work of issuing and accounting for postage stamps, and large stocks enable postmasters to provide better and more prompt service to the public.

7. **Indorsement as to protection.**—To indicate that special provision is made to safeguard the property of the Government, in accordance with Sections 361 and 364, P. L. & R., postmasters shall indorse the face of all requisitions, "These stamps can be protected."

8. **If stamps cannot be protected.**—If the surplus stamps cannot be given reasonable protection, requisitions should be indorsed "See letter," and a letter briefly explaining the conditions should be mailed to the Third Assistant Postmaster General, Division of Stamps.

9. **Failure to indorse requisitions as to protection.**—Failure to comply with paragraphs 7 and 8 of the foregoing instructions makes it necessary to return requisitions to postmasters, delaying the issuance of stamped paper and placing extra work upon the Department. Postmasters are urged to acquaint themselves with these instructions and to be guided by them.

10. **Removal to more secure place than post office.**—If the post office is not sufficiently safe, the funds and money-order blanks, as well as the postage stamps, should be removed to a more secure place, in accordance with Sections 361 and 364, P. L. & R. *Immediate* action cannot be too strongly urged, because post offices in different parts of the country are being entered by burglars *every night.* Postmasters are held personally responsible for the loss of Government stamps and funds which have not been given the best available protection.

11. **Post office safes.**—Ordinary iron safes with combination locks are not burglar-proof; they are easily opened with explosives. Post office safes should therefore not be relied upon for protection unless rated by the manufacturer as burglar-proof.

QUANTITIES OF STAMPED PAPER SUPPLIED.

12. Stamped paper is issued by the Department to postmasters in the following minimum quantities or multiples thereof:

Ordinary stamps, 1,000 of either 1 or 2-cent; 100 of 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 15, 20 or 30-cent; 10 of 50-cent or $1.

Special-delivery stamps, 10.

Stamp books, 10 of a single denomination and size. See paragraphs 18 to 20, pages 81 and 82.

Due stamps, 100 of either 1, 2, 3, or 5 cent; 50 of 10 cent; 10 of either 30 or 50 cent.

Postal cards, 500 of either No. 5 or No. 8 domestic single; 250 of No. 6 domestic reply; 100 of either No. 7 foreign single or of "F" foreign reply.

Ordinary stamped envelopes or newspaper wrappers, 250 of a single size, quality and denomination.

Special-request or office-request stamped envelopes, 500 of a single size, quality, denomination and return-card.

Postal saving stamps and cards, 100.

13. **Stock packing of adhesive stamps.**— Requisition should be drawn for stock packages containing 10,000, 50,000 or 200,000 stamps of each denomination, or for multiples of these quantities, provided the stamps will be needed within a reasonable time; that is, 10,000 2-cent rather than 7,000, 50,000 rather than 40,000, 200,000 rather than 150,000. For convenience in handling, postage stamps are put up in sealed packages of 10,000, with the margins of the sheets stitched together. The issuing of stamps in this form is of advantage to postmasters as well as to the Department. Postmasters whose sales amount within twelve months to 10,000 or more stamps of any denomination should make requisition for stock packages of 10,000 or multiples of 10,000, provided they can be protected. See paragraphs 4 to 11, page 80.

14. **Stock packing of postal cards.**— The cut postal cards are issued as follows: Nos. 5 and 8 in packages of 500, 1,000, 2,000, 5,000, or multiples of 5,000; the No. 6 in packages of 250, 500, 2,000, 5,000, or multiples of 5,000; No. 7 and "F" cards in packages of 100, 250, 500, 1,000, 2,000, 5,000, or multiples of 5,000. See par. 17. The No. 8 1c postal cards are banded in fifties; all other cards are banded in twenty-fives.

15. **Requisitions for sheet postal cards.**— To secure postal cards in sheet form, par. 3, page 34, the word "Sheets" should be plainly written on the requisition blank (Form 3201) opposite the item.

16. **Cutting of sheet cards.**— To be valid for postage, sheet cards must be cut to regulation size given in par. 2, page 34.

17. **Stock packing of cards, envelopes and wrappers.**— To facilitate the issuing of postal cards, stamped envelopes and newspaper wrappers, postmasters should so far as possible draw requisitions for stock cases of 5,000 or 10,000. That is, 5,000 rather than 3,000; 10,000 rather than 7,000, etc. In these quantities the cards and envelopes are put up in wooden cases or boxboard containers which withstand shipment better than paper-wrapped packages.

18. **Stock packing of stamp books.**— Stamp books are issued to postmasters in stock packages as follows:

BOOKS OF						Total number of books in package.	Total value.
24 1c stamps.	96 1c stamps.	12 2c stamps.	24 2c stamps.	48 2c stamps.	24:1c–2c.

.....	.....	30	30	.....	.....	60	22 20

19. **Requisitions for stamp books.**— Requisitions for larger quantities of stamp books than shown in the foregoing table should call for multiples of 60. Requisitions which do not conform to the specified stock packing will be amended by the Department.

20. **Packing of stamp books for large post offices.**— For the larger post offices the stamp books are put up in stock packages of 540 books of a single denomination, and postmasters who can dispose of them should draw requisition for that quantity or a multiple thereof.

TIME REQUIRED FOR FILLING REQUISITIONS.

21. The time usually required for shipment of stamps, stamp books and international reply coupons after the postmaster's requisition is received at the Department, is four business days; for postal cards or plain stamped envelopes, two to six days; for special-request and office-request envelopes, five to eight days. By adding the length of time required for requisitions to reach the Department and for delivery from the respective distributing agencies, the postmaster can determine about the date shipments should reach him. During the first month of the quarter, however, requisitions cannot always be filled quite so promptly. See paragraph 3, sec. 334, P. L. & R.

22. **When requisitions are not filled.**— If stamped paper is not received in due course, a copy of the requisition, bearing at the top the word "Duplicate" and the date of the original requisition, should be sent to the Third Assistant Postmaster-General.

23. **When invoice or stamped paper not received.**— The Third Assistant Postmaster-General should be notified of the registry number of a shipment of stamped paper received without invoice. If the invoice is received, and not the supplies, the date of invoice should be given. Shipments are sometimes divided and forwarded in separate mails from the agencies. Postmasters should wait a reasonable time before reporting non-receipt of stock invoiced them.

24. **Special requisitions.**— Requests for expediting requisitions for stamp supplies have become so numerous as to be a burden to the Department because of the extra work involved. Requisitions are filled promptly, and paragraph 2, section 334, P. L. & R., requires requisitions to be drawn well in advance so that stock will not become exhausted, and for a sufficient quantity to avoid frequent requisitions. See also sec. 4, page 80, of this Guide. Telegraphic requisitions, and requests for expediting of such common varieties as 1c and 2c stamps, 1c postal cards, or No. 5 2c plain or "office request" stamped envelopes, are especially objectionable. When application is received from the public for immediate delivery of stamped paper in quantities which a postmaster is unable to supply, he may purchase temporary supplies from neighboring post offices (paragraph 7, section 334, P. L. & R.), but this method must not be made a practice (Sec. 335, P. L. & R.) Postmasters who sell stamp supplies to other postmasters under this authorization must report the sales to the First Assistant Postmaster-General, Division of *Salaries and Allowances*, under the provisions of sec. 270, P. L. & R. Postmasters should, however, request that requisitions be expedited, and telegraph the Third Assistant Postmaster-General if necessary, when stamps or other stamp supplies are needed to meet an unexpected demand which could not with reasonable foresight be provided for without expediting. The reason for asking that shipments be expedited must always be explained by the postmaster. The Department desires to give good service and provide every reasonable facility to the public for the purchase of stamps and other stamped paper, and to that end postmasters are expected to carry ample stocks and to draw special requisitions upon the Department when the circumstances clearly justify it (see paragraph 3, page 80).

25. **When stamps are exhausted by fire or burglary.**— The Department has supplied the postmasters at division headquarters of the inspection service with a stock of small packages containing $51 worth of assorted postage stamps and of larger packages containing $380 worth, ready to issue promptly to postmasters whose stock is lost by fire, burglary, or otherwise. When such an emergency occurs the postmaster should write or telegraph to the postmaster at division headquarters (see Sec. 35, P. L. & R., for list of cities in which division headquarters are located), requesting either a small or large package of stamps, whichever in his judgment will be sufficient to meet the public demand until a supply can be obtained by requisition upon the Department at Washington. If it is deemed advisable to send a telegram, it should be brief and should be worded somewhat as follows:

Postmaster, Cincinnati, Ohio.

Postoffice burned (or burglarized). Send small (or large) emergency stamp supply.

Smith, Postmaster.

The value of the stamps received in response to such a request should be charged in Item B2 of the postmaster's next quarterly stamp account. If, however, the postmaster has a sufficient supply of stamps on hand to meet his immediate needs, he should not apply to the postmaster at division headquarters, but should draw requisition upon the Third Assistant Postmaster-General, Division of Stamps. (Sec. 335, P. L. & R.)

26. **Care in handling shipments of postage stamps.**— Post office and railway mail clerks are cautioned to exercise care in handling registered packages and boxes of postage stamps, postal cards and stamped envelopes which pass through their hands in transit to postmasters from the Department and the several distributing sub-agencies. So far as possible the Department is using fiber shipping boxes for postal cards and stamped envelopes. This is in the interest of postal employees, as the fiber boxes are of lighter weight than wooden cases and eliminate the danger of injury from splinters, binding wire and nails which exists when wooden cases are used. All

employees should handle these shipments with sufficient care to avoid damage. See sections 900, 901 and 1646 (paragraph 4), P. L. & R.

27. **Unperforated postage stamps.**—The Department is prepared to issue 1-cent and 2-cent postage stamps without the usual perforations, when desired in that form for sale to the public for use in automatic stamp-affixing or stamp-vending machines. (Sec. 120, P. L. & R.) The unperforated stamps are in sheets of 400 each. To secure them, requisition should be made on Form 3201, with the word "Unperforated" plainly written on the face of the blank. Unperforated stamps may be sold to the public in any quantity not less than a sheet of 400; but postmasters will not be supplied with such stamps to be sold for use on mailings to be dispatched from other than their own post offices. See sec. 332, P. L. & R. Postmasters will notify purchasers that the unperforated stamps should be cut apart accurately. See paragraph 3, sec. 537, P. L. & R.

28. **Stamps in coils.**—The Department issues postage stamps in coils of 500 and of 1,000. (Sec. 120, P. L. & R.) The stamps are coiled on paper cores ½ inch in diameter. To secure stamps in this form postmasters will draw requisition on Form 3201, and give the following information on the blank:

a. Whether the stamps are desired in coils of 500 or 1,000 stamps each.

b. Whether the strips should be arranged with the stamps endwise or sidewise.

c. Whether the blank spaces between the stamps should be perforated or unperforated.

29. **Coiled stamps available.**—The following denominations of stamps are available in coils:

One-cent and 2-cent, perforated or unperforated, coiled endwise or sidewise.

Three-cent, 4-cent, 5-cent, perforated, coiled sidewise.

30. **Validity of stamped paper.**—All postage stamps, stamped envelopes and postal cards issued by the United States since 1860 are good for postage.

31. **Invalid stamps; perforating of stamps for identification.**—For regulations governing invalid stamps, the perforating of postage stamps for identification, etc., see section 537, P. L. & R.

32. **Use of ordinary and parcel post stamps.**—Ordinary postage stamps, including commemorative issues, shall be valid for postage and for insurance and collect-on-delivery fees on fourth-class mail, and distinctive parcel-post stamps shall be valid for all purposes for which ordinary stamps are valid. The regular issue of due stamps and distinctive parcel-post due stamps shall be valid for the collection of unpaid and short-paid postage on all classes of mail.

33. **Discontinuance of parcel-post stamps.**—The issuance of parcel-post stamps and parcel-post due stamps to postmasters shall be discontinued after the stocks now on hand in the Bureau of Engraving and Printing are exhausted, and no additional supply of these stamps shall be printed.

34. **Parcel post due stamps must not be sold.**—It has come to the notice of the Department that parcel post due stamps have been sold at certain post offices to stamp dealers and collectors or their agents. The sale of due stamps by the postal service is prohibited by law (See Sec. 121, P. L. & R.), and postmasters and their subordinates will govern themselves accordingly.

35. **Discontinuance of Panama-Pacific stamps.**—The Department's supply of Panama-Pacific commemorative postage stamps is exhausted. The stamps of this series already issued will continue to be valid for postage, and postmasters having them on hand will work them out of stock by selling them to patrons who do not perfer the ordinary issue.

36. **Ten-cent registry and twenty-five-cent stamps discontinued.**—Many postmasters continue to draw requisition for 10-cent registry stamps and 25-cent postage stamps. Both of these denominations have been discontinued and requisitions cannot be filled. Ordinary stamps to the amount of ten cents should be used for payment of registry fee. The 12-cent denomination is especially adapted to payment of registry fee and a single rate of letter postage.

37. **Care of stamp books in post offices.**—In adjusting claims of postmasters for credit on account of losses of stamp books resulting from burglary, fire, or other unavoidable casualty, it is sometimes found that stamp books are kept with the postmaster's stock of stamped envelopes and postal cards in unlocked closets or on shelves without special protection. Stamp books should not be stored unprotected with stamped envelopes and postal cards, but should be given the same special protection required by Section 361, P. L. & R., to be given adhesive stamps in sheet form.

38. **Postmasters to sell old stock of stamped paper.**—In withdrawing postage stamps, postal cards, stamped envelopes and newspaper wrappers from stock for sale to the public, postmasters should select the oldest on hand provided they are in perfect condition. This will lessen the chances for stock to become shopworn and damaged, and tend to keep it fresh. Damaged or soiled stamps or other stamped paper should never be offered for sale.

STOLEN MEXICAN INTERNATIONAL REPLY COUPONS.

39. **Postmasters to suspend redemption.**—The Department has been requested by the postal administration of Mexico to refuse redemption of international reply-coupons stolen from Mexican post offices. Postmasters will accordingly suspend redemption of unpostmarked reply-coupons and of coupons bearing Mexican postmarks when presented in lots of more than five or when there is reason to suspect that they may have been obtained irregularly. A report of the facts in such cases should be made promptly to the Third Assistant Postmaster-General, Division of Stamps, and the reply-coupons should be held for instructions. Postmasters in States bordering on Mexico will exercise special caution against redeeming international reply-coupons in any case of doubt as to their ownership.

STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

40. **Price list.**—A copy of the current price schedule of stamped envelopes and newspaper wrappers must be kept posted conspicuously in the post office where the public can read it. If the postmaster has none, application should be made to the Fourth Assistant Postmaster-General, Division of Supplies, for copies of the latest schedule (form 3200), which appears on pages 36 to 39 of this Guide.

41. **Sizes most used.**—Nos. 5, 8 and 13 envelopes are the sizes in most common use. No. 5 2-cent first quality should be secured if only a single variety is kept for sale.

42. **Colors.**—Nos. 1, 10 and 11 are furnished in first-quality white only; all other first-quality envelopes are white or amber. No. 6 second-quality is supplied only in white paper; all other second-quality envelopes are buff or blue. Unless otherwise requested by postmasters, their requisitions for first quality are filled with white envelopes, and requisitions for second quality envelopes (except No. 6 white) are filled half with blue and half with buff.

43. **Gummed and ungummed envelopes.**—Nos. 6, 8 and 13 1-cent envelopes are issued with gummed flaps for mailing of local drop letters at non-free delivery post offices only, or with ungummed flaps for mailing of third-class matter. Unless gummed envelopes are indicated in the requisition, ungummed are supplied. Gummed No. 6, No. 8 and No. 13 1c envelopes are not supplied to post offices having city carrier service, where the rate of drop letter postage is 2c per ounce.

44. **Care in drawing requisitions.**—Care should be taken not to draw requisition for envelopes of an unsalable size, quality, or denomination. The postmaster will be held responsible for errors of this kind, and credit at postage value only will be allowed by the Department in redemption.

PRINTED ("SPECIAL-REQUEST") STAMPED ENVELOPES.

45. **What "special request" envelopes are.**—Special-request stamped envelopes are printed in the upper left corner with a request to return after a given number of days, and the name and address of the purchaser. (See secs. 123, 124, 339, 340, 341, P. L. & R.; also pars. 5 to 7, page 35.)

LOCAL ADDRESSES TO BE INCLUDED IN RETURN-CARDS.

46. The delivery and redelivery of letters is frequently delayed and often made impossible by the omission of an important part of the address or return-card, such as the street number, room number in an office building, or location at street intersections. The great increase of indefinite addressing has become a source of serious embarrassment to the postal service and affects the efficiency of service to the public. To facilitate prompt return of undeliverable letters to senders, and as an example to the public with reference to the use of definite locations in return-cards and original addresses, paragraph 2, Section 340, Postal Laws and Regulations, is construed to require the name of street and number to be included in return-cards printed by the Department for post offices having city-delivery service; or in lieu thereof, the name of a building and room number therein if the building is sufficiently well known to be listed in the city directory; or the names of intersecting streets with the exact location (for example, "Northwest corner First and A streets," "Southwest corner Second and B streets," etc.); or a post office box number.

47. **Exceptions.**—The definite local address will be omitted only for reasons which shall be satisfactory to the Department and which must be stated by the postmaster in a letter securely pinned to his requisition. Contrary to this ruling some postmasters are sending requisitions to the Department without a definite local address in the purchaser's return-card and giving as their reason the prominence of the purchaser. No exception is made in favor of prominent purchasers; the only exception is in the case of purchasers having no street address or post-office box number. The Department depends upon and expects the cooperation of postmasters in applying this ruling. It was issued primarily to promote the efficiency of the postal service, a matter of great importance, particularly to business men. When this view of the matter is brought to their notice, it is not doubted that purchasers of special-request stamped envelopes will concur in the ruling.

OFFICE-REQUEST STAMPED ENVELOPES.

48. **Advantages.**—The use of "office-request" stamped envelopes (par. 7, page 35) by patrons of the postal service should be encouraged by postmasters. The presence of the blank return-card is of much mutual benefit to the public and the postal service; when purchasers of these envelopes complete the card by writing their names and local addresses on the blank lines, it insures prompt return of undeliverable letters to the senders, lessens the work of the Division of Dead Letters, and tends to encourage the use of return-cards on other mail.

49. **Use should be encouraged.**—One postmaster draws requisition for 1,000,000 office-request envelopes at a time, and he was requested to state the cause of the large demand. The following, which is quoted from the postmaster's reply, may be found helpful to other postmasters:

"The large demand for office-request stamped envelopes is largely due to the fact that where a patron at any of our stamp windows, either at the main office or at any station or branch, desires

to purchase a stamped envelope we make it an invariable rule to tender office-request stamped envelopes unless the patron specifies a plain envelope. We are constantly endeavoring to induce the patrons of this office to place their return requests on all of their mail, and it is seldom indeed where complaint is made concerning the mishandling of mail that the wisdom of placing the return request on an envelope is not pointed out to the patron. Our argument is that by the use of such envelopes greater safety is given the mail, and our ability to trace missing mail is largely increased. As a result of this constant campaign, we have very few requests for plain stamped envelopes from persons who desire to buy a limited quantity. Nearly all of our sales of plain stamped envelopes are to firms and others who desire to print their own return requests, and nearly all the stamped envelopes which we sell to the public are the office-request envelopes."

OPEN-END" STAMPED ENVELOPES.

50. **Description.**— The Department has available for issue a supply of "open-end" stamped envelopes which were manufactured under the contract ended June 30, 1911. These envelopes are all plain, and no special-request envelopes of the "open-end" pattern can be supplied. The "open-end" envelope is intended for mail of the third class. One of the end flaps, instead of the top flap, remains unsealed, and contents can be readily examined. The opening is smaller than in envelopes with top flap unsealed, affording less chance of loss of contents in transit or of other pieces of mail matter getting caught in the opening.

51. **Varieties available.**— The "open-end" envelope can be furnished, while the supply lasts, in the following varieties of 1-cent denomination: No. 5, white and amber; No. 6, manila and white. The selling prices of "open-end" envelopes are the same as for corresponding varieties of the regular unprinted open-top pattern.

52. **Requisitions.**— To secure "open-end" envelopes, requisition should be drawn on Form 3201, with the words "Open-end" plainly written on the same line of the blank. In the absence of indication that "open-end" envelopes are wanted, the Department will supply the regular open-top pattern. Postmasters are directed to advise interested patrons that these "open-end" stamped envelopes are available.

NEW ISSUES.

53. **Eleven-cent postage stamp.**—The Department is prepared to supply a postage stamp of 11-cent denomination, intended primarily for use in prepaying postage on parcels, and postage and insurance fee on insured parcels, amounting to 11 cents. Postmasters desiring to procure 11-cent stamps should include a supply in their next requisition on Form 3201.

54. **Description.**— The new stamp bears the head of Franklin in profile, from Houdon's bust, looking to the left, and is printed in dark green ink. It is of the same shape (a rectangle on end) and size (about ⅞ by 23-32 inch) as the other ordinary stamps, series of 1911. The border design is the same as that of the other denominations of the current issue above 7 cents.

55. **New stamped envelopes.**— Postmasters and employees of the postal service are notified that the Department is issuing stamped envelopes bearing an embossed 2-cent postage stamp of new design, described as follows:

56. **Description.**— The new stamp is printed in red ink and is in the form of a circle about 1 1-16 inches in diameter. In the center is embossed the head of Washington in profile, looking to the left. The sides and upper portion of the border carry the words "United States Postage" in white capital letters, and within the border beneath the head is the word "cents," with the numeral "2" on each side inclosed in a small white circle.

57. **Requisitions.**— For a while the Department cannot fill all requisitions with the new envelopes. The old embossing dies will be displaced with dies of the new design gradually, and until all of the stamping machines are equipped with the new dies, return-card envelopes bearing either the old or the new stamp will be furnished in response to the requisitions of postmasters. Unprinted envelopes bearing the old stamp will be issued by the Department until the stock on hand is exhausted.

58. **Watermarks.**— Stamped envelopes are now produced from paper bearing new watermark designs composed of a monogram of the letters "U S" one inch high and one-half inch wide. The year "1915" runs downwardly through the monogram from left to right, or horizontally through the upper part of the monogram, or horizontally through the lower part of the monogram, the different positions of the year indicating the mills which manufactured the paper.

REDEMPTION OF POSTAL CARDS.

59. Regulation and rates.— Postal cards will be redeemed under the provisions of section 344, P. L. and R., at the rates shown in the schedule printed below:

DIRECTIONS FOR RETURNING STAMPED PAPER FOR CREDIT.

60. Unsalable and undamaged stamped paper.— Unsalable and undamaged postage stamps, stamp books, stamped envelopes, postal cards and newspaper wrappers must NOT be returned without first obtaining permission.

61. Preparation of redemption shipments.— Stamped envelopes, stamp books, postal cards, and other stamped paper, returned to the Department, must be securely wrapped and sealed, showing plainly name of office and State, and sent by registered mail, or by freight when so authorized, addressed to the Third Assistant Postmaster-General (Division of Stamps) and when practicable should be forwarded in a single package. The postmark of the forwarding office should be legibly stamped on the package. Each shipment must be accompanied with a letter containing a statement showing the number of pieces of each donomination and the value of the stock sent, with the reason for its return. The postmaster must also certify in his letter that none of the postage stamps have been redeemed from the public, and that all envelopes and postal cards bearing printed return cards or addresses have been redeemed from original purchasers. (Secs. 344 and 346, P. L. and R.) The stock returned must be counted, prepared for shipment and dispatched in the presence of a disinterested witness.

62. List.— The following is the form of letter to accompany stamped paper sent the Department for redemption:

AARON, HERKIMER COUNTY, WYO., July 1, 1916.

The THIRD ASSISTANT POSTMASTER-GENERAL,
Division of Stamps,
Washington, D. C.

I mail you to-day, under registry No. 123, the following stamped paper for credit:

278 1 cent at postage value	$2.78	
144 2 cent at postage value	2.88	
		5.66

Spoiled postal cards redeemed from the public —

244 1 cent single at 75 per cent of face value	$1.83	
50 1 cent double at 75 per cent of face value	.75	
		$2.58
Total credit claimed		$20.00

I hereby certify that none of the postage stamps has been redeemed from the public, and that all the envelopes and postal cards, bearing printed return cards or addresses, have been redeemed from original purchasers.

JOHN DOE, Postmaster.

63. **Postmark and signature.**— The postmark should be plainly stamped at the head of the letter, and the postmaster's name and title must be signed to it legibly.

64. **Packages.**— Each kind and denomination of stamped paper, except adhesive stamps, must be separated into packages of 25, 50 or 100, and the stamps impressed thereon arranged to uniformly cover one another. Postage stamps of different denominations must not be mixed.

65. **Full sheets.**— Postmasters should not tear stamps apart, but should, so far as practicable, forward them to the Department in full sheets.

66. **Mutilated stamps.**— More than one-half a stamp must be returned or no credit will be allowed therefor.

67. **Treatment of stuck stamps.**— Stamps that are stuck together should be separated by soaking in hot water.

68. **Treatment of separated stamps.**— When stamps are in less than full sheets they should be pasted carefully on sheets of paper, 100 stamps to a sheet, in ten regularly arranged rows of ten stamps each. Any stamps over the full sheets of 100 should be pasted on a separate sheet of paper in regularly arranged rows of ten stamps each. More than one denomination should not be pasted on a sheet.

69. **Time of shipment.**— Shipments should not be made to the Department oftener than once a quarter, and should be made at least thirty days prior to the end of the quarter, so that the credit may be included in the same quarter. Large shipments should be made in cases or boxes, but not in mail pouches or sacks. Those received too late will be credited in the next quarter.

70. **Credits.**— Postmasters will not take credit for redeemed, damaged, or spoiled stock returned to the Department until authorized to do so. Authorizations of credit will be forwarded to postmasters as soon as practicable after the receipt of the shipments.

71. **To replace redeemed stamped paper.**— Stamped paper will not be sent in exchange for that which is returned. Requisition must be made on the proper form for stock desired to replace that sent to the Department for credit.

POSTAL FUNDS.

CARE OF PUBLIC FUNDS AND PROPERTY.

1. **Must not loan or improperly deposit.**— Postmasters shall keep safely, without loaning, using, depositing in an unauthorized bank or exchanging for other funds, all the public money collected by them, or which may come into their possession, until it is ordered by the Postmaster-General to be transferred or paid out. The regulations relative to the care of public funds apply to money order and key deposit funds as well as postal funds.

2. **Funds and stamps to be kept in secure place.**— If the post office is not such a reasonably safe place as to warrant the postmaster in leaving his own funds in it at night, or if the building is unoccupied, all moneys and postage stamps should be removed to a place of greater security. During business hours money and postage stamps should be kept in places inaccessible to the public and concealed from view. When funds or postage stamps are left at night in offices unprovided with iron safes, they must be kept in strong drawers or other fixed receptacles which must be securely fastened with good locks. The doors and windows of the office should be made as secure as possible. See sections 360 and 361, P. L. & R.

3. **Cash funds kept separate.**— Postmasters must keep their various cash funds entirely separate from each other. See section 1228, P. L. & R.

4. **Cashing Government paper.**— Postmasters may cash with postal funds, Government paper of any kind (disbursing officers' checks, which includes disbursing postmasters' checks in payment for rural delivery service, pension checks, Post Office Department warrants, Postal Savings System checks and drafts, etc.), provided they are received from responsible persons whose endorsement thereon the postmaster is willing to guarantee and provided such paper will be accepted at par by the depositary to which the postmaster must remit it as surplus postal funds. See section 372, P. L. & R.

5. **Foreign or mutilated coin.**— Postmasters should not accept foreign gold or silver coins as they are not legal tender in the United States; or perforated, mutilated or abraded coins; or

mutilated paper currency; except fractional silver coins, worn by abrasion, which must be received so long as the superscription thereon can be distinguished.

6. **Legal tender of small coins.**— Minor coins, five, three, two and one cent pieces, are legal tender to the amount of twenty-five cents and fractional silver up to ten dollars.

7. **Counterfeit money.**— When counterfeit money is accepted the postmaster must bear the loss thereon.

8. **Making change.**— Postmasters should provide themselves with a sufficient amount of minor coins and bills of small denomination to enable them to make change for purchases of stamped paper. When a postmaster is unable to make change the purchaser must tender the exact amount of the purchase. See section 333, P. L. & R.

9. **Key deposit funds.**— For information concerning the key deposit fund see sections 357, 358, 359, and 366, P. L. & R.

10. **Call and lock boxes.**— For information concerning call and lock boxes see sections 348 to 356 inclusive, P. L. & R.

DISPOSAL OF FUNDS UPON CHANGE OF POSTMASTERS.

11. **New postmaster.**— Postmasters must not, on taking charge of an office, receive from their predecessors any money belonging to the Department, except money order funds, postal savings funds, and key deposit funds, unless specially instructed to do so. See sections 365 and 366, P. L. & R.

12. **Retiring postmaster.**— Whenever a postmaster goes out of office the full amount of postal funds due the Government, according to his own account and without waiting to ascertain the exact balance on a final settlement by the Auditor for the Post Office Department, must be deposited with his designated depositary and not transferred or paid to his successor. Key deposit funds will in all cases be transferred by the postmaster to his successor. Key deposit funds are not part of the regular funds of the office, but are trust funds which are held by the postmaster. See section 366, P. L. & R.

CANCELLATION OF STAMPS IN RELATION TO THE COMPENSATION OF FOURTH-CLASS POSTMASTERS.

13. **Penalty clause.**— Commissions must not be claimed by postmasters for the cancellation of the penalty clause on official envelopes.

14. **Special delivery stamps.**— Credit will not be allowed for the cancellation of special delivery stamps, nor for the cancellation of ordinary stamps when affixed to mail matter for the purpose of effecting special delivery. See section 273, P. L. & R.

15. **Third-class mailings.**— For instruction in regard to claiming credit for the cancellation of stamps on deposits made to cover the mailing of third-class matter see section 422, P. L. & R.

16. **Boxes at railway stations.**— Postmasters may for the convenience of the public erect boxes at railway stations for the reception of mail matter and cancel the stamps on said matter at the stations either personally or by sworn employee. See section 530, P. L. & R.

17. **Late mailings.**— When any mail matter is received too late to be put in the lock pouch, the postmaster or sworn assistant or clerk may, after postmarking and canceling the same, deliver it in person to the railway postal clerk. See section 568, P. L. & R.

18. **Diversion of mail.**— Postmasters must not solicit the mailing of matter at their offices by persons living or doing business within the delivery of another post office. All postmasters at post offices of the fourth class are hereby instructed not to claim credit for the cancellation of postage stamps on matter diverted from other post offices to their post offices for mailing, and they will report to the Department (Office of the Third Assistant Postmaster-General) all such cases coming to their knowledge. The report should show the amount of postage stamps canceled on such diverted matter and the names and addresses of the senders thereof. Violation of this regulation will be regarded as cause for removal. See section 531, P. L. & R.

19. **Solicitation.**— The penalty for soliciting the diversion of mail matter from an office where it should properly be dispatched to another, for the purpose of increasing the emoluments of the latter office, is a fine of not more than $500 or imprisonment for not more than two years or both. See section 1681, P. L. & R.

20. **False returns.**— In any case where the Postmaster-General shall be satisfied that a postmaster has made a false return of business it shall be within his discretion to withhold commissions on such returns and to allow any compensation that under the circumstances he may deem reasonable.

21. **Readjustment of account.**— Whenever an account has been closed it will be reopened by the Auditor and the balance due the Government after making the charges provided in the Postmaster-General's order will be collected in the usual manner. See section 145, P. L. & R.

22. **Penalty for making false returns.**— The penalty for making false returns of business by a postmaster or any other person employed in the postal service for the purpose of fraudulently increasing his compensation is a fine of not more than $500 or imprisonment not more than two years or both. See section 1681, P. L. & R.

FAILURE TO CANCEL POSTAGE STAMPS.

23. **Faulty cancellation reports.**— Postage stamps affixed to all mail matter or the stamped envelopes in which mail is inclosed must be canceled by the postmaster at the mailing office with black canceling ink in such way that defacement of the stamps is thorough and complete, so as to prevent the cleaning and reuse of the canceled stamps, but not so as to render the impression illegible. The postmaster at the office of delivery should be careful to cancel with the postmarking stamp of his office all stamps which have escaped cancellation at the office of mailing. He should obtain from the addressees when possible the envelopes bearing such stamps together with the names of the offices of dispatch and transmit them to the Third Assistant Postmaster-General, Division of Finance, with his report. See sections 538 and 539, P. L. & R.

24. **Only canceling ink furnished by the Department to be used.**— The failure to cancel postage stamps properly, whether due to carelessness on the part of a postmaster, or to the use of inferior canceling ink, may result in serious losses to the Government. The revenues of the postal service must be zealously protected by the proper cancellation of stamps with canceling ink furnished by the Department. No other ink for that purpose must be used. See sections 70, 539 and 542, P. L. & R.

DISBURSEMENT OF POSTAL FUNDS.

25. **Expenditures by postmaster.**— The salary of a postmaster, and such other expenses of the postal service authorized by law as may be incurred by him and for which appropriations have been made, may be deducted from the receipts of his office, under the direction of the Postmaster-General.

26. **Salary payments and transfer of funds.**— Postmasters must be prepared to pay salaries semi-monthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last days of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. Whenever the postal funds of the office are not sufficient to make such payments transfers should be made from the money order to the postal account. If the available postal and money order funds combined are insufficient for this purpose, application for funds should be made on Form 3011 to the Third Assistant Postmaster-General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 is furnished to disbursing postmasters only, and may be obtained upon requisition to the Third Assistant Postmaster-General. See sections 384 and 1232, P. L. & R.

27. **Money order credit.**— Postmasters should not provide for deficiences in postal receipts by negotiating drafts on their present money order credit with the postmaster at New York and transferring the proceeds to postal account.

28. **Deceased employees.**— For instructions relative to making payments to representatives of deceased employees, in settlement of balances due as salary or otherwise, see section 389, P. L. & R.

29. **Payments during quarter.**— All authorized payments of whatever kind should be made in the quarter in which the expense occurs and the vouchers for such expenditures forwarded to the Auditor with the postal accounts for that quarter. See section 390, P. L. & R.

30. **Warrant payments.**— All payments for carrying the mails on star, steamboat, railroad, electric car, screen wagon, pneumatic tube, mail messenger and special office routes, and for any temporary service that may be employed in connection with said routes, are made by warrants drawn on the United States Treasury. Postmasters should not pay for such service, and must not expect the Department to refund any money they may have erroneously paid for the carriage of the mails. The Department cannot pay postmasters for carrying the mails, neither can it allow postmasters credit in their quarterly accounts for money paid by them for such service. Payments will be made by warrant on the Treasury direct from the Department after the expiration of each month and as soon as accounts can be settled, if required evidence of service has been received. See section 1440, P. L. & R.

RULE FOR COMPUTING SALARIES OF EMPLOYEES IN THE POSTAL SERVICE.

31. **How calculated, salary tables.**— Section 4 of the Act of Congress, approved March 4, 1911, provides as follows:

"That after June thirtieth, nineteen hundred and eleven, where the salary or compensation of any employee in the postal service is at an annual or monthly rate, the following rules shall be followed in computing the amount due: An annual salary or compensation shall be divided into twelve equal installments, one of which shall be the pay for each calendar month; and in making payment for a fractional part of any calendar month there shall be paid such proportion of one of such installments, or of the amount of the monthly salary or compensation, as the number of days in the fractional part of that month bears to the actual number of days in that month."

In computing salaries based on annual rates of pay the following method will be observed:

To obtain the monthly rate of pay, divide the annual rate by twelve. If the monthly rate contains a fraction of one-third of a cent, it will be reckoned as a cent in paying salaries for the months of March, June, September and December, and disregarded for all other months. If the monthly rate contains a fraction of two-thirds of a cent, it will be reckoned as a cent in paying salaries for the months of February, March, May, June, August, September, November and December, and disregarded for all other months.

To obtain the daily rate of pay, first divide the annual rate by twelve. Then divide the resulting sum, including the fraction of the cent when it appears in the quotient, by the number of days in the month for which the salary is being paid. If the fraction in the last resulting sum amounts to a half-cent, or less, it will be disregarded. If the fraction is more than a half-cent, it will be reckoned as a cent.

In order to facilitate the work incident to payment of salaries of employees in the postal service, salary tables have been prepared and may be obtained from the Third Assistant Postmaster-General (Division of Finance) on request.

DEPOSIT OF SURPLUS POSTAL FUNDS.

32. **Depositary offices.**—All postmasters at offices of the presidential and fourth classes will deposit their surplus postal funds with the postmaster in their State as indicated below. This does not include money order funds.

State or Territory.	Depositary, postmaster at—	State or Territory.	Depositary, postmaster at—
Alabama	Birmingham.	Nebraska	Omaha.
Alaska	Seattle, Wash.	Nevada	Reno.

Michigan	Detroit.	Washington	Seattle.
Minnesota	St. Paul.	West Virginia	Wheeling.
Mississippi	Vicksburg.	Wisconsin	Milwaukee.
Missouri	St. Louis.	Wyoming	Cheyenne.
Montana	Helena.		

33. **When to deposit.**—For information in regard to the time and place for making regular deposits of surplus postal funds, see section 368, P. L. & R.

34. **Drafts permitted.**—Postmasters are permitted to remit their surplus postal funds by means of national or State bank drafts, provided they can make satisfactory arrangements with their depositaries to accept them and that it be done at the risk and expense of the depositing postmasters.

35. **Private checks not accepted.**—The use of checks and the drafts of private banks, postage stamps, foreign coins or notes and mutilated coins for remitting postal funds is not permitted.

36. **Quarterly postal accounts.**—Postmasters should take credit in their quarterly accounts for postal deposits. Postal accounts must be rendered to the Auditor for the Post Office Department promptly at the close of each quarter and not delayed awaiting the receipt of duplicate certificate of deposit. Certificates must be examined on receipt, and if any error is found therein, immediate notice should be sent to the depositary in order that the necessary correction may be made. See section 373, P. L. & R.

37. **Delinquencies to be reported.**—Postmasters at depositary offices are requested to report to the Department cases of habitual carelessness on the part of remitting postmasters.

38. **Temporary deposits in banks.**—Any postmaster having public money belonging to the Government, at an office within a city or town where there is no Treasurer or Assistant Treasurer of the United States, or designated depositary, may deposit the same temporarily, at his own risk and in his official capacity, in any national or State bank in the State in which the said postmaster resides, or in which his office is located, or within a reasonable radius of his post office in an adjacent State, but no authority or permission is or shall be given for the payment to or receipt by a postmaster or any other person, of interest, directly or indirectly, on any deposit made as herein described.

Where temporary deposits are maintained by postmasters in national or State banks, regular remittances must be made to their depositaries as provided in sections 367 to 374, P. L. & R.

39. **Deposits for safekeeping only.**—Any postmaster may, at his own risk and expense, place any public funds and property in his custody in any bank located in the town, city or county in

which the postmaster resides, for safe-keeping; that is to say, such funds and property may be kept in a receptacle under the depositing postmaster's exclusive control, and the receptacle placed in a safe deposit vault of such bank, or otherwise entrusted to it for safe-keeping, at the risk and expense of the depositing postmaster. Under no circumstances may such funds or property specially deposited in any bank for safe-keeping be used by the bank or become a part of its assets, or be mingled with its regular deposits. Nothing in this section shall be so construed as to affect the claim of any postmaster to credit or reimbursement on account of loss resulting from burglary, fire or other unavoidable casualty. See section 364, P. L. & R.

40. **Deposits not to be sent to Department or to Auditor.**— Postal funds must not be sent to the Department nor to the Auditor. Neither the Post Office Department nor the Auditor for the Post Office Department is a depositary for postal funds, and remittances so sent may be returned at the depositing postmaster's risk of loss. See section 369, P. L. & R.

41. **Excess over $10 must be deposited.**— The entire amount of postal funds due at the time prescribed for making deposits must be remitted; provided that no remittance shall be made unless the amount due exceeds ten dollars, except to close the account of a retiring postmaster. See section 370, P. L. & R.

42. **Currency and coin.**— Remittances of surplus postal funds when in the form of currency or coin, should be sent by registered mail, addressed to the postmaster at the post office designated as the depositary. See section 371, P. L. & R.

43. **Preparation of remittances.**— For instruction concerning the preparation, witnessing, description and registration of remittances, see sections 371 and 915, P. L. & R.

44. **Designation on envelope.**— When remitting postal funds to their depositaries postmasters are directed to mark on the envelope inclosing the same "Postal Funds" in order to distinguish them from all other funds, and to facilitate the handling of such remittances at the depositary offices.

45. **Counterfeit money.**— When any notes or coin included in a remittance are returned by the depositary, branded or marked as counterfeit, the postmaster will take credit for only the amount named in the certificate of deposit and immediately make an additional remittance to cover the amount due. No reimbursement will be made to postmasters for losses occasioned by the acceptance of counterfeit money. See section 117, P. L. & R.

BOX RENTS AND KEY DEPOSITS.

46. **Schedule.**— To provide a definite and satisfactory rule for the collection of box rents the following schedule, based upon the kind and capacity of boxes and the gross receipts at post offices, has been adopted by the Department in the establishment and maintenance of box rent rates:

Gross receipts of post office.	Rate per quarter.

‡ Capacity 900 cubic inches and upwards.
§ Capacity 200 cubic inches and less than 500 cubic inches.
¶ Capacity 500 cubic inches and less than 900 cubic inches.

ACCOUNT OF RECEIPTS FROM BOX RENTS.

47. **Must account to Auditor.**— Postmasters at all offices, even where the box equipment is furnished by them, must account to the Auditor for the Post Office Department at the end of each quarter for the box rents collected for boxes assigned for that quarter, as part of the receipts of the office, and in case of retirement from office during a quarter, the exact amount of box rents collected only will be reported. Where different postmasters serve in the same quarter, the division between them of the box rents, which are a part of the compensation of the office, will be adjusted by the Auditor, and proper credits authorized. (See sec. 354, P. L. & R.)

FORFEITED KEY DEPOSITS.

48. **Use of key fund.**— Postmasters are instructed to replace, by expenditure from forfeiture funds, such a number of the keys found to be lost or withheld from delivery boxes, at a cost not

to exceed 20 cents a key, as may be needed to keep the equipment serviceable and to furnish box renters with the number of keys for which they may apply, not to exceed three keys a box, and to record such expenditures promptly in the Box and Key Register (Form 1091½). The key redemption funds must not be used in replacing missing keys nor must any keys be replaced from forfeiture funds unless they are represented by forfeited key deposits in the custody of the postmaster.

49. **Expenditures.**— No postmaster will be permitted to expend from key funds any amount in payment of bills demanded for keys unless an itemized statement is presented with each bill, showing the number and kind of keys for which payment is demanded.

MISCELLANEOUS INFORMATION ON SUBJECTS AFFECTING THE POSTAL REVENUES.

50. **Railway mail clerks may accept certain mail.**— Railway postal clerks may accept from the public, except where otherwise ordered, all mail matter, except that of the fourth class, upon which the proper rate of postage is paid; all matter in penalty envelopes or bearing the frank of any person entitled thereto by law; soldiers' and sailors' letters unpaid when duly certified and matter of the first class upon which the stamps are canceled when readdressed for forwarding. See section 1610, P. L. & R.

51. **Registered mail.**— Mail to be registered should be presented at a post office, post office station or to a city or rural carrier. Railway postal clerks and star route carriers are not permitted to register mail for the public.

52. **Penalty for illegal transportation of mail.**— Whoever, being concerned in carrying the mail, shall collect, receive or carry any letter or packet, or cause or procure the same to be done, contrary to law shall be fined not more than $50.00 or imprisoned not more than 30 days, or both. See section 1295, P. L. & R.

53. **Unlawful disposition of stamps** and other stamped paper and the penalty imposed for such acts. See sections 332 and 334, P. L. & R.

54. **Penalty envelopes must be used for official matter.**— Postmasters are directed not to use postage stamps or stamped paper of any kind for their official correspondence. Letters upon the official business of the Post Office Department are entitled to pass through the mails free of charge, in penalty envelopes, and if registration is required, they are entitled to be registered without cost to the postmaster. See sections 496 and 878, P. L. & R.

55. **Quarterly returns to Auditor.**— See sections 184 to 186 inclusive, 191 to 200 inclusive, and 391, P. L. & R.

56. **List of names of patrons.**— For information relative to furnishing information to the public respecting mail matter and furnishing list of patrons' names, see section 523, P. L. & R.

57. **Money loose in mails.**— See sections 527 and 1637, P. L. & R. See also sections 953 and 955 as to registered mail.

58. **Forwarding mail with postage due stamps affixed.**— For information, see section 599, P. L. & R.

59. **Losses by burglary, fire, etc.**— Relative to losses of postal, postal savings, key-deposit and money order funds, postage stamps and other stamped paper, and postal savings stamps, etc., see section 150, P. L. & R.

60. **Losses of ordinary mail.**— See section 487, P. L. & R.

61. **Losses of registered, insured and C. O. D. mail.**— See sections 971 to 974 and sections 488 and 489, P. L. & R.

62. **Misappropriation of funds.**— See section 1675, P. L. & R.

63. **Lost warrants or drafts.**— For instruction relative to the procedure to be taken when warrants or drafts are lost, see section 147, P. L. & R.

QUARTERLY NEWSPAPER AND PERIODICAL REPORTS.

64. **Statements to be sent to Third Assistant, Division of Classification.**— Postmasters should not send to the Auditor for the Post Office Department, with their quarterly postal accounts, the statement of postage at one cent a pound collected in money on second-class matter mailed by publishers and news agents (Form 3551, Presidential, and Form 3551-a, fourth-class). These statements, together with the manifold copies of receipts given to publishers and news agents, should be forwarded promptly at the close of the quarter direct to the Third Assistant Postmaster-General, Division of Classification, in accordance with the provisions of section 392, P. L. & R.

ACCOUNTS AND COMMUNICATIONS FOR THE AUDITOR FOR THE POST OFFICE DEPARTMENT.

65. **Fourth-class offices:**

(a) *A Quarterly Postal Account,* Form 1558, shall be forwarded with the special delivery receipts and other supporting vouchers in envelope No. 17 immediately after the close of the quarters ending March 31, June 30, September 30 and December 31. Make a careful review of the entries and additions of stamps canceled after being copied on the account blank; also see that the account is signed and postmarked before mailing.

(b) *A Monthly Money Order Account,* Form 6010, shall be forwarded with all paid money orders and spoiled forms in envelope No. 44 or 80 immediately after the close of each month. Enter the amount of authorized reserve, funds in transit, etc., in the spaces provided therefor. Remit all surplus funds to designated depositary and see that the account is postmarked and signed before mailing. If authorized to transact international business, use monthly money order account Form 6011 and continuation sheets Form 6013 for issues and Form 6014 for payments.

66. **Third-class offices:**

(a) *A Quarterly Postal Account,* Form 1545A, shall be forwarded with all supporting vouchers immediately after the close of the quarters ending March 31, June 30, September 30, and December 31. Paste green address label, Form 1554, on the package before mailing. Postmark in blank space under "Schedule of Vouchers."

(b) *A Monthly Money Order Account,* Form 6011, accompanied by monthly lists of money orders issued and paid, Form 6013 and 6014, shall be forwarded with all domestic paid money orders and spoiled forms in envelope No. 44 or 80 immediately after the close of each month. If a larger covering is required use one of those envelopes as a facing slip. Enter the amount of authorized reserve, funds in transit, claims pending for loss, etc., in spaces provided therefor. Remit all surplus funds to designated depositary, and see that the account is postmarked and signed before mailing.

(c) *A Semi-Monthly List of International and Domestic-International Money Orders Paid,* Form 6014, shall be forwarded with the paid orders in a separate envelope, No. 44 or 80, marked "INTERNATIONAL", immediately after the close of business on the 15th and last days of each month. The total of the domestic-internationals shall be included in the Monthly Recapitulation under the head "Domestic Money Orders Paid and Repaid," while the total of the internationals shall be recapitulated under "International Money Orders Paid."

67. **First and second-class offices:**

(a) *A Quarterly Postal Account,* Form 1545B, shall be forwarded with all supporting vouchers immediately after the close of the quarters ending March 31, June 30, September 30 and December 31. Postmark in the blank space under "Schedule of Vouchers." Place all vouchers and abstracts pertaining to the City Delivery Service in special envelope No. 79, marking thereon "CITY DELIVERY SERVICE." Follow the same procedure with respect to the vouchers, abstracts and pay-rolls pertaining to the Railway Mail Service, Rural Delivery Service, and Clerks and Employees in Post Offices. Forward the account and the supporting documents in one package, using yellow address label, Form 1554a.

(b) *A Monthly Money Order Account,* Form 6011, accompanied by monthly lists of money orders issued and paid, Forms 6013 and 6014 shall be forwarded with all domestic paid money orders and spoiled forms in envelope No. 44 or 80 immediately after the close of each month. If a larger covering is required use one of those envelopes as a facing slip. Enter the amount of authorized reserve, funds in transit, claims pending for loss, etc., in the spaces provided therefor. Remit all surplus funds to your designated depositary and see that the account is postmarked and signed before mailing.

(c) *A Semi-Monthly List of International and Domestic-International Money Orders Paid,* Form 6014, shall be forwarded with the paid orders in a separate envelope No. 44 or 80, marked "INTERNATIONAL," immediately after the close of business on the 15th and last days of each month. The total of the domestic-internationals shall be included in the Monthly Recapitulation under the heading "Domestic Money Orders Paid and Repaid," while the total of the internationals shall be recapitulated under "International Money Orders Paid."

NOTE.—Postmasters at the largest offices transmit daily or quarter-monthly lists of domestic paid money orders, in accordance with special instructions.

68. **Money order reserve and funds in transit.**—Postmasters are instructed to enter the amount of their authorized reserve, funds in transit, claims pending for loss, etc., on their monthly money order accounts, Form 6010 or 6011. All surplus money order funds in excess of the amount authorized to be retained shall be deposited each day, or as soon as the amount reaches $50.00. When an excessive balance results through the receipt of money order funds after the remittance for the last day of the month has been made the accumulated excess must be dispatched to the depositary by the first mail on the next business day. The amount thus remitted shall be entered on the account of the preceding day as funds in transit, indicating the date on which the funds were actually forwarded, as "July 1," "Aug. 1," "Sept. 1," etc. It is imperative that money order accounts be rendered immediately after the close of each month and all surplus funds deposited as indicated above. Postmasters having funds in transit at the close of a quarter shall hold their last money order account until the certificates of deposit are received in order that credit may be claimed in the same quarter in which the certificates are issued and dated. An account shall not be held for that purpose for more than three days, and under no circumstances shall credit be

taken in an account for a certificate issued in a subsequent quarter. Accounts shall not be held where it is manifest that the certificates to be issued will bear dates of a subsequent quarter. In such instances the amounts of the remittances shall be noted as funds in transit and included in the balance due the United States as cash on hand. In claiming credit for a money order remittance the date to be entered in the cash book shall be that on which the certificate is received except at the close of the quarter, when credit shall be claimed under date of the certificate itself. In the few cases where a certificate of deposit is received after the account has gone forward bearing date of the quarter just closed, credit shall be taken in the next monthly money order account.

69. **Postal depositary offices.**— A *Semi-Monthly Transcript of Postal Deposits*, Form 1565, shall be forwarded with the original certificates of deposit in envelope No. 85 immediately after the close of business on the 15th and last days of each month.

70. **Money order depositary offices:**

(a) *A Monthly Memorandum*, Form 6025, list of remittances on money order account received during the month, shall be forwarded in special envelope No. 85 immediately after the close of business for the first and second months of each quarter.

(b) *A Quarterly Memorandum*, Form 6025, list of remittances on money order account received during the quarter, shall be forwarded with quarterly card schedules of deposit received, Form 6021b, immediately after the close of the quarters ending March 31, June 30, September 30 and December 31. Paste special envelope No. 85 on the package as a facing slip. No *monthly* list on Form 6025 for the last month of the quarter is required.

71. **Change of postmasters.**— The final postal and money order accounts of the outgoing postmaster shall be rendered to and including the day the office is transferred. The first account of the incoming postmaster shall commence with the next day.

72. **Instructions for rendering accounts.**— Specific instructions for preparing the foregoing accounts are printed on the respective blanks.

73. **Supplies.**— Timely requisitions for supplies of the above numbered account blanks, envelopes, and labels shall be made on the Fourth Assistant Postmaster-General, Division of Equipment and Supplies, Washington, D. C.

74. **Special communications and miscellaneous correspondence,** in order to receive prompt attention, shall be forwarded in envelope No. 17, separate from postal and money order accounts and vouchers. The nature of the inclosure shall be indicated on the envelope.

75. **Dray tickets.**— Effective July 1, 1916, postmasters are instructed to forward all dray tickets, Forms 1414, 1414A and 1414B, with the quarterly postal account in which credit is claimed for the payment to the Auditor for the Post Office Department.

STAMP ACCOUNTS FOR THE THIRD ASSISTANT POSTMASTER-GENERAL.

76. A Stamp Account, Form 3325, Presidential, or Form 3326, Fourth Class, should be mailed promptly at the close of each quarter to the Third Assistant Postmaster General, Division of Stamps.

REGISTERED MAIL.

Postmasters must read articles 1 to 26, pages 23 to 25 of this Guide.

1. **Articles admissible.**— Under domestic rates and conditions, see articles 1 to 5, pages 6 and 7, of this Guide, and sections 875 to 1114, P. L. & R. Under International Postal Union rates and conditions, see under "Foreign Mails," page 113, of this Guide, and sections 1039 to 1063, P. L. & R. Under international parcel post rates and conditions see articles under "Foreign Mails (International Parcel Post)" of this Guide. The insurance of fourth class domestic mail (parcel post) is covered by articles 1 to 66, pages 106 to 113 of this Guide. Fourth class domestic mail (parcel post) is prohibited registration, but may be insured when sealed and not in excess of the weight limit prescribed for first-class mail, upon the payment of the usual registry fee and postage at the first-class or letter rate.

2. **Indemnity.**— For domestic indemnity see article 3, page 23, and articles 23 and 26, page 25, of this Guide. For international indemnity, see same article. For general instructions covering both services see Sections 971 to 974, P. L. & R. (See articles 52 to 64, pages 112 to 113 of this Guide as to indemnity for lost, insured and C. O. D. mail.)

3. **Recovery of articles reported lost.**— Postmasters at offices of mailing and address shall keep a record of each registered article reported lost, and in the event of subsequent receipt of the article, must promptly notify the Chief Inspector and the Third Assistant Postmaster-General, Division of Registered Mails.

ACCEPTANCE, DISPATCH AND TRANSIT HANDLING.

4. **Preparation for mailing.**— See article 5, page 23, of this Guide, particularly as to money packages.

5. **Registration after close of registry window.**— Signs displayed at post offices to indicate that the registry window closes at a certain time should also set forth that mail for registration may be presented thereafter at the stamp window, if such is the case, so that the public will not seek other means of transmitting valuable matter. See Section 282, P. L. & R.

6. **Rates of postage to be designated in records.**— Postmasters shall note on the registration receipt and on the mailing-office record the class of each domestic or foreign article accepted for

registration. The following abbreviations should be used in recording the several classes of mail accepted for registration addressed to foreign countries:

Classification.	Abbreviation.	Classification.	Abbreviation.
Letters	L.	Printed Matter	Pts.
Postal Cards	P. C.	Samples of Mdse	Smple.
Commercial Papers	Com. P.	Parcel-Post	P. P.

Registration records must properly distinguish international "parcel-post" registered mail from the other classes of mail addressed to foreign countries.

7. Firm mailing records.—Manifold firm mailing records in loose leaves or in books are supplied for use by patrons who frequently or at intervals present an average of three or more articles for registration. Postmasters must suggest the use of these books. Their use renders it unnecessary to re-enter such registered letters and parcels in the window registration book, or one-line record, as one copy of the bill from the firm is left as a record at the post office with the registered matter, the duplicate copy being retained by the patron using it, thereby furnishing the sender a convenient and compact record of all articles sent by registered mail.

8. Schemes for the dispatch of registered mail.—Superintendents of the Railway Mail Service will furnish schemes for the dispatch of registered mail whenever they are needed and revise and correct existing schemes to secure the most expeditious dispatch consistent with security. Postmasters should carefully examine their schemes and bring to the attention of the Superintendent of the Railway Mail Service for the division in which their post offices are located, all questions on these features, or bearing upon any possible advance in dispatch.

9. Iron-lock pouch dispatches.—Division Superintendents of the Railway Mail Service will make certain preliminary installations of exceptional dispatches of registered mail in iron-lock pouches, their action in each case to be reported to the Third Assistant Postmaster-General, Division of Registered Mails, for review and approval, disapproval or modification, such installation to remain in force unless formal notice of its modification or revocation is received. Postmasters may continue to communicate direct to the Third Assistant Postmaster-General, Division of Registered Mails, their opinions with reference to exceptional dispatches in which their offices are concerned.

10. Rotary-lock dispatches.—All postmasters and employees of the Railway Mail Service in possession of ordinary rotary-lock keys are authorized to make and receive dispatches of registered mail in pouches or sacks closed with rotary-locks whenever the quantity or bulk of registered mail involved justifies and when at least one handling in transit of the mail inclosed is saved thereby. Five or more pieces or two bulky pieces which will well fill a pouch or sack will justify the use of a sack or pouch closed with a rotary-lock. Unless a postal employee making up a rotary-lock pouch has knowledge that hand-to-hand delivery of the pouch can be made over the entire route, the pouch as made up should not be so large that it cannot be inclosed within a large size outer ordinary mail pouch should occasion require. All post offices of the first and second classes, terminal railway post offices, railway post offices in full postal cars, railway post offices in the more important apartment car lines, and certain transfer clerks designated in the schedules of the Railway Mail Service and the following named post-offices of the third and fourth classes and branch post offices and named stations are in possession of rotary-lock keys and therefore authorized to make and receive dispatches of registered mail in pouches and sacks closed with rotary-locks. In case any postmaster is in doubt whether any railway post office train is supplied with a rotary-lock key, the information may be obtained from the Superintendent of the Railway Mail Service for the Division in which his office is located, or from the local Chief Clerk of the Railway Mail Service at other than Division headquarters. See Secs.-983 to 1014, P. L. & R. Any postmaster or employee of the Railway Mail Service who believes that he should be furnished with a rotary-lock key, should make application therefor, stating facts and reasons.

11. Rotary-locked pouches, experimental billing of.—As an experimental arrangement with a view to eliminating clerical labor, certain offices, the postmasters at which will be given individual notification, are authorized to dispatch rotary-locked pouches recorded simply by the fixed and rotary-lock numbers and in billing these rotary-locked pouches in transit postal employees will record them only by these numbers, omitting the name of the office of origin (which will not be shown on the pouch or label), and the name of the post office of destination, which will be on the label. Postal employees receiving these pouches will not report the billing or recording in this manner as an irregularity.

12. Pouch bill coupons.—Coupons of Forms 3852, 3853 and 3854 need not be filled out nor postmarked at the offices of dispatch unless it is known that the coupons will be returned; such cases are listed in par. 1, Sec. 1006, P. L. & R. When the receiving postmaster has occasion to return a coupon which has not been filled out he should write in the necessary items.

13. Post offices having separate stations for handling transit registered matter.—Council Bluffs, Iowa; Omaha, Nebr.; Philadelphia, Pa.; Saint Louis, Mo.; Seattle, Wash.; Washington, D. C., and Los Angeles, Cal. (the latter from December 13th to 31st, inclusive, each year). See Sec. 995, P. L. & R.

14. Treatment of registered mail at independent branch post offices and stations.—Independent branch post offices and independent stations indicated in the alphabetical list of post offices receive and dispatch registered mail direct, and registered jackets, sacks and pouches for delivery therefrom must be addressed thereto. The name of the post office to which such branch or station is attached need not appear, except in cases where an independent station is designated by a letter only, when postmasters will add the name of the post office to which the lettered station is attached. If such matter addressed to any independent branch or station is received at the main office or at any other branch office or station, it will be treated as transit matter.

15. Improper treatment of registered mail as ordinary mail.—In opening and working mixed mails, postal employees must check and receipt for the registered mail inclosed therein before making disposition of the ordinary mail. Ordinary mail should also be carefully scrutinized for the purpose of ascertaining whether any registered mail has inadvertently been placed therein and not recorded in dispatch. See Secs. 884, 895, and 927, P. L. & R.

16. Carriers' registry delivery books.—Postmasters should require carriers, in entering registered articles for delivery in carrier delivery books, to list *only the number* of each article (unless there should be two or more having the same number on the same day, in which case the office of origin should also be given). The delivery records of the post-office or station give the other essential particulars. The description by number will be sufficient to fulfill the requirements of Section 1082, P. L. & R.

17. Delivery of registered mail.— Postmasters must examine carefully registered mail for restrictive indorsements, exercise discretion, and observe the requirements of Section 935, P. L. & R., in delivering registered mail. Registered mail indorsed "Deliver to addressee only," or with words of similar import, must not be delivered to any person except the addressee, not even upon his written order. Matter which cannot be delivered as restricted must be returned to the sender indorsed "Cannot deliver as restricted." Unknown signatures on written orders for the delivery of such mail must be verified. If there is reason to believe that the person or institution to whom delivery may be made is not such a responsible person or institution as would care for or properly dispose of it, delivery should not be made except to the addressee or to the person in whose care it is addressed, or to a representative of the addressee or person in whose care it is addressed authorized in writing to receive it, or in compliance with a written order from the sender verified by the postmaster at the office of mailing. The delivery records of the post office, and the senders' return receipt when required for registered mail delivered to other than the addressee should show both the name of the addressee and that of the person receipting for the article. Proper receipts must be taken in every instance and the senders' return receipts dated and postmarked to show the actual dates of delivery. See Sec. 931 of the P. L. & R.

FORWARDING, AND RETURN TO SENDER, OF REGISTERED MAIL.

(See Secs. 943 and 1053, P. L. & R.)

18. Method of dispatch.— In forwarding or returning registered mail which can not be delivered, all postmasters, including those at offices using inward numbers, shall dispatch the mail under the original registration number and the office of origin. See Sec. 943, P. L. & R. Such mail should not be re-registered in the window registration book, but the required notation should be made on the delivery record and each article recorded and dispatched as other outgoing or transit registered mail. At offices using inward numbers the original number may if necessary, be noted either on the final delivery record or on such other record as may be most advantageous to facilitate connection between original and inward number in case of inquiry.

RETURN RECEIPTS.

(See Secs. 931 and 1041, P. L. & R.)

19. When furnished.— Postmasters should not prepare receipt cards for return to the senders of registered articles that do not bear the indorsement "Receipt desired" or words of similar import. When an article bearing such indorsement is received for registration, the registration record shall be similarly indorsed. The card receipts must be securely fastened at the mailing office to the pieces to which they relate. If no return receipt card accompanies a domestic registered letter or parcel bearing the proper indorsement the postmaster at the delivering office shall supply one.

20. Information to be shown on receipts.— Delivering postmasters will request each person who receipts for the registered article to write or stamp on the card the date of delivery; when not inserted it must be written or stamped on the card by the postmaster. Return receipts must also be postmarked to show the actual date of delivery. Registered mail signed for by other than the addressee must show on the card the name of the addressee as well as that of the agent.

21. Records when delivered by card.— When a registered article, addressed for delivery at a post office having card delivery of registered mail, bears request for a return receipt, the letter "R" or other indorsement must be stamped or written upon the card or other convenient record and the return receipts obtained shall, before mailing, be attached to and turned in with the card so that the receipts may be checked to determine that they have been obtained and properly completed.

22. Records when not delivered by card.— At post offices where cards are not used, the letter "R" or other indorsement must be written or stamped on the delivery record opposite the entry of those articles for which the senders have requested a return receipt, and the return receipt shall, before mailing, be checked with the record to make certain that they have been obtained and properly completed.

International Return Receipts — See Secs. 1041, 1042 and 1063, P. L. & R.

REGISTRY STATISTICS AND FORMS.

(See Secs. 961 to 968, P. L. & R.)

STATISTICS.

23. The following are the only statistics which will be called for by the Division of Registered Mails for the fiscal year ending June 30, 1917. Cards on which to report this information will be furnished without requisition about July 1, 1917.

INTERNATIONAL REGISTERED MAIL, ALSO FOR ALASKA AND ISLAND POSSESSIONS OF THE U. S.

25. (*a*) **Registry return receipts.**— Whenever the sender requests a return receipt for a registered article addressed to a foreign destination other than Shanghai, China, such receipt will be supplied at the United States Exchange Office of dispatch, unless the mailing office has been specially authorized to prepare same.

(*b*) **Registry return receipts for mail addressed to Canada.**— When a return receipt is requested for a registered article addressed for delivery in Canada, the mailing postmaster will prepare and send the domestic form of return receipt (Form 1548) with the article unless he has been authorized to make up foreign return receipts (Form 3870) or unless he has positive knowledge that the registered article will pass through a United States exchange office, as a single piece, before its entry into Canada. See Article 33, page 103 of this Guide relative to "Registered Jacket Envelopes for and from Canada."

(*c*) **Make up and dispatch.**— Postmasters should dispatch registered mail for foreign countries or Island Possessions of the United States, as directed by secs. 1043, 1047 and 1017, P. L. & R.

(*d*) **Hawaii.**— Honolulu is the proper exchange office for all registered matter mailed in Hawaii, addressed to foreign countries.

(*e*) **Trans-Atlantic, Canal Zone and West Indian destinations (except Cuba and Porto Rico), and destinations in Central and South America.**— As a rule registered pieces for Trans-Atlantic destinations, the Canal Zone, South America, and for the west coast of Central America should be transmitted to New York, N. Y., as the proper exchange office. Registered matter for Costa Rica, Guatemala, British Honduras, Republic of Honduras, and the east coast of Nicaragua, should be dispatched to New Orleans, La. However, registered mail for the Canal Zone may be sent to the postmaster at New Orleans, La., for dispatch via steamers sailing from New Orleans, when it can be ascertained from the published schedule of steamship sailings that expedition will be gained thereby; otherwise the matter should be sent to New York, N. Y., as indicated above. Registered matter sent to San Francisco, Cal., for dispatch to destinations in Central and South America should consist only of registered articles for those countries mailed in the immediate vicinity of San Francisco and immediately before the sailing of steamers from San Francisco.

(*f*) **Australia and New Zealand.**— Articles must not be accepted for delivery in Santa Cruz Islands, Australia. Registered articles, *other than parcel-post,* for the *State of West Australia,* should be sent to New York, N. Y., as the proper exchange office, unless they are specially addressed to be dispatched by some other route. Registered *parcel-post* packages for all parts of the Commonwealth of Australia and for New Zealand should be sent to San Francisco, Cal., as the proper exchange office. As San Francisco, Cal., is the only post office authorized to exchange *parcel-post* mail with offices in Australia and New Zealand, postal employees, in dispatching *parcel-post* registered mail addressed for delivery in those countries, will be careful not to include it in jackets, pouches or sacks containing other than parcel-post matter and addressed simply to the foreign country of destination of their contents, as such jackets, sacks or pouches are liable to be diverted in transit to some exchange office other than San Francisco, if it is found that a quicker dispatch can thereby be obtained. When there is sufficient parcel-post registered matter for Australia or New Zealand to warrant the make-up of a registered package jacket, inner-registered sack or through registered pouch, such sack, jacket or pouch should be labeled to indicate that it contains only parcel-post registered mail for those countries. See Sec. 1044, P. L. & R.

(*g*) **Ceiba, Republic of Honduras.**— Registered mail for Ceiba, Republic of Honduras, should be dispatched exclusively via the New Orleans, La., exchange post office.

(*h*) **Salvador.**— Registered matter, for Salvador, Central America, will be sent to the exchange offices of New York, N. Y., or San Francisco, Cal., according to the location of the mailing office.

(*i*) **Samoa.**— Registered mail for Samoa must be transmitted to San Francisco, Cal., as the proper U. S. exchange office.

(*j*) **Newfoundland.**— Registered matter, except parcel-post pieces, from Alaska and the States of Idaho, Minnesota, Montana, Northern Peninsula of Michigan, North Dakota, Oregon, South Dakota, Washington, and Wisconsin, for delivery in Newfoundland, should be sent toward Sault Ste. Marie, Mich. Registered matter, except parcel-post pieces, from all other States or possessions for delivery in Newfoundland should be sent to Boston, Mass., as the proper exchange office. Registered parcel-post matter from any State or possession for delivery in Newfoundland should be sent to either New York, N. Y., or Philadelphia, Pa., as the proper exchange office.

(*k*) **St. Pierre-Miquelon.**— Registered matter from Alaska and the States of Idaho, Minnesota, Montana, Northern Peninsula of Michigan, North Dakota, Oregon, South Dakota, Washington and Wisconsin, for delivery in the French Colony of St. Pierre-Miquelon should be sent toward Sault Ste. Marie, Mich. Registered matter from all other States or possessions for delivery in the French Colony of St. Pierre-Miquelon should be sent to Boston, Mass., as the proper exchange office.

(*l*) **Northern Manchuria.**— Registered articles for delivery at the following places in Northern Manchuria should be sent to New York, N. Y., as the proper exchange office, unless specially addressed to be forwarded otherwise: Achikhe (Ajcho), Anda (Anta), Boukhedou (Puhato), Ekho

(Eho), Jaomyne (Jaomen), Imianpo (Imienpo), Khailar (Hailar), Khailine (Hailin), Khandockhetsy, Kharbine (Harbin), Kouantchentsi, Mandchouria, Miandoukhe (Mientuho), Mouline (Mulin), Outsimi (Wuchimi), Pogranitchnaia, Taolaitchjoou (Taolaichao), Tchjalaenor (Dalainer), Tchalantoun (Chalantun), Tsitsikar.

(*m*) **China (including the U. S. Postal Agency, Shanghai, China), Japan and Philippine Islands.** — Registered matter addressed for delivery in these countries will be sent to either San Francisco, Cal., Seattle, Wash., or Tacoma, Wash., according to which of these offices will afford it the earliest dispatch to destination. The postmasters at Seattle, San Francisco, or Tacoma receiving registered matter too late for dispatch by steamer sailing from their respective ports will promptly forward it to the exchange office which offers the first available dispatch.

(*n*) **Parcel-post registered mail.**— In dispatching parcel-post registered mail postal employees will be careful not to dispatch it to any United States exchange office which is not authorized to exchange parcel-post matter with the country of destination of the registered piece. As a general rule registered parcel-post pieces should be given the same dispatch as ordinary parcel-post matter, instructions concerning the dispatch of which are issued from time to time by the Second Assistant Postmaster-General.

(*o*) **Specially addressed.**— The foregoing instructions do not apply to "specially addressed" registered mail. Directions given by the sender in the address of registered matter, as to the route by which it shall be sent, must be complied with whenever practicable, but should not be followed in cases of specially addressed mail for the Philippine Islands unless postage on such matter has been paid at the proper Postal Union rate. See Secs. 653, par. 15, 1043, 1044 and 1045, P. L. & R. Registered mail for Trans-Pacific destinations which the sender has specially addressed "via Vancouver, B. C." or "via Victoria, B. C." will be sent to Seattle, Wash., as the proper United States exchange office.

(*p*) **Window envelopes.**— The postal services of Austria, Bosnia-Herzegovina and Haiti do not admit registered articles under transparent covers.

(*q*) **Uruguay.**— The regulations in virtue of which articles containing dutiable objects are confiscated in Uruguay are applicable only to registered articles in the form of a letter, and not to parcel-post packages. These latter may contain jewels, etc., which will be delivered to addressees upon payment of the customs charges levied on them.

(*r*) **Special instructions.**— These general instructions may be modified by special instructions published from time to time by the Department. When special instructions of the character referred to are published they should be carefully observed. See "General Foreign Separating Scheme" on pages 129 to 131 and "International Parcel Post Scheme," pages 47 and 48 of this Guide.

26. **Preparation for dispatch to the New York, N. Y., exchange office.**— To permit expeditious handling, registered mail addressed to foreign countries (except Canada, Cuba, or Mexico), and the Canal Zone, dispatched via the New York, N. Y., exchange office, where practicable should be dispatched in a single inclosure, either a registered jacket, sack, or pouch, according to the quantity or bulk of the matter to be dispatched and facilities afforded, addressed or labeled to the "Foreign Branch, New York, N. Y." However, such single inclosures should, if practicable, be in turn inclosed with registered mail in registered pouches or sacks labeled to New York, N. Y. (main office). In these dispatches paper jackets may be used to inclose two or more pieces, instead of five or more as is customary.

27. **Alaska, Yukon, and Atlin territories.**— *Restrictions.* From June 1, of each year, until the closing of the open (summer) season first, second and third class matter may be registered, and fourth class (parcel post) matter insured or sent C. O. D. to any part of Alaska. During the winter months (from about October 1st to June 1st) the articles transmissible in mails for offices designated "R" under "Alaska" in the State list of post offices are restricted to:

(*a*) Letters (in their usual and ordinary form); post-cards, singly-wrapped newspapers and periodicals from office of publication, addressed to public libraries, to newspaper publishers and to individual subscribers; transient newspapers and third-class matter of all kinds, except books, trade catalogues, circulars, and patterns and samples of merchandise.

(*b*) The articles excluded are newspapers and periodicals sent to dealers for purposes of trade (in bulk or otherwise); sample copies of newspapers and periodicals; books; trade catalogues; circulars and patterns and samples of merchandise, and fourth-class matter (merchandise).

28. (*a*) *Exceptions.*— In making up the mail for dispatch on any trip preference will be given to letters in their usual and ordinary form. Of the available excess between the weight of the letters and the maximum weight allowed by the contract, not exceeding 10 per cent. may be devoted to carrying (1st) packages of seeds, not exceeding one pound per package, and (2d) such small packages of merchandise, not exceeding a few ounces each, as the proper officers of the service have reason to believe contain articles of urgent necessity, such as eyeglasses, medicines, etc., for individual use, but not intended primarily for trade. No dispatch of mail shall include more than one such package of seeds or merchandise to any one individual, firm or corporation. The remainder of the available weight will be devoted to carrying separately wrapped and addressed copies of newspapers and magazines, but not including newsdealers' packages.

(*b*) Steamer carrying mails from Nome, Alaska, and the post offices in the Seward Peninsula, Alaska, served through the Nome office, usually leaves Seattle, Wash., about May 10th; therefore all classes of mailable matter for Nome and the post offices in Seward Peninsula served through Nome may be accepted on and after May 1st.

29. **Delays.**— Postmasters should inform the senders of registered matter, other than letters in their usual and ordinary form, that such matter is liable to be delayed in transit if the letter mail available for dispatch entirely exhausts the limit of weight of matter which the contractor is required to transport on each trip.

30. **Yukon district of Canada.**— All classes of mail matter are accepted for transmission to the Yukon District of Canada as freely in winter as in summer, and the restrictions which prevailed with regard to the winter service north of White Horse have been removed. The weight of mails carried to and from Dawson by the Eagle-Dawson route during the winter season is limited, and consequently it is necessary to continue the restrictions on mail matter for transmission by that route during the winter season.

31. **Customs duties.**— Postmasters should read Sec. 664, P. L. & R., and comply strictly with the provisions thereof. All mail matter, registered and unregistered, received from any foreign country shall be carefully examined before delivery to ascertain whether it is marked "Supposed liable to customs duties," or with words of similar import, or is accompanied with customs mail entries. Whenever the failure of any postmaster to treat dutiable matter properly has resulted in the loss of customs revenue, he will be held liable under his official bond for the amount of the loss so sustained. See Sec. 1050, P. L. & R. Dutiable mail matter is to be sent to *postmasters* at places where customs officials are located (see following list) and not direct to the customs officials themselves. Postmasters must carefully read paragraph 12, Section 664, P. L. & R., and indicate on the label the name of the post office to which such mail matter has been sent for submission by the postmaster to customs officials, promptly transmitting the coupon to the Auditor for the Treasury Department, Washington, D. C.

32. **Use of bills and coupons in dispatches to and from Canada.**— Postmasters and railway mail clerks authorized to make dispatches of registered mail direct to Canadian post offices and railway post offices should use the manifold registry dispatch bill when the use of that form is more economical and convenient than that of Form 3834, postal union registry bill. The coupons of registry bills received in registered pouches, sacks or jacket envelopes from Canada need not be returned unless there is a discrepancy in contents. The Canadian postal service will follow the same arrangement in case of registered mail for Canada. If there is a discrepancy, notation should be made on the coupon which must be sent to the office of dispatch, and report must also be made to the Chief Inspector. (Sec. 487, P. L. & R.)

33. **Registered jacket envelopes for and from Canada.**— Postmasters and railway postal employees will use registered jacket envelopes in dispatching registered mail to post offices or railway post offices in Canada under the provisions of sections 1015 to 1023, inclusive, P. L. & R. Where the sender requests a return receipt for registered mail dispatched in jacket envelopes, the postmaster at the mailing office will prepare and attach to the article the international receipt (Form 3870), if available, otherwise the domestic receipt. (a) Postmasters and railway mail employees of the Canadian postal service will make up registered jackets only for post offices where United States customs officers are located as shown by the list in article 31 above and for United States railway post offices. Railway postal clerks receiving from Canada registered jackets addressed to them, will treat the contents which are liable or supposed liable to customs duty in the manner required by section 664, P. L. & R. (b) If a registered article is received from Canada without a receipt form, but indorsed to indicate that the sender desires a return receipt, the post office making delivery shall supply Form 3870 if available, otherwise the domestic form. Form 3870 after being signed, dated and postmarked, must be inclosed in a penalty envelope directed to the postmaster at the office of address of the sender. (c) If postmasters at offices where customs officers are not located receive registered jacket envelopes from Canada addressed to their offices, they will observe the requirements of section 664, pars. 12, 14 and 24, P. L. & R., and also report to the Third Assistant Postmaster-General, Division of Registered Mails.

34. **Scheme for dispatch of registered mail to Canada and Mexico.**— Postmasters, before accepting matter for registration addressed to Canadian or Mexican destinations, must request that the name of the Canadian Province and the County or District or that of the Mexican State in which the post office of address is situated be added to the address on the envelope or wrapper. (a) Postal employees handling registered matter addressed for delivery in Canada or Mexico will ascertain, by comparison of the addresses with the following list, the name of the exchange office to which, or in the direction of which, the matter should be sent and dispatch it toward that office which will give it the greatest expedition. Directions given in the address on registered matter as to the route by which it shall be sent must, whenever practicable, be complied with. Postal employees should consult the steamer schedules published by the Post Office Department, when available, for full information. (b) United States postmasters at border registry exchange offices will make up local registered mails for Mexico so as to give the quickest dispatch from the standpoint of their respective offices. (c) Regarding registered mail for Newfoundland, see Article 25j, page 100 of this Guide.

NOTE.— During unsettled conditions in Mexico the channels through which registered mail is dispatched thereto may be frequently changed. Officials of the Railway Mail Service will notify postmasters and R. P. O. clerks of temporary modifications of dispatches which may vary from the above list, which is not intended to supersede instructions that may have been, or may in the future be, given specifically to particular offices or to railway postal clerks.

35. Indefinitely addressed ordinary and registered mail to, and from, Mexico.— To prevent, if possible, the non-delivery and return to writer of mail intended for delivery in Mexico, the addresses of which may be mis-spelled, or be the names of places where no post offices exist, but which matter Mexican postal employees could transmit to the proper post office for delivery owing to the fact that they are more familiar with the names of post offices and localities in their own country, postmasters and railway postal clerks who receive, for dispatch direct to Mexican exchange post offices or for delivery to clerks of Mexican railway post offices, indefinitely addressed ordinary or registered mail bearing, in addition to the name of the addressee and the country or state of destination, the name of some station, camp, ranch, or locality where no post office is known to exist but which may possibly be delivered to the addressee through a nearby post office will dispatch such mail to the Mexican exchange post office or deliver it to a Mexican railway postal clerk, as may be proper, for determination as to whether delivery of the matter can be effected or that it should be returned because too indefinitely addressed. Similar procedure will be observed by postmasters and postal employees of the Mexican postal service in connection with indefinitely addressed articles of mail intended for delivery in the United States. When such articles are received from Mexico, the United States postal employees will transmit them to post offices in the United States from which it is believed delivery can be effected, if such offices can be ascertained; otherwise the articles will be returned to Mexico after being indorsed to indicate that they are too indefinitely addressed.

36. Scheme for dispatch of registered mail to Cuba.— United States exchange offices which dispatch registered mail to Cuba are Chicago, Ill., Jacksonville, Fla., Key West, Fla., Mobile, Ala., New Orleans, La., New York, N. Y., and Tampa, Fla.

INSURED AND C. O. D. MAIL.

(Postmasters must read articles 1 to 17, pages 25 and 26 of this Guide.)

1. Insurance fees and indemnity.—See article 2, page 25, of this Guide as to articles addressed to island possessions and territories of the United States. The amount of the insurance fee shall be stated on the receipt given the sender and on the coupon retained at the mailing office. See Sec. 488, P. L. & R.

2. C. O. D. Fee and Indemnity.—See article 5, page 25, of this Guide. See article 6, page 25 of this Guide as to offices of mailing and address and as to articles addressed to island possessions and territories of the United States. See Sec. 489, P. L. & R.

3. Marine Station, Detroit, Michigan.—Postal employees must refuse to accept for insurance or transmission as C. O. D. matter, parcels addressed for delivery at the Marine Station, Detroit, Michigan.

4. Island possessions and territories of United States.—In case of loss of insured mail to the Philippine Islands, indemnity is payable only when the loss occurred in the postal service of the United States, and not of the Philippine Administration. Postal employees who receive in transit insured or C. O. D. parcels addressed to foreign countries must conspicuously indorse the wrappers, "Returned, Insured contrary to instructions," or "Returned, sent C. O. D. contrary to instructions," as may be proper, and return them to the mailing office, reporting the irregularity to the Third Assistant Postmaster-General, Division of Registered Mails.

5. Correspondence to furnish certain information.—In all correspondence with the Department and with other post offices concerning insured and C. O. D. parcels, and in all inquiries, tracers and notices sent out by postmasters relative thereto, the number; date of mailing; names and addresses of the sender and addressee of the parcel; the slipper's file or invoice number, if any, appearing upon the wrapper or tag, and a statement or notation showing whether the article in question was insured or sent C. O. D., must be given. When using forms where no provision is made for these particulars they should be written on the margin.

AT POST OFFICES OF MAILING.

6. Presentation for mailing.—Postal employees, before accepting parcels for insurance or transmission C. O. D., shall require them to be legibly and correctly addressed, to bear the name and address of the sender, the necessary stamps to pay postage and fee, and, if a return receipt is requested, the words "Receipt desired." Matter indefinitely addressed or addressed to fictitious names, to initials, or to box numbers simply, shall not be accepted. This applies to the names and addresses of senders as well as addressees.

7. Fragile, perishable, etc., indorsements.—Postal employees are specially enjoined to request the senders of all insured and C. O. D. parcels to state what articles are contained therein, and to see that the special indorsements "Fragile," "Perishable," or "Eggs" required to be placed on certain parcels appear thereon, and on each coupon of the insurance or C. O. D. tags. All articles easily broken must be marked "Fragile" and all matter of a perishable nature must be marked "Perishable." Parcels containing eggs must be indorsed as required by articles 6, 7, and 8 of amended section 475, P. L. & R.

8. Packing.—When inquiry is made of senders as to the articles contained in parcels presented for insurance or collection-on-delivery, they should be asked to describe in detail the packing thereof, and any parcel which is not packed in accordance with the P. L. & R., or instructions emanating from the Department, or which is not sufficiently prepared to withstand reasonable handling in transit must be refused.

9. Indorsement and packing separate and distinct items.—It is not sufficient merely to inquire whether a parcel contains fragile or perishable matter, to accept the statement of the sender that it contains "merchandise;" nor to accept general statements that the packing is proper or secure. Postal employees must ascertain in each instance what articles the parcel contains, and have the packing described in detail. The question of whether the parcel, if accepted, shall be indorsed, is to be determined by the postal employee to whom it is presented, and not left to the discretion of

the sender. "Fragile" or "Perishable" parcels must be appropriately indorsed even though they may be packed most securely. Specific instructions covering the packing and indorsement of various articles are to be found in Circular III of the Third Assistant Postmaster-General, copies of which have been sent to all post offices. Postal employees will be held personally responsible for damage resulting from their failure to observe the foregoing instructions.

10. **Patrons to be informed regarding packing and indorsements.**— Firms and other patrons customarily shipping insured and C. O. D. parcels in quantity must be thoroughly instructed regarding the proper packing and indorsement of all articles mailed by them. A list should be kept of the firms and patrons so instructed and the dates on which such instructions were given.

11. **"Receipt desired."**— When parcels are accepted for insurance for which return receipts are desired, the words "Receipt Desired" should be conspicuously indorsed both upon the wrapper and each coupon of the tag. On the delivery office portion of the tag this indorsement is most conspicuous when placed directly above the name of the addressee.

12. **Parcels to remain in custody of postal service.**— When an insured or C. O. D. parcel is accepted and the coupon receipt has been given to the sender, the postmaster must retain custody of the article until it is dispatched, and must *not* hand it back to the sender to be placed in the ordinary mail drop or to be delivered by him to another window.

13. **Wrappers of parcels to show full information.**— Tags sometimes become detached because they are not properly fastened to parcels and eventually become separated therefrom. Insured and C. O. D. parcels should be carefully reviewed by postal employees before dispatch to make sure that the name and address of the sender is plainly indicated on the wrapper, that the items on the tag correspond with those on the parcel, and that the wrapper of the parcel bears the "Insured" or "C. O. D." stamp as may be proper.

14. **Restoration of parcel to sender.**— When an insured or C. O. D. parcel is restored to the sender, his signature must be taken upon the tag in the space usually reserved for that of the addressee, the receipted tag properly postmarked and filed, and a cross-reference made upon the original mailing office coupon.

15. **Firm mailing books and loose leaves.**— When patrons of the insured and C. O. D. service customarily dispatch an average of three or more parcels at one mailing, postmasters should bring to their attention the use of firm mailing books. This book, in which entries are made in duplicate, provides a complete descriptive record for the senders of such articles, instead of the sender's receipt coupon furnished when the standard insurance and C. O. D. tags are used, and dispenses with the filling out of mailing office and sender's receipt portions of the tags. Special short form tags, Forms 3813-a for insured, and 3816-a for C. O. D., parcels are furnished for use with such books. These books have proved very satisfactory to patrons, effecting a considerable economy in the time consumed in preparing parcels, besides providing a permanent descriptive record of all articles dispatched. Loose leaves, containing the same matter as the books, are also provided. Further information will be furnished by the Third Assistant Postmaster-General, Division of Registered Mails, to whom all requests for authority to use the books must be addressed.

16. **Acceptance of insured and C. O. D. parcels by rural carriers.**— Postmasters at all offices having rural delivery service shall see that rural carriers are equipped with parcel post scales, maps and guides, furnish the carriers with a supply of insurance and C. O. D. tags and instruct them to accept from the patrons on rural routes parcels for insurance or collection-on-delivery.

(*a*) Each carrier shall be assigned a series of numbers as provided by Sec. 1072, P. L. and R., for registered mail, and when a patron desires to insure a parcel, or send it C. O. D. the carrier shall provide a tag and require the sender to fill it out in ink or with indelible pencil. The carrier shall assign a number to the parcel, indorsing the wrapper and the tag therewith. The sender's receipt coupon of the tag shall be dated, signed with the carrier's initials and route number, notation made thereon of any special indorsement appearing on the parcel, detached, and delivered to the patron. Carriers must keep a memorandum of the last number used, so that every number in each series may be accounted for. The tag coupons for all parcels accepted on rural routes at any office must be kept in a numerical file. Separate series must be used for insured and C. O. D. parcels, and separate files kept at the mailing office.

(*b*) When desired by the patrons, blank insurance or C. O. D. tags may be left in the mail box by the carrier to be filled out and attached to parcels. On succeeding trips parcels bearing such tags should be accepted, if sufficient postage and fee are left in the box, if such parcels appear to be packed and indorsed in accordance with the Regulations. They may be accepted at the sender's risk in case of damage, if they are not prepared as required. However, inquiry as to the manner of packing, and the articles inclosed, should be made when parcels are accepted direct from patrons; and parcels must not be accepted unless they are properly packed and indorsed. See amended Secs. 474 and 475, P. L. and R., and Articles 7, 8 and 9, page 106, of this Guide.

(*c*) Whenever a carrier collects a parcel at a box to be sent insured or C. O. D., he must note the fact on the mailing office portion of the insurance tag and enter the amount of money found with the parcel to cover postage and insurance or C. O. D. fee. This does not apply where the carrier issues an official receipt direct to the sender.

(*d*) The required amount of postage and fee shall be affixed in stamps to the parcel, and it shall be delivered at the office with the tag filled out and attached. If perishable or fragile articles are inclosed, a notation should be made by the carrier so that the parcel and tag coupons may be properly indorsed at the office.

(*e*) Insured and C. O. D. parcels accepted by rural carriers must be carefully reviewed at the post office before dispatch to assure that the tags are uniformly and correctly filled out, appropriate indorsements are made thereon, the required postage and fee are fully prepaid, and the articles are packed in accordance with the P. L. and R.

AT POST OFFICES OF ADDRESS.

17. **Incoming mail to be examined.**— All parcels received for delivery must be examined to see if any insured or C. O. D. packages from which tags have been detached are among the other mail matter. Tags must be filled out and marked "Duplicate" for all parcels from which they become detached. The fact that tags become detached in transit does not excuse postmasters from permitting addressees to receive insured and C. O. D. mail without receipting for it and paying the C. O. D. charges, when such are due. Postal employees will be held personally responsible when loss is sustained because of their failure to observe this instruction.

18. **Delivery.**— Insured and C. O. D. mail shall be delivered under the rules and regulations governing the delivery of registered mail. (See secs. 933 to 939, P. L. & R.) The employee making the delivery of insured and C. O. D. matter, must place his name or initials, and if a carrier, his cap or route number, on the receipted tag, which must be postmarked to show the date of delivery. When delivered by carrier, the coupon of the tag attached to the parcel is to be returned to the post office when signed by the addressee or agent, for postmark and filing. The postmark shall be affixed at the time the tag is surrendered by the carrier.

19. **Collection of deficiencies.**— The collection of deficiencies in postage on insured and C. O. D. parcels shall be made in accordance with the instructions applicable to shortpaid ordinary parcels of the fourth-class.

20. **Postmaster not to act as agent of sender.**— Postmasters frequently receive communications asking them virtually to act as agents of the senders of insured and C. O. D. parcels in dispatching them to new addressees, and in attempting to coerce the addressees to accept delivery or to effect a sale of the contents of the parcels to other persons. Postmasters are not expected nor permitted to act in this manner, in their official capacity, otherwise than is required and allowed by the P. L. and R., and instructions emanating from the Department.

21. **Return to postal service after delivery.**— Postmasters at offices of address, after effecting delivery of insured and C. O. D. parcels, must not permit them to be returned to the post office by the addressee on account of alleged damage, unless authorized to do so by the Department. After delivery has been effected, insured or C. O. D. parcels may not be returned to senders or remailed to new addressees except under new numbers, or by ordinary mail. In such cases postage, and, if insured or C. O. D., a new fee, must be prepaid.

22. **Delivery on rural routes.**— When insured and C. O. D. parcels are received for delivery to patrons of rural routes, they must be assigned to the rural carriers and delivery effected in accordance with the regulations governing the delivery of registered mail insofar as they are applicable. The carriers will return any receipts requested, the charges collected on C. O. D. parcels, and receipted tags to the post office for appropriate disposition.

23. **Forwarding or return to sender.**— Insured or C. O. D. mail may be forwarded or returned to the sender upon payment of the necessary postage (see sec. 595, P. L. and R.) without the payment of an additional insurance or C. O. D. fee. Postmasters must not forward insured or C. O. D. parcels to foreign countries even though the domestic rates of postage apply. If it is desired that an insured parcel be forwarded to Canada, Cuba or Mexico, the parcel may be sent as an international registered piece, if admissible to the international mails, upon the sender or addressee furnishing the registry fee and postage. C. O. D. parcels must not be so forwarded except upon authority from the sender and the cancellation of all charges thereon. Insured mail may be forwarded to the Philippine Islands but C. O. D. matter must not. In forwarding or returning an insured or C. O. D. parcel, the original tag must be left attached, the parcel and tag appropriately marked to show that it is returned to sender or forwarded, and a duplicate tag describing the parcel under the original number made out, indorsed to show disposition made of the parcel, and filed alphabetically by the name of the addressee.

24. **When to be returned to senders.**— Postmasters at offices of address must effect the most expeditious delivery possible of insured and C. O. D. parcels. When such parcels are refused, the sender should be immediately notified to furnish return postage, or to direct disposition of the article, as provided by Sec. 637, par. 1, P. L. & R. When parcels containing perishable matter are undeliverable for any reason, and there is sufficient time to communicate with the sender and receive instructions from him to return the parcel or make other disposition thereof, and when such instructions, if received, could be complied with without danger of the contents of the parcel so deteriorating as to become offensive and injurious to health, immediate notification should be transmitted to the sender. When parcels are undeliverable for any other reason, the sender should be notified at the expiration of the period, not in excess of 60 days, named on the return request, or, if no period is stated, not later than 30 days. C. O. D. parcels may be held upon request of the addressee, who may not be in a position to accept delivery when first presented, for a period not in excess of that stated in the sender's return request, when that is not over 60 days, or, when no period is stated therein, for 30 days. They may be held 60 days at the request of the sender. Insured parcels may be held for 60 days by direction of either the sender or

addressee. After senders are notified to furnish return postage or to direct disposition of parcels, the parcels should be held as provided in Sec. 637, par. S, P. L. & R.

25. **Return receipts for insured mail.**—All insured parcels shall be carefully examined, as soon as received for delivery, to see whether they bear a request for a sender's return receipt. Such receipts (Form 3811) for insured fourth-class mail must be made out at the office of address before delivery. Postmasters must be specially careful to see that the number borne by the insured parcel is placed upon the receipt. Laxity or carelessness on the part of postal employees, resulting in failure to furnish return receipts when requested, will not be tolerated. Postmasters are enjoined to make such arrangements as will insure the obtaining of return receipts, when requested, for all insured mail that is received for delivery at their offices. Postmasters must report to the Third Assistant Postmaster-General, Division of Registered Mails, all instances where their failure to receive a number of return receipts from any particular office indicates that such office is not giving proper attention to this matter.

C. O. D. MAIL.

AT POST OFFICES OF MAILING.

26. **Acceptance.**—Postal employees at mailing offices shall review and, if necessary, correct the amount stated by the sender to cover the money order fee and any other amount affected thereby. Postal employees accepting C. O. D. articles shall compare the names and addresses of the sender and addressee as shown on the coupons of the tag, with the parcel, and see that all particulars, including the amount to be collected, the fee, and the amount to be remitted, wherever they appear, are uniform and correct. The number of the parcel, the amount to be remitted to sender, the money order fee, and the total amount to be collected, must be placed on the parcel, within the impression of the C. O. D. stamp, in the spaces provided therefor. It is particularly important that these parcels be indorsed conspicuously with the regulation C. O. D. stamp to prevent delivery as ordinary mail in the event that the C. O. D. tags become detached in transit; and employees who accept C. O. D. parcels for mailing and fail to see that this indorsement is affixed will be held personally responsible if improper delivery results because of their negligence. Postal employees should refuse to accept shipments for dispatch collect-on-delivery if they are indorsed in such manner that the addressees may receive the impression that the articles may be examined before acceptance.

27. **Contract stations.**—In a very large number of cases it has been noted that failure to observe the instructions contained in the preceding article is chargeable to clerks at contract stations. Postmasters are therefore enjoined to see that proper supervision is given the acceptance of C. O. D. parcels at such stations in order that the clerks thereat may become thoroughly familiar with the instructions.

28. **Remittance to other than mailing office.**—When it is desired to have a money order in payment of charges on a parcel, made payable to the sender at a money order office other than that where the parcel is mailed, the C. O. D. tag must be indorsed on the back "Order to be drawn on ————————" (filled out by the name of office), and the parcel must be similarly indorsed. When the sender named on the parcel and tag is known by the postmaster at the office of mailing to be other than the person or firm actually sending the article, the name of the latter must be placed on the mailing office coupon of the tag, in addition to the other data thereon. This instruction applies particularly where companies or firms desire to make shipments in the names of their branches or customers, to whom the C. O. D. charges are to be remitted.

29. **Charges altered.**—If the sender directs, the amount originally stated as due him on delivery of a C. O. D. parcel may be increased (not to exceed $100), decreased, or canceled. Such directions should be filed with the postmaster at the office of mailing who will connect the letter of authorization with the coupon covering the parcel on file in his office, and then notify the postmaster at office of address.

30. **Tags printed by senders.**—Senders may, after obtaining the approval of the Third Assistant Postmaster-General, Division of Registered Mails, of a proof submitted for that purpose, print their own C. O. D. tags, provided they are in all respects substantially like those furnished by the Department. These tags may have an extra coupon placed next to the delivery-office portion, on which the senders may indorse their own file or account numbers. The postmaster who makes delivery of the C. O. D. parcel will return such extra coupon with the money order.

AT POST OFFICES OF ADDRESS.

31. **Parcel received without tag.**—When a C. O. D. parcel is received without the tag attached (See Article 17, page 108, of this Guide) a duplicate delivery-office coupon of C. O. D. tag must be filled out from the parcel, marked "Duplicate," the charges shown on the parcel collected, and the prescribed receipt obtained from the addressee.

32. **Erroneous money order fee.**—The postmaster at the office of address, in case the money order fee is incorrectly stated, shall collect the proper fee, make correction on the tag, and report the error to the Third Assistant Postmaster-General, Division of Money Orders.

33. **Issuance of money orders.**—Money orders must be issued on the same day that C. O. D. parcels are delivered, if possible. If not, they should be issued without fail on the business day following. Delay in the issuance of money orders after C. O. D. parcels have been delivered will not be tolerated. The name of the sender of a C. O. D. parcel must appear as the payee,

on money orders issued for C. O. D. parcels and the name of the addressee (not the name of the postmaster nor the name of the person accepting delivery for addressee) as the remitter of the money order; and such money orders must in each case be mailed in a penalty envelope addressed to the person named as the sender of the parcel, the payee of the order. See Sec. 489, par. 8, P. L. and R., as to method of remittance. The letters "C. O. D." must be stamped on the coupon portion of the money order. When the sender of a C. O. D. parcel indorses the back of the C. O. D. tag "Insert number of the parcel on money order," the postmaster shall also place the number of the parcel on the coupon portion of the money order. If an extra coupon is attached to the C. O. D. tag to be returned to the sender with the money order, it must be inclosed with the remittance.

34. **Delivery withheld at request of addressee.**— When a parcel is held at a post office by request of the addressee after an attempt to deliver it to him, he should be informed that delivery must be accepted at the earliest practicable date and that the parcel will not be again taken out by carrier (at offices where there are carriers) until notice is given that the parcel can be delivered on a certain trip.

35. **Examination of contents prohibited.**— Exceptions must not be made to the requirement of Sec. 489, par. 9, P. L. and R., prohibiting examination of C. O. D. parcels before delivery because of request or representations of senders or addressees. Any postmaster permitting such examination will be held personally responsible in case of financial loss to senders.

36. **Alteration of charges.**— When a request for change or cancellation of charges is received by a postmaster at office of address direct from the sender, the postmaster may, if satisfied of its authenticity, comply with such request, and duly notify the postmaster at the mailing office. Delivering postmasters will be held responsible for the genuineness of such requests, and in case of doubt must submit them for verification to the postmasters at mailing offices.

37. **Treatment at a non-money order office.**— If a C. O. D. parcel is received at a non-money order office, it should be treated as provided in Sec. 489, par. 4, P. L. and R. When delivered without collection of the charges by authority of the sender through the postmaster at office of mailing, the postmaster at office of address shall attach the notice from the postmaster at office of mailing, authorizing such delivery without collection, to the receipted tag. When a C. O. D. parcel is erroneously delivered by a non-money order office and the charges collected, they should be remitted direct to the sender by registered mail, the postmaster prepaying postage and registry fee, and a report made to the Third Assistant Postmaster-General, Division of Registered Mails.

38. **Delivery without collection.**— C. O. D. parcels may be delivered without collection at money order offices upon written orders of the senders filed with the postmaster at office of mailing in the manner hereinbefore outlined. Postmasters at offices of address shall collect a greater or less amount than the charges appearing on a C. O. D. parcel upon authority from the postmaster at office of mailing showing that the change in the amount to be collected has been requested by the sender.

39. **Parcels not ordered.**— Addressees of C. O. D. parcels may refuse to accept delivery of parcels which they have not ordered or made arrangements to have sent. Postmasters should not urge addressees in such cases to accept delivery, but should explain to them that the parcels may be accepted and paid for, or refused. If refused, the senders should be promptly notified as directed by Sec. 637, P. L. and R.

40. **Name and address of sender unknown.**— C. O. D. parcels received without the name and address of the senders being indicated should be delivered, the charges collected and the sender's name and address ascertained, if possible, from the addressee. The amount collected should be retained until the name and address of the sender, as given by the addressee, is verified by the postmaster at the mailing office who, if his records do not show the name of the sender, should be requested to obtain a statement from the party specified as the sender showing that the parcel was dispatched by him. Such statement should be forwarded to the postmaster at the office of delivery, who will attach it to the delivery tag. The money order should then be issued and mailed. If it is impossible to obtain the sender's name and address in this manner, instructions should be requested from the Third Assistant Postmaster-General, Division of Registered Mails, as to the disposition of the charges collected.

41. **Delivery to other than addressee.**— When a C. O. D. parcel is undeliverable to the person to whom addressed, and the sender directs delivery and collection of the charges from another person at the office where it is held, the postmaster shall make such delivery, collecting the original charges or such altered charges as the sender may direct, and make remittance in the usual manner, the authorization to deliver to other than the addressee being filed with the delivery office tag. Requests to forward to new addressees at other postoffices, however, must not be complied with.

42. **Money order not to be repaid.**— Except under special instructions from the Department, a money order issued for sum due sender of a C. O. D. parcel should not be repaid to the addressee of the parcel without the consent of the payee, which may be given either by indorsement in usual form on the money order or by means of a separate written authorization addressed to the issuing postmaster.

43. **Unclaimed C. O. D. money order.**— If a letter containing a money order for sum due sender of a C. O. D. parcel is returned to the issuing postmaster as unclaimed, or for the reason

that the addressee of the letter (sender of the parcel) could not be found, the order should be held subject to future claim on the part of the payee, or until his whereabouts can be ascertained. Reasonable endeavor should at once be made by the issuing postmaster to secure an address to which the money order may be again mailed. The addressee of the parcel and the postmaster at the office at which the parcel was mailed should each be requested to furnish any information he may have or gain as to sender's new or correct address. In the absence of such information the order and the envelope in which it was mailed should be filed with the tag of the parcel. If the payee does not come forward or is not heard from within three years (the period during which C. O. D. tags are to be preserved at post offices), the order, with the tag itself, and a statement of all the known facts or circumstances connected with issue of same and return thereof to the issuing post office, should be forwarded to the Third Assistant Postmaster-General, Division of Money Orders.

44. Application for duplicate money order.— When a money order for sum due the sender of a C. O. D. parcel has been lost, the issuing postmaster, in place of the addressee of the parcel, may, in his official capacity, sign an application for a duplicate order to be issued in favor of the payee, taking care to affix to the lower left-hand corner of such application (Form 6002) an impression of his C. O. D. stamp, which will serve to explain why the application is not signed in the name given therein as that of remitter.

45. Correspondence.— When inquiry is received relative to the disposition made of a C. O. D. parcel or of the returns therefor, the postmaster at the office of address will reply thereto without delay. If he has no record of the parcel, he will communicate with the addressee and ascertain from him whether it was received by ordinary mail, and, if so received, he will collect the charges and make remittance thereof as provided in Section 489, P. L. and R.

RECORDS AND REPORTS OF INSURED AND C. O. D. MAIL.

46. Disposition of old records.— The records of insured and C. O. D. parcels must be preserved as provided in Section 362, P. L. and R.

47. Records to be kept.— No books other than firm mailing books are furnished for recording insured and C. O. D. mail, but the filed coupons of the insurance and C. O. D. tags supply the necessary record when correctly filled out, properly postmarked and filed. See instructions on the back of tags. Postmasters must be prepared, when called upon, to furnish such statistics with reference to insured and C. O. D. mail, as are indicated on pages 98 and 99 of this Guide.

48. Delivering clerk to receipt for C. O. D. parcels.— The requirement of Sec. 489, par. 7, P. L. and R., to the effect that "An employee shall receipt for the total number of parcels given him for delivery" is applicable to those employees to whom C. O. D. parcels are assigned for desk delivery, as well as to city and rural carriers.

49. Delivery records of C. O. D. parcels at first and second class offices.— At first and second class offices an employee not engaged in the money order division must be designated by the postmaster to have charge of the assignment of C. O. D. parcels to employees for both carrier and desk delivery. A receipt will be taken in bulk on Form 3815 from the employees receiving such parcels and will be surrendered to them upon the return of either the number of parcels signed for or the receipted tags therefor, together with the amounts collected. The employees making delivery must turn over to the clerk in charge the receipted tags and sums collected, together with the undelivered parcels, daily. Those parcels which have not been delivered will be reissued on the succeeding day, if delivery is assured. The clerk in charge must see that these instructions are complied with by the delivery clerks or carriers. He must deliver daily to the money order division the amounts received by him, together with the receipted tags, and may take a temporary bulk receipt therefor, such receipt specifying the total sum turned over for the issuance of money orders, and the total number of parcels represented thereby. When the money orders are issued, which must be the same day if practicable, the receipt coupons should be detached therefrom and given to the clerk in charge as evidence that remittances have actually been made for all C. O. D. parcels delivered. He must see that coupons are thus furnished him corresponding in number and amount to the collections turned over by him. Such receipt coupons must be filed in regular order, according to serial numbers and dates, and preserved for three years. This file of coupons (together with the receipted C. O. D. tags) will constitute the record required to be kept by article 23, pages 98 and 99 of this Guide.

50. Delivery records of C. O. D. parcels at third and fourth class offices.— At money order post offices of the third and fourth classes having rural delivery service, the rural carriers must receipt to the postmaster in bulk on Form 3815 for all C. O. D. parcels taken by them on each trip for delivery. This receipt will be surrendered to the rural carrier upon the return of either the number of parcels signed for or the receipted tags together with the amounts collected. The postmaster shall issue and mail the required money orders the same day if practicable. The receipt coupons shall be detached by him from the money orders and filed in regular order, as provided in the preceding paragraph.

51. Other records prohibited.— Records other than those authorized must not be kept except as directed in Sec. 489, par. 10, P. L. and R., Articles 23 and 15, pages 98, 99 and 107 of this Guide and on Form 5502. Form 3815 or any other blank must not be improvised for recording insured mail. Records must not be kept other than on the coupons of the tags to show the handling of insured parcels either at the mailing or delivery offices.

INDEMNITY FOR LOST INSURED AND C. O. D. MAIL.

52. **General provisions.**— See secs. 488 and 973, P. L. and R.

53. **Time limitation.**— Applications for indemnity must be filed within six months from the date of mailing of the parcel involved. Form 3812, when executed after that period, must contain a statement by the postmaster showing whether informal claim was filed during that period. Any notification, verbal or written, received at a post-office reporting the non-receipt of an insured or C. O. D. parcel, whether mailed from or addressed to that office, constitutes an informal claim for indemnity, and a notation of the date of same must be made on the record of indemnity claims, together with all particulars obtainable at the time.

54. **Claims to be expedited.**— Postmasters must give immediate attention to claims for indemnity, and to all inquiries received from the Department in regard thereto. Every duplicate application made must be indorsed "Duplicate" on page 1 of Form 3812, and bear a notation showing the date and disposition of the original application.

55. **Filing of claims.**— When complaint of loss is made, an inquiry must immediately be made of the postmaster at the office of address, and if his office reports no record of its receipt, page 1 of Form 3812 must immediately be completed. When complaint is made of rifling or damage, an application on Form 3812 must be completed forthwith, as provided in amended Sec. 488, P. L. and R. Such forms when completed at both offices of mailing and address should be sent direct to the Third Assistant Postmaster-General, Division of Registered Mails. This form should not be confused with Form 1510, also required to be completed in such cases by Sec. 487.

56. **Affidavits taken without charge.**— Postmasters should inform senders or addressees of insured or C. O. D. parcels covering which claims for indemnity have been filed, that any statements in connection with the claim may be sworn to before an authorized representative of the postoffice, without charge. As far as possible statements in connection with claims for indemnity should be obtained by the superintendent or clerk in charge of the branch or station nearest to the business or residence of the person from whom the statement is desired.

57. **General requirements.**— Indemnity for damage to an insured or C. O. D. parcel will not be paid unless its preparation for mailing was such as to enable it to withstand all ordinary handling to which it would be customarily subjected, unless it was properly indorsed or the absence of indorsement was not due to the fault of the sender, and unless the damage occurred while the article was in the custody of the postal service. Damaged articles must not be withheld from delivery, but, when there is any question as to the propriety of packing or indorsement, the wrapper and packing should be immediately obtained by the postmaster. When not too bulky or offensive from spoiling of perishable matter it should be transmitted with Form 3812 to the Department, or to mailing office if form has not been completed. Otherwise it should be held at the office of address and a notation made on the application for indemnity to that effect showing the indorsements thereon. The postmaster who makes delivery must also, as far as practicable, note the extent of damage, or the condition of the article, on the tag. at the time delivery is effected. Wrappers held at offices of address should be retained 60 days, except those of an offensive nature, which may be destroyed after memorandum of the indorsements is prepared.

58. **Partial damage.**— When partial damage is sustained by the contents of an insured or C. O. D. parcel, the person to whom it is sent should have the necessary repairs made and obtain a receipted bill from the one repairing it showing his name and complete address. Excessive amounts for repairs will not be allowed, but only the direct, usual and ordinary cost of restoring similarly damaged articles to a serviceable condition. Postmasters should recommend that the recipients of damaged parcels obtain quotations on proposed repairs from two or more persons engaged in such work, in order that they may secure the most reasonable charge consistent with efficient service.

59. **Affidavits to be executed by rural carrier.**— When, in obtaining declarations from senders, addressees, or others in indemnity claims, delay would ordinarily be experienced because of the distance at which the affiant resides from the post office, affidavits may be executed before rural carriers provided the affiant does not live more than one-half mile from the carrier's route, or, in exceptional cases the declaration may be signed and sent to the post office, acknowledgment of the statements made therein being made by telephone. In the latter event, and in all cases where signatures to declarations are made by mark, they should be witnessed.

60. **"Perishable" parcels.**— When an application for indemnity on account of the spoiling of perishable matter is submitted, the postmaster at the office of mailing will include in his certificate a statement showing the time the parcel was dispatched, if known, and if not, the ordinary dispatch which would have been made of such an article, together with the time ordinarily required in transit between the mailing office and the office of address. The postmaster at the office of address will include in his certificate a statement showing when the parcel was received, and when it was delivered to the addressee. If unusual delay was sustained in effecting delivery, a statement of the causes thereof shall also be submitted.

61. **Claims to be reviewed.**— Postmasters must require postal employees handling claims for indemnity to review Form 3812 carefully to see that it is in as complete a condition as possible and that all information called for in the document is furnished. No postmaster should refuse or fail to transmit an application for indemnity to the Department for action, even though he may feel certain that the claim will not be allowed.

62. **Records of claims.**— A record shall be kept at all post offices of all claims for indemnity originating thereat, which record must show the date of the first complaint and the date Form 3812 is transmitted by such office to the other post office involved. Post offices receiving Form 3812 for completion and transmission to the Third Assistant Postmaster-General, Division of Registered

Mails, shall report to the office at which the claim originates, the date of the transmittal of the form to the Department. Such reports must be made the same day the form is transmitted, form 3819 being used for this purpose when on hand.

63. Checking of records.— Postmasters must check these records at frequent intervals, and if any office has not made appropriate report of transmittal of the claim to the Department, correspondence should be instituted with the postmaster at such office, and if necessary, a duplicate form should be completed. In case the postmaster at the office originating the claim is unable to obtain a satisfactory response from the other office involved, the matter should be reported to the Third Assistant Postmaster-General, Division of Registered Mails, for attention.

64. Recovery of parcels.— Postmasters must take such action as will insure the notification of the Third Assistant Postmaster-General, Division of Registered Mails, in every instance where claim has been presented on account of the loss of an insured or C. O. D. parcel which is subsequently recovered. Delivery must not be effected of such articles until their recovery has been reported to the Department and proper instructions have been received.

SENDERS' RECEIPTS FOR ORDINARY PARCELS.

(See Article 59, page 15, of this Guide.)

65. Firm mailing book adaptable.— When receipts for ordinary parcels are desired by patrons mailing a number of parcels at one time, the firm mailing book must be so modified as to list the articles thereon; and each sheet must have affixed postage stamps at the rate of one cent for each parcel listed, which stamps shall be postmarked and the sheet returned to the sender. These sheets are to be filled out by the sender, but no carbon copy shall be filed at the post office.

66. Furnished by rural carriers.— When such receipts are desired by patrons residing on rural routes, the parcel should be delivered to the rural carrier, payment being made at the time at the rate of one cent for each parcel, in addition to the postage. The carrier will obtain receipts at the post office to which he is attached, affix stamp, postmark, and deliver the receipts to the senders on his next trip.

FOREIGN MAILS.

GENERAL INFORMATION, REGULATIONS AND SUGGESTIONS.

(For the rates of postage on and classification of articles for foreign countries including the United States Postal Agency at Shanghai and the United States Naval Hospital at Yokohama, Japan, see pages 42 to 45.

1. Prepayment.— Postage can be prepaid upon articles (other than the reply-half of double postal cards) only by means of postage stamps of the country in which the articles are mailed. Articles mailed at the United States postal agency at Shanghai, China, are treated as if mailed in the United States; consequently, any prepayment of postage must be made by means of United States postage stamps. For all countries, except Canada, Cuba, Mexico and the Republic of Panama, newspapers, magazines and periodicals, whether "transient" or for regular subscribers, are required to be prepaid with postage stamps at the rate applicable to "printed matter" for those countries.

2. Short-payment.— (*a*) The dispatching exchange office of the country which dispatches to another country an article which is unpaid or short-paid, is required to mark upon its cover the capital letter "T," and in the case of an unpaid letter, to indicate the number of rates, when more than one, to which the letter is liable by reason of its weight; also, in case of a short paid article, to indicate (in French currency, e. g., 10 cts., meaning 10 centimes = 2 cents), the amount of postage due, calculated at double the deficiency, EXCEPT in the case of an article which has become insufficiently prepaid in consequence of redirection, then to mark it with the actual deficiency only. See table on pages 132–135.

(*b*) The exchange office of the country of destination which first receives the article stamps the article "Due —— cents" or "U. S. Charge to collect —— cents," which amount must be collected by the postmaster who delivers the article, affixing thereto postage-due stamps of the same value.

(*c*) A naught (0) alongside of postage stamps indicates that such stamps were not valid for the prepayment of postage in the country in which the articles so marked were mailed.

(*d*) Charges for postage-due are in addition to any customs charges.

(*e*) In the case of unpaid or short-paid articles returned to senders as undeliverable, the senders are chargeable with the amount which would have been collected of the addressees, if the articles had been delivered.

3. Rating of short-paid articles.— The ascertainment and rating of deficient postage on correspondence for and from foreign countries, and the placing on the correspondence of the proper indications of such deficiency, is the work of the exchange post offices and not of the mailing or delivering post offices, unless the latter are also exchange post offices. If through inadvertence the rating is in excess of the right amount, the refund of the excess shall be made as required by Sec. 461, P. L. & R.

4. International reply coupons.— A "reply coupon" may be purchased (price 6 cents) at post offices, which upon presentation at a post office in any of the countries which have qualified under the Rome Postal Convention, will entitle the person presenting the coupon to receive (without charge) a postage stamp or postage stamps of that country equivalent in value to a 5-cent United States postage stamp. By this arrangement a person in the United States can furnish his corre-

spondent with a postage stamp with which to prepay postage on a reply to his letter. A list of the countries in which reply coupons are valid, may be found on page 40.

5. **Matter mailed at sea.**— Save in the instance hereafter given, postage prepaid upon articles mailed on board vessels on the high seas must be by means of postage stamps of the country under whose flag the vessel sails. Postage on articles mailed in a sea post office on board a transatlantic steamer, on a voyage from the United States can be prepaid only by means of United States postage stamps, notwithstanding the steamer may sail under a foreign flag. Articles addressed for delivery in the United States or its possessions mailed on the high seas on board vessels of United States register bringing to the United States a mail made up in a foreign country, and articles handed to the officers of such vessels to be mailed on shore, are subject to the United States domestic postage rates and conditions. Postage upon articles mailed on board a steamer while the steamer is in a port of any country can be prepaid only by means of postage stamps of that country. Letters conveyed in vessels not regularly employed in carrying the mails (commonly called "ship letters") are subject to double rates of domestic postage (4 cents per ounce) on delivery.

6. **Pan American Union (Bureau of American Republics) — Mail admitted free.**— Mail matter originating at the Pan American Union, formerly the Bureau of American Republics, bearing the card of the Union and weighing not over four pounds six ounces (two kilograms), the limit of weight prescribed for packages of "prints" by the Universal Postal Convention, are admitted to the mails free of postage, when addressed to the countries forming the Pan American Union, viz.: Argentine Republic, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Paraguay, Peru, Salvador, San Domingo, United States, Uruguay, Venezuela.

7. **Matter entitled to admission to the international mails free of postage.**— The following articles are entitled to transmission in international mails free of postage, viz.: Official correspondence exchanged between Postal Administrations, between these Administrations and the International Bureau and between the exchange offices of different countries; as well as correspondence concerning prisoners of war. Postage upon all other articles can be prepaid only by means of postage stamps. The reply-half of a double postal card bearing a postage stamp of the country which issued the double card is to be considered as prepaid.

8. **Prisoners of war mail.**— Exemption from all postage charges applies in the countries of origin and destination as well as in the countries through which the mail passes, to correspondence addressed to or coming from bureaus of information concerning prisoners; to or from soldiers prisoners in belligerent countries or interned in neutral countries; and to any article admissible to the mails exchanged between Canada and the United States when addressed to or mailed by a prisoner of war in either country. Sailors and civilians on interned vessels and in war prisons or camps, are assimilated to soldiers who are prisoners of war.

In addressing mail, the name of the addressee must be followed by the words "prisoner of war."

On receipt from a foreign country, articles from prisoners or bureaus entitled to freedom from postage shall be stamped at the United States exchange post office "No charge for postage. Prisoner of war mail" before being dispatched to destination.

All mailable articles (letters in their usual and ordinary form, post cards, prints, commercial papers, samples complying with the Postal Union Regulations) are acceptable free of postage.

There is no exemption from the payment of the registration fee of ten cents, nor from the payment of postage at the rate of twelve cents a pound or fraction thereof, on packages sent by international parcel post.

9. **Postmarking.**— All mail matter addressed to foreign countries is required to bear a legible impression of the date-stamp of the mailing post office; and matter received from foreign countries must bear a similar stamp (on the back of letters and on the front of postal cards), of the delivering post office. Postmasters should cause care to be taken not to deface by their own postmark, nor cover with postage-due stamps, any postmark already on an article.

10. **Withdrawals and change of address.**—The sender of any article addressed for delivery in a foreign country may cause it to be withdrawn from the postal service, or have its address changed, as long as the article has not been delivered to the addressee, provided the legislation of the country of destination of the article allows such withdrawal or alteration.

(*a*) To effect either of these ends — if the article has been actually dispatched from the United States — the sender must apply at the post office at which the article was mailed, where he must identify himself and deposit with the postmaster a sum sufficient to cover all expenses to be incurred — as prescribed in section 553, Postal Laws and Regulations, edition of 1913, for withdrawing letters from the domestic mails; and, in addition, the sender must furnish a facsimile of the address of the article, and must pay (by means of postage stamps affixed to his application, and canceled by the postmaster) the amount chargeable on a single-rate registered letter to the country concerned. When these formalities have been complied with, the postmaster at the mailing office of the letter in question is required to forward the application, accompanied by the facsimile of the address, under registration, to "The Second Assistant Postmaster-General (Division of Foreign Mails), Washington, D. C.," who will request the foreign Postal Administration interested to comply with the sender's directions. If request is to be by cable, application should be accompanied by an amount sufficient to prepay cablegram at the usual rate. Postmasters are not authorized to return or change the address of articles for or from foreign countries; but they may, upon request, forward an article to the same addressee at another post office. Requests to return to sender or to change address should be referred to the Department, and the articles should be held

until instructions concerning them are received; such requests from private citizens should be replied to by postmasters with the information that they cannot be complied with.

(*b*) If the article has not been dispatched from the United States, it may, if unregistered, be returned to the sender upon compliance by him with the requirements of section 552 above mentioned; or if registered, upon compliance with the requirements of section 945, Postal Laws and Regulations.

(*c*) This Department has been officially advised that the legislation of Great Britain, and the British Colonies (except Southern Rhodesia, Antigua, Bahamas, Barbados, Ceylon, Gold Coast, British Guiana, Jamaica, Zanzibar, and the Australian Colonies), including Canada and British India; also Haiti, the Dominican Republic, Colombia (Republic of), and the French Establishments in Oceanica, does not allow senders of articles to withdraw them from the mails, or to change their address; consequently, senders cannot prevent the delivery to the original addressees of articles sent by mail from the United States to any of those countries, nor from those countries and colonies to the United States.

11. Registration.— Any article of mailable matter, except those addressed under initials, or with the address written with a pencil, may be registered, subject to prepayment of the postage upon the article according to its nature, in addition to the registration fee.

12. Reforwarding.— (1) Mail matter of all kinds, of foreign origin (including such matter from Canada, Mexico, Cuba, and the Republic of Panama), received in the United States, must be reforwarded from the United States post offices of original destination to any other United States post office and — in the case of articles other than parcel-post packages — to any foreign country, without charge of additional postage therefor; or, if a registered article, without charge of an additional registry fee. Postage-due and customs duties, if any, must be collected by the postmaster who delivers the article to the addressee or to the sender. (2) Such matter, however, as has been addressed, in the first instance, to a post office in the country of mailing, is chargeable (but need not be prepaid), on redirection, with the same postage, less the sum prepaid, as would have been charged had it been addressed originally to the post office of ultimate delivery, but, if registered, without additional registry fee. And the same conditions apply to articles exchanged between two countries which have adopted in their reciprocal relations a lower rate than the ordinary Union rate, but which on being forwarded enter the service of another country, the rate for which is the ordinary Union rate. (3) Any article returned to sender for rectification or completion of its address is not considered when mailed with a corrected or completed address as reforwarded matter, but as newly mailed, and consequently becomes liable to a new charge of postage. (4) Upon any unpaid or short-paid article returned as undeliverable, the sender will be required to pay the sum which would have been collectible of the addressee if the article had been delivered.

13. Optional and compulsory prepayment.— The prepayment of postage on ordinary letters and postal cards is optional with the senders, except in cases where articles are mailed with the intention of avoiding prepayment (sec. 511, Postal Laws and Regulations), but on registered articles and parcel-post packages full prepayment is compulsory. Postage on all other articles must be at least partially prepaid. If postage is not prepaid in full, double the amount of the deficient postage is collectible on the delivery of the articles.

14. Merchandise.— Articles, including electrotypes and cuts for advertising purposes, not specially enumerated in Postal Conventions or in the United States Postal Laws and Regulations as transmissible in the mails to foreign countries, or which are not homogeneous with those therein enumerated, are not entitled to be sent in the regular mails to countries other than those named in the next following paragraph, at the reduced rates of postage fixed for articles other than letters, but may be transmitted, at letter rates of postage, fully prepaid (see pages 42–45) provided they are not absolutely excluded from the mails by the provisions of Postal Conventions, or by the laws and regulations. Such articles are forwarded at the sender's risk as regards treatment under the customs regulations of the country to which they are sent. Their right of entry into a foreign country is determined by the officials of that country. They may be confiscated, returned as unmailable, or subjected to fines in addition to customs duties. (See "prohibited articles," pages 45, 46 and 118–125.) For information relative to parcel post see pages 47–49 and 139–148.

Packages containing articles of merchandise may be sent to Canada, Cuba, Mexico, and the Republic of Panama, at the postage rate applicable to "fourth-class matter" in the domestic mails. (See section 2, page 43.)

15. Pairs of articles — such as gloves, shoes, socks, etc., but not such as suspenders or drawers — are not transmissible by mail to foreign countries at the postage rates and conditions applicable to "samples of merchandise," but one article of a pair may be so transmitted.

16. Undeliverable matter.— Undeliverable articles should be treated in accordance with sections 659 and 1047 P. L. & R.

INFORMATION AS TO "POST CARDS," "PRINTS," "COMMERCIAL PAPERS," "SAMPLES OF MERCHANDISE," AND "COMPOSITE PACKAGES."

POST CARDS.

17. (*a*) Postal cards must bear at the head of the front the title "Postal Card," or its equivalent. They must be made of cardboard or thick paper, and must not be enclosed in an envelope. Private postal cards need not bear that title. They must not be larger than 5 9-16 by 3 9-16 inches,

nor smaller than 4 by 2 3-4 inches. Postage stamps should be placed in the upper right-hand corner of the address side. The right-hand half of the address side is reserved for the address, postmarks, etc.; the left-hand half may be used to contain a message, or a picture on very thin paper may be pasted there; also a label not exceeding 2 inches by three-quarters of an inch in size may be pasted there. On the back of the card a picture on very thin paper may be pasted. With the exception of postage stamps, the labels and the pictures on very thin paper mentioned above, nothing may be attached to a postal card. Each half of a (double) reply-postal card must conform to the foregoing conditions. The two halves must be folded one on the other, and must not be closed in any manner. If the reply-half of a foreign double postal card is not addressed to the country which issued the card, it must be treated as an unpaid postal card unless it bears United States postage stamps; it cannot be registered by the original sender of the card. For the postage rate, see sec. 13, page 44.

18. Postal cards bearing manuscript additions which do not conform to the conditions prescribed for them as stated above must be treated as letters; but cards which conform to the conditions for printed matter are mailable as such.

(*b*) Each half of a double post-card is a complete post-card; but, in the event of the reply-half of a double post-card issued by any country being sent by mail to an addressee in a country other than that which issued the card, it is required to be treated as an unpaid post-card unless a United States postage stamp is affixed thereto, and postage collected of the addressee accordingly.

(*c*) The prepayment of the "reply-half" by means of the postage stamp of the country which issued the card is valid only if the two parts of the double card are received from the country of origin adhering to each other.

(*d*) An unsealed package containing only unaddressed illustrated postal cards without postage stamps should be treated as a "print."

(*e*) Post-cards (so-called), consisting of wood, leather, or any material other than paper or card-board, are subject to treatment as letters.

(*f*) Single private mailing cards may be sent to foreign countries at the postage rate applicable to the official postal cards, provided they conform to the conditions prescribed for private mailing cards in the domestic mails of the United States.

(*g*) Any card of foreign origin which, from its title in any language, appears to be a post-card, and conforms — as to size, quality and weight — with the requirements for post-cards in our domestic mails, is admissible to the mails (domestic or international) as a post-card when prepaid by means of United States postage stamps. The foregoing applies to the reply-half of a double foreign postal card mailed in the United States, addressed for delivery in a country other than the country which issued the double card; but if the reply-half is addressed for delivery in the country which issued the double card, it is mailable without the addition of United States postage stamps. "Postal cards" and "post-cards" must consist of paper or cardboard.

PRINTS.

19. (*a*) Prints of all kinds are subject to the following conditions: Must be either placed under band, upon a roller, between boards, in a case open at one side or at both ends, or in an unclosed envelope; or simply folded in such a manner as not to conceal the nature of the packet; or lastly, tied by a string easy to unfasten. Address cards and all printed matter presenting the form and consistency of an unfolded card may be forwarded without band, envelope, fastening or fold. The maximum weight of packages of printed matter is fixed at 2 kilograms (4 pounds, 6 ounces), except second-class matter and single volumes of printed books for Canada, Cuba, Mexico and the Republic of Panama and single volumes of printed books for Salvador. The maximum size is fixed at 45 centimeters (18 inches), in any one direction, except that rolls of printed matter which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter may be forwarded by mail. For the postage rate, see sec. 13, page 44.

(*b*) Stamps and other forms of prepayment, whether canceled or not; prints constituting the sign of monetary value, articles the text of which has been altered after printing except as indicated below, are not mailable at the postage rate applicable to "prints."

(*c*) Facsimile copies of manuscript or typewriting — if sent as prints — must be mailed at post office windows in not less than twenty (20) perfectly identical copies.

(*d*) Additions (by hand or other means) may be made to "prints" as follows:

On the outside of the package or on the print itself, the name, business and residence of the sender, and date of dispatch; to correct errors, cross out certain parts and make prominent, by means of marks, certain parts of the text; to add the "copy" to the "proof," and to make changes in and additions to the proof on separate sheets if necessary; to add to visiting cards as well as to Christmas and New Year cards the title and address of the sender, as well as congratulations, thanks, condolences or other forms of courtesy expressed in five (5) words at most; to erase certain parts and make prominent by means of marks, certain parts of the text; to add to cards of invitation and notices of meetings, the name of the person invited, the date, object and place of meeting; to add to books, sheet music, periodicals, photographs and engravings, a dedication, as well as to attach the bill or invoice; to add to clippings from periodicals, the title, date, number and address of the periodical; to insert figures in price-lists, offers for advertisements, stock quotations, trade circulars and prospectuses, as well as the name of the traveler, the date, and name of the locality through which he expects to pass, on notices of that kind; to indicate

on booksellers' order bulletins, the works desired or offered, and to cross out or underscore the whole or any part; to printed order-form for books, periodicals, etc., all the particulars necessary to indicate precisely the identical article or edition desired, including the price of the article with and without the transportation or delivery charges; to add on notices relating to the movements of vessels, the dates of sailings and arrivals, as well as the names of the vessels; to add to notices of shipment, the date of the shipment; and to paint fashion plates, maps, etc. But no manuscript additions other than those indicated above are allowed upon prints.

(*e*) Prints must be wrapped so that the contents may be easily examined without damaging the cover. But cards need not be inclosed unless they are embellished by means of mica, ground glass or a similar substance.

(*f*) A package of newspapers or periodicals for transmission in international mails, except to the places mentioned in sections 8 and 9 at the rate of 1 cent per 2 ounces or fraction thereof is restricted to a single (outside) address. Newspapers or periodicals addressed to several different subscribers must not be enclosed in the same package with postage stamps affixed only to the outside wrapper of the package. But several periodicals or other articles of printed matter, without separate address, may be enclosed in the same package.

(*g*) Cards bearing the title "postal card" or its equivalent are admissible to the mails at the postage rate applicable to "prints," provided they conform to the general conditions prescribed herein for "prints" and are prepaid at the rate for "prints." If they do not conform to those conditions, they must be treated as postal cards or letters according to their size and the manuscript additions.

(*h*) The following are considered as prints, and admitted as such at the reduced postage applicable to "prints," viz.: Newspapers and periodical works, printed books stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the manuscripts relating thereto, papers with raised points for the use of the blind, engravings, photographs and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved, lithographed or autographed, and in general, all impressions or reproductions obtained upon paper, parchment or cardboard, by means of printing, engraving, lithographing and autographing, or any other mechanical process easy to recognize, except the copying-press and the typewriter.

(*i*) Valentines, unframed Christmas and Easter cards, and other cards of a similar character, passing between friends in small quantities as tokens of esteem, are transmissible in mails dispatched to foreign countries (except Canada, Mexico, Cuba, the Republic of Panama, and Shanghai, to which United States domestic postage rates apply), at the rate and under the conditions applicable to "printed matter" in Postal Union mails; notwithstanding they are composed partly of silk or satin, and are hand-painted and of elaborate design and finish. But such cards regularly framed whether with wood, metal or other material usually used for picture frames, are not entitled to transmission as "printed matter," and should not be admitted to said mails at less than the letter rate of postage fully prepaid; nor should articles intended for use (such as cushions, etc.), which bear an Easter or Christmas greeting, but cannot be considered in any sense "cards," be treated as printed matter in said mails.

(*j*) Facsimile copies of manuscript or typewriting obtained by a mechanical process (polygraphy, chromography, etc.) are assimilated to prints; but in order to pass at the reduced postage, they must be mailed at the post office windows, and in the minimum number of twenty perfectly identical copies.

COMMERCIAL PAPERS.

20. (*a*) **Commercial papers** must be under band or in an open envelope. The maximum weight of commercial papers is fixed at 2 kilograms (4 pounds, 6 ounces), and the maximum size at 45 centimeters (18 inches), except when put up in rolls, the dimensions of which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter. For the postage rate, see sec. 13, page 44. In dispatching packages of commercial papers post offices and railway post offices must enclose them invariably in the pouches containing letters. In order that packages of commercial papers may be readily identified as such, each should be marked on the cover or wrapper "Commercial papers."

(*b*) The following are considered as commercial papers, viz.: All instruments or documents written or drawn wholly or partly by hand, which have not the character of an actual and personal correspondence, such as old letters and postal cards which have fulfilled their original object, papers of legal procedure, deeds of all kinds drawn up by public functionaries, way-bills or bills of lading invoices, the various documents of insurance companies, copies of or extracts from deeds under private signature, written on stamped or unstamped paper, scores or sheets of manuscript music, manuscript for publication, forwarded separately, original and corrected tasks of pupils, excluding all comment on the work, etc.

(*c*) Manuscript sermons and packages of old letters or post cards may be sent by mail to foreign countries at the rate, and under the conditions, applicable to "commercial papers" in Postal Union mails. "Old letters" or "old post-cards" or letters which have served the purpose for which they were originally written and not those which have been withheld from mailing beyond the dates they bear.

SAMPLES.

21. (1) **Samples of merchandise** must conform to the following conditions: must be placed in bags, boxes or removable envelopes in such a manner as to admit of easy inspection. They must not have any salable value, nor bear any manuscript, other than the name or the social position of the sender, the address of the addressee, a manufacturer's or trade mark, numbers, prices and indications relating to the weight, size and quantity to be disposed of, and words which are necessary to precisely indicate the origin and nature of the merchandise. Packages of samples must not exceed 350 grams (12 ounces) in weight, or the following dimensions: 30 centimeters (12 inches) in length, 20 centimeters (8 inches) in breadth, and 10 centimeters (4 inches) in depth; except that when in the form of a roll, a package of samples may measure not to exceed 30 centimeters (12 inches) in length, and 15 centimeters (6 inches) in diameter. For the postage rate, see sec. 13, page 44. Articles sent for sale, in execution of an order, or as gifts, however small the quantity may be, are not admissible at the sample rate and conditions stated in sec. 13.

Many articles sent in the mails to foreign countries as samples of merchandise prove to be dutiable on delivery, and are consequently returned to origin. Particular care should be given in the dispatch of samples, as articles which have any salable or commercial value are prohibited under this classification.

(2) **Articles of glass**, liquids, oils, fatty substances, dry powders, as well as live bees, are admitted to the mails as "samples" provided they are packed in the following manner:

(*a*) **Articles of glass** must be packed solidly in boxes of metal or wood in a way to prevent all damage to other articles or the employees.

(*b*) **Liquids, oils** and substances easily liquefiable must be enclosed in glass bottles hermetically sealed. Each bottle must be placed in a wooden box filled with spongy material sufficient to absorb the liquid in case the bottle should be broken. Finally, the box itself must be enclosed in a case of metal or wood with a screw top, or of strong and thick leather. If wooden blocks perforated to contain several vials or wooden mailing cases are used, measuring at least one-tenth of an inch in the thinnest part, lined with a sufficient absorbing material and furnished with a lid, the blocks need not be enclosed in a second case.

(*c*) **Fatty substances**, such as ointments, soft-soaps, resins, etc., must be enclosed in an inner cover (box, linen bag, parchment, etc.), which must be placed in a second box of wood, metal or strong, thick leather.

(*d*) **Dry powders** must be placed; if coloring — in bags of leather, gummed cloth or strong oiled paper; and if not coloring, in boxes of metal, wood or cardboard, which bags or boxes must be enclosed in a cloth or parchment bag.

(*e*) **Live bees** must be enclosed in boxes which avoid all danger and permit examination of the contents.

(3) **Articles treated as samples.**— Single keys, fresh-cut flowers (but not live plants), tubes of serum and pathological objects rendered inoffensive by their mode of preparation and packing; specimens of natural history, such as dried or preserved animals and plants, geological specimens, etc., are admitted to the mails at the postage rate and under the conditions applicable to "samples," provided they are not sent for sale, in execution of an order or as a gift and that their packing conforms to the general conditions prescribed for samples.

COMPOSITE PACKAGES.

22. **Composite packages.**— It is permitted to enclose in the same package, samples of merchandise, prints, and commercial papers, but subject to the following conditions: (1) That each class of articles taken singly shall not exceed the limits which are applicable to it as regards weight and size. (2) That the total weight of the package must not exceed 2 kilograms (4 pounds, 6 ounces). That the minimum charge shall be 5 cents when the package contains commercial papers, and 2 cents when it consists of printed matter and samples.

PROHIBITIONS.

Special prohibitions in the regular mails, that is, prohibitions in addition to those mentioned on pages 45 and 46.

23. **Algeria.**— Same as France, except that tobacco, cigars and cigarettes may be delivered upon payment of entry duty, while certain gold and silver articles are confiscated.

24. **Antigua.**— Coins; imitations or reproductions of postage stamps.

25. **Argentina.**— (*a*) Enlarged photographs that have been retouched in crayon, charcoal, sepia, water color or oil not admitted as printed matter.

143. **Zanzibar.**— Gold and silver articles and precious stones, unless sent under registered and sealed cover.

CUSTOMS DUTIES.

144. **Mailability.**— The Department has not been advised what articles (other than those so designated in the preceding list of "prohibited articles") are liable to customs duties in foreign countries, and consequently does not exclude articles of merchandise from the regular mails for foreign countries because they may be liable to customs duties in the countries to which they are addressed. They are accepted at the sender's risk. Any country may refuse to deliver dutiable articles received in mails from other countries, and may dispose of them in accordance with the customs regulations of that country.

The question whether or not an article sent by mail from one country to another is subject to customs duty in the latter country can be decided only by the country to which the article is sent, and is not affected by any postal convention between said countries.

This Department is not authorized to question the decision of foreign officials in such matters any more than foreign officials would be authorized to question the decision of United States officials respecting the liability to United States customs duty of an article received here in mails from abroad.

145. **Advertising matter for Canada.**— Advertising circulars are liable in Canada to a specific customs duty at the rate of 15 cents per pound, which duty Canadian customs officials are required to collect when such pamphlets arrive by mail, even though each pamphlet bears a different address. But Canadian customs officials are authorized to remit such duty in respect to bona fide trade catalogues and price lists not designed to advertise the sale of goods by any person in Canada, when sent into Canada in single copies addressed to merchants therein, and not exceeding one copy to any merchant for his own use, but not for distribution.

Customs duties on advertising pamphlets, advertising show cards, illustrated advertising

periodicals, price books, catalogues and price lists; advertising almanacs and calendars, patent medicine or other advertising circulars, fly sheets or pamphlets, advertising chromos, chromo types, oleographs or like work produced by any process other than hand painting or drawing, and having any advertisement or advertising matter printed, lithographed or stamped thereon, or attached thereto, including advertising bills, folders and posters, or other similar artistic work, lithographed, printed or stamped on paper or cardboard for business or advertisement purposes, n. o. p. (not otherwise provided for) imported by mail into Canada may be prepaid by means of Canadian customs duty stamps affixed to the reverse side of each package containing the advertising matter above referred to, for the amount of duty payable on the same, according to the following scale of charges, viz.:

	Duty		*Duty*
Up to and including 1 oz.	1 ct	Over 8½ oz. and not exceeding 9½ oz.	9 cts
Over 1 oz. and not exceeding 2¼ oz.	2 cts	Over 9½ oz. and not exceeding 10½ oz.	10 cts
Over 2¼ oz. and not exceeding 3¼ oz.	3 cts	Over 10½ oz. and not exceeding 11¾ oz.	11 cts
Over 3¼ oz. and not exceeding 4¼ oz.	4 cts	Over 11¾ oz. and not exceeding 12¾ oz.	12 cts
Over 4¼ oz. and not exceeding 5¼ oz.	5 cts	Over 12¾ oz. and not exceeding 14 oz.	13 cts
Over 5¼ oz. and not exceeding 6½ oz.	6 cts	Over 14 oz. and not exceeding 15 oz.	14 cts
Over 6½ oz. and not exceeding 7½ oz.	7 cts	Over 15 oz. and not exceeding 16 oz.	15 cts
Over 7½ oz. and not exceeding 8½ oz.	8 cts		

If such customs duty stamps are affixed to the address side of the advertising matter, said matter will not be accepted for mailing.

In all cases postage on such matter, when mailed in the United States and addressed for delivery in Canada, must be prepaid in full by means of United States postage stamps affixed to the address side, or by money under the conditions set forth in Section 459 of the Postal Laws and Regulations, edition of 1913.

The above-mentioned customs duty stamps can be obtained in denominations of one, two and five cents each, on application to the Commissioner of Customs, Ottawa, Canada, or to the Secretary, High Commissioner for Canada, 17 Victoria Street, London, S. W., England.

146. Advertising matter for Australia.— In the Commonwealth of Australia, paper, manufacturers of, or articles partly manufactured of, framed (including the weight of the frame), or unframed, having advertisements thereon; price lists; catalogues; prospectuses; showcards; all printed, photographed or lithographed matter, pictures n. e. i., and posters of all kinds used or intended to be used for advertising purposes; all printed or embossed bags or containers, calenders, almanacs, and diaries 10d per pound or ad val. 40 per cent., whichever rate returns the higher duty. (8d per pound or ad val. 35 per cent., if the produce or manufacture of the United Kingdom.)

Articles of an advertising character, and which would not otherwise be dutiable at a higher rate of duty under any other heading, including all articles which would be free but for their advertising characteristics — ad val. 30 per cent. (25 per cent. if produce or manufacture of the United Kingdom.)

Duty is levied on advertising catalogues, price lists, (trade) circulars, and all advertising matter introduced through the post, even when forwarded in single copies addressed to individuals, provided that when the duty on the total quantity posted by the consignor by any one mail to any one State of the commonwealth does not exceed one shilling, payment of duty is waived. If there is reasonable ground for belief that this concession is being abused by the distribution of a consignment over more than one mail, the whole of the matter affected is to be charged duty.

Duty may be paid by either of the following methods:

At the Commonwealth Office, London, where adhesive stamps will be issued for attachment to the postal matter to indicate that duty has been paid. Consignors paying thus will be required to furnish particulars of the amount posted to each State, so that separate accounts may be kept.

By remitting to the Deputy Postmaster-General of each State (for transmission to the customs) a sum covering the total amount of advertising matter addressed to such State.

At the customs house in the receiving State by the consignor's agent.

By the use of Australian customs-duty stamps affixed to the reverse side of each piece of mail matter.

If payment be not made by any of the above-mentioned methods, the duty will be collected from the addressee by surcharge by the Postal Department (for the customs).

The following scale of charges will apply, whether prepaid or surcharged:

Up to and including ¾ oz.	½d	Over 8 oz. and not exceeding 8¾ oz.	5½d
Over ¾ oz. and not exceeding 1½ oz.	1 d	Over 8¾ oz. and not exceeding 9½ oz.	6 d
Over 1½ oz. and not exceeding 2½ oz.	1½d	Over 9½ oz. and not exceeding 10½ oz.	6½d
Over 2½ oz. and not exceeding 3¼ oz.	2 d	Over 10½ oz. and not exceeding 11¼ oz.	7 d
Over 3¼ oz. and not exceeding 4 oz.	2½d	Over 11¼ oz. and not exceeding 12 oz.	7½d
Over 4 oz. and not exceeding 4¾ oz.	3 d	Over 12 oz. and not exceeding 12¾ oz.	8 d
Over 4¾ oz. and not exceeding 5½ oz.	3½d	Over 12¾ oz. and not exceeding 13½ oz.	8½d
Over 5½ oz. and not exceeding 6½ oz.	4 d	Over 13½ oz. and not exceeding 14½ oz.	9 d
Over 6½ oz. and not exceeding 7¼ oz.	4½d	Over 14½ oz. and not exceeding 15¼ oz.	9½d
Over 7¼ oz. and not exceeding 8 oz.	5 d	Over 15¼ oz. and not exceeding 16 oz.	10 d

Duty is charged on advertising insets contained in magazines or similar publications, whether imported by post or otherwise, when loose, gummed, in post-card form, or sewn or otherwise fastened in but perforated for the purpose of being detached.

This does not, however, apply to the ordinary advertising pages which clearly form part of the magazines, and which usually (though not always) bear consecutive Roman numerals are paged consecutively with the literary contents.

147. **Advertising matter for Union of South Africa.**— In the Union of South Africa advertising matter received in mails from other countries is dutiable at the rate of 3 pence per pound or 25 per cent. ad valorem, whichever be the greater, but single catalogues, price lists, etc., weighing under 8 ounces are admitted free of duty, provided they are not printed abroad on behalf of a South African firm or South African branch of an over-sea firm.

That Administration is not prepared any longer to receive remittances (even by means of money orders) in prepayment of customs duty, but said duty may be prepaid in postage stamps of the Union of South Africa, overprinted "customs duty," affixed to the packages. The stamps are obtainable at the office of the High Commissioner of the Union, at 72 Victoria street, London, S. W.

148. **Advertising matter for New Zealand.**— In New Zealand handbills, circulars, programs, playbills, printed posters, trade catalogues, price lists and fashion plates, printed advertising matter, also paper bags and wrapping paper or wrappers of all kinds, printed or lithographed, and printed or lithographed envelopes or labels, are chargeable with customs duty at the rate of 3 pence per pound on receipt through the post as well as a surtax of 3-5 pence per pound if not produced in British dominions. Duty is not payable on trade catalogues or price-lists of the goods of firms or persons having no established business in New Zealand. Calendars and show cards of all kinds are liable to a duty of 25 per cent. ad valorem and to a surtax of 12½ per cent. ad valorem if not produced in British dominions.

149. **Prepayment of customs duty.**— Except as indicated above, customs duties cannot be prepaid by the senders of dutiable articles; they will be collected of addressees if the articles are delivered.

150. **Dutiable articles received from foreign countries.**— Dutiable or supposed dutiable articles received in the mails from foreign countries are subject to the treatment prescribed by Section 664; also Sections 658 to 663, inclusive, and 1046 to 1051, inclusive, Postal Laws and Regulations. Customs officers will issue mail entries to cover each dutiable article, sealed or unsealed, examined by them. Such entries, in every instance, must be returned to the Collector of Customs who issued them, properly indorsed by the postmaster making final disposition of the article. Articles not subject to duty shall be stamped "Passed free of duty" or "not dutiable" by the customs officers.

151. **Customs regulations applicable to articles from abroad.**— The Secretary of the Treasury has informed this Department as follows, viz.:

(*a*) Newspapers and periodicals (the term "periodicals" embraces only unbound or paper-covered publications issued within six months of the time of entry, containing current literature of the day and issued regularly at stated periods, as weekly, monthly or quarterly); books, engravings, photographs, etchings, bound or unbound, maps and charts imported for the use of the United States or the Library of Congress, or sent to the Library of Congress to secure a copyright; books, maps, music, engravings, photographs, etchings, lithographic prints, bound or unbound, and charts which have been printed more than twenty years at the date of importation, hydrographic charts and publications issued for their subscribers or exchanges by scientific and literary associations or academies, or publications of individuals for gratuitous private circulation, not advertising matter, and public documents issued by foreign governments; books and pamphlets printed wholly or chiefly in languages other than English; books and music, in raised print, used exclusively by the blind; textbooks used in schools and other educational institutions; books, maps, music, engravings, photographs, etchings, lithographic prints and charts, not more than two copies in any one invoice, for the use of any society or institution incorporated or established solely for religious, philosophical, educational, scientific or literary purposes, or for the encouragement of fine arts, or by any college, academy, school or seminary of learning in the United States or any State or public library, and books used abroad not less than one year by persons or families from foreign countries, are not subject to United States customs duties.

The importation of piratical copies of articles copyrighted in the United States, articles bearing false notice of copyright when there is no existing copyright in the United States, and copies of any book copyrighted in the United States which are not printed from type set or plates made in the United States, or copies of American copyrighted books which are not printed and bound in the United States, are prohibited importation.

With the above exceptions, all articles of printed matter contained in the mails received from foreign countries are subject to the regular duties of 15 per centum ad valorem.

(*b*) There is no provision of law which authorizes the free entry of samples generally, except those imported in bond for exportation within six months; but, in case the appraising officer finds that so-called samples have no commercial value, they are admitted free of duty; otherwise not. A sample may be defined to be a specimen of an article or class of goods having no market or commercial value itself, and not subject to sale, but through the medium of which it is intended to sell the goods it represents.

(*c*) Tea is free of duty, but is subject to customs examination as to its purity, quality and

fitness for consumption. Such examination is not required, however, for samples of tea imported by mail from countries of production, up to 2 pounds.

(*d*) The importation by mail, otherwise than by parcel post, of all dutiable articles, except printed matter, is prohibited, and such importations are subject to seizure. For the first such importation release will be allowed upon payment of a fine equal to the duty, but second and subsequent importations will be released only upon the payment of the appraised value, which is the foreign value with the duty added.

This paragraph (*d*), does not apply to packages from Canada, Mexico, Cuba, Republic of Panama, Panama Canal Zone, Philippine Archipelago, Guam, Tutuila, and the United States Postal Agency at Shanghai, China.

(*e*) The importation of less than 3,000 cigars or cigarettes in a single package is prohibited. Cigarettes must be put up in packages containing 5, 8, 10, 15, 20, 50, or 100 cigarettes, and cigars in boxes containing 5, 10, 12, 13, 25, 50, 100, 200, 250 or 500 cigars.

(*f*) The importation of obscene articles, lottery matter, films or pictorial representations of prize fights, opium in any form or any preparation or derivative thereof, and plumage or skins of wild birds, except for scientific or educational purposes, is prohibited.

(*g*) All articles manufactured wholly or in part in a foreign country by convict labor are prohibited from importation. The Philippine Islands are not foreign country within the meaning of this provision.

(*h*) All parcels received in the foreign mails must be submitted to customs officers, as required by the joint regulations (Sec. 664, P. L. and R.) whether dutiable or nondutiable.

152. Inquiries concerning.—Inquiries respecting United States customs duties should be addressed to "The Secretary of the Treasury, Washington, D. C."

153. Importation of nursery stock prohibited.—The prohibition against the importation of "nursery stock" in the mails from foreign countries extends to all growing or living plants (except field, vegetable, and flower seeds), all other plant products for propagation, and bulbs, roots and tubers

Also, in accordance with information received from the Department of Agriculture, the following special prohibitions are effective:

Living canes of sugar cane or cuttings or parts thereof.

Potatoes — from Newfoundland, the Islands of St. Pierre and Miquelon, Great Britain (including England, Scotland, Wales and Ireland), Germany, Austria, and Hungary; and

Oranges, sweet limes, mangoes, achras sapotes, peaches, guavas, and plums, from Mexico.

All samples of cotton lint from foreign countries, except the Mexican States of Nuevo Leon, Coahuila, Durango, Chihuahua, Tamaulipas and Lower California, shall be returned to origin as prohibited importation. The term cotton shall be construed to mean raw or unmanufactured cotton lint, either baled or unbaled, including all cotton which has not been woven or spun or otherwise manufactured, such as all forms of cotton waste, including thread waste, card strips, willowed fly, willowed picker, picker or blowings, and chum and cotton waste in any other form or under any other trade designation. This prohibition does not apply to samples in transit through the United States.

Seed and all other portions of Indian corn or maize, and certain closely related plants in the raw or unmanufactured state, from southeastern Asia (including India, Siam, Indo-China and China), Malayan Archipelago, Australia, New Zealand, Oceania, Formosa, Japan and adjacent islands.)

The foregoing prohibitions do not apply to plants or plant products ordered by, or intended for, and addressed to "Office of Foreign Seed and Plant Introduction, United States Department of Agriculture, Washington, D. C."

COUNTRIES IN THE UNIVERSAL POSTAL UNION.

154. In addition to the United States and its island possessions those countries and colonies named in the postage rate table on pages 132 to 135 (except Lagos, North East Rhodesia, North West Rhodesia, Nyassaland and Southern Nigeria) are included in the Universal Postal Union.

155. The following are considered as belonging to the Universal Postal Union.

(*a*) The German post offices established at Pekin and Tsinanfu (China), as subordinate to the Postal Administration of Germany.

(*b*) The post offices which the administration of the British Colony of Hong-Kong maintains at Lin Kung Island, Wei-hai-wei (China).

(*c*) The Norwegian post office at Advent Bay on the West coast of Spitzbergen, as subordinate to the Postal Administration of Norway.

(*d*) The post offices which the Administration of Japan maintains in China, Manchuria and the Island of Saghalien.

156. Postal Union Rates and conditions apply to British India offices in various native States within the limits of Hindostan. To Kashmir, Ladak (Little Thibet), and Cabul (Afghanistan), in Italian mail, the same rates apply, but prepayment is compulsory, and only to the British Indian Frontier.

157. Correspondence for the Tunisian and Tripolitan ports of Sousse, Monastir, Mehdie, Sfax, Djerba and Tripoli, sent via France, is assimilated in all respects to correspondence for France. That for other portions of Tripoli, sent by the same route, is liable to the same rates of postage, but prepayment is obligatory and valid only to the port of debarkation, and registration is not possible. Correspondence for Goulette, near Tunis, and for Sousse in Tunis, sent via Italy, is assimilated in all respects to that for Tunis sent by the same route.

158. **Correspondence for Russia.**—Correspondence for Russia should have the name of the place of destination added in either English, French or German. If for the smaller towns in Russia, they should bear, as a part of their address, the name of the province or government in which the towns are situated; otherwise, the Russian post office declines to undertake delivery of the correspondence.

159. **Lourenzo Marquez.**—Articles intended for Lourenzo Marquez, the capital of the Province of Mozambique, should be so addressed, and not to "Delagoa Bay" as that address is often confused with "Algoa Bay"—a port of the Cape Colony.

160. **Gilbert and Ellice Island, etc.**—All classes of correspondence are now admitted to the mails for Gilbert and Ellice, New Hebrides, Banks, Solomon and Shortland Islands, but registered correspondence cannot be accepted for Santa Cruz Islands.

161. **More than one Tripoli.**—There are three Tripolis in countries bordering on the Mediterranean, namely, one in Syria, one in Greece and one in Northern Africa. In the case of an article for either of the three the name of the country should be stated in the address, and in case of an article intended for Tripoli in Northern Africa its destination should be stated as "Tripoli-in-Barbary," North Africa.

162. **Kuala Kemaman.**—A post office has been established at Kuala Kemaman, in the State of Trengganu, one of the Malay States. Registered correspondence may be accepted for all localities in the State of Trengganu, but such correspondence is distributable only at the post offices of Kuala Trengganu and Kuala Kemaman.

GENERAL FOREIGN SEPARATING SCHEME.

MAIL FOR COUNTRIES OR PLACES NOT LISTED IN THIS SCHEME SHOULD BE SENT TO THE EXCHANGE POST OFFICE AT NEW YORK, N. Y.

NOTES.—Foreign mail should be placed in packages labeled as follows:

N. Y.—New York—Foreign; N. O.—New Orleans—Foreign; Boston—Boston—Foreign; T. P.—Transpacific—Foreign; S. F.—San Francisco—Foreign; and so on.

Special instructions.—Mails for Canada, Canal Zone, Cuba, and Mexico should be dispatched according to special instructions issued to cover designated post offices or those in a particular State.

Separate packages.—Whenever the letters and post cards for a country amount to five or more, or other articles to 25 or more, they should be tied up separately, and the "New York—Foreign" facing slip changed to read "New York Foreign—Sweden," or Germany, etc., as the case may be. Letters for Germany should be placed in separate packages according as they are postage paid at the reduced or Postal Union rate and the facing slips employed appropriately marked "2-cent rate" or "5-cent rate." Postal cards addressed to Germany should be placed with the letters, postage paid at the Postal Union rate.

Naval mails.—Articles for United States Naval vessels addressed "Care Postmaster, New York, N. Y." should not be dispatched under a New York "City" label. Such articles should be dispatched under a "New York—Foreign" label; and when separate packages consist solely of five or more letters or post cards or 25 or more other articles, the label or slip in addition, should be marked "Warships."

Far East via Siberia.—Letters and postal cards, ordinary and registered, destined for the Far East, including Siberia, Manchuria, Korea and China, which are specially addressed upon the covers "Via Siberia," "Via Europe-Siberia," or other indication that they are to go by the Trans-Siberian railway, should be dispatched via New York in accordance with the special address. "Prints" cannot be dispatched by way of Siberia even though specially addressed to the Far East by the Siberian route. This route is suspended for the present on account of the war.

International parcel-post packages.—These should not be dispatched in accordance with this scheme, but should be dispatched as indicated in the table on pages 47 and 48. When there are five or more to be sent in one dispatch the packages should be placed in a separate sack.

NEW YORK "BUREAU SEPARATION" OF NEWSPAPER (PRINTS) MAIL.

In post offices and railway post offices, where the space available for newspaper racks is limited, or if the quantity of newspapers (prints) addressed to foreign countries is too small to warrant the assorting of them into separate sacks for each country, request should be made on the appropriate Division Superintendent, Railway Mail Service, for authority to assort newspapers (prints) for foreign countries, which are dispatched through the New York exchange post office, in accordance with the Bureau system of newspaper distribution as followed at the New York post office.

Under this system there is assigned a group of foreign countries to a so-called "Bureau" division: for instance, newspapers (prints) for England, Ireland, Scotland and Wales, are assembled in one separation, known as the Bureau No. 1 Division.

In post offices and railway post offices, economy in space may be secured by having one newspaper sack for Bureau No. 1; another sack for Bureau No. 2; and so on, with a consequent reduction of the number of sacks required, as compared with the number of sacks to be used if there were a separate one for each country.

When authority is granted to make a Bureau separation, printed copies of the Bureau Scheme of Distribution will be furnished.

* Heavy official mail, both registered and ordinary, addressed to Hawaii, Guam and the Philippine Islands shall be forwarded to San Francisco, Cal., for dispatch from that office by United States transports or other vessels sailing direct to Honolulu, Guam and Manila, preference being given the United States transports. It has been arranged with the Executive Departments at Washington that in any instance where there may be special reason for the expeditious transmission of a particular dispatch, the mail will bear a notice in a conspicuous manner requesting dispatch to be made so as to secure earliest arrival at destination. In such special cases the dispatch shall be made via the quickest available route.

† Postmasters at offices making up direct sacks of foreign mail labeled "San Francisco—Foreign" or "Seattle—Foreign" shall include therein all insured mail addressed to postoffices in the Philippine Islands. Insured mail addressed to these islands must not be dispatched in direct sacks to Manila, P. I. Postmasters at offices not authorized to make up direct sacks of foreign mail should dispatch such insured mail in the regular manner.

NOTE.—Mails for West Coast of South America.

Postmasters at post offices in the Eighth, Eleventh, Twelfth, Thirteenth and Fourteenth Divisions of the Railway Mail Service must send all articles for the west coast of South America via New Orleans. The countries concerned are Colombia (Provinces of Cauca and Narino only), Ecuador, Peru, Bolivia and Chile.

Postmasters in other Divisions of the Railway Mail Service will dispatch articles for the west coast of South America via New York, except when they can be expedited by dispatch via New Orleans.

Mails for West Coast of Central America.

Postmasters in the Eleventh, Twelfth and Fourteenth Divisions of the Railway Mail Service must send all articles for west coast destinations in Central America via New Orleans.

Postmasters in the Eighth and Thirteenth Divisions of the Railway Mail Service must send all such articles via New Orleans whenever they can not be expedited via San Francisco.

Postmasters in all other Divisions of the Railway Mail Service must send such articles via New York and via New Orleans when they can thereby be expedited.

In Central America the countries concerned are the Republic of Panama and west coast ports of Costa Rica, Nicaragua, Salvador, Guatemala and Honduras.

BRAZIL.....	*Observations.*— The parcel-post service to Brazil is strictly limited to the cities of Curityba, Rio de Janeiro, Sao Paulo, Bello Horizonte, Bahia, Pernambuco (Recife), and Para (Belem). Parcels addressed to other destinations in Brazil can only be delivered if arrangements have been made by the addressee for their transmission from one of the seven above mentioned offices to the office of destination; and the United States Post Office Department can only accept parcels for delivery beyond said Brazil offices of Curityba, Rio de Janeiro, Sao Paulo, Bello Horizonte, Bahia, Pernambuco (Recife) and Para (Belem) at the sender's risk. Such parcels must be endorsed, by the senders, on the address side: "Sender's Risk" or "Delivery Arranged." Parcels addressed "Poste Restante" are unmailable. The parcel-post convention with Brazil provides as an exceptional measure that fatty substances, liquids and those which easily liquefy may be included in parcels exchanged under the convention, but *only* when packed so as to thoroughly protect other articles from damage in case of accident. Packages containing prospectuses and advertisement bills, e. g., engravings, printed books, periodical publications, reviews, geographic maps, bound music, sent separately or in pamphlet form, are subject to an entry duty of 150 reis (5 cents) if the amount shipped weighs more than 2 kilograms (4.4 lbs.) in weight per addressee.
BRITISH GUIANA..	*Prohibitions.*— Parts of articles subject to customs duty, except by permission of the Governor.
BRITISH HONDURAS	*Prohibitions.*— Bullion; coins, unless intended for ornament; tobacco packed with other merchandise; tobacco sweetened with the leaves of plants other than tobacco; saccharine and similar products, and products containing the same.

VENEZUELA.....	*Observations.*—Three copies of the "Customs Declaration" (Form 4402) must be attached to each parcel. If any person receives more than 20 kilograms (44 pounds) of the same merchandise by the same steamer, he must pay, in addition to the entry duty, an amount equal to 10 per cent. of the Venezuela customs tariff. The weight, contents and value should be indicated clearly and specifically, instead of by a general statement of the merchandise. Violation of this stipulation involves a fine of twice the amount of the customs duty chargeable on the parcel. *Prohibitions.*—Starch, indigo, cocoa, coffee; salted or dry meat in pieces; salt; sarsaparilla roots; silver, nickel or copper coins and machines for the manufacture of the same; matches, except those known as "feu de Bengale"; cigarette paper; saccharine and its products unless addressed to pharmacists, who may import 100 grains per person.
WINDWARD ISLANDS (Grenada, Grenadines, St. Lucia and St. Vincent).	*Prohibitions.*—(For St. Vincent, see Great Britain.)

GENERAL INFORMATION AND INSTRUCTIONS.

164. Supplies and needed information.— Postmasters' requisitions for the necessary blank forms and other supplies should be addressed to the Fourth Assistant Postmaster-General, Division of Equipment and Supplies. Requests for information concerning the international Parcel Post service should be addressed to the Second Assistant Postmaster-General, Division of Foreign Mails.

165. Post offices to inform public.— Post offices are expected to assist the public to an understanding of the Parcel Post and the advantages it affords.

166. No Insured or C. O. D. Parcels in the International Parcel Post.— Postmasters must not forward insured and C. O. D. parcels to foreign countries even though the domestic rates of postage apply. If it is desired that an insured parcel be forwarded to Canada, Cuba or Mexico, the parcel may be sent as an international registered piece, upon the sender or addressee furnishing the registry fee and postage. C. O. D. parcels must not be so forwarded except upon authority from the sender and the cancellation of the charges thereon. Insured mail may be accepted addressed to the Philippine Islands or forwarded thereto, but C. O. D. matter must not be accepted nor forwarded to those possessions.

167. Packing.— Every parcel must be securely and substantially packed; but in such a way that it can be opened without damaging its cover, in order that its contents may be easily examined by postmasters and customs officials. Boxes with lids screwed or nailed on may be used, and bags closed by means of sewing, provided they are presented at the post office open for inspection and then closed by the senders, except that parcels for Italy and Argentina must be accepted for mailing, even though sealed and closed against inspection, provided they conform to other conditions prescribed. Parcels not properly wrapped must not be accepted for mailing, nor dispatched from United States exchange post offices.

168. Dimensions.— A parcel must not exceed the dimensions indicated in the foregoing table for the country to which the parcel is addressed. A parcel not more than 3 feet 6 inches in length may measure as much as 2 feet 6 inches in girth, or around its thickest part. A shorter parcel may be thicker; thus, if it measures no more than 3 feet in length it may measure as much as 3 feet in girth or around its thickest part.

The most convenient mode of measuring is by means of a tape line 6 feet long. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.

The remarks in the two preceding paragraphs do not apply to parcels for Colombia, or Mexico, the length of which in any case must not exceed 2 feet no matter how small the parcel may be in girth; and the girth of which must not exceed 4 feet no matter how short the parcel may be.

169. Weight.— A parcel must not exceed the prescribed limit of weight indicated in the foregoing table.

170. Parcel Post packages not fully prepaid inadvertently forwarded.— If an unregistered parcel for a foreign country is received at a United States exchange post office with postage not prepaid in full, the exchange office should request the mailing office to transmit to the exchange office the postage stamps necessary to complete the prepayment. Failure to complete the prepayment will prevent the dispatch of the parcel from the United States.

If a registered parcel is received at a United States exchange post office with postage not prepaid in full, postage stamps to cover the deficiency should be affixed, pursuant to the provisions of section 1059 of the Postal Laws and Regulations.

171. Parcel Post packages not mailable to all places.— Packages are transmissible by Parcel-Post to the places indicated in the table on page 47 only. Parcels addressed to any other place must not be accepted for mailing or dispatched from the United States if they are mailed.

PARCELS FROM FOREIGN COUNTRIES.

172. Customs duties.— Dutiable or supposed dutiable articles received by international Parcel-Post are subject to the treatment prescribed by the "Joint regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries" appearing in Section 664, Postal Laws and Regulations. Packages received at city delivery offices from foreign countries on which there are no customs charges, should be delivered in the same manner as domestic parcel-post matter.

173. Postage charges on delivery.— A delivery fee of 1 cent for each 4 ounces or fraction of 4 ounces is collectible on the delivery to the addressee, either at the post office or his residence, of each parcel from Colombia, Costa Rica, Danish West Indies or Salvador, except that the minimum charge on any parcel is 5 cents and that the maximum charge on a parcel from the Danish West Indies is 10 cents. On parcels from all other places the delivery fee collectible on delivery of the parcels is 5 cents for each parcel of whatever weight. The delivery fee is in addition to the postage prepaid and is intended to cover partly the cost of transporting and handling the parcel after its receipt in the United States. Postage-due stamps to the amount of the proper charge on the parcel must be affixed thereto and canceled before delivery. (See section 521, P. L. & R.)

174. Reforwarding.— Parcel post packages received from foreign countries must be forwarded from one United States post office to another without charge for such forwarding.

175. Return and redirection.— Parcels which can not be delivered must be marked to show the cause of non-delivery, such as "unclaimed," "refused," etc., and returned from the post office

of destination to the United States exchange office from which they were received, at the expiration of 90 days from the date of their receipt at the office of destination in the case of parcels from Colombia and Uruguay; at the expiration of 60 days in the case of parcels from Argentina, and at the expiration of 30 days in the case of parcels from Australia, Belgium, Bermuda, Bolivia, British Guiana, Chile, Costa Rica, Curacao, Danish West Indies, Dominican Republic, Dutch Guiana, Ecuador, Greece, Guatemala, Haiti, Hong Kong, Italy, Japan, Liberia, Mexico, Netherlands, Newfoundland, New Zealand, Nicaragua, Panama, Peru, Republic of Honduras, Salvador, Trinidad, Venezuela and the Windward Island.

The United States exchange office will return such parcels to the foreign exchange office which dispatched them to this country, and for such return the sender will be required to pay on each parcel a sum equal to the postage originally prepaid thereon.

176. Sender to be consulted.— In the case of undeliverable parcels from Austria, Bahamas, Barbados, Brazil, British Honduras, Denmark, France, French Guiana, Germany, Gibraltar, Great Britain, Guadeloupe, Hungary, Jamaica, Leeward Islands, Norway, Martinique, Sweden, the postmaster at the post office of destination will notify the Second Assistant Postmaster-General that the parcels remain undelivered — giving a full description of said parcels (including the name and address of addressee, name and address of sender, date and place of mailing, and any other information that will serve to identify the parcel on the records of the foreign despatching exchange office), and hold the parcels subject to the instructions of the Department. If, however, instructions are not received within 30 days after the expiration of the period (whether 2 months, 3 months or 6 months) prescribed by the respective conventions, the parcels should be considered as abandoned by the senders and treated according to the regulations. Parcels from France, Guadeloupe and Martinique are not to be treated as abandoned, but if instructions are not received the parcels are to be returned to origin.

"Abandoned" parcels, if dutiable, should be sent to the Collector of Customs from whom they were received; if non-dutiable, they should be sent to the Division of Dead Letters. In either case, the parcels should be marked "abandoned." Undeliverable parcels from the above-named countries or colonies should not be held beyond the periods indicated above at post offices of destination and, in the case of dutiable parcels, the proper customs officials should be kept fully informed of the status of each case.

177. Parcels returned at request of senders.— Senders of parcels for or from Argentina, Australia, Bahamas, Barbados, Belgium, Bermuda, Brazil, British Guiana, British Honduras, Hong Kong, Italy, Jamaica, Leeward Islands, Newfoundland, New Zealand, Trinidad and the Windward Islands who request their parcels to be returned must transmit with their requests the amount necessary to prepay postage afresh at the rate of 12 cents per pound or fraction of a pound.

178. Prohibited articles.— Parcels for or from Argentina, Austria, Australia, Belgium, Bermuda, Curacao, Denmark, Dominican Republic, Dutch Guiana, France, Germany, Haiti, Hungary, Italy, Japan, The Netherlands, Norway, Sweden or Uruguay, which contain "prohibited" articles or which exceed the limits of size or weight, need not necessarily be returned to the country of origin; but at the demand of customs officials may be disposed of in accordance with the customs regulations of the country of destination.

179. Undeliverable parcels returned to United States.—An undeliverable parcel returned to the United States, upon which the return postage has not been prepaid, is subject on delivery to the sender to a postage charge equal to the amount of postage originally prepaid on the parcel; which amount should be marked on the parcel by the United States exchange post office which receives it back from abroad, and collected by the post office which delivers it to the sender — the necessary postage-due stamps being affixed and canceled as directed in section 173, page 147.

180. Notices to addressees of registered parcels.— The post office of destination must promptly notify the addressee of the arrival of a registered parcel.

STATE LIST

POST OFFICES, BRANCH POST OFFICES AND STATIONS.

June 1, 1916.

For Supplement containing changes to July 1, 1916, see Index.]

* Money order offices.
† International money order offices. ° Postal savings depositories
§ Summer offices.
|| Winter offices.

The office numbers preceding the names of post offices must be used in all correspondence with the Auditor and the Post Office Department, and on all vouchers, statements and accounts.

The unit numbers, used in parcel post business, follow the names of the offices. A branch office or a station is in the same unit as the main office.

Postal savings deposits are received only at the post offices, branches and stations that are authorized to transact postal savings business. Withdrawals must be made at the post office, branch or station at which the depositor maintains his account.

All stations issue and cash money-orders, register letters and parcels, and sell postal supplies. Lettered and named stations, in addition, receive, deliver and dispatch mail matter.

Money orders must be drawn only on the main office or branch offices, not on stations, but may be cashed at either the main office, branch o fi e or any station of such o fice.

Independent stations, indicated thus (Ind.), receive and dispatch registered mail in the same manner as post offices, and are the only stations to which postmasters address registered package tickets.

County seats (*ch*) and the n mber of rural routes emanating from certain offices are shown in the list of post offices a ranged by states and count es.
